SC Court of Appeals

Ms. Kitchings

I do not know if any correspondence will occur from August 23 til September 15, but I did want to inform the court that I will be out of the country during those dates. My daughter and family are in London and it is a great joy to visit them during this time.

I received your earlier correspondence and again must state that I have dealt with Mr. Chisholm's appeals and my attorney, Mr. Porter's responses to them since 2001. For all the monies paid, I no longer can afford an attorney to further responses to him/ to the courts. I hope that the court records from Judge Simmons were submitted and from that, the judges there should have all needed information. I have reached a point that enough is enough, I can't influence the judges there; Judge Simmons ruled, and I hope the Court of Appeals respects his judgement.

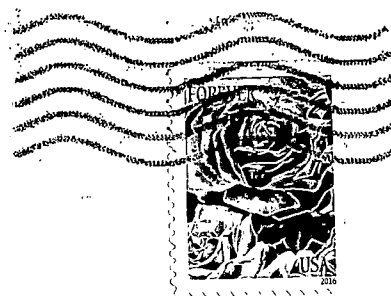

Thank you for your time.

Susan Chisholm
