S.C. SUPREME COURT

Dear South Carolina Supreme Court, I plan on pursuing my case beyond Federal Review and to every media Public, litigation or World Court extent possible if I have to in order to get some type of Justice that I deserve in my favor. I need to know if the interest of Justice, miscarriage of Justice, due process and equal protection and Access to the courts being denied mean anything to the Clerk and whom ever has obtained and received my letters etc. I am not a professional attorney but my issues, requests, concerns and conflicts have merit and in addressing colorable claims. My attorney of record has had a long talk and it appears he is not in favor of my meritorious colorable claims, motions, requests and concerns and he wanted the sole discretion and says so in my case but dealing with matters of law and merit I must be heard. We ask that the courts hear out our conflict, concerns and requests in the interest of Justice pursuant to S.C. laws of court and render a disposition / decision. This is best because I have had near five prior counsel, and so many ineffective claims I don't need new counsel, we just need a authoritative legal mediator in the interest of Justice. I have need to get these documents to my attorney and preserved.

Ps. 1 of 6

On the record for federal Review to help my case. My Attorney needs the last motions I sent in to the courts etc and he still is not in favor of filing some of most of my issues. I need the courts to hear these matters and I have documents from this Agency showing I have had things forwarded or sent back to me. Please help. ~~YUNNY WINNY~~

I need my motions ~~and~~ filed, the state has 30 days to do a cert, it is frivolous and I am being denied access to challenge it and my case because of complications with counsel. I know some Agency must step in.
