APPEAL FROM APPELLATE PANEL OF THE SOUTH CAROLINA
WORKERS' COMPENSATION COMMISSION

RECEIVED

FEB 01 2016

SC Court of Appeals

WCC NO. 1320600

Kevin M. Todd Appellant

vs.

Michael Roberts d/b/a Michael Roberts Home Repair
and S.C. Uninsured Employers' Fund. Respondents

NOTICE OF APPEAL

The Appellant, Kevin M. Todd, appeals the Decision and Order of the Appellate Panel of the South Carolina Workers' Compensation Commission filed January 12, 2016 and received by Appellant on January 12, 2016. The grounds for appeal are as follows:

1. The Order of the Full Commission erred in finding the Claimant was engaged in a personal venture with his Employer when the Claimant was directed by the Employer to work on the boat which exploded severely injuring the Claimant during a normal workday.
2. The Full Commission of the South Carolina Workers' Compensation Commission erred in affirming the Single Commissioner's ruling found in Finding of Fact No. 10 which states: "For me to believe the Claimant, I have to believe that all the times he spent with the Defendant/Employer was time for which he was paid. That conclusion is simply not supported by the facts." The error being that the Employee was performing the work during normal business hours at the direction of the Employer.
3. The Full Commission of the South Carolina Workers' Compensation Commission erred in holding that the Employee could only be on the job if worked in the home repair service when in fact the evidence shows that he was ordered by the Employer to do other tasks for the Employer and his family.

4. The Full Commission of the South Carolina Workers' Compensation Commission erred in finding that because the Employer owned the boat personally that the Claimant was not on the job at the time of the explosion which severely injured him.
5. The Full Commission of the South Carolina Workers' Compensation Commission erred in finding that the case comes down as to who and what to believe. The error being all the evidence points to only one conclusion -- that the Claimant was in the Employer's vehicle and that he was told by the Employer that they were going to fix a boat the Employer owned and that it was during working hours and he was injured in the course and scope of employment.
6. The Full Commission of the South Carolina Workers' Compensation Commission erred in not finding that the Claimant had been directed by his Employer to go on a personal errand consistent with *Hicks v. Piedmont Cold Storage Inc.* 324 S.C. 628, 479 S.E.2d 831 (Ct.App. 1996)(reversed on other grounds, 335 S.C. 46, 515 S.E.2d 532 (1999).
7. The Full Commission of the South Carolina Workers' Compensation Commission erred as a matter of law in not finding based on the facts that this was a private errand directed by the Employer.
8. The Full Commission of the South Carolina Workers' Compensation Commission erred in finding that the Employee was not in the course and scope of employment when the accident happened on a normal workday (Friday) during normal working hours (about 9 o'clock in the morning when the accident occurred).
9. The Full Commission of the South Carolina Workers' Compensation Commission erred in not applying the rule recognized by the South Carolina Supreme Court in *Howell v. Cash & Karry*, 264 S.C. 298, 214 S.E.2d 821 (1975) which states as follows:

An act outside an employee's regular duties which is undertaken in good faith to advance the employer's interest, whether or not the employee's own assigned work is thereby furthered, is within the course of employment. 214 S.E.2d at 822 (quoting 1A. Larson, Law of Workers' Compensation, Section 27.00); see also *Lomax v. City of Greenville*, 225 S.C. 289, 82 S.E.2d 191 (1954).

10. The Full Commission of the South Carolina Workers' Compensation Commission erred in holding that the Claimant had not established by a preponderance of the evidence that he was entitled to an award under the South Carolina Workers' Compensation Act. The error being all the facts show that the Claimant was entitled to an award because he was working on a normal workday (Friday, August 9, 2013) during normal work hours (the morning) and Claimant/Employee was directed by his Employer to go to a boat owned by the Employer and work on it during which time an explosion occurred Employee suffered severe burns as a result therein.

MICHAEL ROBERTS dba
MICHAEL ROBERTS HOME REPAIR

EMPLOYER/DEFENDANT/RESPONDENT

AND

S.C. UNINSURED EMPLOYERS' FUND, DEFENDANT/RESPONDENT

Appellant Panel Review held in Columbia, South Carolina on July
20, 2015, per notices timely and properly served on all parties of
interest

Appellate Panel Decision and Order filed

January 12th, 2016

APPEARANCES:

Claimant/Respondent, represented by Gene M.
Connell, Jr., Esquire, of Surfside Beach, South
Carolina

Defendant/Employer did not make an appearance

Defendant/Respondent South Carolina Uninsured
Employers' Fund represented by Lisa C. Glover, of
Columbia, South Carolina.

STATEMENT OF THE CASE

The Claimant filed a WCC Form No. 50 on February 28, 2014, alleging he sustained injuries by accident to his arms and torso arising out of and in the course of his employment on or about August 9, 2013. The Claimant contends he has an Average Weekly Wage of \$500.00 with a resulting Compensation Rate of \$333.33. The Claimant requests payment for past medical treatment. The Claimant requests temporary compensation for his period of temporary disability from August 9, 2013 through July 28, 2014. The Claimant contends he is has reached Maximum Medical Improvement and request an award for scarring.

The uninsured employer, Mike Roberts, did not file a Form 51 but did attend the hearing. Mr. Roberts appeared Pro Se. Upon questioning by the undersigned Mr. Roberts acknowledged understanding that he was given an opportunity to retain legal counsel at a prior hearing but failed to do. Mr. Roberts further acknowledged that his business is a sole proprietorship and not required to have legal counsel. Finally, Mr. Roberts acknowledged and agreed that he would represent himself.

The South Carolina Uninsured Employers' Fund filed a Form 51 on March 19, 2014 generally denying the claim. The Fund further denied the claim on the basis that this injury did not occur in the course and scope of Claimant's employment. This incident occurred while Claimant was engaged in a personal venture with his Employer.

REVIEW OF THE EVIDENCE

The Claimant submitted various documents and medical records into evidence pursuant to the APA. The Claimant called three witnesses to testify on his behalf before testifying himself. The Claimant first witness was Holmes Adams. Mr. Adams testified that he worked for Mike

Roberts's dba Mike Roberts Home Repair, herein referred to as Employer, as a subcontractor for seven to eight months. He testified that the employer did work cleaning up houses that were bank foreclosures. Mr. Adams testified that he and the employer negotiated a price for each job before the work commenced. Mr. Adams testified that the employer assigned him a task and he would complete it. He further testified that the employer did not supervise his work but inspected it upon completion.

Mr. Adams also testified that the employer had three other employees besides the Claimant. Mr. Adams testified that Bobby Day, Ryan Harrelson and James Flawn worked for the Employer. Mr. Adams testified that he was not present on the date of accident but previously did some mechanical work on the boat in question. Mr. Adams currently works for Chevrolet Cadillac in Myrtle Beach.

Michelle Bratcher testified next. She is the girlfriend of the Claimant. Ms. Bratcher testified that the Claimant worked for the employer along with Bobby Day, Ryan Harrelson and James Flawn. Ms. Bratcher admitted on cross examination that she did not personally know the employment relationship between these persons and the employer. Ms. Bratcher testified that Claimant's job duties were mainly home repairs but did anything the employer asked of him. For example, Claimant went on service calls after hours. He also took the employers' son to school.

Ms. Bratcher testified that Claimant helped the employer work on boats but that was not his regular job. She further testified that she and the Claimant socialized with the employer and his family outside of work to include taking boat trips. Ms. Bratcher further testified the employer gave Claimant \$1700.00 after the accident. Finally, Ms. Bratcher testified that the Claimant was out of work from the date of accident until July 28, 2014. She testified that the

Claimant is currently working for Reliable Electric.

Anthony Renard Williams testified next. Mr. Williams testified that he was called by the Claimant. The Claimant told him that the Defendant/Employer needed help doing some electrical work on his boat. Mr. Williams testified that he is an electrician. Mr. Williams testified that he was to be paid for working on the date of accident and if things worked out he would possibly do more work for Defendant/Employer as he was unemployed. Mr. Williams testified that he was present when the explosion occurred and was injured.

The Claimant testified on his behalf. The Claimant is thirty-six (36) years old. The Claimant resides with girlfriend Michelle Bratcher and their son. The Claimant's work history work is an electrician.

The Claimant testified that Mike Roberts was his boss/supervisor. He testified that they were personal friends as well. Claimant testified that there were at least four (4) employees working for the Defendant Company. Claimant testified that his job duties included painting, roofing, plumbing and anything else he was asked to do. Claimant also testified that he was always on the clock when he was with Defendant/Employer. This included while working on boats with the Defendant/Employer. Claimant also testified that he paid his co-workers on several occasions at the behest of Mr. Roberts.

The Claimant testified he was hurt while working for the uninsured Defendant/Employer on Friday, June 14, 2014. The Claimant testified that he along with Anthony Williams and Mike Roberts were trying to clean up a boat owned by Defendant/Employer. The boat was pulled out of the river and had gas in the tank. The boat was located in the river behind the Defendant/Employers' fathers home and not on a jobsite. Claimant testified they were trying to pump the gas out of the tank when the explosion occurred. Claimant testified that he was

burned on his left arm just above the elbow down to his fingertips and on the right arm just above the elbow down to his wrist.

Claimant testified that he was hospitalized at the University of North Carolina Hospital from the date of accident until August 23, 2013. Claimant underwent several skin grafts. Claimant testified that while he was hospitalized and out of work Defendant/Employer paid him a total of \$1,700.00.

Claimant testified that he returned to work for two days but could not do the work. Claimant further testified that he is currently working as an electrician with Reliable Electric. He started this job on July 28, 2014. Claimant testified that he did not seek other employment between the time he tried to return to work with the Defendant/Employer and securing this job.

Claimant testified that he is currently having problems with pain and skin tightness

On cross-examination, the Claimant testified that he worked on boats with the Defendant/Employer on five (5) occasions. He also testified that he took boat trips with Defendant/Employer along with their spouses.

Mike Roberts, owner of Mike Roberts's dba Mike Roberts Home Repair, testified on his behalf. Mr. Roberts testified that he has been in business for about five years. He further testified that the primary function of the business is to do repair and/or maintenance work on homes and rental properties owned by financial institutions. The business does not do any repairs to boats.

Mr. Roberts testified that Claimant worked for him in the home repair business. Mr. Roberts testified that he and Claimant became personal friends as they worked together. Mr. Roberts further testified that he and the Claimant worked on boats owned by both parties as

personal ventures. Mr. Roberts testified that they took trips together on the boats once they were repaired.

Mr. Roberts testified that he paid the Claimant a salary of Five Hundred dollars (\$500.00) per week. Mr. Roberts further testified that the Claimant was the only employee who was on salary. He paid everyone else an hourly wage. He also testified that he paid the Claimant his weekly salary even if they finished work early or if the Claimant was out sick.

Mr. Roberts testified that Bobby Days was an hourly employee at the time of the accident. He further testified that James Flawn was not employed on the date of accident. He quit several weeks before the date of accident due to a confrontation with Bobby Days. Mr. Roberts testified that Anthony Holmes and Ryan Harrelson were subcontractors.

Mr. Roberts testified that on the date of accident he and the Claimant were on the way to a job when they decided to stop by his father's house and work on the boat. Mr. Roberts contends they were not engaged in any work for Mike Robert's Home Repair. Mr. Roberts testified that while he was trying to pump gas from the tank of the boat into a metal drum an explosion occurred. Mr. Roberts testified that he suffered burns to his arms and hands.

Mr. Roberts testified that he gave the Claimant at least Four Thousand dollars (\$4,000.00) while he was hospitalized and out of work. Mr. Roberts testified that he gave the Claimant or other family members Five Hundred dollars (\$500.00) per week for eight (8) weeks.

FINDING OF FACTS

After due consideration of the claim and defenses and after reviewing all the evidence contained in the record, I make the following findings of fact as required under §42-17-40,

South Carolina Code of Laws, 1976 as amended, are hereinafter set forth:

1. The Claimant alleges that he suffered severe burns arising out of and within the course and scope of his employment on August 9, 2013.
2. The Defendant/Employer asserts that the Claimant's injuries were not the result of a work-related accident.
3. The Defendant/Employer, who was advised of his right to counsel, represented himself.
4. There is no dispute in the case as to the mechanism of the injury. The Claimant was severely burned working on a boat belonging to the Defendant on August 9, 2013.
5. The Claimant was air-lifted to and treated at the University of North Carolina Burn Center where he spent a number of week recovering.
6. The question at bar at this hearing was whether the work on the boat was in the course and scope of the Claimant's employment by the Defendant/Employer.
7. The Claimant's position was that he was paid a salary of \$500.00 per week by the Defendant/Employer and anything the Defendant/Employer asked him to do could be considered work because he paid him a salary.
8. The exchange between the Claimant and the Defendant/Employer when the Defendant Employer cross-examined the Claimant is illustrative of that point.

Q: What about on the now, you say that just because I paid you \$500.00 a week, that Monday through Friday anytime you were with me you were on the clock; right?

A: After certain hours.

Q: Do you think you were still on the clock on them days we knocked off at 12:00 o'clock, went to the river and rode down there and drank beer

before we got home from work?

A: That's up to you.

Q: Were you on the clock?

A: Yeah, because you paid me.

(Transcript, page 60, lines 2-12)

9. Based on the testimony the Claimant, the Claimant's girlfriend-Michelle Bratcher, Holmes Adams, and the Defendant, it is clear that the Claimant not only worked for the Defendant/Employer, the two interacted socially outside of work. The extent of that interaction is subject to interpretation, but they clearly were interacting socially before this accident.
10. For me to believe the Claimant, I have to believe that all the times he spent with the Defendant/Employer was time for which he was paid. That conclusion is simply not supported by the facts.
11. The Claimant and Defendant/Employer took at least one boat trip-on a different boat-with their mates. If the Defendant/Employer is to be believed-and I do as to this fact-the Claimant and the Defendant spent additional time together on and around boats that was not work time.
12. The Defendant/Employer's business is Mike Robert's Home Repair. Work related to that business has nexus to home repair and maintenance, not working on boats.
13. The houses that the business worked on were owned by financial institutions. The Defendant/Employer personally owned this boat.
14. The Defendant/Employer paid Holmes Adams and Anthony Williams to work on the boat that exploded. Mr. Adams is a subcontractor who also works on houses for the

Defendant/Employer. Mr. Williams was contracted for an electrical job on the boat and was present and injured in the explosion. That was the first time he had worked for the Defendant/Employer. He testified that he was never paid for that work. (The Claimant, Defendant/Employer and Mr. Williams were all injured in the explosion. The Claimant's injuries were the most serious). It is interesting to note that Mr. Williams and the Claimant both now work for the same employer.

15. There is no testimony in this case that anyone other than the Claimant was paid a salary by the Defendant/Employer.
16. There is a note in the record from Monika C. Atansesian who is a social worker at UNC Medical Center which reads in part, "Pt. is a 35yo Caucasian male admitted to burn surgery service on 8/9/13 for treatment of 10% second degree flash burns to his bilateral upper and lower extremities (L>R) sustained when he was working on his boats' engine and there was a gas fire followed by an explosion that injured pt. Pt. stated that they been salvaging the boat from the bottom of the river and were drying off the engine etc, and so the explosion was completely unexpected. Pt. stated he was doing this on his personal time and was not working..."
17. The Claimant contends he was on some much medication, he could not remember what he said.
18. This case comes down to who and what to believe.
19. While I do not believe everything the Defendant said, his account is the more believable as to the facts of this case.
20. The Claimant has the burden of proof since this is a denied claim. When I consider the evidence as a whole, the Claimant simply has not met his burden. The Claimant failed to prove that he was working for the Defendant/Employer's home repair business at the

time of the accident; and that what he was doing at the time of the explosion was in the course and scope of his employment.

21. These finding are based on the testimony and the record when reviewed as a whole.

22. All benefits under the South Carolina Workers' Compensation Act are hereby denied.

CONCLUSION OF LAW

The burden of proof in a claim for workers' compensation benefits is the preponderance of the evidence. The Claimant must establish by a preponderance of the evidence the facts that will entitle him to an award under the Workers' Compensation Act. *Walsh v. U.S. Rubber Co.*, 120 S.E.2d 685 (S.C. 1965). The Claimant did not meet his burden of proof in establishing his claim by a preponderance of the evidence that he was injured in the course and scope of his employment as outlined in section 42-1-160.

IS THEREFORE ORDERED that the Claimant, Kevin M. Todd, failed to prove by a preponderance of the evidence that he suffered compensable injuries while in the course and scope of his employment as outlined in section 42-1-160. It is further,

ORDERED, ADJUDGED AND DECREED the Claimant, Kevin Michael Todd, claim for benefits under the South Carolina Workers' Compensation Act is DENIED AND DISMISSED with prejudice subject to his appellate rights.

AND IT IS SO ORDERED.

Within the statutory period, counsel for the Appellant filed an Application for Review in the case setting forth her reasons, copies of which were furnished to all interested parties, prior to oral argument presented before the Appellate Panel on July 20, 2015. All proffered testimony has been taken. Such, together with all documentary evidence has been delivered by oral argument to the individual members of the Full Commission and has been under study and consideration.

By appeal, Appellant respectfully submits the following:

1. The Hearing Commissioner erred in finding the Claimant was engaged in a personal venture with his Employer.
2. The Hearing Commissioner erred in finding that for him to believe the Claimant he would have to find all the times he spent with the Claimant was time for which he was paid.
3. The Hearing Commissioner erred in concluding that the Employee could only be on the job if he worked in the home business setting when in fact the evidence shows he does other task for the Employer.
4. The Hearing Commissioner erred in finding that because the Employer owned the boat that the Claimant was not on the job.
5. The Hearing Commissioner erred in finding that the case comes down to who and what to believe.

ORDER

IT IS THEREFORE, ORDERED the Order of the Single Commissioner filed in the above-captioned matter on March 24, 2015 is hereby affirmed by the Panel, and the same shall constitute the Decision and Order of the Appellate Panel.

IT IS FURTHER ORDERED,

FINDING OF FACTS

After due consideration of the claim and defenses and after reviewing all the evidence contained in the record, the following findings of fact as required under §42-17-40, South Carolina Code of Laws, 1976 as amended, are hereinafter set forth:

1. The Claimant alleges that he suffered severe burns arising out of and within the course and scope of his employment on August 9, 2013.
2. The Defendant/Employer asserts that the Claimant's injuries were not the result of a work-related accident.
3. The Defendant/Employer, who was advised of his right to counsel, represented himself.
4. There is no dispute in the case as to the mechanism of the injury. The Claimant was severely burned working on a boat belonging to the Defendant on August 9, 2013.
5. The Claimant was air-lifted to and treated at the University of North Carolina Burn Center where he spent a number of week recovering.
6. The question at bar at this hearing was whether the work on the boat was in the course and scope of the Claimant's employment by the Defendant/Employer.
7. The Claimant's position was that he was paid a salary of \$500.00 per week by the

Defendant/Employer and anything the Defendant/Employer asked him to do could be considered work because he paid him a salary.

8. The exchange between the Claimant and the Defendant/Employer when the Defendant Employer cross-examined the Claimant is illustrative of that point.

Q: What about on the-now, you say that just because I paid you \$500.00 a week, that Monday through Friday anytime you were with me you were on the clock; right?

A: After certain hours.

Q: Do you think you were still on the clock on them days we knocked off at 12:00 o'clock, went to the river and rode down there and drank beer before we got home from work?

A: That's up to you.

Q: Were you on the clock?

A: Yeah, because you paid me.

(Transcript, page 60, lines 2-12)

9. Based on the testimony the Claimant, the Claimant's girlfriend-Michelle Bratcher, Holmes Adams, and the Defendant, it is clear that the Claimant not only worked for the Defendant/Employer, the two interacted socially outside of work. The extent of that interaction is subject to interpretation, but they clearly were interacting socially before this accident.

10. For us to believe the Claimant, we have to believe that all the times he spent with the

Defendant/Employer was time for which he was paid. That conclusion is simply not supported by the facts.

11. The Claimant and Defendant/Employer took at least one boat trip-on a different boat-with their mates. If the Defendant/Employer is to be believed-and we do as to this fact-the Claimant and the Defendant spent additional time together on and around boats that was not work time.
12. The Defendant/Employer's business is Mike Robert's Home Repair. Work related to that business has nexus to home repair and maintenance, not working on boats.
13. The houses that the business worked on were owned by financial institutions. The Defendant/Employer personally owned this boat.
14. The Defendant/Employer paid Holmes Adams and Anthony Williams to work on the boat that exploded. Mr. Adams is a subcontractor who also works on houses for the Defendant/Employer. Mr. Williams was contracted for an electrical job on the boat and was present and injured in the explosion. That was the first time he had worked for the Defendant/Employer. He testified that he was never paid for that work. (The Claimant, Defendant/Employer and Mr. Williams were all injured in the explosion. The Claimant's injuries were the most serious). It is interesting to note that Mr. Williams and the Claimant both now work for the same employer.
15. There is no testimony in this case that anyone other than the Claimant was paid a salary by the Defendant/Employer.
16. There is a note in the record from Monika C. Atansesian who is a social worker at UNC Medical Center which reads in part, "Pt. is a 35yo Caucasian male admitted to burn surgery service on 8/9/13 for treatment of 10% second degree flash burns to his bilateral upper and lower extremities (L>R) sustained when he was working on his

boats' engine and there was a gas fire followed by an explosion that injured pt. Pt. stated that they been salvaging the boat from the bottom of the river and were drying off the engine etc, and so the explosion was completely unexpected. Pt. stated he was doing this on his personal time and was not working..."

17. The Claimant contends he was on some much medication, he could not remember what he said.

18. This case comes down to who and what to believe.

19. While we do not believe everything the Defendant said, his account is the more believable as to the facts of this case.

20. The Claimant has the burden of proof since this is a denied claim. When we consider the evidence as a whole, the Claimant simply has not met his burden. The Claimant failed to prove that he was working for the Defendant/Employer's home repair business at the time of the accident; and that what he was doing at the time of the explosion was in the course and scope of his employment.

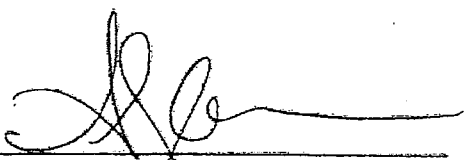

21. These finding are based on the testimony and the record when reviewed as a whole.

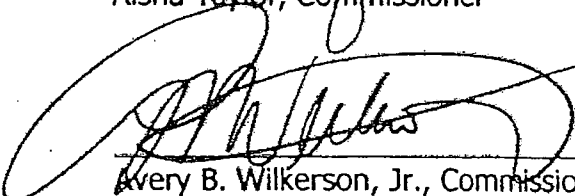

22. All benefits under the South Carolina Workers' Compensation Act are hereby denied.

AND IT IS ORDERED.

This is to certify that the undersigned has on this date served a copy of this order in the above entitled action upon all parties to this case by sending an electronic copy hereof by electronic mail addressed to the attorneys for said parties; or if there is an unrepresented party(ies), by depositing a copy hereof, postage paid in the United States mail, first class, addressed to the unrepresented party(ies) and to the attorney(s) for the represented party(ies).

BEFORE THE
SOUTH CAROLINA WORKERS' COMPENSATION COMMISSION
WCC FILE NO.: 1320600

KEVIN M. TODD, Employee,

Claimant,

vs.

DECISION AND AWARD

MIKE ROBERTS DBA MIKE ROBERTS
HOME REPAIR
Employer, and

S.C. UNINSURED EMPLOYERS FUND

Defendants.

HEARING:

Held in Conway, South Carolina,
on September 25, 2014

APPEARANCES:

Employee/Claimant represented by
Kelaheer, Connell & Connor, PA of Myrtle Beach,
South Carolina, with Gene M. Connell, Jr.,
Esquire, appearing.

The Uninsured Employer appeared Pro Se.

The SC Uninsured Employers' Fund, Columbia,
South Carolina, with Lisa C. Glover, Esquire,
appearing.

PURPOSE OF THE HEARING:

To determine issues as set forth on WCC Forms
50 and 51 and all other issues under the
Regulations of the South Carolina Workers'
Compensation Commission.

OPINION AND AWARD:

Honorable Gene McCaskill, Commissioner

FILED:

March 30, 2015

APA SUBMISSIONS

The parties submitted the following medical records and documents without objection under the Administrative Procedures Act and Regulations of the Workers' Compensation Commission.

On behalf of the Claimant:

APA #	PROVIDER	DATES	PAGE NUMBERS
1	UNC Medical Records	8/09/13-08/23/13	1-192
2	UNC Medical Records	8/13/13-08/23/13	193-498
3	UNC Medical Records	8/09/13-08/23/13	499-684
4	Conway Fire Department	8/09/13	685-690

On behalf of the EMPLOYER and UEF:

	None		
--	------	--	--

STIPULATIONS

FIRST: This claim was heard before the undersigned Commissioner in accordance with notices timely and properly served upon all parties of interest.

SECOND: The South Carolina Workers' Compensation Commission has jurisdiction of the parties and the subject matter of this claim and venue is proper in Horry County.

THIRD: The uninsured Employer was subject to the South Carolina Workers' Compensation Act as of the date of the Claimant's injury and in violation by not having insurance.

FOURTH: The Commission's file was made part of the record with the exception of unstipulated medical records and self-serving declarations.

OBJECTIONS

No objections to jurisdiction, venue or APA submissions.

STATEMENT OF THE CASE

The Claimant filed a WCC Form 50 on February 28, 2014, alleging he sustained injuries by accident to his arms and torso arising out of and in the course of his employment on or about August 9, 2013. The Claimant contends he has an Average Weekly Wage of \$500.00 with a resulting Compensation Rate of \$333.33. The Claimant requests payment for past medical treatment. The Claimant requests temporary compensation for his period of temporary disability from August 9, 2013 through July 28, 2014. The Claimant contends he is has reached Maximum Medical Improvement and request an award for scarring.

The uninsured employer, Mike Roberts, did not file a Form 51 but did attend the hearing. Mr. Roberts appeared Pro Se. Upon questioning by the undersigned Mr. Roberts acknowledged understanding that he was given an opportunity to retain legal counsel at a prior hearing but failed to do. Mr. Roberts further acknowledged that his business is a sole proprietorship and not required to have legal counsel. Finally, Mr. Roberts acknowledged and agreed that he would represent himself.

The South Carolina Uninsured Employers' Fund filed a Form 51 on March 19, 2014 generally denying the claim. The Fund further denied the claim on the basis that this injury did not occur in the course and scope of Claimant's employment. This incident occurred while Claimant was engaged in a personal venture with his Employer.

REVIEW OF THE EVIDENCE

The Claimant submitted various documents and medical records into evidence pursuant to the APA. The Claimant called three witnesses to testify on his behalf before testifying himself. The Claimant first witness was Holmes Adams. Mr. Adams testified that he worked for Mike Roberts's dba Mike Roberts Home Repair, herein referred to as Employer, as a subcontractor for seven to eight months. He testified that the employer did work cleaning up houses that were bank foreclosures. Mr. Adams testified that he and the employer negotiated a price for each job before the work commenced. Mr. Adams testified that the employer assigned him a task and he would complete it. He further testified that the employer did not supervise his work but inspected it upon completion.

Mr. Adams also testified that the employer had three other employees besides the Claimant. Mr. Adams testified that Bobby Day, Ryan Harrelson and James Flawn worked for the Employer. Mr. Adams testified that he was not present on the date of accident but previously did some mechanical work on the boat in question. Mr. Adams currently works for Chevrolet Cadillac in Myrtle Beach.

Michelle Bratcher testified next. She is the girlfriend of the Claimant. Ms. Bratcher testified that the Claimant worked for the employer along with Bobby Day, Ryan Harrelson and James Flawn. Ms. Bratcher admitted on cross examination that she did not personally know the employment relationship between these persons and the employer. Ms. Bratcher testified that Claimant's job duties were mainly home repairs but did anything the employer asked of him. For example, Claimant went on service calls after hours. He also took the employer's son to school.

Ms. Bratcher testified that Claimant helped the employer work on boats but that

was not his regular job. She further testified that she and the Claimant socialized with the employer and his family outside of work to include taking boat trips. Ms. Bratcher further testified the employer gave Claimant \$1700.00 after the accident. Finally, Ms. Bratcher testified that the Claimant was out of work from the date of accident until July 28, 2014. She testified that the Claimant is currently working for Reliable Electric.

Anthony Renard Williams testified next. Mr. Williams testified that he was called by the Claimant. The Claimant told him that the Defendant/Employer needed help doing some electrical work on his boat. Mr. Williams testified that he is an electrician. Mr. Williams testified that he was to be paid for working on the date of accident and if things worked out he would possibly do more work for Defendant/Employer as he was unemployed. Mr. Williams testified that he was present when the explosion occurred and was injured.

The Claimant testified on his behalf. The Claimant is thirty-six (36) years old. The Claimant resides with girlfriend Michelle Bratcher and their son. The Claimant's work history work is an electrician.

The Claimant testified that Mike Roberts was his boss/supervisor. He testified that they were personal friends as well. Claimant testified that there were at least four (4) employees working for the Defendant Company. Claimant testified that his job duties included painting, roofing, plumbing and anything else he was asked to do. Claimant also testified that he was always on the clock when he was with Defendant/Employer. This included while working on boats with the Defendant/Employer. Claimant also testified that he paid his co-workers on several occasions at the behest of Mr. Roberts.

The Claimant testified he was hurt while working for the uninsured Defendant/Employer on Friday, June 14, 2014. The Claimant testified that he along with Anthony Williams and Mike Roberts were trying to clean up a boat owned by Defendant/Employer. The boat was pulled out of the river and had gas in the tank. The boat was located in the river behind the Defendant/Employers' fathers home and not on a jobsite. Claimant testified they were trying to pump the gas out of the tank when the explosion occurred. Claimant testified that he was burned on his left arm just above the elbow down to his fingertips and on the right arm just above the elbow down to his wrist.

Claimant testified that he was hospitalized at the University of North Carolina Hospital from the date of accident until August 23, 2013. Claimant underwent several skin grafts. Claimant testified that while he was hospitalized and out of work Defendant/Employer paid him a total of \$1,700.00.

Claimant testified that he returned to work for two days but could not do the work. Claimant further testified that he is currently working as an electrician with Reliable Electric. He started this job on July 28, 2014. Claimant testified that he did not seek other employment between the time he tried to return to work with the Defendant/Employer and securing this job.

Claimant testified that he is currently having problems with pain and skin tightness.

On cross-examination, the Claimant testified that he worked on boats with the Defendant/Employer on five (5) occasions. He also testified that he took boat trips with Defendant/Employer along with their spouses.

Mike Roberts, owner of Mike Roberts's dba Mike Roberts Home Repair, testified on

his behalf. Mr. Roberts testified that he has been in business for about five years. He further testified that the primary function of the business is to do repair and/or maintenance work on homes and rental properties owned by financial institutions. The business does not do any repairs to boats.

Mr. Roberts testified that Claimant worked for him in the home repair business. Mr. Roberts testified that he and Claimant became personal friends as they worked together. Mr. Roberts further testified that he and the Claimant worked on boats owned by both parties as personal ventures. Mr. Roberts testified that they took trips together on the boats once they were repaired.

Mr. Roberts testified that he paid the Claimant a salary of Five Hundred dollars (\$500.00) per week. Mr. Roberts further testified that the Claimant was the only employee who was on salary. He paid everyone else an hourly wage. He also testified that he paid the Claimant his weekly salary even if they finished work early or if the Claimant was out sick.

Mr. Roberts testified that Bobby Days was an hourly employee at the time of the accident. He further testified that James Flawn was not employed on the date of accident. He quit several weeks before the date of accident due to a confrontation with Bobby Days. Mr. Roberts testified that Anthony Holmes and Ryan Harrelson were subcontractors.

Mr. Roberts testified that on the date of accident he and the Claimant were on the way to a job when they decided to stop by his father's house and work on the boat. Mr. Roberts contends they were not engaged in any work for Mike Robert's Home Repair. Mr. Roberts testified that while he was trying to pump gas from the tank of the boat into a

metal drum an explosion occurred. Mr. Roberts testified that he suffered burns to his arms and hands.

Mr. Roberts testified that he gave the Claimant at least Four Thousand dollars (\$4,000.00) while he was hospitalized and out of work. Mr. Roberts testified that he gave the Claimant or other family members Five Hundred dollars (\$500.00) per week for eight (8) weeks.

FINDINGS OF FACT

After due consideration of the claim and defenses and after reviewing all the evidence contained in the record, the following findings of fact as required under §42-17-40, South Carolina Code of Laws, 1976 as amended, are hereinafter set forth:

FIRST: The Claimant alleges that he suffered severe burns arising out of and within the course and scope of his employment on August 9, 2013.

SECOND: The Defendant/Employer asserts that the Claimant's injuries were not the result of a work-related accident.

THIRD: The Defendant/Employer, who was advised of his right to counsel, represented himself.

FOURTH: There is no dispute in the case as to the mechanism of the injury. The Claimant was severely burned working on a boat belonging to the Defendant on August 9, 2013.

FIFTH: The Claimant was air-lifted to and treated at the University of North Carolina Burn Center where he spent a number of weeks recovering.

SIXTH: The question at bar at this hearing was whether the work on the boat was in the course and scope of the Claimant's employment by the Defendant/Employer.

SEVENTH: The Claimant's position was that he was paid a salary of \$500.00 per week by the Defendant/Employer and anything the Defendant/Employer asked him to do could be considered work because he paid him a salary.

EIGHTH: The exchange between the Claimant and the Defendant/Employer when the Defendant Employer cross-examined the Claimant is illustrative of that point.

Q: What about on the-now, you say that just because I paid you \$500.00 a week, that Monday through Friday anytime you were with me you were on the clock; right?

A: After certain hours.

Q: Do you think you were still on the clock on them days we knocked off at 12:00 o'clock, went to the river and rode down there and drank beer before we got home from work?

A: That's up to you.

Q: Were you on the clock?

A: Yeah, because you paid me.

(Transcript, page 60, lines 2-12)

NINTH: Based on the testimony the Claimant, the Claimant's girlfriend-Michelle Bratcher, Holmes Adams, and the Defendant, it is clear that the Claimant not only worked for the Defendant/Employer, the two interacted socially outside of work. The extent of that interaction is subject to interpretation, but they clearly were interacting socially

before this accident.

TENTH: For me to believe the Claimant, I have to believe that all the times he spent with the Defendant/Employer was time for which he was paid. That conclusion is simply not supported by the facts.

ELEVENTH: The Claimant and Defendant/Employer took at least one boat trip on a different boat with their mates. If the Defendant/Employer is to be believed and I do as to this fact the Claimant and the Defendant spent additional time together on and around boats that was not work time.

TWELVETH: The Defendant/Employer's business is Mike Robert's Home Repair. Work related to that business has nexus to home repair and maintenance, not working on boats.

THIRTEENTH: The houses that the business worked on were owned by financial institutions. The Defendant/Employer personally owned this boat.

FOURTEENTH: The Defendant/Employer paid Holmes Adams and Anthony Williams to work on the boat that exploded. Mr. Adams is a subcontractor who also works on houses for the Defendant/Employer. Mr. Williams was contracted for an electrical job on the boat and was present and injured in the explosion. That was the first time he had worked for the Defendant/Employer. He testified that he was never paid for that work. (The Claimant, Defendant/Employer and Mr. Williams were all injured in the explosion. The Claimant's injuries were the most serious). It is interesting to note that Mr. Williams and the Claimant both now work for the same employer.

FIFTEENTH: There is no testimony in this case that anyone other than the Claimant was paid a salary by the Defendant/Employer.

SIXTEENTH: There is a note in the record from Monika C. Atansesian who is a social worker at UNC Medical Center which reads in part, "Pt. is a 35yo Caucasian male admitted to burn surgery service on 8/9/13 for treatment of 10% second degree flash burns to his bilateral upper and lower extremities (L>R) sustained when he was working on his boat's engine and there was a gas fire followed by an explosion that injured pt. Pt. stated that they been salvaging the boat from the bottom of the river and were drying off the engine etc, and so the explosion was completely unexpected. Pt. stated he was doing this on his personal time and was not working..."

SEVENTEENTH: The Claimant contends he was on some much medication, he could not remember what he said.

EIGHTEENTH: This case comes down to who and what to believe.

NINETEENTH: While I do not believe everything the Defendant said, his account is the more believable as to the facts of this case.

TWENTIETH: The Claimant has the burden of proof since this is a denied claim. When I consider the evidence as a whole, the Claimant simply has not met his burden. The Claimant failed to prove that he was working for the Defendant/Employer's home repair business at the time of the accident; and that what he was doing at the time of the explosion was in the course and scope of his employment.

TWENTY FIRST: These finding are based on the testimony and the record when reviewed as a whole.

TWENTY SECOND: All benefits under the South Carolina Workers' Compensation Act are hereby denied.

CONCLUSIONS OF LAW

After due consideration of the claim and defenses and after reviewing all the evidence contained in the record, the following Conclusions of Law as required under §42-17-70, South Carolina Code of Laws, 1976 as amended, are hereinafter set forth:

FIRST: The burden of proof applicable to a claim for Workers' Compensation benefits is the preponderance of the evidence. The Claimant must establish by a preponderance of the evidence the facts that will entitle him to an award. Walsh v. U.S. Rubber Company, 120 S.E. 2d 685 (1961); Herndon v. Morgan Mills, Inc., 143 S.E. 2d 376 (1965). The Claimant did not meet his burden of proof in establishing his claim by a preponderance of the evidence that he was injured in the course and scope of his employment as outlined in section 42-1-160.

ORDER AND AWARD

Based upon the above Findings of Fact and Conclusions of Law it is hereby

ORDERED, ADJUDGED AND DECREED the Claimant, Kevin Michael Todd, failed to prove by a preponderance of the evidence that he suffered compensable injuries while in the course and scope of employment as outlined in section 42-1-160. It is further,

ORDERED, ADJUDGED AND DECREED the Claimant, Kevin Michael Todd, claim for benefits under the South Carolina Workers' Compensation Act is DENIED AND DISMISSED with prejudice subject to his appellate rights.

IT IS SO ORDERED.

No Hearing costs are assessed in this matter.

EXHIBITS

(No Exhibits Proffered)

1 THE COURT REPORTER: Today is July 20th, 2015.
2 This is South Carolina Workers' Compensation Case
3 Number 1320600. This is the case of Kevin M. Todd,
4 Claimant, versus Mike Roberts d/b/a Mike Roberts Home
5 Repair. The UEF is represented by Attorney Lisa C.
6 Glover.

7 The Appellant is the Claimant, represented by
8 Attorney Gene M. Connell, Jr. The Respondent is
9 represented by Attorney Lisa C. Glover.

10 Each side is allowed ten minutes for oral
11 argument and the Appellant three minutes in reply.
12 You are requested to argue the grounds of exception
13 and stay within the record.

14 THE COURT: And for the record, the Defendant
15 Mike Roberts d/b/a Mike Roberts Home Repair is an
16 uninsured Employer. The notice was properly sent to
17 Mr. Roberts at the address we have on file with the
18 Commission. It is known, for the record, that this
19 appeal was scheduled at 2:00 p.m. It is now 2:26 and
20 Mr. Roberts is not present for this appeal today.
21 This matter will proceed with Mr. Connell representing
22 the Claimant and Ms. Glover representing the Fund.

23 Mr. Connell.

24 BY MR. CONNELL: Thank you. And Your Honor, as I
25 said before, we -- I called his lawyer and Mr.

1 Roberts, he said he didn't think he would come.

2 This case is one that bothers me more than
3 probably any case I've had in the last 30 years
4 because it has such application to other cases that
5 come before you. Mr. Todd was an Employee of a home
6 repair service. He made \$500 a week, basically worked
7 whenever his Employer told him to work, picked up his
8 child from school, ran errands for him, worked on
9 Saturday, whatever needed to be done. And like most
10 Employers in small businesses they also socialized on
11 the weekend or during other times. On the date this
12 accident happened it was a Friday, August the 11th,
13 7:30 in the morning, Mr. Todd met with his Employer.
14 The Employer had a boat on the Waccamaw River. The
15 boat was -- had been submerged and had -- needed to be
16 repaired. The Employer had asked Mr. Todd to get two
17 or three other people to go over to the boat and to
18 work on the boat a little bit so they could get it
19 ready for the weekend. Mr. -- Mr. Todd, of course,
20 was in the car with the Employer, Mr. Roberts, and he
21 said, "Let's go over and do some work on the boat on
22 our way to fix these houses." They -- we admit that
23 they were in the foreclosure business of working on
24 foreclosed houses for banks. So Friday morning they
25 ride over to the boat, Mr. Roberts starts messing with

1 the gas line, an explosion occurs, blows Mr. Todd into
2 the water. They call out the rescue, have to send for
3 a helicopter and take Mr. Todd to the Burn Unit in
4 University of North Carolina; he's got 20 percent
5 burns on -- on his body. The Single Commissioner, in
6 his Ruling says, "In order for me to believe Mr. Todd
7 I would have to believe that he worked every -- every
8 time he was working he was working for the Employer",
9 and that misses the point of this case. I mean this
10 was a regular workday, Mr. Todd was on -- on the job,
11 he was working for him; what choice did he have? As
12 all of y'all know from having worked for Employers as
13 a -- as a juvenile you do a lot of things that -- on
14 the job that you're -- it's not really part of your
15 job. And it -- it comes to mind, I was at Wofford
16 back in the early 1980s and I worked for a judge and
17 one of the things he told me to do was go over and
18 clean his pool at his house. Well, what -- what --
19 what did -- what could I have said about that? I
20 worked for him, he told me to do that. That's the
21 same situation Mr. Todd was in here. His Employer
22 wanted him to go work on this boat and he did what he
23 was told. And -- and Larson talks about that in -- in
24 his book in detail, talks about what happens when you
25 have that kind of situation; they call it "The

1 Personal Errand Rule". And they -- they discuss in
2 detail that the Employer's -- that the Employee is
3 under compulsion because he either can do what the
4 Employer tells him or he can get fired. And as I was
5 riding up here I was thinking of other examples of
6 other -- other similar cases. I had a boss one time
7 who said to pick up my laundry. And my job was not --
8 I was working at a gas station, my job was not to go
9 pick up his laundry. What if I had gotten in a wreck?
10 Am I not going to be covered by workers' comp? So the
11 Order does not discuss anything about the Personal
12 Errand Rule. It was not written by Lisa, it was not
13 written by me. It only mentions the credibility and
14 believability of the witness and -- and all of the
15 witnesses in this case, everybody agrees this is how
16 it happened, that -- and even Mr. -- even the Employer
17 says that he was working five days a week and this was
18 a regular workday, and he wanted to get this boat
19 ready. So our argument -- our simple argument in the
20 case is that the Personal Errand Rule applies.

21 COMMISSIONER WILKERSON: Does it matter who owned
22 the boat?

23 MR. CONNELL: Well, he actually owned the boat.
24 The Employer owned the boat too. So I don't think it
25 -- if the Employer tells you to do something in a

1 small business, I mean this happens all around this
2 state. What are you to do if you're working for --
3 for a guy at the gas station and he says, you know, we
4 need you to go over here and pick up the -- pick up my
5 kid? I mean that's what you do and that's why this
6 Personal Errand Rule is so important.

7 COMMISSIONER WILKERSON: But my point was if
8 somebody else owned the boat --

9 MR. CONNELL: I don't think it makes any
10 difference.

11 COMMISSIONER WILKERSON: Okay. That's what my
12 questions was, is there any difference in who owned
13 the boat?

14 MR. CONNELL: No, sir, if the Employer tells you
15 something to do, I mean I -- I think that's the -- and
16 we cited a number of cases from around the country,
17 including a South Carolina case involving someone
18 chasing a shoplifter at a store. The Gibson case
19 where a lady went to Walmart to reach for her son's
20 lunchbox, she wasn't supposed to get her son's
21 lunchbox but she was there for some other Employer
22 business. A box cutter hits her in the eye and she
23 gets blinded. We also cited the Hicks case and Howell
24 versus Cash and Curry. I think you would recognize
25 those two cases. I mean Mr. Todd was acting in good

1 faith when he did what the Employer requested him to
2 do; go work on this boat. And it gets better in this
3 case, because he -- the Employer even said, "Go find
4 me some more people to work on this boat besides
5 yourself." A couple of other cases from other --
6 other states, North Carolina, somebody was asked to
7 install an Employer -- install an antenna at the
8 Employer's home. They were not an Employee for that
9 purpose; they went on and got electrocuted. Georgia,
10 someone picked up a boss' lunch, picks up his lunch
11 and gets into a wreck. Alabama, an Employee is asked
12 to build a barbeque hut for the boss on his off time
13 at a -- a park; does that, it's covered. And then in
14 North Carolina an Employee was asked to build a picnic
15 shelter on his day off for the Employees. So it --
16 it's just our position in this case that the -- that
17 the Commissioner erred in not finding that Mr. Todd
18 was an Employer -- was an Employee, he was -- he was
19 on a personal errand, he was directed to do that. The
20 Employer was there and the Employer actually caused
21 the -- the explosion. So we'd ask that you reverse
22 that and find that -- find for the Employee.

23 Thank you.

24 THE COURT: Thank you.

25 COMMISSIONER CAMPBELL: I just have one quick

1 question.

2 MR. CONNELL: Yes, sir.

3 COMMISSIONER CAMPBELL: Now, didn't the Employee
4 and the Employer hang out on a social basis with each
5 other --

6 MR. CONNELL: No question.

7 COMMISSIONER CAMPBELL: -- and that was sometimes
8 during the work hours was it not?

9 MR. CONNELL: Well, I think they -- I think Mr.
10 Roberts said at one time when his -- somebody was
11 having puppies they had to go home, that kind of
12 thing. But I mean this was --

13 COMMISSIONER CAMPBELL: But they would hang out
14 and drink beer together and --

15 MR. CONNELL: They went on -- like most Employees
16 in small businesses they were friends too. They went
17 out on the river on the weekend, but I mean this was a
18 regular Monday through Friday workday, they were on
19 their way to do some work on some foreclosed houses
20 and the Employer said, we want you to go -- I want you
21 to go over here and help me get this boat ready for
22 the weekend. So we think that is entirely -- I think
23 that is entirely different. Thank you, sir.

24 THE COURT: All right. Thank you. Ms. Glover.

25 BY MS. GLOVER: May it please the Commission.

1 The Fund would take issue with the way Mr. Connell has
2 fashioned his case of facts. Mr. Todd and Mr. Roberts
3 were friends, they socialized during work hours, after
4 work hours. There's testimony in the record that they
5 -- that Mr. Roberts says that if they finished work at
6 12:00 noon they would go buy beer, get on the boat and
7 go hang out until 5:00, until it was time for Mr. Todd
8 to go home to see his wife. Mr. Todd and Mr. Roberts
9 both owned boats. They both worked on their own boats
10 individually and they both worked on each other's
11 boats to help each other out. They socialized, they
12 took boat trips together with their spouses or
13 significant others, and that's what they were
14 attempting to do, was get this boat ready so they
15 could take it up to Wilmington with their spouses. As
16 far as the indication from Mr. Connell that he
17 instructed these other people to come and help out and
18 get the boat ready, those people were not Employees of
19 Roberts Home Repairs. Mr. Roberts testified, as well
20 as Mr. Todd testified that they were people who were
21 friends of Mr. Todd's, they needed jobs. Mr. Todd and
22 all of these other witnesses were electricians by
23 trade and I believe that there was some sort of plant
24 or something that closed down where they all had
25 worked together, so they were all kind of looking for

1 work. Mr. Todd gained employment with Mr. Roberts, I
2 think he had been working there for maybe at least a
3 year and he knew these people and these people were
4 still just picking up jobs here and there. Mr.
5 Roberts testified that if he could help somebody out,
6 give them like a day's wage he would do it because he
7 understood that they all had families and they needed
8 to have something in their pocket at the end of the
9 day; and if he could do it he would. There was never
10 any promise of continued employment doing anything for
11 Roberts Home Repair, so they were not Employees. Mr.
12 Todd was the only fulltime Employee. Mr. Todd was on
13 a salary; he made \$500 per week. Anybody else that
14 Mr. Roberts hired he hired on a daily basis to see
15 what they could do, if they could be a benefit to his
16 home repair business. And this working on the boat
17 had nothing to do with the home repair business. Mr.
18 Connell has cited several cases in that regard. If
19 you will read the case law it all states that that
20 work had to be of some benefit to the Employer.
21 Working on the boat did not benefit Roberts Home
22 Repairs at all. I asked Mr. Roberts if, in fact, he
23 had anything with his work to do with boats. He said,
24 "No." Mr. Roberts was hired by banking institutions
25 to go in and clean up and fix up and repair homes that

1 had been foreclosed on; that was the extent of his
2 work. He hired people outside of Mr. Todd to do
3 certain aspects of the work as subcontractors. He'd
4 tell them the job that needed to be done, he would let
5 them do it in their own manner and in their own time
6 and go back and oversee it just to see if it was
7 correct to up to the banking standards, and he would
8 pay them for whatever price they agreed upon. These
9 other people were not his Employees. Mr. Todd was his
10 Employee and as far as his boat, yes, the injuries
11 that he sustained are significant and he was flown to
12 North Carolina because of it and Mr. Roberts suffered
13 injuries as well from the explosion. But we contend
14 that the Single Commissioner ruled correctly and we
15 would ask that you affirm in its entirety.

16 THE COURT: Thank you. Mr. Connell, you have
17 three minutes in reply.

18 BY MR. CONNELL: Thank you. Just a couple of
19 things. The issue of the -- four or more Employees I
20 -- I don't think that's an issue. I don't know why
21 that was brought up, but the Order clearly talks about
22 all the Employees he had. As to the work, it
23 benefited Mr. Roberts, he owned it, he was the sole
24 proprietor and again, it was during daytime. It was
25 not on the weekend, it was not on a Sunday, it was on

1 a Friday and he said let's go over there and take care
2 of this that day. So we argue that the Personal
3 Benefit Rule is clearly in play in this case. I mean
4 if -- if there's not a Personal Benefit Rule in this
5 case then you can't have it in any case. I mean does
6 it mean that everybody is going to be in a situation
7 where if I send my Employee out to pick up my lunch
8 that he's not going to be covered? And that's the
9 reason why we have that rule and that's why I think
10 that the -- that y'all ought to reverse the Single
11 Commissioner in this case. Thank you.

12 THE COURT: Thank you. That concludes this
13 proceeding.

14 (The hearing concluded at 2:38 p.m.)

PROCEEDINGS

1
2
3 THE COURT: Today's date is
4 September 25th, 2014. This is Workers' Compensation
5 Commission File Number 1320600. This is the case of
6 Kevin M. Todd vs. Mike Roberts d/b/a Mike Roberts
7 Home Repair. There is no known carrier. And Lisa
8 Glover is here to represent the Workers' Compensation
9 Uninsured Employers' Fund, the claimant is
10 represented by Gene M. Connell, Jr., and Mr. Roberts
11 is here pro se.

12 Date of the accident is August 9th, 2013.
13 The claimant has an average weekly wage of \$500 and a
14 corresponding compensation rate of 333.35.

15 All right. Before we move on to
16 objections, we do need to talk about Mr. Roberts'
17 situation. Previously this matter was before, I
18 believe it was Commissioner James who issued an order
19 postponing this giving Mr. Roberts an opportunity to
20 obtain counsel.

21 I understand, Mr. Roberts, that you do not
22 have counsel here with you today; is that correct?

23 MR. ROBERTS: Yes, sir.

24 THE COURT: All right. And then,
25 Mr. Roberts, I'm going to swear you in because I need

1 to ask you some questions that are germane to this
2 matter. If you'd raise your right hand. Please
3 swear.

4 MIKE ROBERTS,
5 after being duly sworn to tell the truth, testified
6 as follows:

7 THE COURT: All right. You can sit down.
8 We discussed in the pre-hearing conference about the
9 legal organization of your home repair business.

10 MR. ROBERTS: Yes, sir.

11 THE COURT: And I asked you if it was a
12 legal entity, a legal person. Is it an LLC
13 incorporated in any way?

14 MR. ROBERTS: No, sir.

15 THE COURT: Excuse me. All right. So
16 it's a sole proprietorship?

17 MR. ROBERTS: Yes, sir.

18 THE COURT: And being a sole
19 proprietorship, it is an extension of you and you can
20 represent yourself. And so you will -- you will be
21 participating pro se here today.

22 All right. Are there objections to
23 jurisdiction, venue or APA submissions?

24 MR. CONNELL: None from the claimant, Your
25 Honor.

1 MS. GLOVER: None from the Fund.

2 MR. ROBERTS: No, sir.

3 THE COURT: All right. And are you aware
4 of what I'm asking?

5 MR. ROBERTS: To who --

6 THE COURT: These are the APA submissions.

7 MR. ROBERTS: The hospital records.

8 THE COURT: All of what's up here.

9 Medical records, I assume, is what it technically
10 should be.

11 MR. ROBERTS: Probably not. I'm not
12 denying he got hurt if that's the question.

13 THE COURT: And so you don't have any
14 objection to any of this coming in?

15 MR. ROBERTS: No.

16 THE COURT: And then I understand what
17 your position is as to employment, but that's what
18 we're discussing. So would you agree that this is
19 appropriate venue to decide that Workers'
20 Compensation Commission hearing?

21 MR. ROBERTS: Yes, sir.

22 THE COURT: All right. And the accident
23 took place where? Horry?

24 MR. CONNELL: Yes, sir.

25 THE COURT: All right. So venue is not an

1 issue. An injured worker is entitled to a hearing in
2 the county in which they were injured. Obviously
3 that's logically impossible. Ms. Glover having been
4 a former commissioner can attest that with seven
5 commissioners, can't possibly go to 46 counties. So
6 we had consolidated that to seven districts and have
7 hearings by district. But since this accident
8 occurred in Horry, that is not an issue. Mr. Todd is
9 having a hearing in the county.

10 All right. So there are no objections to
11 jurisdiction, venue or APA submissions. I think
12 we've covered all of that. The Commission file
13 becomes a part of the record with the exception of
14 self-serving declarations and unstipulated medical
15 reports.

16 All right. We are here today,
17 Mr. Connell, on the Form 50 that you filed on behalf
18 of your client. If you would, as the moving party,
19 please place your client's position on the record.

20 MR. CONNELL: Yes, Your Honor.

21 It's our position that Mr. Todd was in the
22 course and scope of employment when he was injured on
23 August 9th, 2013 in regard to a boat explosion. He
24 was transported by the Horry County -- or the Conway
25 Fire Department to a Medevac helicopter and was taken

1 to University of North Carolina Burn Center where he
2 spent a number of weeks recovering.

3 He has a third -- third-degree burns over
4 his arms and hands. He was out of work from
5 8/9/2013. And he brought a letter from his current
6 employer that said he is currently working as of
7 July 28th, 2014. So we would ask for back temporary
8 total benefits from August 19, 2013 to July 28, 2014.
9 He works as an electrician currently.

10 We also believe that he's covered under
11 the act and that he was performing work in the course
12 of his line of duties. And he had 18 -- I think I
13 told you about the impairment rating earlier. He has
14 a burn involving 10 to 19 percent of body surface
15 with third-degree burns or less unspecified. And
16 we'll let you look at his arms when we...

17 THE COURT: All right. Ms. Glover.

18 MS. GLOVER: Commissioner, the Fund
19 contends that this is not a work-related accident.
20 This did not happen within the course and scope of
21 Mr. Todd's employment with Mike Roberts d/b/a Mike
22 Roberts Home Repair. Mike Roberts Home Repair
23 engages in residential construction only. They have
24 done no work on boats or boathouses. This was a
25 purely personal venture wherein this accident

1 occurred.

2 If you do find it compensable,
3 Commissioner, we agree with the average weekly wage
4 and compensation rate. We would deny that he was
5 entitled to a temporary total benefit for the amount
6 of time that he has specified. We would also contend
7 that Mr. Roberts is entitled to a credit for \$5000
8 that he paid to the claimant. He paid him \$500 per
9 week for an eight-week period of time. And that
10 would be the Fund's position, Commissioner.

11 THE COURT: All right. Mr. Roberts.

12 MR. ROBERTS: I mean, the same thing like
13 I said before. I -- you know, I'm not denying he
14 worked for me. I'm not denying that, you know, he
15 worked for Roberts Home Repair. But we worked on
16 boats together on the side. We done that. He has a
17 boat in his yard right now that he don't have a title
18 to yet. We done -- you know.

19 THE COURT: We don't need to get into all
20 that. But it's your position that this is not a
21 work-related accident?

22 MR. ROBERTS: Had nothing to do with
23 Roberts Home Repair at all.

24 THE COURT: All right. Very good.

25 Anything else, Mr. Connell?

1 MR. CONNELL: No, Your Honor.

2 THE COURT: Anything else, Ms. Glover?

3 MS. GLOVER: Nothing from the Fund.

4 THE COURT: Anything else, Mr. Roberts?

5 MR. ROBERTS: No, sir.

6 THE COURT: Mr. Connell, you call your
7 witness. Or your first witness.

8 MR. CONNELL: Holmes, come up here,
9 please, sir.

10 THE COURT: Come around and have a seat
11 here, sir. All right. Please swear the witness.

12 HOLMES ADAMS,
13 after being duly sworn to tell the truth, testified
14 as follows:

15 THE COURT: Please state and spell your
16 full name for the record, sir.

17 THE WITNESS: Holmes Adams. H-O-L-M-E-S
18 A-D-A-M-S.

19 THE COURT: Thank you, sir.

20 THE WITNESS: Yes, sir.

21 THE COURT: Mr. Connell, your witness.

22 MR. CONNELL: Thank you, Your Honor.

23 DIRECT EXAMINATION

24 BY MR. CONNELL

25 Q. Mr. Adams, where do you currently work?

1 A. Right now I'm employed at Myrtle Beach
2 Chevrolet Cadillac in Myrtle Beach.

3 Q. All right. Have you ever worked for Mike
4 Roberts or Mike Roberts Home Repair?

5 A. I was a subcontractor for Mike Roberts.

6 Q. All right. And how long did you work for
7 him?

8 A. I probably worked for Mike for seven,
9 eight months.

10 Q. All right.

11 A. Somewhere in there give or take. Maybe
12 six.

13 Q. All right. And besides yourself, who else
14 worked for him?

15 A. I don't know about the rest of his
16 subcontractors. That wasn't my gig. I know Kevin
17 drew a weekly check, Bobby Days drew a weekly check,
18 Ryan Harrelson and James.

19 Q. All right. Ryan Harrelson and James --

20 A. Yeah.

21 Q. -- all drew weekly pay?

22 A. The best of my knowledge, yes, sir.

23 Q. All right. And were you involved or were
24 you there the day the boat -- the boat explosion?

25 A. The day the boat exploded, no, sir, I was

1 not.

2 Q. All right.

3 A. The day before that, two days before that,
4 I had went by to look at the boat because I done the
5 mechanical end on the boat. I pulled the plugs out
6 of it; got the motors running. And I asked Mike, I
7 said, "What are you going to do with all that fuel in
8 the bottom of that boat?" He said, "I'm going to
9 pump it out in this drum." He had a trailer sitting
10 there with a drum. I said, "Mike, there's people
11 that gets paid to handle hazardous materials. You
12 got a couple hundred gallons of fuel and water mixed
13 laying in that boat. You need to pay somebody to do
14 it and handle it right."

15 Q. All right. What did Mike Roberts Home
16 Repair do? What kind of work?

17 A. We done everything. I don't know his
18 companies or the banks that he done his work with.
19 I'd pressure wash houses, get them cleaned up. I've
20 painted for him, cut grass. Just really whatever
21 needed to be done.

22 Q. All right. Anything he asked you, you did
23 it?

24 A. Pretty much. You know, I mean, it's --
25 poor people got to eat.

1 Q. And the houses that you were working on,
2 most of those are foreclosure houses; is that right?

3 A. Could have been, yes, sir. They were all
4 empty. I think the bank owned them. They were
5 getting ready to rent them, or we had to sling paint
6 in them or whatever the case was.

7 Q. All right. And you know Mr. Todd, I take
8 it?

9 A. Yes, sir. I know Kevin.

10 Q. And he worked for Mr. Roberts?

11 A. Kevin was on a weekly paycheck.

12 Q. All right. And what would he do for
13 Mr. Roberts?

14 A. Whatever. If Mike barked, he jumped.

15 Q. All right. Okay. Thank you. That's all.

16 A. He was like a shop -- I guess the guy that
17 took care of bills and would run and go get material
18 for jobs and, you know, whatever Mike needed done,
19 Kevin handled it.

20 MR. CONNELL: All right. That's all I
21 have. Thank you, sir.

22 THE COURT: Ms. Glover.

23 MR. CONNELL: Answer any questions that
24 they have.

25 THE WITNESS: Oh, I'm sorry.

1 THE COURT: You've got to answer their
2 questions. Ms. Glover.

3 THE WITNESS: Ain't no problem.

4 CROSS-EXAMINATION

5 BY MS. GLOVER

6 Q. Is your last name Adams?

7 A. Yeah.

8 Q. A-D-A-M-S or --

9 A. Correct.

10 Q. Okay. I thought you said A-D-M-E-S.

11 Okay. Now, you said that you worked as a
12 subcontractor for Mister --

13 A. Uh-huh.

14 Q. -- Roberts? So Mr. Roberts gave you
15 individual jobs to do?

16 A. Yes, sir. Yes, ma'am.

17 Q. Okay. And then you completed the job
18 and --

19 A. I'd complete the job, Mike would come by
20 and say, "All right, everything's looks good," and
21 I'd get paid.

22 Q. Okay. Then you tell Mr. Roberts how much
23 you would do the job for?

24 A. Yeah. We would negotiate a price before
25 it got started.

1 Q. Okay. Now, when you were doing the actual
2 job, did Mr. Roberts tell you how to do the job, or
3 did he leave that up to you?

4 A. No. He -- I mean, he'd tell me what
5 needed to be done, and I'd get it done.

6 Q. Okay. Well, he wasn't there watching you
7 and standing over you telling you how to do your job?

8 A. No. No. No. Absolutely not.

9 Q. If the grass needed to be cut, you knew
10 how to cut the grass?

11 A. Absolutely.

12 Q. If something needed to be pressure washed,
13 you knew how to pressure wash it?

14 A. Yes, ma'am.

15 Q. If something needed to be painted, you
16 knew how to do that?

17 A. Yes, ma'am.

18 Q. So would it be fair to say that
19 Mr. Roberts would assign you a job, he would leave
20 for you to do it and --

21 A. Yeah, pretty -- yes, ma'am. Yes, ma'am.

22 Q. -- you would complete the task? And when
23 it was done, Mr. Roberts would come back and look it
24 over to make sure it was done correctly?

25 A. Yes, ma'am.

1 Q. Okay. And were you paid on a per job
2 basis?

3 A. Yes, I was. Yeah.

4 Q. Okay. So different jobs brought
5 different --

6 A. Would pay different things, yes, ma'am.

7 Q. Brought in a different amount of money?

8 A. Yes, ma'am.

9 Q. Okay. And did you work anyplace else?

10 A. At that time?

11 Q. Yes.

12 A. No.

13 Q. Okay. And have you also been a mechanic?

14 A. I've been a mechanic for General Motors
15 for 26 years.

16 Q. Okay. And you say you did the mechanical
17 work on this boat?

18 A. Yes, ma'am.

19 Q. Okay. Now, did you know Mr. Todd and
20 Mr. Roberts to -- were they personal friends to your
21 knowledge?

22 A. No. I've known Mike for years. I did not
23 meet Kevin until I started working for Mike.

24 Q. Okay. So you didn't know their prior
25 relationship before you started working there?

1 A. Their prior relationship? No, ma'am. Had
2 no clue.

3 Q. Now, as far as these other people that
4 you've named as being employees, you said Bobby, Ryan
5 and James?

6 A. Uh-huh.

7 Q. And you testified that they drew a weekly
8 check?

9 A. I can -- I cannot guarantee you that they
10 drew -- I know Bobby drew a weekly check. Kevin drew
11 a weekly check. Those are the two that I know for
12 sure.

13 Q. How do you know that?

14 A. Because I -- we all hanging around his
15 house Friday afternoon, drink a cold beer, he'd hand
16 checks out.

17 Q. Okay.

18 A. But I have personally seen those two
19 collect their checks more than once.

20 MS. GLOVER: Okay. Okay. That's all the
21 questions I have.

22 THE COURT: All right. Mr. Roberts, you
23 get to ask questions.

24 MR. ROBERTS: Okay.

25 THE COURT: You don't get to have an

1 exchange.

2 MR. ROBERTS: I understand.

3 THE COURT: You don't challenge, but you
4 do get to ask questions.

5 CROSS-EXAMINATION

6 BY MR. ROBERTS

7 Q. Did you know that me and Kevin were
8 friends outside of work?

9 A. Yes.

10 Q. Did you know that me and Kevin took a boat
11 trip to Wilmington for the whole weekend on a boat?
12 And I took him and his wife and me and my wife, and
13 we went out a whole weekend on a boat in Wilmington.

14 A. Nope. I did not know that.

15 Q. You did not know that?

16 A. Nope.

17 Q. Okay. Did you know -- how -- how do you
18 know that James Flawn worked for me at the time of
19 the accident?

20 A. Because all them boys that's over there at
21 the house, over there -- over there off beside the
22 Conway Hospital that you was doing for the bank.

23 Q. Were you with me --

24 A. A hundred percent of the time over there?

25 No.

1 Q. No. Were you with me at Little River the
2 day James called me and quit prior to the accident
3 when James got mad at Bobby?

4 MR. CONNELL: Objection, Your Honor.
5 That -- that's not a question.

6 BY MR. ROBERTS

7 Q. Was he with --

8 THE COURT: No. That is not a question.
9 You have to confine yourself to questions.

10 MR. ROBERTS: I'm sorry. I just -- I was
11 asking if he was there. No further questions.

12 THE COURT: All right. Mr. Connell.

13 MR. CONNELL: Your Honor, he's under
14 subpoena. Can he be released?

15 THE COURT: If they don't have any -- if
16 Ms. Glover doesn't have any questions.

17 MS. GLOVER: Do you have any more
18 questions for him?

19 MR. ROBERTS: No.

20 MS. GLOVER: We have no objection to him
21 being released, Commissioner.

22 THE COURT: All right.

23 MS. GLOVER: We would just ask that he not
24 discuss his testimony with anybody as he leaves.

25 MR. CONNELL: I'm going to go get and

1 bring the next person.

2 MS. GLOVER: Okay.

3 THE COURT: Yes, you cannot discuss what
4 you've testified to with folks who are waiting to
5 testify.

6 THE WITNESS: Yes, sir.

7 THE COURT: But you may go. Thank you,
8 sir.

9 THE WITNESS: Yes, sir. Thank you.

10 (Witness excused.)

11 THE COURT: Ma'am, good to see you today.
12 Have a seat, please.

13 MICHELLE BRATCHER,
14 after being duly sworn to tell the truth, testified
15 as follows:

16 THE COURT: All right. Put your hand
17 down. Please state and spell your full name for the
18 record.

19 THE WITNESS: It's Michelle Bratcher.
20 M-I-C-H-E-L-L-E B-R-A-T-C-H-E-R.

21 THE COURT: Spell your last name again,
22 ma'am. I can't write that fast.

23 THE WITNESS: B-R-A-T-C-H-E-R.

24 THE COURT: Thank you so much,
25 Ms. Bratcher.

1 All right. Mr. Connell, your witness.

2 MR. CONNELL: Thank you, Your Honor.

3 DIRECT EXAMINATION

4 BY MR. CONNELL

5 Q. Michelle, how long have you and Kevin been
6 living together?

7 A. About 14 years.

8 Q. Do y'all have any children together?

9 A. Yes. I have a son 13 years old.

10 Q. All right. Do you know whether or not
11 Kevin worked at Mike Roberts?

12 A. Uh-huh.

13 Q. All right. You've got to say yes or no.
14 I'm sorry.

15 A. Oh, yes.

16 Q. Or when did he -- how long did he work for
17 him?

18 A. I want to say probably about a year and a
19 half, maybe close to two years.

20 Q. And what did he do for him?

21 A. A little bit of everything. He did home
22 repairs, worked around the house. Just really
23 everything.

24 Q. Anything he wanted?

25 A. Yes.

1 Q. Okay. Now, you know other people who
2 worked there?

3 A. Yes.

4 Q. All right. Tell me who they were, please,
5 ma'am.

6 A. Well, besides Kevin, Bobby Days.

7 Q. Bobby Days?

8 A. I believe is the last name.

9 Q. All right.

10 A. James Flawn.

11 Q. Okay.

12 A. A guy -- Ryan Harrelson.

13 Q. All right.

14 A. And let's see. Kevin, Bobby Days.

15 Q. Okay. You've named Bobby Days, Ryan
16 Harrelson, James Flawn, Kevin.

17 A. Kevin.

18 Q. Anyone else?

19 A. Let's see. Bobby, James Flawn, oh, and
20 Holmes.

21 Q. All right. I think he testified earlier.
22 Okay. Now, were you there the day that -- that
23 Mr. Todd was injured?

24 A. No.

25 Q. Did you come to the scene afterwards?

1 A. Yes.

2 Q. All right. Tell me what happened, please,
3 ma'am.

4 A. Well, after the phone call, I was headed
5 to the hospital and then when I looked -- as I was
6 going over the bridge, I looked to the right and seen
7 ambulances and fire trucks and realized it was more
8 serious than originally thought. So I pull over and,
9 of course, he's in the ambulance getting ready to be
10 helicoptered off.

11 Q. All right. So the Court knows, you were
12 going east on 501?

13 A. Yes.

14 Q. Is that right?

15 A. Yes.

16 Q. Went over the Waccamaw bridge?

17 A. Yes. Because you can see the boat --

18 Q. All right.

19 A. -- right there from the bridge.

20 Q. And there's a hotel there; is there not?

21 A. Yes.

22 Q. Was that where the accident happened?

23 A. Not at the hotel but the house that's on
24 behind the hotel.

25 Q. All right. Now, did Mr. Todd go to work

1 that morning?

2 A. Yes.

3 Q. And was that a regular morning when he --
4 that he went to work like every morning?

5 A. Yes.

6 Q. All right. And how many days a week did
7 he work for Mr. Roberts?

8 A. Five minimum but some days he would work
9 Saturdays.

10 Q. And the day that Mr. Todd went to work,
11 was he working for Mr. Roberts?

12 A. Yes.

13 Q. And what kind of things would he do for
14 Mr. Roberts?

15 A. Well, usually he was like doing house
16 repairs. He -- because we talked about his days,
17 what all he's done. And, yeah, he was normally --
18 they would go to houses that were for rent or for
19 sale that needed to be repaired or things like that.
20 And he would go and fix the houses up.

21 Q. Would Mr. Roberts call and ask him to go
22 do other things for him?

23 A. Oh, yes.

24 Q. All right. For instance, tell -- give the
25 Judge a for instance about what they've -- what he'd

1 ask him to do.

2 A. Well, I mean, just really anything. Like
3 personally at his house, he would want him to go
4 there and lay brick pavers for his pool or take his
5 child to school for him. He did that almost every
6 morning.

7 Q. Mr. Todd took his child to school every
8 morning?

9 A. Yes.

10 Q. What time did he leave to go to work?

11 A. 7:00 in the morning.

12 Q. What time did he get home at night?

13 A. It varied. It was never -- I mean,
14 generally 5:30, 6:00 o'clock sometimes.

15 Q. All right. Would Mr. Roberts call him
16 after hours and ask him to do something for him?

17 A. Sometimes. If there was like -- if
18 someone called from a rental property and their water
19 line busted per se, he would have to go and make that
20 service call.

21 Q. All right. Now, how much money did
22 Mr. Roberts give you or Mr. Todd after Mr. Todd was
23 injured and taken to the University of North Carolina
24 Hospital Systems?

25 A. He -- when Kevin was in the hospital for

1 the two weeks, he did pay him for the two weeks that
2 he was in the hospital. Paid him 500 a week.

3 Q. All right.

4 A. When he -- when we come back, if I'm not
5 mistaken, he gave him another 500. But then the week
6 after that, I think, is when the money started
7 dropping off.

8 Q. All right.

9 A. We went to his house to get money, and I
10 think he gave him a 100, maybe 200 and then that was
11 it. No more.

12 Q. So how much total did he give him?

13 A. I would say 15 plus -- I would say
14 probably about 1700 total.

15 Q. Now, did you all -- when I say "you all,"
16 I'm talking about either you or Mr. Todd -- ask him
17 for additional monies?

18 A. No.

19 Q. All right. What conversation did either
20 you or Mr. Todd have with Mr. Roberts about getting
21 additional monies?

22 A. I mean -- you mean as far as him just
23 trying to get his weekly pay?

24 Q. Yes, ma'am.

25 A. Oh. He would just call him like on a

1 Friday and ask him if -- you know, if he had --
2 because he supposed to been paying him -- what he
3 told us is while he was recouping he was going to pay
4 him. And so when Kevin was calling him that Friday,
5 he told Kevin that he didn't have the money.

6 Q. All right.

7 A. And then that was really it. We -- he --
8 we never asked for anymore. We just kind of just let
9 it go.

10 Q. Okay. All right. Now, how long -- tell
11 me how long your husband was out of work? How
12 long --

13 A. How long was he out?

14 Q. Yes, ma'am.

15 A. Well, from, of course, the day it happened
16 to -- he just went back, I think, it's mid part of
17 July.

18 Q. July 28 sound? --

19 A. Yes.

20 Q. -- familiar?

21 A. Yes.

22 Q. And where is he working now?

23 A. Reliable Electric.

24 Q. And have y'all gotten bills from the
25 University of North Carolina Hospital Systems?

1 A. Nonstop. They won't stop coming in.

2 Q. How much are the bills?

3 A. I haven't totaled them recently, but it
4 was over 300,000 the last time --

5 Q. All right.

6 A. -- I calculated them.

7 Q. And how long was he in the hospital?

8 A. Two weeks.

9 Q. And has he been back to the University of
10 North Carolina for treatment since then?

11 A. Well, I mean, just the normal follow-ups
12 afterwards. We went back twice.

13 Q. Okay. Now, was your husband and
14 Mr. Roberts ever in the boat business together?

15 A. The boat business?

16 Q. Yes, ma'am.

17 A. He was working on boats. Well, I say
18 working on boats, that he was like -- I'm not really
19 sure what you would call it. He was like adding
20 carpet and ---

21 Q. Mr. Roberts was working on boats?

22 A. Yes.

23 Q. Mr. Todd wasn't in the boat business, was
24 he?

25 A. No. But he did call Kevin, you know, a

1 couple times like on a Saturday --

2 Q. Okay.

3 A. -- and asked if he'd come over and help
4 him put carpet on a boat or whatever they were doing
5 to that boat. But they wasn't in no boat business
6 together, no.

7 Q. And Mr. Roberts would then sell those
8 boats?

9 A. I'm not sure what he would do with them.
10 I'm not sure.

11 Q. How many Saturdays and Sundays during the
12 period he worked for him did he -- would he call and
13 come do work -- other work for him?

14 A. Just any kind of work in general?

15 Q. Yes, ma'am.

16 A. I would say probably every -- sometimes
17 every Saturday but at least every other Saturday.

18 Q. All right. And the day that this incident
19 happened, do you know what day of the week it was?

20 A. Friday.

21 Q. All right. Was that a normal workday for
22 him?

23 A. Yes.

24 Q. The time that he worked for Mr. Roberts,
25 did he normally work on every Friday?

1 A. Oh, yes.

2 Q. Was Friday payday?

3 A. Yes.

4 Q. All right. And when would he get paid?
5 What time of the day?

6 A. I'm not positive. I'm assuming at the end
7 of the day.

8 MR. CONNELL: Okay. All right. Thank
9 you, ma'am.

10 THE COURT: Ms. Glover.

11 CROSS-EXAMINATION

12 BY MS. GLOVER

13 Q. Ms. Bratcher, how long have you all known
14 Mr. Roberts?

15 A. I only met him when Kevin started working
16 with him. So about that -- a year and a half,
17 two-year time frame.

18 Q. Okay. Did you ever work for Mr. Roberts?

19 A. Well, initially I was working on the boat,
20 and then I was going to start working for him
21 cleaning houses, but it didn't get to that point.

22 Q. Okay. Now, you test- -- as far as these
23 other people that you testified that worked for
24 Mr. Roberts, what was Bobby's job?

25 A. I don't know the specifics. I know that

1 when Kevin would talk about his days, I think Bobby
2 was about like him. Just really did whatever was
3 required.

4 Q. Do you have any personal knowledge -- when
5 I say "personal knowledge," I mean, of your own
6 accord, what you've seen with your own eyes or heard
7 with your own ears, as to what each of these people
8 did for Mr. Roberts, if anything?"

9 A. Well, I did hear --

10 Q. I mean, other than what your husband may
11 have told you.

12 A. No. I mean, not -- not really besides
13 just knowing that they would all like be remodeling
14 houses together. I don't know which each did
15 individually. No.

16 Q. Okay. So you don't know what the nature
17 of each person's work relationship with Mr. Roberts
18 was? You don't know if they were subcontractors or
19 independent contractors or employees?

20 A. Well, I -- I say employees because Kevin
21 used to pay everybody. And he used to tell me that
22 he would go by and drop everybody's pay off.

23 Q. But you don't know what that pay was based
24 on?

25 A. No. No.

1 Q. Okay. Did you ever take any trips with
2 your husband and Mr. Roberts and his wife?

3 A. Uh-huh.

4 Q. Is that a yes?

5 A. Yes. I'm sorry.

6 Q. How often would y'all do that?

7 A. Not that often. I would say once every
8 few months maybe we would go out.

9 Q. Okay. And you all would go out on a boat?

10 A. We've only been out on the boat maybe once
11 or twice together.

12 Q. Okay. Did you all go out on a boat
13 together like about three weeks before this happened?

14 A. Three weeks before he got burnt? I don't
15 think it was that soon, no.

16 Q. Okay. But it had been recent?

17 A. Maybe within a couple months probably,
18 yeah.

19 Q. Okay. And to your knowledge did Mike's
20 Home Repair ever do any work on boats as part of that
21 business?

22 A. Like I said, within the last couple weeks
23 before he got burnt he was -- Kevin was going -- as
24 far as doing anything helping him on a Saturday
25 doing -- like I said, they were doing more like

1 upholstery as far as I'm concerned.

2 Q. Okay. In regards to the money that
3 Mr. Roberts gave y'all, do you know if Mr. Roberts
4 ever gave your husband's father any money or -- or
5 Mr. Todd?

6 A. He did when we was in the hospital.

7 Q. Okay.

8 A. He gave his father one of -- one of the
9 weekly \$500 that he got paid.

10 MS. GLOVER: Okay. I don't have any other
11 questions.

12 THE COURT: All right. Any questions,
13 Mr. Roberts?

14 MR. ROBERTS: Yes, sir.

15 CROSS-EXAMINATION

16 BY MR. ROBERTS

17 Q. Do you recall me giving you any more than
18 \$500 any week?

19 A. Huh-uh.

20 Q. Do you recall --

21 THE COURT REPORTER: Is that a no?

22 THE WITNESS: No. I'm sorry. No.

23 THE COURT: But you need to answer yes or
24 no, please.

25

1 THE WITNESS: No.

2 BY MR. ROBERTS

3 Q. Do you recall me giving extra money for
4 gas for y'all to go back and forth up there after
5 y'all came home in your kitchen?

6 A. No. You gave me a \$100 for cleaning that
7 boat --

8 Q. Right.

9 A. -- is what you gave me.

10 Q. Do you recall me giving Kevin an extra \$50
11 to buy gas because y'all were going to Chapel Hill
12 that next day?

13 A. No. I know you had asked me before that
14 you would give me gas money, and I never took it.

15 Q. Were we all personal friends besides work?

16 A. We were.

17 Q. Didn't we go out almost every single
18 weekend together?

19 A. We didn't go out.

20 Q. I mean, not out of town but out in public
21 together at night? We would go out, Kimberly's,
22 Fatz.

23 A. Not every --

24 Q. Didn't we go out -- there for weeks we
25 went every other -- just about every weekend; is that

1 right?

2 A. Not every weekend, no. We -- we would get
3 out and go to your house and grill out or order
4 pizza. So yeah.

5 Q. You made a statement that Kevin took my
6 child to school every day. I agree with that.
7 Didn't I also -- didn't ~~Kevin~~ -- I take ~~Kevin~~
8 places, also, your child? Didn't he go with me to
9 the river to Georgetown one day and didn't I --
10 didn't he hang around with my little boy some, too?
11 They played video games together; is that true?

12 A. Very rarely but yes.

13 Q. But they hung around together?

14 A. But Kevin took your child daily.

15 Q. Oh, yeah. I'm not denying that. Not one
16 bit in the world. I mean, my little boy loves Kevin
17 to death. Asked about him all the time. I'm not
18 denying that. I'm just asking do you recall us going
19 on a boat trip to Wilmington together?

20 A. Oh, yes.

21 Q. Okay. Do you recall me and Kevin standing
22 in your kitchen and talking about how, when we got
23 that boat ready, we were going to take a trip on it,
24 all of us together? We were working on it and that
25 was going to be our toy?

1 A. No. You told me that you were going to
2 buy that boat. That you were looking into that boat
3 and you were going to buy that boat, and then we
4 could all -- we was going to take the -- take your
5 boat out, yeah.

6 Q. Do you remember me and Kevin going -- I
7 don't know if you knew about this. But do you
8 remember me and Kevin going to Hague Marine at --
9 near Murrells Inlet over there and looking at a
10 50-foot houseboat before that boat ever came along?

11 A. No.

12 MR. ROBERTS: Okay. Thank you.

13 THE COURT: Mr. Connell, any other
14 questions?

15 MR. CONNELL: Just one.

16 REDIRECT EXAMINATION

17 BY MR. CONNELL

18 Q. The boat that had the explosion, that
19 wasn't the boat that you went for a ride on, was it?

20 A. No.

21 Q. The boat that had the explosion, where
22 did -- where did that come from?

23 A. The man that lived right around the corner
24 from where his father lived gave him the boat.

25 Q. All right. Was it sunk in the river?

1 A. Yes. It was sunk.

2 MR. CONNELL: Okay. No further questions,
3 Your Honor.

4 THE COURT: Ms. Glover.

5 MS. GLOVER: I don't have any other
6 questions.

7 THE COURT: Any other questions,
8 Mr. Roberts?

9 MR. ROBERTS: No, sir.

10 THE COURT: All right. Thank you, ma'am.
11 You may step down.

12 (Witness excused.)

13 MR. CONNELL: All right, sir. You can go
14 all the way up. Sit in that blue chair.

15 THE COURT: Right up here, sir. All
16 right. Please swear the witness.

17 ANTHONY WILLIAMS,
18 after being duly sworn to tell the truth, testified
19 as follows:

20 THE COURT: All right. You're going to
21 need to speak up, sir, because everybody has got to
22 hear you.

23 THE WITNESS: All right.

24 THE COURT: Please state and spell your
25 full name for the record, sir.

1 THE WITNESS: Anthony R. Williams.

2 THE COURT: Spell that.

3 THE WITNESS: A-N-T-H-O-N-Y, Renard,
4 R-E-N-A-R-D, Williams, W-I-L-L-I-A-M-S.

5 THE COURT: All right. Thank you,
6 Mr. Williams. Mr. Connell, your witness.

7 DIRECT EXAMINATION

8 BY MR. CONNELL

9 Q. All right. Mr. Williams, were you present
10 on the day the boat explosion occurred?

11 A. Yes, sir.

12 Q. How did you get to come to that particular
13 place?

14 A. Kevin gave me a call and said that Mike
15 needed a hand working on his boat, and I was supposed
16 to be doing some electrical work on it that day.

17 Q. All right. What do you know about
18 electrical work?

19 A. I'm an electrician.

20 Q. All right. And were you going to be paid
21 for your work?

22 A. Yes, sir.

23 Q. And who told you you were going to be paid
24 for your work?

25 A. Mike told Kevin and Kevin told me.

1 Q. Now, were you injured in the explosion?

2 A. Yes, sir.

3 Q. What happened to you?

4 A. I got burnt on my arm, second-degree burns
5 from here (indicating) down to my wrist.

6 Q. All right. And you weren't working for
7 Mike Roberts prior to this?

8 A. No, sir.

9 Q. That was a one-day request?

10 A. From my understanding, I might have gotten
11 some more work from him.

12 Q. All right.

13 A. If everything worked out all right that
14 day.

15 MR. CONNELL: All right. That's all I
16 have, Your Honor.

17 THE COURT: Ms. Glover.

18 CROSS-EXAMINATION

19 BY MS. GLOVER

20 Q. Mr. Williams, you said that Kevin called
21 you?

22 A. Yes, ma'am.

23 Q. Okay. And what was the extent of the
24 conversation between you and Kevin?

25 A. He was -- basically I needed some work,

1 and he said that Mike needed some helpers, and he
2 wanted me to help him work that day on the boat and
3 that was pretty much it.

4 Q. Okay. Were you just there for the day?

5 A. From my understanding if everything worked
6 out all right that day and he had more work, he would
7 have put me to work.

8 Q. Okay. Were you unemployed otherwise?

9 A. Yes, ma'am.

10 Q. Okay. You weren't working as an
11 electrician anywhere and just having the day off on
12 that day when this happened?

13 A. Not at the time.

14 Q. Okay. Are you employed now?

15 A. Yes, ma'am.

16 Q. Okay. And when did you start back to
17 work?

18 A. I went to work out of town for about a
19 year, and then I started working for Reliable
20 Electric about three months ago.

21 Q. Okay. And does Kevin work at Reliable
22 Electric?

23 A. Yes, ma'am.

24 Q. Okay. When did Kevin start working at
25 Reliable Electric?

1 A. About three months ago.

2 Q. Okay. And what was the discussion that
3 you had with Mr. Roberts in regards to you staying on
4 working for him? What was going to be your job?

5 A. Well, actually, he was kind of joking
6 about it when I got to his house that morning, and he
7 was saying that Kevin said that I was a pretty good
8 electrician. And he pretty much was just joking
9 around that Kevin was, you know, a bumner-type guy
10 and stuff like that. But if everything worked out
11 pretty good that day and I needed some work, he'd put
12 me to work.

13 Q. Doing what? Electrical work?

14 A. Electrical work. Whatever he needed done.
15 Things he needed fixed or whatever the case may be.

16 Q. Okay. And are you aware of what kind of
17 business Mr. Roberts has?

18 A. I was under the impression that he worked
19 on houses. They did some subcontracting work for
20 banks and stuff like that.

21 Q. Okay. He's engaged in residential
22 construction. What work history do you have being in
23 residential construction?

24 A. I have about five years doing residential
25 electrical work.

1 Q. Doing what?

2 A. Wiring houses.

3 Q. Okay. That's electrical work. Do you
4 have any experience doing any building, any
5 carpentry?

6 A. No, ma'am.

7 Q. Okay. Did you get paid for the work that
8 you did that day?

9 A. No, ma'am.

10 Q. Or did you get a chance to do any work?

11 A. Well, we worked about six hours, but I
12 didn't get paid for it.

13 Q. Okay. And what did you do? Did you do
14 electrical work on the boat or mechanical work?

15 A. Well, I started working on the
16 receptacles, but me and Kevin was trying to pump gas
17 out of the tank of the boat. So we had a primer and
18 we was trying to get it primed and we couldn't get it
19 primed. And then Mike took the primer from us and
20 took the hose off of it and started pounding it with
21 his hand. And then once he got started, the gas
22 started coming out of it. And when he went to put
23 the hose back on it, that's when the fire start.

24 MS. GLOVER: Okay. I don't have any other
25 questions.

1 THE COURT: Any questions, Mr. Roberts?

2 MR. ROBERTS: No, sir.

3 THE COURT: Any other questions,

4 Mr. Connell?

5 MR. CONNELL: No, Your Honor. Can he be
6 excused? He's under subpoena.

7 THE COURT: Any objection?

8 MS. GLOVER: No objection.

9 THE COURT: All right. You may be
10 excused, sir. Thank you.

11 (Witness excused.)

12 THE COURT: All right. Have a seat, sir.
13 Swear the witness, please.

14 KEVIN M. TODD,
15 after being duly sworn to tell the truth, testified
16 as follows:

17 THE COURT: All right. Since you're a
18 party to the case, I won't make you spell your name.
19 But please state your name for the record.

20 THE WITNESS: Kevin Todd.

21 THE COURT: All right. Thank you,
22 Mr. Todd. Mr. Connell, your witness.

23 MR. CONNELL: Thank you, Your Honor.

24 DIRECT EXAMINATION

25 BY MR. CONNELL

1 Q. Kevin, were you employed at Mike Roberts
2 Repair?

3 A. Yes, sir.

4 Q. How long had you been employed there?

5 A. It's been about a year and a half.
6 Something like that, about a year and a half.

7 Q. All right. What did you do for him?

8 A. Anything. Painting. Might be on a roof
9 one day putting shingles on or helping him, or I
10 might be underneath a house one day doing plumbing.

11 Q. All right. Work on boats?

12 A. I helped him occasionally on stuff he
13 had -- he done his self or one of his partners helped
14 him.

15 Q. All right. Take his child to school?

16 A. Yes, sir. And by the way, once I got to
17 his house and picked his son up, I was on the clock.
18 He paid me from that time. That's the difference.

19 Q. All right. And you paid other employees,
20 I think; is that right?

21 A. Yes.

22 Q. Which other employees did you pay?

23 A. I paid Ryan Harrelson, James Flawn and
24 Bobby Days. Not all the time. Occasionally. But I
25 have.

1 Q. All right. When he wasn't around, you
2 make -- you would do the paying?

3 A. Yeah. When he was busy doing stuff,
4 that's -- I done that for him.

5 Q. All right. Worked for him on the weekend?

6 A. Yeah.

7 Q. Worked for him on Saturdays?

8 A. Yeah.

9 Q. Would he call you after hours?

10 A. Yeah.

11 Q. And what kind --

12 A. Not much but occasionally, yes.

13 Q. All right. And what kind of a -- what
14 would he ask you to do?

15 A. The same thing I was just mentioning. I
16 might had to go on a call, might had to work on a
17 leaky toilet or -- you know, just anything.

18 Q. All right. What was he going to do with
19 the boat that he'd gotten out of the river?

20 A. Well, the guy told him that if he could
21 get it out of the river, he could have it. You know,
22 and then we tried to get it out of the river and we
23 couldn't -- we didn't exceed [sic]. And so the man
24 that owned the boat originally, he -- he called and
25 hired a fellow to get it out. He's a recovery guy.

1 Q. All right.

2 A. And he got it out. And once he did, we
3 pulled it around to his father's house. And then we
4 were trying to clean it up because he wanted to keep
5 it.

6 Q. Were you on the clock then?

7 A. Yeah.

8 Q. All right.

9 A. Every minute of every day I was with him
10 working wise on -- I got paid.

11 Q. All right. And what -- before the
12 explosion happened, what kind of work did you do on
13 the boat?

14 A. That -- that day I wasn't supposed to been
15 there long. I was on the way to a job at Quail
16 Creek.

17 Q. Okay.

18 A. I stopped by to get Tony Williams started
19 on working on the boat.

20 Q. All right.

21 A. And it just led on to me trying to help
22 him get the -- get the gas and stuff out of the tanks
23 in there and that's when it -- the explosion
24 happened.

25 Q. All right. Now, how long were you in the

1 hospital?

2 A. Two weeks.

3 Q. All right. Show the Judge, if you would,
4 the scarring you have on your right and left arms.

5 A. Can I stand?

6 Q. Sure. Is that the discoloration that's on
7 your arm --

8 A. Yeah.

9 Q. -- on the right and the left side?

10 A. That's the -- that was skin -- the seven
11 skin grafts off my legs and that's -- that's how it
12 ended up.

13 Q. All right. Did you have a short sleeve
14 shirt on that day?

15 A. Yeah. And there you can see where my
16 short sleeve was.

17 Q. All right.

18 A. On both sides.

19 THE COURT: All right. Thank you. And
20 for the record, you have scarring on both arms from
21 where your short sleeve -- the shirt sleeve from --
22 covered from that point down to your wrist. Is that
23 a fair statement, sir? I need something for the
24 record.

25

1 THE WITNESS: Yeah. Yeah. Yes, sir. All
2 the way up my hand on this one (indicating).

3 THE COURT: And so it goes on the back of
4 your hand?

5 THE WITNESS: All the way up my finger. I
6 mean, it burnt a piece of that pinky off.

7 THE COURT: All right. Is that on both
8 hands, sir?

9 THE WITNESS: Not hand. Just this one.

10 THE COURT: Okay. Just on the left. On
11 the right it stops about where? The wrist?

12 THE WITNESS: Yeah. Well, yeah.

13 THE COURT: Just above the wrist?

14 THE WITNESS: Yeah.

15 THE COURT: Okay. And on the left it
16 extends down the back of your hand and on your
17 fingers?

18 THE WITNESS: At the whole -- whole arm
19 from just above the elbow to the -- my fingertips.

20 THE COURT: All right. I just need
21 something for the record.

22 MS. GLOVER: Commissioner, I would ask
23 that you also note that it's not keloidal.

24 THE COURT: Yes. It is not keloidal.
25 Thank you.

1 BY MR. CONNELL

2 Q. Were you partners in the boat or an owner
3 of the boat?

4 A. No.

5 Q. And Mr. Roberts --

6 A. And he told -- and he told me right out of
7 his mouth that -- he said that he didn't want me to
8 be involved because I didn't have the money -- have
9 the money to put in it.

10 Q. All right. Now, were you paid \$5000
11 during the time that you were -- you were out of work
12 by Mr. Roberts?

13 A. No, sir. No, sir.

14 Q. How much did you get?

15 A. Like I said, like -- it was -- he paid me
16 the two weeks I was in there.

17 Q. Okay.

18 A. In the hospital. And then after I got out
19 I think one other full-time full week.

20 Q. All right.

21 A. And then I had to call him. And then I --
22 you know, and -- and he said that he didn't have the
23 money because he had bills, too.

24 Q. Okay. So --

25 A. And I left it alone. I quit. I quit

1 messing with him.

2 Q. All right. And you're back at work now;
3 is that right?

4 A. Yes, sir.

5 Q. And you went back to work at Reli- -- or
6 you went to work at Reliable Electric; is that
7 correct?

8 A. Yes, sir.

9 Q. And I think you gave me a letter. You
10 just brought me today showing it. You went back to
11 work July 28th?

12 A. Yes, sir. That's it.

13 Q. You got that from your -- from the boss,
14 at --

15 A. Yeah.

16 Q. -- Reliable Electric?

17 A. My employer, yeah.

18 MR. CONNELL: Your Honor, we'd like to
19 offer this as an exhibit.

20 THE COURT: Objection?

21 MS. GLOVER: No objection.

22 THE COURT: Objection, Mr. Roberts?

23 MR. ROBERTS: No, sir.

24 THE COURT: All right. Mark that as
25 Claimant's Exhibit 1.

1 (Claimant's Exhibit No. 1 was marked for
2 identification.)

3 MR. CONNELL: Thank you, Your Honor.

4 BY MR. CONNELL

5 Q. Now, tell me how -- tell the Judge how
6 you're doing now with the scarring.

7 A. Well, I mean, it's still a little tight.
8 Sometimes if I hold my arms one way too long, it's
9 tight for me to pull them up. And, I mean, as far as
10 picking up weight for long periods of time it
11 starts -- my -- I guess this nerves, it burns
12 occasionally. I mean, every day it's something
13 minor. But, I mean, it hurts some every day. I
14 mean, it kind of messes me up the way I work because
15 of the stuff I do. I pull wire. But, I mean, I just
16 have to bear it. I mean, it burns this -- like just
17 a bunch of needles sticking in it. That's what it
18 is.

19 Q. And you're back doing work, it sounds
20 like; right?

21 A. Well, I try. I mean, I'm an electrician
22 foreman, and I have people to help do my job.

23 Q. And you're still getting medical bills; is
24 that right?

25 A. Yeah.

1 Q. Have you had any contact with Mr. Roberts
2 since you've asked him if he was going to pay you
3 back in --

4 A. No.

5 Q. Has he contacted you?

6 A. He tried.

7 Q. All right. But you haven't talked to him?

8 A. No.

9 Q. And did you ever go for a ride on the boat
10 that was -- that y'all were working on that day?

11 A. No.

12 MR. CONNELL: All right. I think that's
13 all I have. Thank you. Answer any questions they
14 have.

15 THE COURT: Ms. Glover.

16 CROSS-EXAMINATION

17 BY MS. GLOVER

18 Q. Mr. Todd, how many times have you worked
19 on boats for Mr. Roberts or with Mr. Roberts?

20 A. I -- it's maybe five times.

21 Q. And how many trips have you taken with
22 Mr. Roberts with your spouses on one of those boats?

23 A. One.

24 Q. And you were paid \$500 per week?

25 A. Yes, ma'am.

1 Q. You got paid every Friday?

2 A. Yes, ma'am.

3 Q. Okay. As you testified, he called you out
4 to work on a Saturday or something. Did he pay you
5 any extra money for doing that or --

6 A. Yeah.

7 Q. -- did you just draw your 500? How
8 much --

9 A. I mean, it depends on what I had to do and
10 how much time I had involved in that day. If I had
11 to go out for a couple of hours, I mean, he might
12 would give me an extra 50, something like that. I
13 mean, depends on the work and how long I stayed out.
14 If I stayed out the whole Saturday, it was another
15 100 bucks.

16 Q. Okay.

17 A. If half -- half, it was 50.

18 Q. Okay. Do you recall telling some of the
19 medical professionals up at UNC Hospital that this
20 was not work related? That it was a personal venture
21 that you were doing?

22 A. No. It was not personal to me.

23 Q. Okay. If your medical records indicate
24 that that -- that you told them that, would you
25 disagree with that?

1 A. I don't know what I told them when I was
2 up there because I -- they had me so doped up, and I
3 was in so much pain they -- there's no telling what I
4 told them.

5 Q. Okay.

6 A. But, you know, I mean, I don't know. I
7 mean, I -- there ain't no telling what I said.

8 Q. Okay. But if it's in those records, you
9 don't dispute that, do you?

10 A. Well, probably not because I didn't
11 know -- I mean, you know, I didn't know what I was --
12 I didn't -- I wasn't in my straight mind.

13 Q. Okay. Now, you said --

14 A. You know, I wasn't in my straight mind.

15 Q. Okay. You said on the date that this
16 happened you were on your way to a job in Quail -- I
17 think you said Quail Road?

18 A. Quail Creek.

19 Q. Quail Creek. Excuse me. What kind of job
20 were you headed to?

21 A. It was a -- it was a foreclosed house for
22 a bank he worked for. And we was trying to get
23 every -- all the floor and the stuff back in it to
24 sell. And we -- you know, we was kind of on --
25 getting to be on a deadline and we was having to

1 work -- you know, work on it to get it to where the
2 bank could sell it. And that's what I was doing or
3 supposed to been doing.

4 Q. Okay. Now, did Mr. Roberts call you to
5 ask you to come help with the boat, or did you just
6 go --

7 A. Yes, he did.

8 Q. -- out there to take Anthony Williams out
9 there?

10 A. He wanted me to get those guys up there,
11 and he called -- that's what he wanted me to do.
12 Yes, he called me to bring those guys to the job that
13 morning, the -- the boat job to get them started.
14 Then I'd go on to work.

15 Q. So who did you take out there besides
16 Anthony Williams?

17 A. There was another guy, but he didn't see
18 anything that happened in the boat. Because me and
19 Anthony Williams and Mike Roberts was in the boat
20 when it happened. It was Don Strausser. He -- he
21 come in. He's one of my friends that I worked with
22 doing electrical work along with Tony Williams.
23 There was two guys -- they -- they got laid off at
24 the same time, and they was needing a little bit of
25 work. And this -- when I talked to Mike and he said,

1 yeah, sure, bring them in to work on the boat and
2 that's what I did.

3 Q. Okay. What is the business address for
4 Mike's business?

5 A. It's 3334 New Road.

6 Q. Okay. And where did this incident take
7 place?

8 A. At his father's house. I don't -- it's
9 Waccamaw Lane or Drive. I don't know the physical
10 address.

11 Q. Okay. But it's not one and the same
12 place?

13 A. No.

14 Q. And did you go back to work for Mike after
15 this -- after you got out of the hospital?

16 A. I tried but I couldn't do it. I mean, I
17 tried to get out, but I didn't work. I went -- I'd
18 come to his house and we'd go -- you know, he'd --
19 we'd ride around a little bit to jobs. But I didn't
20 never get back to work. I couldn't do it.

21 Q. Okay.

22 A. I tried it for a couple days and I had to
23 go back home and I couldn't stand it.

24 Q. Okay. Now, did you hang out with
25 Mr. Roberts --

1 A. Yeah.

2 Q. -- other than work?

3 A. Yeah. We'd go hang out at his house. He
4 had a little place behind his house that we'd hang
5 around and, you know, shoot crap. You know, they
6 like to play guitar and stuff. We'd get out there
7 and maybe drink a little bit, you know. But, you
8 know, that was just...

9 Q. And did you know Mr. Roberts before you
10 started working for him?

11 A. I knew of him.

12 Q. Okay. But you all became friends after
13 you started working for him?

14 A. Yeah.

15 Q. Okay. Did you start looking for work
16 anywhere before you were hired on with Reliable?

17 A. No.

18 Q. No. Was that the first job you started
19 looking for work?

20 A. Uh-huh.

21 Q. I mean, after those two days, you tried to
22 go back to work for Mr. Roberts?

23 A. Yes. I mean, I tried it because -- I
24 mean, I had bills and I had bills to pay. But my
25 body couldn't -- wouldn't let me. I couldn't do it.

1 I mean, they told me I -- the doctor said I needed to
2 be out for a year because I couldn't be in the sun.
3 Because all my -- all my scarring would darken and
4 wouldn't never lighten. Just the heat. Because my
5 arms, they do not sweat. The sweat glands was burnt
6 out of them. They won't sweat at all where the
7 scarring is.

8 Q. What kind of work did you do before you
9 went to work with Mr. Roberts?

10 A. I was an electrician.

11 Q. Okay. And did you get laid off from your
12 job as an electrician?

13 A. Uh-huh. The work was getting slow, and
14 they just laid a bunch of people off.

15 Q. Okay. Who were you working for?

16 A. Electric Service of South Carolina.

17 Q. Okay. And how long were you out of work
18 before you started working with Mr. Roberts?

19 A. About three or four months.

20 Q. How did Mr. Roberts pay you? Did he pay
21 you in cash or with a check?

22 A. Cash.

23 Q. Okay. Now, during the time that you were
24 out of work from electrical -- you say Electrical
25 Service of South Carolina?

1 A. Electric, yeah. Uh-huh.

2 Q. Were you doing unemployment?

3 A. Yeah.

4 Q. Okay. Did you continue to draw
5 unemployment once you started working for
6 Mr. Roberts?

7 A. About...

8 Q. I'm sorry?

9 A. It was I think -- about two to three weeks
10 into working with him I did.

11 Q. Okay. Now, you said that you paid Ryan,
12 James and Bobby occasionally. What -- how did that
13 come to be?

14 A. Because he'd be doing something at home or
15 whatever he'd be doing and he would split their money
16 up that he was going to give them in separate --
17 separate stacks. And said give this to this person,
18 this one and this one. And that's how, you know, on
19 a Friday occasionally.

20 MS. GLOVER: Okay. I don't have any other
21 questions.

22 THE COURT: All right. Mr. Roberts.

23 CROSS-EXAMINATION

24 BY MR. ROBERTS

25 Q. I paid you \$500 a week; right?

1 A. Yeah.

2 Q. What about on the -- now, you say that
3 just because I paid you \$500 a week, that Monday
4 through Friday anytime you were with me you were on
5 the clock; right?

6 A. After certain hours.

7 Q. Do you think you were still on the clock
8 on them days we knocked off at 12:00 o'clock, went to
9 the river and rode down there and drank beer before
10 we got home from work?

11 A. That's up to you.

12 Q. Were you on the clock?

13 A. Yeah, because you paid me.

14 Q. I paid you \$500 a week.

15 A. Yeah. That includes whether --

16 Q. On the days you were sick, didn't I still
17 pay you \$500 a week?

18 A. Whether I was working or not. Sir, you
19 was --

20 Q. When you were out --

21 A. -- paying me \$500 a week.

22 THE COURT: All right, guys.

23 BY MR. ROBERTS

24 Q. When you were out with the flu, didn't I
25 still pay you \$500 that week?

1 A. Yeah. Apparently that's how you done it.
2 I did not -- I did not ask for it.

3 Q. Not for everybody. No, you did not ask
4 for it. I paid you \$500 a week. We messed with
5 boats together. We were friends. Did I -- do you --
6 do you have a boat in your yard that came out of a
7 boat deal me and you worked together that you still
8 ain't got the title for?

9 A. Yeah. Because I needed a new boat and I
10 was paying for it until all this happened.

11 MR. ROBERTS: No further questions.

12 THE WITNESS: Don't think it was for free,
13 sir.

14 THE COURT: All right. Any other
15 questions, Mr. Connell?

16 MR. CONNELL: Just one.

17 REDIRECT EXAMINATION

18 BY MR. CONNELL

19 Q. August the 9th, 2013 was a Friday that
20 this happened?

21 A. Yes, sir.

22 Q. And you worked Monday through Friday?

23 A. Yes, sir.

24 MR. CONNELL: All right. Thank you.

25 THE COURT: Ms. Glover.

1 MS. GLOVER: I don't have any other
2 questions.

3 THE COURT: Anything else, sir?

4 MS. GLOVER: Anything else?

5 THE COURT: All right. You can step down.

6 (Witness excused.)

7 THE COURT: Other witnesses, Mr. Connell?

8 MR. CONNELL: No, Your Honor. We would
9 just ask you take judicial notice of the fact that
10 August 9th, 2013 was a Friday.

11 THE COURT: So noted. Ms. Glover.

12 MS. GLOVER: Commissioner, I'd like to
13 call Mr. Roberts.

14 THE COURT: Mr. Roberts.

15 MR. ROBERTS: Yes, sir.

16 THE COURT: Come up and have a seat.
17 Remind you, you're already under oath.

18 MR. ROBERTS: Okay.

19 THE COURT: But you are still under oath.

20 MR. ROBERTS: Yes, sir.

21 THE COURT: All right.

22 MR. ROBERTS: Yes, sir.

23 THE COURT: State your name for the
24 record.

25 MR. ROBERTS: Michael Roberts.

1 THE COURT: All right. Thank you, sir.
2 Ms. Glover.

3 DIRECT EXAMINATION

4 BY MS. GLOVER

5 Q. Mr. Roberts, are you a business owner here
6 in town?

7 A. Yes, ma'am.

8 Q. What is the name of your business?

9 A. Roberts Home Repair.

10 Q. Okay. And what is the business address
11 for Roberts Home Repair?

12 A. 3334 New Road.

13 Q. Okay. That's here in Conway?

14 A. Yes, ma'am.

15 Q. And how long have you had that business?

16 A. Going on five years.

17 Q. Okay. And what is the primary function of
18 that business?

19 A. We do home repairs. We mostly only work
20 for financial institutions of some sort. Due to the
21 fact of the way the economy is, sometimes it's hard
22 to collect the money from an individual.

23 Q. Okay. So you mainly work on houses that
24 are primarily like bank foreclosures?

25 A. Foreclosed house, foreclosed rental

1 corporations. We work on some -- we got a -- like a
2 foreclosed rental corporation we work on. We keep it
3 up, do the maintenance to it, you know, because
4 they're renting it. But it's on the market as a
5 corporation for sale.

6 Q. Okay.

7 A. We work on foreclosed properties.

8 Q. Does your business ever do any work on
9 boats?

10 A. No, ma'am.

11 Q. And you know Mr. Todd?

12 A. Yes, ma'am.

13 Q. Okay. How long have you known Mr. Todd?

14 A. I've known Kevin off and on. I mean, for
15 years I didn't really hang out with him all the time
16 until he started coming to work with me. But, I
17 mean, I've known him -- I -- his brother is one of my
18 best friends.

19 Q. Okay. But since he started working for
20 you, you two developed a friendship?

21 A. I mean, I really liked Kevin. He come to
22 work with me. We -- the first week -- the first week
23 he come to work with me he ended up coming over to
24 the house one -- one night that week. And we hung
25 out and cooked and drank beer and hang around and

1 build a fire and just -- we was both -- we both liked
2 the same things. We both liked, you know, hanging
3 out like that. And so we kind of -- it was like
4 little dam at -- "Old Dam at Little Lamb." I mean,
5 we just -- we hung out together. We like -- we
6 enjoyed each other.

7 Q. Okay. Now, did you and Mr. Todd have
8 occasion to work on boats on the side?

9 A. We messed with boats on the side. He -- I
10 went to his house one Saturday and helped him put a
11 motor on his boat. We -- you know, we messed with
12 boats. We both liked the water, we both like to
13 fish, we both got little boys, you know. I mean, we
14 messed with boats. I've always messed with boats.

15 Q. Okay. Now, have you and Mr. Todd and both
16 of your wives taken trips together on boats that you
17 guys have worked on?

18 A. Yes, ma'am.

19 Q. About how many times have y'all done that?

20 A. We went out of town overnight one time.
21 One time we went to Bucksport one night on the boat.
22 Went after dark and rode on a big ski boat we had.
23 Me and Kevin has took -- Lord knows we've been to the
24 river bunches of times together. We'd go during the
25 day. You know what I mean? Like I -- like I told --

1 well, some days, you know, we would -- once we had
2 made enough money. Like if we worked until 12:00
3 o'clock and I had enough hours to bill for it and
4 we -- I had made some money and I felt comfortable
5 doing it, we might knock off right then and go to the
6 river. You know what I mean? Just load up. Load
7 the cooler up and go to the river and stay until his
8 wife got off work or until he had to go get his
9 little boy.

10 Q. Okay. And did you -- was Mr. Todd at your
11 beck and call?

12 A. He was my right-hand man. I trusted him
13 because I knew I could leave him money. He never
14 tried to steal nothing from me or nothing like that.
15 So when things come that needed -- I needed somebody
16 that I trusted, I called him. I -- I'm not going to
17 say he was at my beck and call. You know what I
18 mean? I knew there were certain times that there
19 weren't no sense in calling him, you know, because he
20 weren't coming. But, yeah, he did -- he did a lot
21 for me because I trusted him. He -- like I say, and
22 I've told you this before, he was my -- at the time,
23 he was my best friend. I mean, we -- yeah. I mean,
24 I talked to him every day, and on the weekends I
25 still talked to him every day. His wife used to pick

1 on me. His wife and my wife said we had a bro-mance
2 because we talked -- we talked a couple times every
3 single day.

4 Q. Now, let's go to the date that this
5 happened on August the 9th of 2013. Can you tell us
6 about that date?

7 A. We were working on a house like he said.
8 We had a -- we had a deadline that was coming up, and
9 we were fixing to get in a bind. And we were trying
10 to get that boat ready, and me and him had talked
11 about taking it to Wilmington. We had took another
12 boat to Wilmington before.

13 And that morning we got up to go to work
14 and we -- he had -- like he said, he had a guy right
15 there that needed -- needed some work. And, you
16 know, occasionally somebody come along that needed a
17 day's work. If it was where I could oblige them and
18 maybe pay them to do something, I would. You know
19 what I mean? If somebody was in a bind, I still do
20 that. If somebody comes along, I try to do that.
21 But that day he said he had a couple buddies right
22 here that needed something to do. One of them was
23 going to wash the boat and the other one was going to
24 go through and check the fuses and all in it since it
25 had been brought up out the water.

1 And so we went over there. And I had
2 called the chemical company on 905. They had brought
3 us some drums to put the bad gas in. They were going
4 to remove it from the property. We went over there.
5 The afternoon before after work, me and him had
6 pumped some of it out. And like -- like Holmes had
7 said earlier, we was trying to put it into a plastic
8 drum and that weren't going to work. And then we
9 found out it was illegal to haul it on the trailer in
10 that plastic drum. So we said, now scratch this. So
11 we went and got the metal drums. Well, we didn't
12 have no problem pumping it the day before. So while
13 Kevin was there, I said let's stick this pump in the
14 thing real quick right here and let it be pumping out
15 and you can go ahead to work. And the next thing I
16 knew, there was a fire.

17 Q. Okay. Now, in regards to Anthony
18 Williams, he testified that he came to work -- did
19 you call Kevin and tell Kevin to bring some people
20 with him --

21 A. Kevin said he had two friends that needed
22 to work. And like I said before, anytime -- if I
23 can -- you know, if somebody comes along especially
24 people with a family. I mean, I got kids. I know
25 how it is. If they -- if I can work them a day and

1 pay them and they -- you know what I mean to try to
2 help them out, then I'll try to do that.

3 Q. Now, did you have any conversation with
4 Mr. Williams about him possibly continuing to work
5 for you?

6 A. I had told him that if he done a good job,
7 if something came up down the line where I might
8 could use him again, that I would, you know. I mean,
9 and if another day would have come up where I could
10 have used him for a day and helped him out, you know,
11 and he couldn't find a job, I would have helped him
12 out again. But it weren't not no long-term
13 employment or nothing like that. We hadn't talked
14 about that. I don't talk to nobody about that until
15 I see what they're going to do.

16 Q. There was no promise for future work?

17 A. No, ma'am. I don't make anybody a promise
18 until I've seen them work and I know how they going
19 to do things.

20 Q. Okay. Now, in regards to the other people
21 whom they've testified were you employees; Bobby.

22 A. Bobby Days worked for me full time at the
23 time.

24 Q. Okay. At the time. How long did Bobby
25 work for you?

1 A. Bobby's worked for me off and on. He's
2 quit and come back. I don't know how long he'd been
3 here that time. He's done quit again since then and
4 come back and quit again. I think he might have been
5 here maybe three months or something if that long.

6 Q. How long would he work and then quit?

7 A. He might work two or three weeks sometimes
8 and quit, he might work three months and quit, he
9 might quit the next day. Just according to how it
10 struck him. You know, he'd all -- he'd just come
11 back when he didn't have nothing to do. And he was
12 washed up and needed somebody to help him, he'd call
13 me.

14 Q. Okay. And what about James?

15 A. James Flawn was not working for me at the
16 time of it. He had already quit. He actually had a
17 confrontation with Bobby and that's why he did quit.
18 James Flawn did not work for me at the time, but he
19 had worked for me in the past.

20 Q. Okay. How long before this accident
21 happened and James quit working for you?

22 A. Several weeks.

23 Q. Okay. And Ryan?

24 A. Ryan Harrelson never worked for me by the
25 hour. I subbed work around. He would be there a lot

1 of times. Ryan would be around a lot. Me and Ryan
2 has been friends for 20 years. And Ryan would be
3 around sometimes. But I sub-worked Ryan. I did not
4 pay Ryan by the hour or by the day or anything like
5 that.

6 Q. Okay. So you basically subbed work to him
7 like you subbed work to Holmes Adams?

8 A. Yes, ma'am.

9 Q. Okay. So you --

10 A. I subbed jobs to Ryan. I subbed -- I
11 subbed him a cabinet job one time putting in
12 cabinets. I subbed him little electrical trim outs
13 and stuff like that, you know.

14 Q. Okay. And Mr. Adams testified that you
15 would give him a job assignment and that he would do
16 it as he saw fit, then you would come and say yea or
17 nay and then pay him?

18 A. Right. I didn't care how they done it.
19 As long as the end product was what it was supposed
20 to be. That's the way a subcontract worked.

21 Q. So you didn't stand over Mr. Adams or Ryan
22 when they were doing the jobs?

23 A. I didn't care how long it took them to do
24 it. I was going to get the same price whether it
25 took them an hour or three days.

1 Q. Okay. And what about Kevin?

2 A. Kevin worked for me by the hour.

3 Q. Okay.

4 A. I mean, or not by the hour. Kevin was on
5 salary. I mean, he worked -- I paid him \$500 a week
6 regardless.

7 Q. Okay.

8 A. If he was out sick, I still paid him \$500.
9 If we decided to knockoff at 12:00 o'clock three days
10 right there in the middle of the week and go to the
11 river, I still paid him \$500. If we went to go mess
12 with a boat somewhere or another. You know, during
13 the day we went and bought parts for his boat. Or
14 the day he bought his boat was during the week. He
15 bought his boat on a Wednesday. We worked it out on
16 a deal where I'd bought another boat, and he ended up
17 with that one. It was on a Wednesday right during
18 the middle of the week, and I still paid him \$500
19 that week. I paid him \$500 every week.

20 Q. So everybody that was on salary, you paid
21 them \$500 a week whether they were --

22 A. Not everybody.

23 Q. I said everybody that was on salary.

24 A. No, ma'am.

25 Q. Okay. Who --

1 A. Kevin Todd was on salary. Nobody else was
2 like that. Everybody else worked by the hour. And
3 if they knocked off at 4:30, then they got paid till
4 4:30.

5 Q. Okay.

6 A. Kevin -- like I said, Kevin was my friend.
7 I knew Kevin's youngin. I knew his wife. I paid
8 Kevin the same thing every Friday because he had to
9 have the money to pay his bills. And Kevin, like I
10 said before, was very honest. I knew I could count
11 on him. He was always dependable to come to work.
12 He was always on time, you know. And so I paid Kevin
13 regardless because I felt like Kevin was an asset to
14 me.

15 Q. Okay. So you paid him when he was out
16 sick?

17 A. I paid him when he was out sick.

18 Q. And you paid him when you guys finished
19 work before the end of the day?

20 A. Oh, yeah. I've paid him in the middle of
21 the week before on a Wednesday when he needed the
22 money because he had a bill he had to pay and he
23 needed his paycheck early. I mean, I'd pay him like
24 on a Wednesday and still pay him for Thursday and
25 Friday even though he ain't worked it yet. Because I

1 knew he was going to come and he needed the money.

2 Q. Okay.

3 A. Friday weren't always a payday. Sometimes
4 I paid him on Thursday. I have paid him on Monday.
5 You know what I'm saying? It's just if he needed
6 something, he'd always come to me and I'd try to help
7 him.

8 Q. Okay. Now, you were injured in this
9 explosion as well; right?

10 A. Yes, ma'am.

11 Q. Okay. And how are you doing?

12 A. I'm doing good. I mean, I still got scars
13 and one of my hands is still a little bit tight.
14 But, I mean, I'm doing good.

15 Q. Okay. Now, have you -- now, as far as the
16 money that you paid Kevin and/or his family, you
17 still say it was up to \$5000?

18 A. I'm saying it was eight weeks.

19 Q. Okay. You gave him --

20 A. I'm saying...

21 Q. -- eight weeks -- you gave him \$500 --

22 A. And I had gave him some other money, too.

23 Q. Okay. So at a minimum you paid him \$500
24 for eight weeks?

25 A. Yeah.

1 Q. Okay. Now, was Kevin Todd doing work for
2 Mike's Home Repair when this boat explosion occurred?

3 A. No. We were stopped at my parents' house.
4 We were on the way to the job. We stopped at my
5 parents' house to mess with that boat. Like I said,
6 he had them two buddies that needed to work. I was
7 going to let them work on the boat that day. I'd had
8 a good week, and I had some extra money, so I was
9 going to let -- pay them to do it so that I wouldn't
10 end up over there doing it because I was wanting to
11 take it out that weekend.

12 MS. GLOVER: Okay. I don't have any other
13 questions.

14 THE COURT: Mr. Connell.

15 CROSS-EXAMINATION

16 BY MR. CONNELL

17 Q. He was on a salary on the day the accident
18 happened; is that right?

19 A. He was on salary every day.

20 Q. All right. And that was a Friday; was it
21 not?

22 A. I thought it was on a Thursday, but it
23 might have been on a Friday.

24 Q. All right. What time did you expect him
25 to come to work?

1 A. He come every morning. He come up at the
2 house. He'd be there sometime between 7:00 and 7:15
3 every day.

4 Q. Pick your child up and take him to --

5 A. He used to take my little -- yes. He took
6 my little boy to school a lot of days. My little boy
7 loved Kevin to death.

8 Q. All right. Now, did you bring any records
9 for Mr. Days and how you paid him?

10 A. No, sir. I just told you he worked for me
11 by the hour.

12 Q. All right. Did you bring any records, any
13 check stubs, any of that nature?

14 A. No, sir.

15 Q. All right. Did you bring any records for
16 Ryan Harrelson?

17 A. No, sir.

18 Q. All right. Did you bring any records for
19 James Flawn?

20 A. No, sir.

21 Q. And do you have any records as to what you
22 said you paid Kevin?

23 A. No, sir.

24 Q. Do you -- I think you said you paid \$5000,
25 but now you're saying you paid him four? Is that --

1 A. I said I gave him other money. I remember
2 paying him for eight weeks is four. I said I had
3 gave him extra money, too.

4 Q. Okay. Well, it's important to us to know
5 what you -- exactly the amount.

6 A. I don't remember the exact amount. So if
7 you want to call it 4000 and we can all be safe, I'll
8 call it 4000 because I know it was that much. But I
9 know it was more than that.

10 Q. All right. Did you pay it all to him
11 directly?

12 A. No, sir, I did not pay it all to him
13 directly.

14 Q. Did you pay it to his wife?

15 A. I gave his wife the money one time. I
16 gave his daddy the money a couple of times. I went
17 to his house myself one time, and he weren't there.
18 So I gave it to his daddy and he took it across the
19 street to him after he come home.

20 Q. Was it a paycheck or --

21 A. No, sir. It was \$500 in cash. But I
22 really don't think he's disputing that Mr. Jackie
23 gave him the money.

24 Q. And you authorized him to get these other
25 people to work on the boat, is that right, that day?

1 A. Yes, sir.

2 Q. And you were going to pay them; is that
3 right?

4 A. Yes, sir.

5 Q. How much were you going to pay them to
6 work on the boat?

7 A. We hadn't talked about it. Just kind of
8 like if you pay somebody to wash your car. You know
9 what I'm saying? The same thing.

10 Q. You didn't get a price up front?

11 A. No, sir.

12 Q. And there's no question, is there, that
13 Monday through Friday Kevin was getting paid \$500 a
14 week; right?

15 A. There's no question that Kevin was on a
16 \$500 a week salary. There is a question of whether
17 Monday through Friday he was always working. Because
18 if he decided to knockoff earlier to run to his house
19 to do something, I let him do it. If he decided he
20 didn't need to come -- he couldn't come to work until
21 a little bit later time, I let him do it. When his
22 wife's dog was having puppies and he had to knockoff
23 in the middle of the day to check on them, I let that
24 happen.

25 Q. All right.

1 A. Yeah. He worked for me Monday through
2 Friday, sometimes Saturday. And like his wife said,
3 he has come and helped me on Sunday before. But he
4 was on \$500 a week salary. He was not on the clock
5 at all times Monday through Friday.

6 Q. And you weren't keeping the clock? It was
7 a \$500 -- \$500 you worked the week; right?

8 A. Right.

9 Q. Now, on the day this particular incident
10 happened, you were with him; were you not?

11 A. Uh-huh.

12 Q. And what time do you think it was in the
13 morning?

14 A. That it happened?

15 Q. Yes, sir.

16 A. I'm not sure. Kind of like he said
17 earlier. Now, it -- the way I took so much pain
18 medicine and everything after that, I ain't got a
19 clue what time it was.

20 Q. But you called him to come down there;
21 isn't that right?

22 A. No, sir. We left my house together and
23 stopped by there on the way to the job.

24 Q. You guys were in the truck together?

25 A. Yeah. We were riding together in his

1 truck.

2 Q. You wanted to make sure you got that boat
3 job started by getting some -- getting those people
4 working on what you wanted them to have done, didn't
5 you?

6 A. I mean, I guess so. I mean, the way
7 you're wording that like you're trying to say -- push
8 me in that I'm saying something. I'm telling you --

9 Q. I'm just...

10 A. -- me and Kevin messed with boats on the
11 side together all the time. We stopped that morning
12 on the way to the job because he had a couple of guys
13 that needed to work that day. No different than if
14 you had a guy that was going to come to your house
15 and wash your car. I was going to let him wash the
16 boat. The other guy was going to check the fuses in
17 it. They needed a day's work. Me and Kevin stopped
18 by there on the way to the job that we were doing and
19 Kevin -- because Kevin knew the guys. They were his
20 friends. They needed help. I was trying to help
21 them. And we stopped by there that morning on the
22 way.

23 Q. True it was your boat; right?

24 A. Yes, sir.

25 Q. And true you authorized Kevin to get some

1 people to work on it; correct?

2 A. No. I didn't authorize him to get some
3 people to work on it. I authorized him to let his
4 two friends that had contacted him needing something
5 to do work on it.

6 Q. And it was on a Thursday or Friday?

7 A. Yes, sir.

8 Q. Whichever day, you would agree he was on
9 salary that day?

10 A. He was not on salary when we was there
11 working on that boat. I will not agree to that.

12 Q. Did you take any money out?

13 A. Sir?

14 Q. Did you take any money out of his 500-week
15 salary because he was --

16 A. I didn't take no money out of nothing for
17 his \$500 a week salary. No different than me and him
18 went to the river drinking beer during the day.

19 Q. All right.

20 A. I weren't paying him for that, I promise
21 you.

22 Q. But you had him get two employee -- two
23 people working --

24 A. I did not have him get two people. He got
25 two people and asked me could he use them.

1 Q. Yeah. Because you wanted to get the boat
2 finished, ready to go to the river?

3 A. No, sir. No, sir.

4 Q. Didn't you want to get the boat ready to
5 go to the river?

6 A. I wanted to get the boat ready to go, but
7 I did not ask him to find nobody to help them. He
8 weren't pushing to try to get that done for me.
9 Those were his two friends that needed help. And I
10 agreed to help them for him because he was my friend.

11 Q. Yes, sir. And you also agreed to pay him;
12 right?

13 A. I paid him every week regardless.

14 MR. CONNELL: Yes, sir. That's what I
15 thought. Okay. Thank you.

16 THE COURT REPORTER: Excuse me a moment.

17 (Off the record.)

18 THE COURT: All right. Anything else you
19 want to add, Mr. Roberts?

20 THE WITNESS: I just want to add that I --
21 you know, I'm not a legal adviser by no shape or
22 form. I'm -- I don't understand a lot about what's
23 happening here. But we were two friends that had fun
24 together on the side. We played with toys together
25 on the side. We worked hard and we played hard. We

1 had four-wheelers and boats and we messed with stuff
2 together all the time. He can -- however -- he can
3 word the questions however he wants to ask me. But
4 I'm telling you in my own words, I paid him for
5 working on that job. I made the money to pay him
6 with working on the job. We messed with boats
7 together. That was fun. It was no different than
8 him stopping at my house that morning and helping me
9 get them -- or helping me get that fuel pumped out of
10 that tank. It's no difference than the week before
11 or two weeks before that during the middle of the day
12 we had went to his house to work on his boat. I was
13 still pay -- I mean, he was on -- he was on salary
14 then. We were at his house working on his boat. We
15 done stuff like that. That had nothing to do with
16 Roberts Home Repair. That's all I wanted to say.
17 Working on boats, his boat, my boat, our boats, that
18 didn't have nothing to do with Roberts Homes Repair
19 and that's all I want to say about it.

20 THE COURT: All right. Any other
21 questions, Ms. Glover?

22 REDIRECT EXAMINATION

23 BY MS. GLOVER

24 Q. What time did y'all get there to start
25 working on the boat? Do you recall?

1 A. I'm not sure I could say. He got to the
2 house normally around between 7:15 and 7:30. We left
3 shortly thereafter that. We went -- you know, we
4 stopped by there. We -- I imagine we was probably
5 there about 8:30 probably.

6 Q. Okay. And so y'all -- were y'all -- did
7 y'all work on that until the explosion happened from
8 8:30 on?

9 A. Uh-huh.

10 THE COURT REPORTER: Is that a yes?

11 THE WITNESS: Yes, ma'am. I'm sorry.

12 Yes.

13 BY MS. GLOVER

14 Q. And so the explosion occurred maybe like
15 around 11:00 o'clock or so or...

16 A. I'm thinking somewhere between 10:30 or
17 11:00. But thereagain, I can't be positive to the
18 moment. Because, like I say, from the time of that
19 explosion until probably a week later, everything is
20 kind of like hazy.

21 MS. GLOVER: Okay. Commissioner, I would
22 just ask -- refer you to the EMS Run Report with the
23 times that they were dispatched to the location.

24 THE COURT: All right. Thank you.

25 MS. GLOVER: I don't have anything else.

1 THE COURT: Mr. Connell?

2 MR. CONNELL: No, Your Honor.

3 THE COURT: All right. Anything else,
4 Mr. Roberts?

5 MR. ROBERTS: No, sir. Thank you.

6 THE COURT: All right. You may step down.

7 THE WITNESS: Thank you.

8 (Witness excused.)

9 THE COURT: Any other witnesses,
10 Ms. Glover?

11 MS. GLOVER: No more witnesses,
12 Commissioner.

13 THE COURT: All right. Mr. Roberts, you
14 have any other witnesses?

15 MR. ROBERTS: No, sir.

16 THE COURT: Then that concludes this
17 proceeding or this hearing.

18 (The hearing concluded at 5:40 p.m.)

_____)

**BRIEF OF APPELLANT
KEVIN M. TODD**

I. STATEMENT OF THE CASE

This matter comes before the South Carolina Workers' Compensation Commission after the single Commissioner, Gene McCaskill, issued his Order denying the claim. Briefly stated, Kevin Todd was an employee of Mike Roberts Home Repair, a sole proprietorship, (uninsured) when on August 9, 2013, he was seriously burned when a boat he was working on for Mike Roberts exploded.¹ Kevin Todd was flown by helicopter to the University of North Carolina Burn Center as an emergency patient. The single Commissioner held that the injury and the claim were not in the course and scope of employment despite the fact this accident happened on a normal workday (Friday) and in the morning. This appeal was timely perfected by the employee.

¹ In fact, Roberts was draining the gas tank and caused the spark which ignited the fire.

II. THE SINGLE COMMISSIONER ERRED IN FINDING THE CLAIMANT WAS ENGAGED IN A PERSONAL VENTURE.

The single Commissioner, in his Order, found that the Claimant was engaged in a personal venture; however, the facts show the opposite conclusion. The Claimant now details the facts regarding this case which show that Kevin Todd was an employee and was on the job and in the course and scope of employment at the time of the incident because he was on a personal errand directed by Roberts, his employer.

A. Testimony of Holmes Adams.

The Claimant called Holmes Adams to testify. Holmes Adams was a subcontractor for Mike Roberts and did work for Mike Roberts for seven to eight months. (Tr. p. 11, lines 9-10). He further testified Kevin Todd, Bobby Days, Ryan Harrelson and James Flawn all drew weekly paychecks. (Tr. p. 11, lines 15-7). He also testified that he did anything Mike Roberts asked (Tr. p. 12, lines 17,19) and that he did whatever needs to be done (Tr. p. 12, lines 20-21). He commented: "poor people got to eat and he (Kevin) did what was asked of him." (Tr. p. 12, lines 23-24).

Holmes also testified that Kevin Todd worked for Mike Roberts and received a weekly paycheck. (Tr. p. 13, lines 10-13) and that if Mike Roberts barked, Kevin jumped. (Tr. p. 13, lines 13-15). He further stated whatever Mike needed, Kevin handled. (Tr. p. 13, lines 16-19).

On cross examination, Holmes testified that he saw checks handed out to Kevin and Bobby on Fridays. (Tr. p. 17, lines 15-16).

B. Testimony of Michelle Bratcher.

The next witness offered was Michelle Bratcher who testified that she had lived with Kevin Todd for fourteen years (Tr. p. 21, lines 7-8); that Kevin worked for Mike Roberts (Tr. p. 21, line 15); that she worked for him for two years (Tr. p. 21, lines 18-19); that Kevin did everything for

Mike (Tr. p. 21, lines 21-22); that anything Mike wanted Kevin did (Tr. p. 21, line 25); that other people worked there including Bobby Days, James Flawn and Ryan Harrelson (Tr. p. 22, lines 5-12); and she came to the scene of the accident and saw the accident as she was coming over the Waccamaw Bridge (Tr. p. 23, lines 1-25). She further testified that Kevin worked five or six days a week for Mike Roberts (Tr. p. 28, lines 8-12); that he was working for Mike Roberts on the day of the accident (Tr. p. 24, lines 11-12); and that Kevin repaired homes and also did many other things for Mike (Tr. p. 24, lines 23-25).

She further stated that Kevin took Mike Roberts' child to school and even laid brick pavers at his pool (Tr. p. 25, lines 2-7). She testified Kevin was called after hours by Mike to work (Tr. p. 25, lines 15-20). Also, Mike Roberts paid wages to Kevin after the accident (Tr. p. 26, lines 1-2) and paid him when he was in the hospital (Tr. p. 26, lines 1-2). She said Mike was "going to pay us the whole time that Kevin was recouping" (Tr. p. 27, lines 1-5).

She testified the day of the accident was a Friday (Tr. p. 29, line 20) and that it was "a normal work day" (Tr. p. 29, lines 23-28). She stated Kevin always got paid at the end of the day on Friday (Tr. p. 30, lines 1-19).

On cross examination, she testified that she had worked on a boat for Roberts (Tr. p. 30, lines 19-20). She again reiterated Kevin and the others she had named were employees but Kevin was assigned to pay them weekly (Tr. p. 31, lines 20-23). She also noted Roberts gave Kevin's dad money while he was in the hospital (Tr. p. 33, lines 1-10) and that she was paid \$100.00 for cleaning the boat (Tr. p. 34, lines 6-7).

On redirect, she noted that the boat had been given to Mike Roberts and had been sunk in the river prior to the fire which caused Todd's injuries (Tr. p. 36, lines 20-25).

C. Testimony of Anthony Williams.

Also at the scene of the accident was Anthony Williams (Tr. p. 38, lines 1-15) and he stated that he had been hired to do electrical work (Tr. p. 38, line 1). He testified he was paid to work on the boat that day (Tr. p. 38, lines 20-23).

On cross examination he said he needed the work and Kevin told him that Mike needed helpers. (Tr. p. 39, line 25; p. 40, lines 1-5). He further testified that he thought Mike would hire him for more electrical work if he came and worked on the boat (Tr. p. 41, lines 12-15).

D. Testimony of Kevin Todd.

Kevin Todd was called to testify. He stated that he had been employed for one and a half years with Mike Roberts (Tr. p. 44, lines 1-10); that he did anything for him (Tr. p. 44, lines 7-8); that he was on the clock and he took Roberts son to school (Tr. p. 44, lines 16-18); that Roberts paid him for that time (Tr. p. 44, line 18); that he paid the other employees for Roberts including Ryan Harrelson, James Flawn and Bobby Days (Tr. 44, lines 22-25); that he did "anything" (Tr. p. 44, lines 8-9); that he worked for Roberts on weekends (Tr. p. 44, lines 6-7); that he worked after hours (Tr. p. 45, line 10); that he was cleaning Roberts' boat on the clock (Tr. p. 46, lines 6-8); and that every minute he worked he got paid (Tr. p. 46, lines 9-11);.

On the day of the accident Todd stated he was on his way to the job at Quail Creek and Roberts told him to stop by to pick up Anthony Williams who was going to be working on Roberts' boat (Tr. p. 46, lines 18-20). He further stated he was supposed to "get Tony started on working on the boat" (Tr. p. 46, lines 18-19). He further said that before the explosion he was helping Williams drain the gas at Roberts' directions who was also there supervising the work. (Tr. p. 46, lines 21-24). He also testified he was not a partner in the boat (Tr. p. 49, line 4). He said he was in the hospital after the accident and Roberts paid him for being out (Tr. p. 49 lines 15-17).

On cross examination he said he was paid every Friday (Tr. p. 53, lines 1-2) and he was paid extra on Saturday (Tr. p. 53, lines 10-15). He also noted that while he was in the hospital he was taking numerous drugs and was not in his straight mind (Tr. p. 54, lines 1-15). He reiterated on cross examination that he was on the way to a foreclosed home in Quail Creek when he was called by Mike Roberts to get the guys "started on the boat job" (Tr. p. 55, lines 10-16). Todd further stated that the other guys needed work and they were out there at the boat job because he had brought them to work on the boat (Tr. p. 55, lines 22-25; p. 56, lines 1-2).

On redirect, Todd stated it happened on Friday, August 9th and he worked for Roberts Monday through Friday. (Tr. p. 61, lines 20-23);

E. Testimony of Michael Roberts.

Roberts took the stand and indicated he worked on foreclosed homes and that was his business (Tr. p. 63, lines 1-25); that Todd did a lot for him and he trusted him (Tr. p. 66, lines 20-21); that on the day of the accident we were working on a house like Todd said (Tr. p. 67, lines 7-8) and that Todd had guys who needed work so they were working at the boat for Roberts (Tr. p. 67, lines 21-25).

He further noted that Kevin was on salary of \$500 a week (Tr. p. 72, lines 4-6); that he paid Kevin even if he was sick (Tr. p. 72, lines 8-14); and that after the accident, he paid Kevin for eight weeks which was about \$5,000 (Tr. p. 74, line 18). He further said he paid two people Kevin knew to work on the boat that day (Tr. p. 75, lines 9-11).

On cross examination he said the accident happened on a Friday (Tr. p. 75, lines 17-20) and that Todd was on salary (Tr. p. 75, lines 17-20). He further stated Todd came by between 7:00 to 7:15 and picked up his child to take him to school (Tr. p. 76, lines 1-8). Roberts also sated he

authorized Todd to get other people to work on the boat (Tr. p. 77, lines 24-25; p. 78, line 1). Roberts said he would pay them (Tr. p. 78, lines 4-5).

On the day of the accident, Roberts and Todd left Roberts' house on the way to the job together (Tr. p. 79, lines 22-25); that he wanted to make sure the men got to the boat job and got started (Tr. p. 80, lines 2-5). Roberts further stated it was his boat (Tr. p. 80, lines 23-34) and stated "I'm telling you in my own words, I paid him for working on the job" (Tr. p. 83, lines 4-5).

He again reiterated on cross examination that he met Todd at his home at 7:15 and they went and worked on the boat until the accident (Tr. p. 84, lines 1-20).

III. THE MEDICAL RECORDS DO NOT SUPPORT THE HEARING COMMISSIONER'S RULING.

Claimant also takes issue with the finding in the Order that Claimant was "on his personal time and was not working." It should also be noted that in the discharge summary of the University of North Carolina Burn Center hospital, the attending doctor wrote:

I supervised care provided by the resident. We have discussed the case. I have reviewed the note and agree with the plan of treatment. I personally interviewed the patient and examined the patient and was present during the exam by the resident. I have personally reviewed the x-rays and agree with the resident's interpretation of the x-rays. (Patient presents with heac, B UE and B LE burns. Was transferring fuel on a boat when it caught fire. Yellow trauma. Burn consult.).

The summary further states:

The injury was due to a fire (flash burn from gasoline). It occurred at work.

The patient complains of severe pain. Fell (to his knees). There was no smoke inhalation.

The note was electronically signed by Marin E. Darsie, Resident M.D., 08/13/2013 at 21:39. (ED Final Report attached) (Bates Stamp # 508-510).

The Claimant also received copious amounts of pain medication from the date of his arrival, August 9, 2013, until his release on August 16, 2013. Claimant points to two doses of oxycodone

on August 9, 2013 (See Bates Stamp # 13), additional doses on August 9, 2013 (Bates Stamp #649), doses of morphine (Bates Stamp #651), and additional doses of morphine (Bates Stamp #652).

On August 10, 2013, Claimant received oxycodone (Bates Stamp #34), morphine (Bates Stamp #35) and more morphine (Bates Stamp #36). He also received oxycodone and morphine prn (Bates Stamp #25, 53, 60 and 64). Further, at least three additional doses of oxycontin were administered on August 10, 2013 (See Bates Stamp # 649 through 650) and at least five total doses of morphine (Bates Stamp #651 and 652).

On August 11, 2013, Claimant was administered oxycodone (Bates Stamp #72, 68 and 84) and at least five total doses of oxycodone were administered on August 11, 2013 (Bates Stamp #650 and 653). Further, he received at least two doses of morphine (Bates Stamp #651 and 642).

On August 12, 2013, the Claimant received oxycodone (Bates Stamp #116 and 98) and at least five total doses of oxycodone (Bates Stamp #645 and 650) with a dose of morphine (Bates Stamp #651).

On August 13, 2013, the Claimant received oxycodone (Bates Stamp #121), morphine (Bates Stamp #150) and additional oxycodone prn (Bates Stamp #154, 136 and 144) for a total of at least four doses of oxycodone (Bates Stamp #645 and 650) and at least three total doses of morphine (Bates Stamp #651 and 652).

On August 14, 2013, the Claimant received oxycodone (Bates #186) and oxycodone prn (Bates Stamp #166, 167, 174, 181) for a total of at least three doses of oxycodone (Bates Stamp #645) and at least two doses of morphine (Bates Stamp #651 and 652).

On August 15, 2013 the Claimant received oxycodone prn (Bates Stamp #192, 203) and morphine (Bates Stamp #205, 213 and 223). Further, Claimant received at least three total doses of oxycodone on August 15, 2013 (See Bates Stamp #637).

On August 16, 2013, Claimant received both oxycodone and morphine for a total of three doses of oxycontin (See Bates Stamp #227, 251, 637, 641, 640 and 645).

On August 17, 2013 the Claimant received both morphine and oxycodone (Bates Stamp #258, 262, 264, 272, 273, 278, 284, 293) for at least four total doses oxycodone (Bates Stamp #637).

On August 18, 2013, the Claimant received oxycodone (Bates Stamp #300, 309, 314, 322) for a total of at least four total doses of oxycodone (Bates Stamp #637 and at least three total doses of morphine (Bates Stamp #644, 640).

On August 19, 2013, the Claimant received oxycodone (Bates Stamp #331 and at least three total doses of morphine (Bates Stamp #636 and 640) at least five total doses of oxycodone (Bates Stamp #637).

On August 20, 2013, the Claimant received oxycodone and morphine (Bates Stamp #360, 362, 367, 636, 375, 378, 392, 401).

On August 21, 2013, the Claimant received at least four total doses of oxycodone (Bates Stamp #420, 427, 436, 442, 636 and 638).

On August 22, 2013, the Claimant received at least two total doses of oxycodone (Bates Stamp #638, 631).

On August 23, 2013, the Claimant received at least four doses of oxycodone (Bates #474, 478, 631 and 638).

Accordingly, it is without dispute that the employee Todd was under the influence of narcotics during his hospital stay from August 9, 2013 to August 23, 2013 because of his severe injuries.

The Claimant also points out that with all this pain medication in his system, the single Commissioner should not have pulled a single entry by a social worker out of the 653 pages of medical records to base his decision. This is especially true in light of the overwhelming evidence that Claimant was on various mind altering medications such as oxycodone and morphine during his stay from August 9, 2013 through August 23, 2013 for serious burns. Further, the day that the Commissioner cites the Claimant talked to the social worker, August 13, 2013, he had had at least four total doses of, oxycodone and at least three total doses of morphine. (See Bates #645, 650, 651 and 652).

Finally, all this begs the question that the Claimant was working and was told by his employer, Roberts, to go to the boat. Accordingly, the single Commissioner erred in looking at the times when the claimant might have used a boat with the employer since the record is clear it happened on a regular workday (Friday morning) while the claimant was about the business of the Employer.

IV. APPLICABLE LAW

The employee was on a private errand directed by the employer and thus is compensable under South Carolina law. Larson on Workers Compensation, which is frequently cited in the appellate courts of this state, holds that when a person in authority directs an employee to run some private errand or do some work outside his normal duty for the private benefit of the employer or supervisor, the injury in the course of that work is compensable. See *Freeman Mechanical, Inc. v. J.W. Bateson, Inc.*, 316 S.C. 95, 447 S.E.2d 197, 199 (1994); *Peay v. U.S. Silica Co.*, 313 S.C. 91, 93-94, 433 S.E.2d 64, 65-66 (1993).

The authorities, including Larson, have noted "the reason for this rule" is that, whatever the normal course of employment may be, the employer and his supervisory staff have it within their

power to enlarge that course by assigning tasks outside the usual area. The practical reason for the rule is that any other view placed the employee in an intolerable dilemma. If he complies with the order, he forfeits compensation protection; if he does not comply, he gets fired. 1A Arthur Larson Workers' Compensation Law Section 27.41, 27.44 (1996). See, also, *Hicks v. Piedmont Cold Storage*, 479 S.E. 2d 831, 324 S.C. 628 (1997).

The employee also notes that this is the law in various other states which have similar workers' compensation laws to South Carolina. See *Stewart v. North Carolina Dept. of Corrections*, 29 N.C. App. 735, 225 S.E.2d 336 (1976). In *Stewart*, one of the Appellant's superiors asked him if he would come the following day during his off hours to build a picnic shelter. Although the task was not one of his regular work duties, the Appellant agreed to help because his supervisor asked him. After work began, the Appellant was injured. The Court found the injury compensable stating:

....when a superior directs a subordinate employee to go on an errand or to perform some duty beyond his normal activities, the scope of the Workmen's Compensation Act expands to encompass injuries maintained in the course of such labor. Were the rule otherwise, employees would be compelled to determine in each instance and no doubt at their peril, whether a requested activity was beyond the ambit of the act. See 1A. Larson, Law of Workers Compensation Section 27.40 (1972).

It further went on the state:

The order or request need not be couched in the imperative. It is sufficient for compensation purposes that the suggestion, request or even employee's mere perception of what is expected of him under his job classification, serves to motivate undertaking and injury producing activity. So long as ordered to perform by a superior, acts beneficial to the employer which result in injury to performing employees are within the ambit of the act.

See also *Pollock v. Reeves Brothers, Inc.* 313 N.C. 287, 328 S.E.2d 282 (1985) (holding compensable injury sustained when a superior directs a subordinate to go on an errand or perform some duty beyond his normal activity).

These North Carolina cases are entitled to great respect because South Carolina Workers' Compensation Act is fashioned after North Carolina's. See *Nolan v. Dailey*, 222 S.C. 407, 73 S.E.2d 449, 451 (1952) quoting *McDowell v. Stilley Plywood Co.*, 210 S.C. 173, 181 41 S.E.2d 872 (876) (1947).

The large majority of cases favors compensability on similar facts and demonstrates the wide parameters within which the rule favoring compensability operates. See *Wilson and Company v. Curry*, 259 Alabama 685, 68 S.2d 548 (1953) (awarding compensation to employee for injury sustained while building barbecue pit for superior's personal use); *Edwards v. State*, 173 Ga.App. 87 325 S.E.2d 437 (1984), cert den'd Order dated Jan. 24, 1985 (finding compensable secretary's injury sustained while picking up manager's lunch at nearby restaurant); *Pollock v. Reed Brothers Inc.*, 313 N.C. 287 (328 S.E.2d 282 (1985) (granting compensation to employees injured while flying in another employee's airplane maintained by employer); *Brown v. Jim Brown Service Station* 45 N.C.App. 255, 262 S.C. 2d 700 (1980) (holding death arose out of and in course of employment where employee-son was electrocuted while installing radio antenna at employer-mother's home.)

The personal errand rule has been adopted in South Carolina. See *Hicks v. Piedmont Cold Storage Inc.* 324 S.C. 628, 479 S.E.2d 831 (Ct.App. 1996)(reversed on other grounds, 335 S.C. 46, 515 S.E.2d 532 (1999). In this case, the work performed by Todd benefited Roberts who was the owner of the boat and also the employer and owner of the sole proprietorship which Todd worked for at the time of the accident. Roberts ordered Todd to go to the boat for him. Todd did what he was told to do and should not be penalized.

The Employee also cites other cases which are applicable in this matter. In *Howell v. Cash & Karry*, 264 S.C. 298, 214 S.E.2d 821 (1975) the South Carolina Supreme Court recognized the following general rule:

An act outside an employee's regular duties which is undertaken in good faith to advance the employer's interest, whether or not the employee's own assigned work is thereby furthered, is within the course of employment. 214 S.E.2d at 822 (quoting 1A. Larson, Law of Workers' Compensation, Section 27.00); see also *Lomax v. City of Greenville*, 225 S.C. 289, 82 S.E.2d 191 (1954).

In *Howell*, the claimant broke his arm while chasing two young boys who snatched the purse of a prospective customer a few feet from the entrance to the employer's store. Although protecting customers was not a part of the employee's regular duties, the court felt he nevertheless was advancing the employer's interest in trying to save the very money the customer was intending to spend in employer's store and by creating customer good will. The court noted that "awards have been upheld for injuries occurring in the course of miscellaneous good Samaritan activities by employees, on the theory that the employer ultimately profited as a result of the good will thus created...." 214 S.E.2d at 822.

In *Gibson v. Spartanburg School District No. 3*, 338 S.C. 510, 526 S.E.2d 725 (Ct.App. 2000), the claimant was at Wal-Mart purchasing school supplies for employer, which was one of her duties. While at Wal-Mart, the claimant reached for a lunchbox for her son, when a box cutter fell off the shelf severely cutting her right eye. The court held that the claimant's trip to Wal-Mart was a dual purpose in that it served both a business and personal purpose.

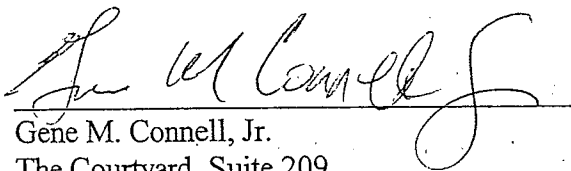

V. CONCLUSION

In conclusion, the rule in South Carolina is that if an employee acts for the personal benefit (or on a personal errand) of the employer it is covered. Here, Todd, in good faith on a regular work day while on his way to work on a foreclosed house, was told by his employer, a sole proprietor, to

go to a boat he (Roberts) owned and get other workers started so that the boat could be used over the weekend. Todd had no choice in the matter. He either could deviate from his regular activities, or in the alternative, he could be fired. Todd was given a Hobson's choice and the Commission should not find the act non compensable because it was an act outside of his regular duties. The greater weight of the law in the United States on this issue is that Todd was on a special or personal errand for the employer at the time of the accident and thus should be compensated. Todd acted in good faith to carry out the employer's direction and he should not be penalized for following instruction of the employer. Accordingly, employee requests the Workers' Compensation Commission reverse the decision of the single Commissioner and find this case compensable especially in light of the rule that the Commission should construe the act in favor of coverage.

Respectfully submitted,

KELAHHER, CONNELL & CONNOR, P.C.

ED Notes

FINAL REPORT

Patient: TODD, KEVIN Physician Clinical Report
MRN: 00C020951638 University of North Carolina Hospitals - Emergency
Department
VisitID: 144638871 101 Manning Drive, Chapel Hill, NC 27514 (919) 966-4721
35y, M Registration Date/Time: 08/09/2013 13:24

Attending Note: I supervised care provided by the resident. We have discussed the case. I have reviewed the note and agree with the plan of treatment. I personally interviewed the patient and examined the patient and was present during the exam by the resident. I have personally reviewed the X-rays and agree with the resident's interpretation of the X-rays. (Patient presents with with head, B UE and B LE burns. Was transferring fuel on a boat when it caught fire. Yellow trauma. Burn consult.).

(Electronically signed by CAIRNS, CHARLES, Attending MD 04/03/2014 20:45)

Patient: TODD, KEVIN Physician Clinical Report
MRN: 00C020951638 University of North Carolina Hospitals - Emergency
Department
VisitID: 144638871 101 Manning Drive, Chapel Hill, NC 27514 (919) 966-4721
35y, M Registration Date/Time: 08/09/2013 13:24

Arrived- By ambulance. Historian- patient and EMS personnel.

HISTORY OF PRESENT ILLNESS

Chief Complaint- BURN. The patient sustained a burn to the face, neck, right upper extremity and right lower extremity. The injury occurred 2-3 hours ago.

The injury was due to a fire (flash burn from gasoline). It occurred at work.

The patient complains of severe pain. Fell (to his knees). There was no smoke inhalation.

REVIEW OF SYSTEMS

The patient sustained skin abrasion. No difficulty breathing, chest pain, visual disturbance, numbness or weakness. No neck pain, spine pain or vomiting. No coughing up soot. All systems otherwise negative, except as recorded above.

PAST HISTORY

Negative. No history of hypertension. Last tetanus immunization unknown.

Surgeries: No history of previous surgery.

Medications:

None..

Allergies:

No Known Drug Allergy..

SOCIAL HISTORY

Former smoker. Quit smoking 3 years ago. Occasional alcohol use. No drug use.

ADDITIONAL NOTES

The nursing notes have been reviewed.

PHYSICAL EXAM

Appearance: Alert. No acute distress.

Vital Signs: Have been reviewed.

Eyes: Pupils equal, round and reactive to light. EOM intact. Conjunctivae and eyelids normal.

ENT: Singed nasal hair. Pharynx normal. No carbonaceous sputum.

Neck: Trachea midline. Neck non-tender. Painless ROM.

CVS: Tachycardia. No cardiac murmur.

Respiratory: No respiratory distress. Breath sounds normal.

Abdomen: Soft and nontender. Bowel sounds normal. No organomegaly. No mass.

Back: No back tenderness. ROM normal.

Skin: No lacerations. Right upper arm. Left upper arm. Right forearm. Left forearm. Right wrist. Left wrist. Right hand. Left hand. Ruptured vesicles are present. (small superficial abrasions on L knee and L shin).

Circumferential burn present around the right wrist, right thumb, right index finger, right middle finger, right ring finger and right little finger and left wrist, left thumb, left index finger, left middle finger, left ring finger and left little finger.

Extremities: Extremities exhibit normal ROM. No bony tenderness. Pelvis stable.

Neuro: No motor deficit. No sensory deficit. (No facial droop, answers questions appropriately).

PROGRESS AND PROCEDURES

Course of Care: 35 yo WM w/ no significant PMH transferred by AirCare after being burned by a gasoline explosion. Pt w/ a mixture of 1st and 2nd degree burns to his face, neck, chest, and BUE. He has approx 10% 2nd degree burns to his BUE. Pt has singed nasal hairs, but no intracanal soot, or SOB. His Tdap is out of date. Will c/s SRX, update Tdap, and give pain meds.

SRX to admit and dress wounds upstairs..

Discussed case with provider (Cairns).

Disposition: Admitted. burn surgery.

CLINICAL IMPRESSION

First degree and second degree burn to the face, to the right upper arm, to the right elbow, to the right forearm, to the right wrist, to the right hand, to the right thumb, to the right index finger, to the right middle finger, to the right ring finger, to the right little finger, to the left upper arm, to the left elbow, to the left forearm, to the left wrist, to the left hand, to the left thumb, to the left index finger, to the left middle finger, to the left ring finger and to the left little finger. 10-19% of body surface involved.

Squad 51, Engine 511, Medic 29, Medic 3, was called to the above address for a report of three patient's burned. Upon responding to the call Tac three stated that the patient's were burned from a boat fire. Marine 500 was already on the water and came up on the call. Chief 50 stated that the fire was out but the boat was smoking and had three burn patient's. Upon arrival of Squad 51, Engine 511 there was three patient's with burns on their bodies. Life Net was called to the scene EMS 1 had the LZ command. One patient was flown to Chapel Hill Burn Center where he had severe burns to his left and right hand both arms and all his fingers. The patient's hair on his head and both arms were singed along with his beard. The patient was complaining of tightness in his chest. The patient was put on oxygen and the burn blanket were used to cover the burns. Medic 29 arrived on scene and patient care was turned over to the medic. The other patient had burns to his right elbow and down his right arm a burn blanket was put on the patient. Medic 3 arrived on scene and patient care was turned over to the medic. The patient was transported to Grand Strand Hospital. The last patient stated that he was not going in a ambulance to the hospital a subject no transport form was obtained. The patient's wife drove

him to Conway Hospital. There was another worker on scene but was not on the boat. He stated that they were off loading fuel with a garden hose into 50 gallon drums and some fuel had spilled onto a battery and caused a flash fire. The driver of Squad 51 along with Engine 511 firefighter went to check the boat to make sure the fire was out. There was also a drop cord that was going into the boat not sure if there was power on it. DNR was called to the scene to investigate. Squad 51, Engine 511, Marine 500 cleared the scene.

Discharge Instructions / Orders / Disposition / Follow - up Appointments

Condition on D/C: Improved
Discharge Disposition :Home/ALF/Rest Home w/Self-Care; Infusion-only; SNF custodial care
Discharge Instructions:

1. Wound Care:

- Inspect burned areas daily. Wash wounds daily with mild soap (such as Dove or Ivory soap) and water then pat dry. Do not scrub vigorously.
- Apply a thin layer of bacitracin ointment to the graft sites once daily, then cover them with adaptic mesh dressing, gauze and stretchnet.
- Apply a thick layer of silver sulfadiazine to the donor site wounds once daily, then cover them with Adaptic dressings, gauze wrap and stretchnet. Use ACE bandages during the day, off at night.
- Rub eucerine cream (or other moisturizer) on any closed burn wounds 3 to 4 times daily, to keep skin moist.

2. Avoid direct sunlight to burned areas. Apply sunscreen (SPF 50) to closed burn wounds at least once daily, more often when outdoors during the day.

3. Perform daily stretching, range of motion and strengthening exercises as taught by the Physical and Occupational Therapists.

4. Call the Burn Surgery Clinic at 919-966-2225 (if after hours call the Burn Unit at 919-966-3571) for:

- Fevers > 101.5 degrees
- Increasing pain, uncontrolled by prescribed medications.
- Expanding redness, swelling or purulent discharge at the wound edges or other sign of infection.
- Excessive bleeding at wound sites.
- uncontrolled nausea or vomiting.
- Any new or concerning symptoms.

5. You have been prescribed a narcotic pain medication. Do not drive or make critical/important decisions while taking narcotic pain medications. Narcotic medications may cause constipation. Ensure you have adequate (>25 grams/day) of fiber in your diet and drink at least 64oz of water daily. You may also wish to take an over the counter stool softener once, or twice daily.

6. Continue over the counter bowel medications while taking narcotic pain medications as this can cause constipation. We recommend docusate 100mg twice daily and senna once daily. Other choices include miralax and bisacodyl suppository as needed for constipation.

7. Call the Burn Center (919-966-3571) for any questions regarding your burn wounds.

TO: SOUTH CAROLINA WORKERS' COMPENSATION COMMISSION; LISA C. GLOVER, ATTORNEY FOR EMPLOYER/CARRIER:

YOU ARE HEREBY NOTIFIED THAT THE Employee/Claimant, pursuant to the provisions of the South Carolina Workers' Compensation Act and South Carolina Code Section 1-23-330 (1976, as amended), herewith submits the following reports/physician or other evidence on behalf of the Employee/Claimant, to wit:

<u>NAME OF REPORT(S)/PHYSICIAN OR OTHER EVIDENCE</u>	<u>DATE OF REPORT(S)</u>	<u>PAGES</u>
1. UNC Medical Records	8/9/13-8/23/13	49 pages / pp. #1-192
2. UNC Medical Records	8/15/13-8/23/13	pp. #193-498
3. UNC Medical Records	8/9/13-8/23/13	186 pages

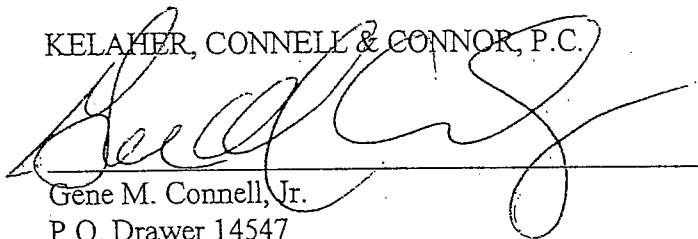

YOU ARE FURTHER HEREBY NOTIFIED that you have the right to cross-examination; and, should you desire to exercise said right, you are to forthwith schedule the deposition(s) of any

of the physicians or other person(s), whose reports are submitted, for the purposes of cross-examination.

YOU ARE FURTHER NOTIFIED that the originals of the documents referred herein, or photocopies received from said physicians/others, are being herewith forwarded to the South Carolina Workers' Compensation Commission, for insertion in the file of the South Carolina Workers' Compensation Commission and inclusion into evidence on behalf of the Claimant/Employee.

YOU ARE FURTHER NOTIFIED that the following witnesses may be called on behalf of the Claimant/Employee: a) Kevin Michael Todd; b) Ryan Harrelson; c) Michelle Bratcher; d) Tony Williams; e) Holmes Adams; f) James Flome.

Medicare will only pay for services that it determines to be reasonable and necessary under section 1862(a)(1) of the Medicare Law. When ordering tests for which Medicare reimbursement will be sought, physicians should order only those individual tests that are necessary for the diagnosis and treatment of a patient, rather than for screening purposes.
All tests certified medically necessary.

Medicare will only pay for services that it determines to be reasonable and necessary under section 1862(a)(1) of the Medicare Law. When ordering tests for which Medicare reimbursement will be sought, physicians should order only those individual tests that are necessary for the diagnosis and treatment of a patient, rather than for screening purposes.
All tests certified medically necessary.

ED Notes

FINAL REPORT

Patient: TODD, KEVIN Physician Clinical Report
MRN: 00C020951638 University of North Carolina Hospitals - Emergency
Department
VisitID: 144638871 101 Manning Drive, Chapel Hill, NC 27514 (919) 966-4721
35y, M Registration Date/Time: 08/09/2013 13:24

Attending Note: I supervised care provided by the resident. We have discussed the case. I have reviewed the note and agree with the plan of treatment. I personally interviewed the patient and examined the patient and was present during the exam by the resident. I have personally reviewed the X-rays and agree with the resident's interpretation of the X-rays. (Patient presents with with head, B UE and B LE burns. Was transferring fuel on a boat when it caught fire. Yellow trauma. Burn consult.).

(Electronically signed by CAIRNS, CHARLES, Attending MD 04/03/2014 20:45)

Arrived- By ambulance. Historian- patient and EMS personnel.

HISTORY OF PRESENT ILLNESS

Chief Complaint- BURN. The patient sustained a burn to the face, neck, right upper extremity and right lower extremity. The injury occurred 2-3 hours ago.

The injury was due to a fire (flash burn from gasoline). It occurred at work.

The patient complains of severe pain. Fell (to his knees). There was no smoke inhalation.

REVIEW OF SYSTEMS

The patient sustained skin abrasion. No difficulty breathing, chest pain, visual disturbance, numbness or weakness. No neck pain, spine pain or vomiting. No coughing up soot. All systems otherwise negative, except as recorded above.

PAST HISTORY

Negative. No history of hypertension. Last tetanus immunization unknown.

Surgeries: No history of previous surgery.

Medications:

None..

Allergies:

No Known Drug Allergy..

SOCIAL HISTORY

Former smoker. Quit smoking 3 years ago. Occasional alcohol use. No drug use.

ADDITIONAL NOTES

The nursing notes have been reviewed.

PHYSICAL EXAM

Appearance: Alert. No acute distress.

Vital Signs: Have been reviewed.

Eyes: Pupils equal, round and reactive to light. EOM intact. Conjunctivae and eyelids normal.

ENT: Singed nasal hair. Pharynx normal. No carbonaceous sputum.

Neck: Trachea midline. Neck non-tender. Painless ROM.

CVS: Tachycardia. No cardiac murmur.

Respiratory: No respiratory distress. Breath sounds normal.

Abdomen: Soft and non-tender. Bowel sounds normal. No organomegaly. No mass.

Back: No back tenderness. ROM normal.

Skin: No lacerations. Right upper arm. Left upper arm. Right forearm. Left forearm. Right wrist. Left wrist. Right hand. Left hand. Ruptured vesicles are present. (small superficial abrasions on L knee and L shin).

Circumferential burn present around the right wrist, right thumb, right index finger, right middle finger, right ring finger and right little finger and left wrist, left thumb, left index finger, left middle finger, left ring finger and left little finger.

Extremities: Extremities exhibit normal ROM. No bony tenderness. Pelvis stable.

Neuro: No motor deficit. No sensory deficit. (No facial droop, answers questions appropriately).

PROGRESS AND PROCEDURES

Course of Care: 35 yo WM w/ no significant PMH transferred by AirCare after being burned by a gasoline explosion. Pt w/ a mixture of 1st and 2nd degree burns to his face, neck, chest, and BUE. He has approx 1% 2nd degree burns to his BUE. Pt has singed nasal hairs, but no intracanal soot, or SOB. His Tdap is out of date. Will c/s SRX, update Tdap, and give pain meds.

SRX to admit and dress wounds upstairs..

Discussed case with provider (Cairns).

Disposition: Admitted. burn surgery.

CLINICAL IMPRESSION

First degree and second degree burn to the face, to the right upper arm, to the right elbow, to the right forearm, to the right wrist, to the right hand, to the right thumb, to the right index finger, to the right middle finger, to the right ring finger, to the right little finger, to the left upper arm, to the left elbow, to the left forearm, to the left wrist, to the left hand, to the left thumb, to the left index finger, to the left middle finger, to the left ring finger and to the left little finger.. 10-19% of body surface involved.
