Re: Rebutted Appeal - From SC Florence Co.
State v. Ontzney JACKSON - NOTICE

Dear Court of Appeals.

I was sentenced in my
Absence to a sentence
of 15 years and I
want to have this Honorable
Court Accept this letter as
my Notice of Appeal if
my lawyer C. Wingard/Mets
didn't do it, like I thought
would be done since I don't
know the Law.

The Charge(s) were Drug
Rebutted. I know all you

have to do is pull up
my case number (Indict-
ment Number) to see my
entire case and the exact
charges man. The Court
tried me in my Absence
and couldn't believe I
was already tried like
that without my lawyer
on the Charge(s) letting
me know what was going
on since I was locked
up in another Jurisdiction
or County. I was informed
on January 31, 2012 I was
sentenced in my Absence
on the Drug Charge and
it wasn't my fault my

lawyer from Florence

country where charges were
didn't tell me about going
to court to fight the
case. He misled me in
be hearing I would know
through him all court dates

est. I appeared at all my
Roll calls. Months later I
got locked up in another
country for 13 months, learning
only then I had died on

Me from Florence County
where the sentence in my
Absence was read to me.
This conviction is premature
And fault goes on the solicitor
my lawyer and court and I
ask that it's honorable court
Allow me to Appeal. I look
forward to hearing from you soon.

Very truly
yours
