

# The South Carolina Court of Appeals

South Carolina Department of Motor Vehicles,  
Appellant,

v.

Michelle Dover, Respondent.

Appellate Case No. 2016-001030

---

## ORDER

---

Appellant has filed a motion asking this court to resolve the current appeal in its favor due to Respondent's failure to submit an appellate brief. Alternatively, Appellant requests that this court set the date by which the record on appeal must be filed. After careful consideration, Appellant's motion is denied. We note Appellant has already served and filed its final brief and the record on appeal. Accordingly, this court will review the merits of this appeal once it has been assigned to a panel.
