

I need a copy of the States Brief, I wish to reply to All motions, writs, briefs etc that the state files in this case matter... Nathan Sheldon told me to file the motion to relieve him in a letter I have but he was still going to misrepresent me if I did not. he needs to be filed.

Dear South Carolina Supreme Court:

I Mr. Trey Alexander Williams, 341036, Appellate case No. 2016-001553

Am writing the courts to ask if im able to provide supporting documentation of Nathan Sheldon sending me letters telling me that he will file what he wants to file, that I have zero discretion in my case as far as what gets filed. He has put in his letters that he has obtained motions, documents etc from me, but has not reviewed some and is still waiting on my power of attorneys documents involving the merits, litigation and motions I need/want filed in my case and he still says everything I want done is frivolous and without merit but he refuses my request of asking him to demonstrate how my matters of law, merit etc are frivolous. I even have a witness whom he cursed out and lied to, I have attempted with due diligence to keep him as counsel, mediate the situation, establish client attorney relationship privilege in "good faith" to not disturb the courts that is very honorable and over the case. I have a letter and im waiting on the rest that another prison institution has, the other prison institution has possession of all my legal material and I have been waiting since 10-13-16 for it and I have proof they have it. Nathan Sheldon said in his "return" to my motion to relieve counsel that he acknowledges that our client attorney relationship privilege is broken beyond repair however he was going to continue to represent me in an unprofessional manner without taking the initiative to address the courts in this matter until my motion was filed. It is clear upon the face of the record that he is an incompetent, unprofessional attorney making a mockery of the lawyers oath. I need my transcripts from TMAI, rule five, York County Clerk of Court PCR records, PCR Application and Amendment, States Return so I can work my case and add it to my Appellate Bond. IS IT A way for the courts to decide if they feel I have good cause for an Appellate bond before I file it because lawyers told me I never had a case or issues for direct appeal or PCR but I got relief. Im being denied merit access to courts when I want my Appellate Bond filed... what am I missing MY PCR transcripts are incomplete, what do I do?

Dear South Carolina Supreme Court, I'm on lock up on protective custody and I'm unable to do ANY LAW WORK, I don't have any of my legal property or Access to the courts At the moment and my PCR transcripts are incomplete, I don't have any attorney who is ACTUALLY WORKING with me and I don't have any documents I need etc to prepare for my case. I don't know anything about the status of my case, I don't have the states Appeal writ, petition, issues of law or nothing, and I wish to Reply to everything the state does. At this moment I'm completely HANDICAPPED, I need to provide documentation to attempt to get AN hold/ stay put on my case. Is that possible? ~~UNWILLING~~ I also need to know if ANY extensions, petitions, motions etc have been filed in this case matter!!!
