Terry McCall #233236, Appellant,

v.

Trojan Labor and Hire Quest, LLC, and Respondents.

Appellate Case No. 2016-001457

---

ORDER

---

COPY

On September 30, 2016, this court dismissed this appeal, holding that this court lacks jurisdiction to review an order of the single commissioner. Appellant has filed a motion, which we construe as a motion to reinstate the appeal, explaining that he filed an appeal with the Workers' Compensation Commission, but the Commission denied his request to waive filing fees and dismissed his appeal. Appellant attached a memorandum from the Commission, which states that the Chair of the Commission rejected Appellant's request to waive the filing fees.

Because the Appellant appealed the single commissioner's order to the Commission and the Commission dismissed his appeal after Appellant's request to waive fees was denied, we reinstate this appeal. The scope of this appeal is limited to issues stemming from the denial of Appellant's request to waive fees and the dismissal of his appeal to the Commission. This court will not consider any issues stemming from the single commissioner's order.
