SC Court of Appeals

I, Mamie Jackson, do request that the Court suspend this appeal, initial brief due Sept. 10, 2016 and appoint me legal representation:

1. I have been ill last week and this with my abscess tooth.
2. I applied to Appellate Defense for Indigents and they refused to intervene, copy in file.
3. I do not believe the Court looks kindly on me because I am Black and pro se.
4. I believe I have a defense that demands representation.
