Re: H. Thad White V. Petrel International, LLC
Appellate Case No. 2014-002764

Dear Jenny A. Kitchings:

In responding your letter dated Oct. 10, 2016, I object that you have denied my right to access SC Court of Appeal. You know very well that the issue at hand is between me and the attorney I hired for representing my single member LLC, Petrel International. The 14th Amendment of due process and equal protection of law guarantees my right as pro se litigant to represent myself in resolving the disputes between me and my attorney I hired. The case of Renaissance Enterprise Inc. V. Summit Teleservices simply does not apply to the current filings for the case, please kindly submit my filings on the issue to the court for full panel review without further delay. Thank you.
