BEFORE THE SOUTH CAROLINA WORKERS' COMPENSATION
COMMISSION
WCC FILE NO.: 1405219

KEVIN WIKEL,
Employee/Claimant,

v.

PC METRO BOTTLING,
Employer,

INDEMNITY INS CO. of NA.,
Carrier.

DECISION AND ORDER

HEARING:

Held in Beaufort, South Carolina, on December 1, 2015.

APPEARANCES:

Claimant was represented at the hearing by William T. Bacon, IV, Esquire, of Beaufort, South Carolina

Defendants were represented by Andrew D. Smith, Esquire, of Charleston, South Carolina.

PURPOSE OF HEARING:

To determine issues set forth in the Forms 50 and 51.

DECISION AND ORDER:

By the Honorable Avery B. Wilkerson, Jr.,
Commissioner.

ORDER FILED:

January 29, 2016

STIPULATIONS

The parties, at the hearing in the above-referenced matter, stipulated as follows:

1. Notice of the hearing was timely and properly served on all parties of interest.
2. County of Beaufort, State of South Carolina was the appropriate venue in this matter.
3. The South Carolina Workers' Compensation Commission file, with the exception of self-serving declarations and unstipulated medical reports, becomes part of the record, except as set forth more fully below.
4. The South Carolina Worker's Compensation Commission has jurisdiction over the parties and the subject matter of this claim.
5. Claimant has an Average Weekly Wage (AWW) of \$ 857.07 with a corresponding Compensation Rate (CR) of \$ 571.67.

STATEMENT OF THE CASE

Claimant alleges he suffered compensable injuries by accident to the low back and left leg on May 9, 2014 while in the scope and course of employment with Employer when he lifted a case of drinks and felt pain in his low back with pain down the left leg. Claimant seeks an Order of the Commission for compensability of his injuries; the Defendants responsibility to pay all causally-related medical treatment; Claimant's entitlement to temporary total disability benefits from April 2, 2015 through June 29, 2015; and a finding of permanent partial disability

benefits in line with the 10% impairment rating to the back and 13% impairment rating to the left leg per Dr. Scott Strohmeyer.

The Defendants take the position Claimant has failed to prove by a preponderance of the evidence a compensable injury by accident arising out of and in scope and course of his employment on May 9, 2014. Specifically, the Defendants rely on their perceived discrepancies between Claimant's report of injury on May 9, 2014 to his supervisor, the 1-800-JOB-HURT adjuster and his deposition testimony taken by defense counsel to defeat compensability. As such, the Defendants seek an Order of the Commission denying compensability of the claim and Claimant's entitlement to benefits under the Act.

EVIDENCE PRESENTED

Testimony of Kevin Wikel:

Claimant testified he is 25 years of age and has a high school education. After graduating high school he began working at Golden Coral where he worked his way up to being a manager. After Golden Coral, Claimant worked at Dollar General and Food Lion as a manager.

In June 2013, Claimant began working for Pepsi as a merchandiser. His duties included unloading and checking in merchandise, breaking down pallets and putting product on the shelves. Claimant testified the job required a lot of lifting and bending. (Hr. Tr. p. 17). Claimant denied having any difficulties performing his job duties prior to April 2014.

Claimant testified that during the 2 weeks prior to May 6, 2014, he had worked 13 straight days as a sales representative but performing the same job duties of a merchandiser. During this 13 day stretch, Claimant testified he began to experience pain in his lower back. (Hr. Tr. p. 21). Claimant had May 7th and 8th off work and rested. On May 9th, Claimant returned to

work with Pepsi and while changing a display, he was lifting a case of Aquafina when he experienced pain in his low back and could no longer work. (Hr. Tr. pp. 21-22).

Claimant testified he reported the incident to his supervisor, Landon Papay, who instructed him to call 1-800-JOB-HURT, which he did. Claimant testified he reported he hurt his back at work, but couldn't give a specific incident. (Hr. Tr. p. 22). The operator instructed Claimant to go to Dr.'s Care, where a MRI was recommended. Thereafter, Claimant began treating with Dr. Strohmeyer who recommended physical therapy and injections. Dr. Batson performed a series of 3 injections, the last on October 30, 2014. (Hr. Tr. p. 23). Following the injections, Claimant's symptoms of back pain resolved for a period of time, but the nerve pain down his left leg came back as the injections wore off. (Hr. Tr. pp. 23-24). Claimant denied any re-injury following the start of his employment with Walmart.

Based on the recurrence of his symptoms, Dr. Strohmeyer recommended surgery which was performed on April 2, 2015. Claimant testified he got relief from the surgery and post-surgery physical therapy. (Hr. Tr. pp. 24-25). Claimant was released to return to work on June 29, 2015 and has worked continuously since that time. Claimant denied any new or on-going problems with his low back or pain down the left leg. (Hr. Tr. p. 25).

Claimant testified he did seek medical treatment at Beaufort Memorial Hospital on November 8, 2008 for low back pain after lifting at Golden Coral. However, he did not seek additional treatment after that visit and his complaints resolved without additional medical treatment and he did not miss any time from work or file a Workers' Compensation claim. (Hr. Tr. pp. 28-29).

On cross-examination, Claimant testified he could not recall his report of injury to 1-800-JOB-HURT on May 9, 2014 and deferred to the transcript. (Hr. Tr. p. 30). Claimant

acknowledged the notes taken by adjuster Mark Drutch on May 12, 2014 didn't have a specific event of injury on May 2, 2014 or May 9, 2014. (Hr. Tr. pp. 31-32). Claimant further admitted to not being clear on the date of injury in his deposition taken on September 5, 2014, having stated the date of injury was May 6, 2014. (Hr. Tr. p. 33). Claimant then confirmed he did not allege a May 6, 2014 date of injury in the 1-800-JOB-HURT call. (Hr. Tr. p. 34).

Claimant confirmed his deposition testimony on September 5, 2014 regarding an injury on May 9, 2014 while lifting a case of Aquafina. (Hr. Tr. p. 37). When asked by he didn't report the same to 1-800-JOB-HURT on May 9th, Claimant testified he didn't understand what he was supposed to do and told the operator May 2nd was when the back pain began and he was working at Publix at that time. (Hr. Tr. pp. 37-38, 42). After a break was taken to allow Claimant to read the transcript of the call, Claimant directed defense counsel and Commissioner Wilkerson to Page 5, lines 8-10 which states "I worked a couple of hours today and told them I wasn't going to be able to do it. My back was killing me too bad and they told me to call y'all. So." to further establish his reporting of injury on May 9, 2014. (APA p. 218).

Claimant also confirmed the Dr.'s Care record from the date of accident does not mention a specific mechanism of injury, but does report low back pain after a long shift at work. (Hr. Tr. p. 48). Claimant testified he was referred to Dr. Strohmeyer by Dr.'s Care and was instructed by Dr. Strohmeyer's office staff on how to complete the in-take paperwork as his workers' compensation claim was denied. (Hr. Tr. pp. 49-51).

Claimant testified he didn't recall the November 2008 Beaufort Memorial Hospital visit for low back pain at the time of his September 5, 2014 deposition. (Hr. Tr. p. 52). Claimant was also confronted with a July 21, 2011 record from Beaufort Memorial which noted mid-back pain, which he acknowledged he also didn't recall during his deposition. (Hr. Tr. pp. 52-53).

Claimant testified he couldn't recall a conversation with Landon Papay 2 weeks prior to May 9, 2014 where he allegedly told Landon he had treated with a doctor and knew he had 2 slipped discs. Claimant testified he liked Landon and knew of no reason why Landon would lie. (Hr. Tr. pp. 53-54). Claimant again confirmed for defense counsel he had denied prior back injury, but had treated once in 2008 after lifting at Golden Coral. (Hr. Tr. pp. 54-55).

Claimant confirmed he had not worked for the Employer since June 2014 and experienced resolution of his back complaints in November 2014 following his injection with Dr. Batson and thereafter worked continuously for Walmart. (Hr. Tr. pp. 57-58).

On redirect, Claimant testified he was instructed by his supervisor to call 1-800-JOB-HURT to report an injury, which he did. Claimant testified he reported the pain began around May 2nd while working at Publix but that on the 9th, while working at Walmart, the pain was such that he wasn't able to complete his job duties. (Hr. Tr. pp. 58-59). Claimant further testified he is seeking compensability of the claim and payment of all causally-related medical treatment. (Hr. Tr. pp. 59-60).

On re-cross, Claimant testified he reported to 1-800-JOB-HURT that he began having pain on or about May 2nd but also reported pain on May 9th. When pressed for clarification, Claimant testified "I remember on May 9th when I picked up a Aquafina -- a pack of Aquafina Nice and that's when I gave in -- ...I couldn't deal with the pain." (Hr. Tr. p. 62, ll. 5-9).

Testimony of Landon Papay:

Mr. Papay testified he has been employed with Pepsi Beverage Company for 14 years and is currently working as a unit sales manager. Mr. Papay testified regarding his own back injury while working for Employer, which was accepted. (Hr. Tr. p. 65).

Mr. Papay testified Claimant either called himself or Eric Smith, his direct supervisor, on May 9, 2014 stating he could no longer work due to back pain and Claimant was instructed to call 1-800-JOB-HURT. (Hr. Tr. p. 66). Mr. Papay further testified Claimant informed him the injury occurred on the morning of May 9th lifting a case of product. (Hr. Tr. pp. 66-67).

Mr. Papay testified he and Claimant had discussed back issues several weeks prior to May 9th as he had a prior back injury and required surgery. Mr. Papay stated Claimant told him at the time he had 2 slipped discs but that Claimant had not been injured at work and was not having any problems doing his job. (Hr. Tr. pp. 67-68).

On cross-examination, Mr. Papay confirmed Claimant reported an injury to his back on the morning of May 9, 2014 after lifting something at work. (Hr. Tr. p. 69).

On examination by Commissioner Wilkerson, Mr. Papay testified he further questioned Claimant about the alleged 2 slipped discs and Mr. Papay clarified Claimant told him it wasn't diagnosed, just that he felt it was slipped, but there was no medical opinion or diagnosis. (Hr. Tr. pp. 69-70).

FINDINGS OF FACT

Based on the testimony at the hearing, Administrative Procedures Act submissions and exhibits, the undersigned Commissioner makes the following Findings of Fact:

1. Claimant plead an injury by accident to the back and left leg occurring on May 9, 2014 by Form 50, Hearing Request.
2. Testimony of the Claimant is that over a period of 13 days from April 24, 2014 to May 6, 2014 he worked continuously and began to experience pain in the low back. Then, after 2 days off work, during which he rested, he returned to work on May 9,

2014. That morning, while lifting a case of Aquafina, he suffered an injury to the low back and left leg and reported the same to his supervisors Eric and Landon.

3. Claimant testified regarding his prior employment working as a manager for Golden Coral and Dollar General.
4. Claimant's deposition was taken by defense counsel on September 5, 2014 and October 26, 2015. In response to the deposition questions of defense counsel, Claimant seemed confused as to what really happened. However, Claimant was clear about the fact that he developed low back pain over a 13 day period from April to May 2014 and then after 2 days off, he experienced increased pain in the incident of lifting a case of product (Aquafina) the morning of May 9, 2014.
5. Claimant was denied medical treatment by the Defendants following formal denial of the claim. As such, Claimant had all causally-related medical treatment, including MRI, injections and the April 2, 2014 surgery and post-surgical therapy paid for by his group health carrier.
6. A credibility finding was requested by the Defendants. Based on my observations of Claimant during his testimony on direct and cross-examination, I find Claimant's credibility to be neutral at worst, but somewhat confused. I do not think Claimant is lying about his work injury, his reporting of the work injury or his medical treatment.
7. Defendants presented the testimony of Landon Papay, unit sales manager of the Employer and supervisor of the Claimant. Mr. Papay was asked on direct examination by counsel for Defendants about Claimant's injury and reporting:

Q. Okay. Did you ever hear about a work related accident on May 9th, 2014, by Mr. Wikel?

A. If I remember correctly, he either called myself or Eric Smith, his direct supervisor, and stated that his back -- he could not -- he could not work that day; his back was hurting him too -- at that point in time too much where he could not work. He -- I believe, it was either Eric -- either Eric Smith or myself that told him at that point in time to call the 1-800-JOB-HURT number, for him to report it and then to go see the doctor.

Q. Okay. And do you know where he was on May 9th, 2014?

A. I -- I'd have to look at the sheets and see exactly what day and what -- what store he was at.

Q. Do you recall how or -- he told you he injured himself?

A. I believe he said he was lifting a case of product.

Q. Okay. Did he say on that day or any particular day or --

A. He said it was on that -- on that day -- that it was that morning, yes.

Q. -- lifting something that morning?

A. Uh-huh.

Q. You just have to answer verbally yes or no.

A. Yes. Sorry.

(Hr. Tr. p. 66, l.5 -- p. 67, l.6).

The testimony of Mr. Papay is compelling and clearly notes an injury by accident with a causation statement reported to him by Claimant on May 9, 2014. I give great weight to this testimony of an Employer witness presented by counsel for the defense.

8. Mr. Papay also testified Claimant mentioned a slipped disc he had prior to the May 9, 2014 injury, but this was never confirmed by any medical record, medical opinion or other reliable means. Mr. Papay further testified he had inquired about Claimant's ability to fully perform all his job duties and was assured he was able to do so.

9. Based on the greater weight of testimony and medical evidence in the record, I find this case compensable as an injury by accident to the low back and left leg on May 9, 2014. The record, when considered as a whole, supports Claimant's May 9, 2014 injury by accident.

- a. Testimony of Claimant and Landon Papay is consistent and credible to support the May 9, 2014 injury by accident.
- b. APA p. 13 – Dr.'s Care note dated May 9, 2014. Low back pain x1 week after long shifts at work lifting and bending.
- c. APA p. 27 – Dr.'s Care Physician's statement – Claimant diagnosed with low back and radicular pain, which is work related. Disability date May 9, 2014.
- d. APA p. 31 – MRI at Belfair Clinical Summary dated May 22, 2014 – LBP w/ pain leg x2 wks lifting injury at work.
- e. APA p. 38 – June 6, 2014 office note of Dr. Strohmeyer – Claimant does a lot of lifting. There was no one incident.
 - i. (This report is consistent with Claimant's deposition testimony and hearing testimony regarding the low back pain starting over a period of 2 weeks followed by the May 9, 2014 event.)
- f. APA p. 50 – February 23, 2015 office note of Dr. Strohmeyer – Claimant had a recurrence of his pain. There was no new trauma. It looks like he has a recurrence.
- g. APA p. 69 – June 9, 2014 note of Dr. Batson – Claimant has lower pain radiates down the left leg. Began 5 weeks ago, occurred prolonged lifting, loading and driving while performing his job.

- i. (This is report is consistent with Claimant's deposition testimony and hearing testimony regarding the low back pain starting over a period of 2 weeks followed by the May 9, 2014 event.)
10. In reaching my decision on compensability and credibility, I considered the November 8, 2008 record from Beaufort Memorial Hospital found at APA pp. 169-172.
11. In reaching my decision on compensability and credibility, I considered the Videotape submitted as an exhibit by Defendants dated May 2, 2014.
12. In reaching my decision on compensability and credibility, I considered the 1-800-JOB-HURT recording the parties stipulated was taken on May 9, 2014.
13. In reaching my decision on compensability and credibility, I considered the defense-prepared statement/questionnaire completed by Dr. Scott Strohmeyer found at APA p. 199 in which he states he does not know how [Claimant] hurt his back and left lower extremity.
14. In the Form 14B dated September 29, 2015, Dr. Scott Strohmeyer opined Claimant reached Maximum Medical Improvement on June 29, 2015. I base my finding of MMI on Dr. Strohmeyer's opinion as stated in the Form 14B. (APA p. 68).
15. In the Form 14B dated September 29, 2015, Dr. Scott Strohmeyer opined Claimant has an impairment rating of 10% to the back and 13% to the left lower extremity pursuant to the AMA Guidelines. I base my finding of Claimant's disability on Dr. Strohmeyer's opinion as stated in the Form 14B. (APA p. 68).

16. Claimant was written out of work by Dr. Strohmeyer from the date of surgery, April 2, 2015, through June 29, 2015. I find Claimant is entitled to TTD benefits while out of work per Dr. Strohmeyer. (APA pp. 65 and 68).
17. As the Claimant's injuries are compensable, the Defendants are responsible for all causally-related medical treatment from May 9, 2014 through June 29, 2015.
18. Claimant was release to return to work without restriction by Dr. Strohmeyer. This is confirmed by the June 29, 2015 return to work note and Form 14B. (APA pp. 65 and 68).
19. I find Claimant is entitled to future medical treatment consisting of physical therapy per the Form 14B dated June 29, 2015. (APA p. 68).
20. Order instructions were sent to all parties of interest on December 15, 2015.

CONCLUSIONS OF LAW

It is concluded under the South Carolina Workers' Compensation Act and S.C. Code of Laws Ann. § 42-1-10, , et. seq., that:

1. § 42-1-40 governs the average weekly wage and compensation rate.
2. § 42-1-120 governs disability.
3. § 42-1-160 governs injuries and includes injuries by accident arising out of and in the course and scope of employment.
4. § 42-9-30(16) governs disability to the leg.
5. § 42-9-30(21) governs disability to the back.
6. § 42-15-20 governs notice of injury.
7. § 42-15-60 governs Claimant's entitlement to medical treatment.

8. § 42-17-40 governs the conduct of hearings and rendering of awards.

ORDER OF THE COMMISSION

IT IS HEREBY ORDERED that the Defendants shall pay causally-related medical expenses incurred as a result of the Claimant's compensable May 9, 2014 injury to the back and left leg.

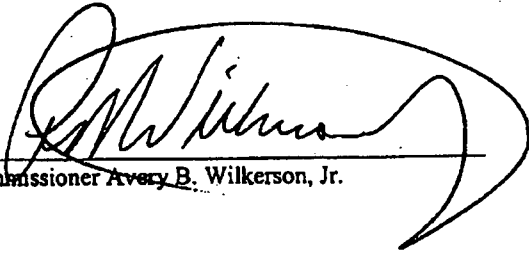

IT IS FURTHER ORDERED that the Defendants shall pay the Claimant 12.7143 weeks of temporary total disability benefits in the amount of \$7,268.38.

IT IS FURTHER ORDERED that the Defendants shall pay the Claimant 30 weeks of permanent partial disability benefits representing 10% to the back or \$17,150.10.

IT IS FURTHER ORDERED that the Defendants shall pay the Claimant 25.35 weeks of permanent partial disability benefits representing 13% to the leg or \$14,491.83.

IT IS FURTHER ORDERED that the Claimant is entitled to additional medical treatment in the form of physical therapy.

AND IT IS SO ORDERED this ____ date of January, 2016.

Commissioner Avery B. Wilkerson, Jr.

CERTIFICATE OF SERVICE

This is to certify the undersigned has on this date served a copy of this order in the above entitled action upon all parties to this case by sending an electronic copy hereof by electronic mail addressed to the attorneys for said parties; or if there is an unrepresented party(ies), by depositing a copy hereof, postage paid in the United States mail, first class, addressed to the unrepresented party(ies) and to the attorney(s) for the represented party(ies).

APPEARANCES:

Claimant represented by William Thomas Bacon, IV,
Esquire of McDougall Law Firm,
Lady's Island, South Carolina.

Defendants represented by Andrew D. Smith,
Esquire of Goodman McGuffey Lindsey & Johnson,
LLP Charleston, South Carolina.

STATEMENT OF THE CASE

This matter came before the Hearing Commissioner on December 1, 2015, pursuant to SC WCC Forms 50 and 51. Claimant alleged he suffered compensable injuries by accident to the low back and left leg on May 9, 2014 while in the scope and course of employment with Employer when he lifted a case of drinks and felt pain in his low back with pain down the left leg. Claimant sought an Order of the Commission for compensability of his injuries; the Defendants responsibility to pay all causally-related medical treatment; Claimant's entitlement to temporary total disability benefits from April 2, 2015 through June 29, 2015; and a finding of permanent partial disability benefits in line with the 10% impairment rating to the back and 13% impairment rating to the left leg per Dr. Scott Strohmeyer.

The Defendants took the position Claimant failed to prove by a preponderance of the evidence a compensable injury by accident arising out of and in scope and course of his employment on May 9, 2014. Specifically, the Defendants relied on their perceived discrepancies between Claimant's report of injury on May 9, 2014 to his supervisor, the 1-800-JOB-HURT adjuster and his deposition testimony taken by defense counsel to defeat compensability. As such, the Defendants requested an Order of the Commission denying compensability of the claim and Claimant's entitlement to benefits under the Act.

By Order dated January 29, 2016, the Hearing Commissioner found Claimant suffered compensable injuries to the back and left leg on May 9, 2014. Pursuant to the finding of compensability, the Hearing Commissioner awarded causally-related medical treatment, temporary total disability benefits and permanent partial disability benefits. On February 10, 2016, the Defendants filed a Form 30, Request for Commission Review, challenging the Hearing Commissioner's Decision and Order.

All proffered testimony has been taken. Such, together with all documentary evidence, has been delivered by oral argument to the individual members of the Appellate Panel and has since been under careful consideration.

In an Appellate Review, the Appellate Panel shall, pursuant to S.C. Code Ann. §42-17-50, review the award, weigh the evidence as presented at the hearing and, if good grounds be shown therefore, make its findings of facts and reach its own conclusions of law consistent or inconsistent with those of the Hearing Commissioner. See *Green v. Raybestos-Manhattan, Inc.*, 250 S.C. 58, 156 S.E.2d 318 (1967); see also *Lowe v. An-Can Transport Services, Inc.*, 283 S.C. 534, 324 S.E.2d 87 (Ct. App. 1984).

FINDINGS OF FACT

After a thorough review of the evidence, including the hearing testimony, and medical evidence, exhibits, and other documentary evidence submitted by the respective parties pursuant to the Administrative Procedures Act, the Commission File in this matter, and testimony submitted, WE, THE APPELLATE PANEL, AFFIRM THE FINDINGS OF FACTS OF THE SINGLE COMMISSIONER AS IF FULLY SET FORTH HEREIN AND FURTHER FIND AS FACT THAT:

1. Claimant plead an injury by accident to the back and left leg occurring on May 9, 2014 by Form 50, Hearing Request.
2. Testimony of the Claimant is that over a period of 13 days from April 24, 2014 to May 6, 2014 he worked continuously and began to experience pain in the low back. Then, after 2 days off work, during which he rested, he returned to work on May 9,

2014. That morning, while lifting a case of Aquafina, he suffered an injury to the low back and left leg and reported the same to his supervisors Eric and Landon.

3. Claimant testified regarding his prior employment working as a manager for Golden Coral and Dollar General.
4. Claimant's deposition was taken by defense counsel on September 5, 2014 and October 26, 2015. In response to the deposition questions of defense counsel, Claimant seemed confused as to what really happened. However, Claimant was clear about the fact that he developed low back pain over a 13 day period from April to May 2014 and then after 2 days off, he experienced increased pain in the incident of lifting a case of product (Aquafina) the morning of May 9, 2014.
5. Claimant was denied medical treatment by the Defendants following formal denial of the claim. As such, Claimant had all causally-related medical treatment, including MRI, injections and the April 2, 2014 surgery and post-surgical therapy paid for by his group health carrier.
6. A credibility finding was requested by the Defendants. Based on the Hearing Commissioner's observations of Claimant during his testimony on direct and cross-examination, we find Claimant's credibility to be neutral at worst, but somewhat confused. We do not think Claimant is lying about his work injury, his reporting of the work injury or his medical treatment.
7. Defendants presented the testimony of Landon Papay, unit sales manager of the Employer and supervisor of the Claimant. Mr. Papay was asked on direct examination by counsel for Defendants about Claimant's injury and reporting:

Q. Okay. Did you ever hear about a work related accident on May 9th, 2014, by Mr. Wikel?

could
report
A. If I remember correctly, he either called myself or Eric Smith, his direct supervisor, and stated that his back - - he could not - - he no longer work that day; his back was hurting him too - - at that point in time too much where he could not work. He - - I believe, it was either Eric - - either Eric Smith or myself that told him at that point in time to call the 1-800-JOB-HURT number, for him to it and then to go see the doctor.

Q. Okay. And do you know where he was on May 9th, 2014?

what
A. I - - I'd have to look at the sheets and see exactly what day and - - what store he was at.

Q. Do you recall how or - - he told you he injured himself?

A. I believe he said he was lifting a case of product.

Q. Okay. Did he say on that day or any particular day or - -

yes.
A. He said it was on that - - on that day - - that it was that morning,

Q. - - lifting something that morning?

A. Uh-huh.

Q. You just have to answer verbally yes or no.

A. Yes. Sorry.

(Hr. Tr. p. 66, l.5 - p. 67, l.6).

The testimony of Mr. Papay is compelling and clearly notes an injury by accident with a causation statement reported to him by Claimant on May 9, 2014. We gave great weight to this testimony of an Employer witness presented by counsel for the defense.

8. Mr. Papay also testified Claimant mentioned a slipped disc he had prior to the May 9, 2014 injury, but this was never confirmed by any medical record, medical opinion or

other reliable means. Mr. Papay further testified he had inquired about Claimant's ability to fully perform all his job duties and was assured he was able to do so.

9. Based on the greater weight of testimony and medical evidence in the record, we find this case compensable as an injury by accident to the low back and left leg on May 9, 2014. The record, when considered as a whole, supports Claimant's May 9, 2014 injury by accident.

- a. Testimony of Claimant and Landon Papay is consistent and credible to support the May 9, 2014 injury by accident.
- b. APA p. 13 – Dr.'s Care note dated May 9, 2014. Low back pain x1 week after long shifts at work lifting and bending.
- c. APA p. 27 – Dr.'s Care Physician's statement – Claimant diagnosed with low back and radicular pain, which is work related. Disability date May 9, 2014.
- d. APA p. 31 – MRI at Belfair Clinical Summary dated May 22, 2014 – LBP w/ pain leg x2 wks lifting injury at work.
- e. APA p. 38 – June 6, 2014 office note of Dr. Strohmeyer – Claimant does a lot of lifting. There was no one incident.
 - i. (This report is consistent with Claimant's deposition testimony and hearing testimony regarding the low back pain starting over a period of 2 weeks followed by the May 9, 2014 event.)
- f. APA p. 50 – February 23, 2015 office note of Dr. Strohmeyer – Claimant had a recurrence of his pain. There was no new trauma. It looks like he has a recurrence.

g. APA p. 69 – June 9, 2014 note of Dr. Batson – Claimant has lower pain radiates down the left leg. Began 5 weeks ago, occurred prolonged lifting, loading and driving while performing his job.

i. (This report is consistent with Claimant's deposition testimony and hearing testimony regarding the low back pain starting over a period of 2 weeks followed by the May 9, 2014 event.)

10. In reaching our decision on compensability and credibility, we considered the November 8, 2008 record from Beaufort Memorial Hospital found at APA pp. 169-172.

11. In reaching our decision on compensability and credibility, we considered the Videotape submitted as an exhibit by Defendants dated May 2, 2014.

12. In reaching our decision on compensability and credibility, we considered the 1-800-JOB-HURT recording the parties stipulated was taken on May 9, 2014.

13. In reaching our decision on compensability and credibility, we considered the defense-prepared statement/questionnaire completed by Dr. Scott Strohmeyer found at APA p. 199 in which he states he does not know how [Claimant] hurt his back and left lower extremity.

14. In the Form 14B dated September 29, 2015, Dr. Scott Strohmeyer opined Claimant reached Maximum Medical Improvement on June 29, 2015. We base our finding of MMI on Dr. Strohmeyer's opinion as stated in the Form 14B. (APA p. 68).

15. In the Form 14B dated September 29, 2015, Dr. Scott Strohmeyer opined Claimant has an impairment rating of 10% to the back and 13% to the left lower extremity

pursuant to the AMA Guidelines. We base our finding of Claimant's disability on Dr. Strohmeyer's opinion as stated in the Form 14B. (APA p. 68).

16. Claimant was written out of work by Dr. Strohmeyer from the date of surgery, April 2, 2015, through June 29, 2015. We find Claimant is entitled to TTD benefits while out of work per Dr. Strohmeyer. (APA pp. 65 and 68).
17. As the Claimant's injuries are compensable, the Defendants are responsible for all causally-related medical treatment from May 9, 2014 through June 29, 2015.
18. Claimant was released to return to work without restriction by Dr. Strohmeyer. This is confirmed by the June 29, 2015 return to work note and Form 14B. (APA pp. 65 and 68).
19. We find Claimant is entitled to future medical treatment consisting of physical therapy per the Form 14B dated June 29, 2015. (APA p. 68).
20. Order instructions were sent to all parties of interest on December 15, 2015.

CONCLUSIONS OF LAW

In view of those Findings of Fact, and as provided in the South Carolina Code of Law, WE, THE APPELLATE PANEL, AFFIRM THE CONCLUSIONS OF LAW OF THE SINGLE COMMISSIONER AS IF FULLY SET FORTH HEREIN AND FURTHER CONCLUDE THE FOLLOWING AS MATTERS OF LAW:

1. § 42-1-40 governs the average weekly wage and compensation rate.
2. § 42-1-120 governs disability.
3. § 42-1-160 governs injuries and includes injuries by accident arising out of and in the course and scope of employment.

4. § 42-9-30(16) governs disability to the leg.
5. § 42-9-30(21) governs disability to the back.
6. § 42-15-20 governs notice of injury.
7. § 42-15-60 governs Claimant's entitlement to medical treatment.
8. § 42-17-40 governs the conduct of hearings and rendering of awards.

ORDER

WE, THE APPELLATE PANEL, AFFIRM THE ORDER OF THE SINGLE COMMISSIONER AS IF FULLY SET FORTH HEREIN AND FURTHER ORDER THAT:

IT IS HEREBY ORDERED Commissioner Wilkerson's Decision and Order dated January 29, 2016, is affirmed and shall remain in effect.

IT IS HEREBY ORDERED that the Defendants shall pay causally-related medical expenses incurred as a result of the Claimant's compensable May 9, 2014 injury to the back and left leg.

IT IS FURTHER ORDERED that the Defendants shall pay the Claimant 12.7143 weeks of temporary total disability benefits in the amount of \$7,268.38.

IT IS FURTHER ORDERED that the Defendants shall pay the Claimant 30 weeks of permanent partial disability benefits representing 10% to the back or \$17,150.10.

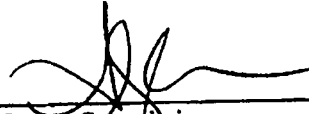

IT IS FURTHER ORDERED that the Defendants shall pay the Claimant 25.35 weeks of permanent partial disability benefits representing 13% to the leg or \$14,491.83.

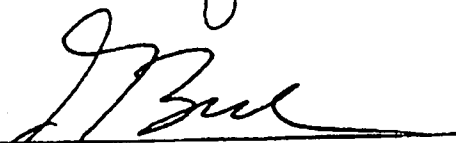

IT IS FURTHER ORDERED that the Claimant is entitled to additional medical treatment in the form of physical therapy.

AND IT IS SO ORDERED.

PALMETTO COURT REPORTING
 321 Mac Circle Lexington, SC 29073
 (803) 358-0515
www.PalmettoCourtReporting.com

- 1 Q. Okay. After that, where did you go?
- 2 A. I went to Food Lion.
- 3 Q. How long were you at Food Lion?
- 4 A. About a year.
- 5 Q. And what position did you have there?
- 6 A. Manager.
- 7 Q. And then after that, where did you go to work?
- 8 A. I went to Pepsi.
- 9 Q. Okay. When did you start working with Pepsi?
- 10 A. I think it was around, like, June.
- 11 Q. Of -- of what year?
- 12 A. 2013, I believe.
- 13 Q. And what job did you have at Pepsi?
- 14 A. Starting off?
- 15 Q. Yes, sir.
- 16 A. A merchandiser.
- 17 Q. And tell me about what a merchandiser does.
- 18 A. A merchandiser waits for the boat truck to deliver
- 19 the merchandise and checks it in, then the merchandiser
- 20 begins breaking down the pallets and putting it on the
- 21 shelves.
- 22 Q. Okay. Does it require a lot of lifting?
- 23 A. Yes, sir.
- 24 Q. Does it require a lot of bending?
- 25 A. Yes, sir.

- 1 A. Yes, sir.
- 2 Q. Okay. Explain to me how that happened and what
3 you noticed as far as your low back.
- 4 A. I -- you know, the course of the time I was
5 working consecutively I started feeling pain in my
6 lower back; then I had two (2) days off.
- 7 Q. What did you do during those two (2) days?
- 8 A. Not much at all.
- 9 Q. All right. And would that have been May 7th and
10 May 8th?
- 11 A. I believe so; yes, sir.
- 12 Q. Okay. And then, on the morning of May the 9th,
13 walk me through that; tell me what happened.
- 14 A. The morning of May 9th I showed up at the Walmart
15 probably about 5:30 in the morning, close to 6:00 in
16 the morning, started working the truck, found out I had
17 to change a display out and then, finally, I went to go
18 fill up the water and that's when I just called it
19 quits; I couldn't do it no more and I reported it to my
20 supervisor that I just couldn't continue the day.
- 21 Q. All right. Now, tell me about what you're talking
22 about, specifically with the water; is that a case of
23 Aquafina?
- 24 A. Yes, sir.
- 25 Q. Okay. And what was it about that that led you to

(803) 358-0515
www.PalmettoCourtReporting.com

1 say I can't do it anymore?

2 A. When I picked it up I just -- the pain was too

3 bad; I just couldn't continue the route.

4 Q. And at that point did you call your supervisor?

5 A. Yes, sir.

6 Q. Who was your supervisor?

7 A. Eric Smith and Landon Papay.

8 Q. What did you tell them?

9 A. That I was -- you know, I just needed to go home

10 at that time and because I just -- with the pain in my

11 back I couldn't continue on. And then, Landon

12 instructed me that I had to call JOB HURT,

13 1-800-JOB-HURT.

14 Q. Did you do that?

15 A. Yes, sir.

16 Q. Okay. And what did you tell 1-800-JOB-HURT when

17 you called them?

18 A. That I hurt my back while I was at work; I

19 couldn't give them a specific incident.

20 Q. Okay. Now, after that did they instruct you to go

21 to Doctor's Care?

22 A. Yes, sir.

23 Q. Okay. What did Doctor's Care do for you?

24 A. They just -- I believe they -- I believe they just

25 did a x-ray on my -- on my back.

PALMETTO COURT REPORTING
321 Mac Circle Lexington, SC 29073
(803) 358-0515
www.PalmettoCourtReporting.com

- 1 Mr. Bacon: What page?
- 2 Q. -- okay. Are you claiming that you injured
- 3 yourself on May 12th, 2014?
- 4 A. I don't recall exactly what date.
- 5 Q. You don't recall exactly what date you injured
- 6 yourself?
- 7 A. No, sir.
- 8 Q. Okay. Now, on May 9th -- I'm sorry. On September
- 9 5th, 2014, I conducted your deposition for the first
- 10 time and during the course of the deposition do you
- 11 recall alleging injuring yourself on May 6th, 2014?
- 12 A. If that's what's in the transcript then, yes. But
- 13 I remember in the beginning we clarified that the dates
- 14 were not all accurate.
- 15 Q. Okay. I can present you with your deposition --
- 16 A. Uh-huh.
- 17 Q. -- deposition testimony. Would you or would you
- 18 not agree that on May 6th, 2014, you told me that you
- 19 injured your back while working at a Walmart on May
- 20 6th, 2014?
- 21 A. If it's in my deposition; yes, sir.
- 22 Q. So, do you agree you testified for that?
- 23 A. Yes, sir; if it's in my deposition.
- 24 Q. Okay.
- 25 Mr. Smith: And that's a page 30 of his

PALMETTO COURT REPORTING
321 Mac Circle Lexington, SC 29073
(803) 358-0515
www.PalmettoCourtReporting.com

- 1 Q. But you called her on this same day that you're
2 alleging you injured yourself today and spoke with her?
- 3 A. Yes.
- 4 Q. Okay. So, you're alleging the injury of May 9th,
5 2014, and you spoke with the 1-800-JOB-HURT operator on
6 May 9th, correct?
- 7 A. Correct.
- 8 Q. And you told her you injured yourself on May 2nd,
9 correct?
- 10 A. Yes. That's when I started feeling the pain in my
11 lower back.
- 12 Q. Did you mention on May 9th, 2014 -- because what
13 you told her on cross-exam -- make sure I'm not -- I'm
14 sorry, during direct exam -- you said after lifting
15 this case of Aquafina and it was too much on your back,
16 you felt pain so you called your supervisor. And what
17 did they tell you to do?
- 18 A. They told me to call 1-800-JOB-HURT.
- 19 Q. Okay. And how long did that take from that
20 transition from when you lifting that case of Aquafina
21 till when you called the 1-800-JOB-HURT operator?
- 22 A. Less than, probably, fifteen (15) minutes.
- 23 Q. Okay. So, within that fifteen (15) minutes when
24 you called the 1-800-JOB-HURT operator and you injured
25 yourself on May 9th lifting a case of Aquafina, did you

1 RECROSS-EXAMINATION

2 By Mr. Smith:

3 Q. Your attorney indicated that you told the operator
4 that you had some pain on May 2nd and you also had some
5 pain on May 9th?

6 A. I didn't say the exact date but that was the day I
7 called was on May 9th.

8 Q. Didn't you say you had pain that day for, like,
9 two (2) hours --

10 A. Yeah, I --

11 Q. -- from what you said earlier?

12 A. -- it shows that I had pain.

13 Q. Is that what you told her?

14 A. In the -- on line 8 it says, I worked a couple of
15 hours today and told them I wasn't going to be -- going
16 to be able to do it; my back was killing me too bad.

17 Q. Okay. And doesn't it -- didn't you also tell the
18 1-800-JOB-HURT operator that your back had been killing
19 you for the last thirteen (13) days?

20 A. I don't -- I said I believe it's been killing me
21 for a little while.

22 Q. So, we're not just looking at May 2nd, May 9th;
23 we're looking at thirteen (13) days. So, are you
24 alleging you -- you injured yourself over thirteen (13)
25 days or on a specific date?

PALMETTO COURT REPORTING
321 Mac Circle Lexington, SC 29073
(803) 358-0515
www.PalmettoCourtReporting.com

1 A. I don't -- it transpired over the time I was
2 working. There was no -- I can't remember exactly what
3 day, what item exactly hurt me --

4 Q. So, you cannot recall --

5 A. -- but I remember on May 9th when I picked up a
6 Aquafina -- a pack of Aquafina Nice and that's when I
7 gave in --

8 Q. -- do you think that was the mechanism --

9 A. -- I couldn't deal with the pain.

10 Q. -- mechanism of injury or do you think it was
11 working for the thirteen (13) days prior due to
12 repetitive lifting?

13 A. It was probably through the whole time.

14 Q. Probably due to repetitive lifting?

15 A. Yes.

16 Mr. Smith: I have no further, Your
17 Honor.

18 Mr. Bacon: Nothing, Commissioner,
19 unless you have any questions for Mr. Wikel.

20 Commissioner Wilkerson: I don't think
21 so. You may be excused.

22 Mr. Wikel: All right. Thank you, sir.

23 Commissioner Wilkerson: Thank you. Is
24 the person you're calling, is he --

25 Mr. Smith: I have him sequestered, Your

PALMETTO COURT REPORTING
321 Mac Circle Lexington, SC 29073
(803) 358-0515
www.PalmettoCourtReporting.com

- 1 A. I am.
- 2 Q. -- at least during oral -- oral arguments by his
3 attorney?
- 4 A. Yes.
- 5 Q. Okay. Did you ever hear about a work related
6 accident on May 9th, 2014, by Mr. Wikel?
- 7 A. If I remember correctly, he either called myself
8 or Eric Smith, his direct supervisor, and stated that
9 his back -- he could not -- he could no longer work
10 that day; his back was hurting him too -- at that point
11 in time too much where he could not work. He -- I
12 believe, it was either Eric -- either Eric Smith or
13 myself that told him at that point in time to call the
14 1-800-JOB-HURT number, for him to report it and then to
15 go to see the doctor.
- 16 Q. Okay. And do you know where he was on May 9th,
17 2014?
- 18 A. I -- I'd have to look at his sheets and see
19 exactly what day and what -- what store he was at.
- 20 Q. Do you recall how or -- he told you he injured
21 himself?
- 22 A. I believe he said he was lifting a case of
23 product.
- 24 Q. Okay. Did he say on that day or any particular
25 day or --

1 A. He said it was on that -- on that day -- that it
2 was that morning, yes.

3 Q. -- lifted something that morning?

4 A. Uh-huh.

5 Q. You just have to answer verbally yes or no.

6 A. Yes. Sorry.

7 Q. Okay. Prior to this -- that date, did Kevin ever
8 report to you that he ever had any prior problems with
9 his back?

10 A. Yes. Kevin had actually come to me previous to
11 that because I -- well, we had talked about back issues
12 before since he knew that I had had back surgery and he
13 had stated at that point in time that he had a back
14 injury as -- as well. He had stated that he had two
15 (2) slipped disks.

16 Q. Can we clarify it for the Court's sake, when did
17 you have this conversation?

18 A. Prior to that date, several weeks before that.

19 Q. Several weeks before which date, sir?

20 A. May 9th.

21 Q. May 9th?

22 A. Yes.

23 Q. Okay.

24 A. We had -- we were having a conversation outside, I
25 believe it was after one of our -- our town hall

18 Clarks Summit Drive • Bluffton, SC 29910
(843) 815-9700 • Fax (843) 815-9701

Patient Name: WIKEL, KEVIN M

Date of Exam: 5/27/2014

Referring Physician: Dr. Curtis Franke

DOB: _____

Indication: Low back and left lower extremity pain after lifting injury.

Equipment: 3.0T GE Discovery MR750w 32-channel ultra-short/wide bore MRI scanner with Silent Scan

MRI OF THE LUMBAR SPINE (72148): Sagittal short TR, long TR/long TE and axial short TR, long TR/long TE images were obtained. Sagittal long TR/long TE survey images of the cervicothoracic spine were obtained for vertebral enumeration (for no additional fee).

The vertebral alignment is anatomic in the sagittal plane.

The vertebral body heights are maintained. There is a transitional appearance of the S1 vertebral body with partial lumbarization and a prominent S1-2 intervertebral disc. There is mild narrowing of and signal loss seen within the L4-5 and L5-S1 intervertebral discs.

The distal spinal cord, conus medullaris and cauda equina are normal in signal intensity and morphology.

The neural foramina are widely patent.

Axial images at L5-S1 demonstrate minimal diffuse annular bulging with superimposed moderate sized left paracentral disc extrusion. Findings create moderate central stenosis and severe left lateral recess stenosis.

Axial images at L4-L5 demonstrate a small central disc extrusion with mild central stenosis.

Axial images at L1-L2, L2-L3, and L3-L4 demonstrate no abnormality.

IMPRESSION:

1. There is a transitional appearance at the lumbosacral junction with a prominent S1-2 intervertebral disc as described above.
2. Moderate central stenosis at the L5-S1 level secondary to left paracentral disc extrusion superimposed on diffuse annular bulging. There is severe left lateral recess stenosis at this level with probable left S1 traversing nerve root impingement.
3. Mild central stenosis at L4-5 secondary to small central disc extrusion.
4. There is no significant foraminal stenosis seen.

| No ☒ | ☐ Yes | Other implant _____ |
| No ☒ | ☐ Yes | Breathing problem or motion disorder |
| No ☒ | ☐ Yes | Claustrophobia |
| No ☒ | ☐ Yes | High Blood Pressure/ Hypertension |
| No ☒ | ☐ Yes | Diabetes, if yes Type: _____ |

Please mark on the figure(s) below the location of any implant or metal inside of or on your body.

IMPORTANT INSTRUCTIONS

Before entering the MR environment or MR system room, you must remove all metallic objects including hearing aids, dentures, partial plates, keys, beeper, cell phone, eyeglasses, hair pins, barrettes, jewelry, body piercing jewelry, watch, safety pins, paperclips, money clip, credit cards, bank cards, magnetic strip cards, coins, pens, pocket knife, nail clipper, tools, clothing with metal fasteners, & clothing with metallic threads.

Please consult the MRI Technologist or Radiologist if you have any question or concern **BEFORE** you enter the MR system room.

NOTE: You may be advised or required to wear earplugs or other hearing protection during the MR procedure to prevent possible problems or hazards related to acoustic noise.

I attest that the above information is correct to the best of my knowledge. I read and understand the contents of this form and had the opportunity to ask questions regarding the information on this form and regarding the MR procedure that I am about to undergo.

18 Clarks Summit Drive • Bluffton, SC 29910
(843) 815-9700 • Fax (843) 815-9701

Patient Name: WIKEL, KEVIN M

Date of Exam: 3/9/2015

Referring Physician: Dr. Scott Strohmeyer

DOB:

Indication: Back pain radiating to the left leg after lifting injury.

Comparison: Reference made to prior study dated 5/27/2014.

Equipment: 3.0T GE Discovery MR750w 32-channel ultra-short/wide bore MRI scanner with Silent Scan

MRI OF THE LUMBAR SPINE (72148): Sagittal short TR, long TR/long TE and axial short TR, long TR/long TE images were obtained.

The vertebral alignment is anatomic within the sagittal plane.

The vertebral body heights are maintained. There is a transitional appearance at the S1 vertebral body again noted and a prominent S1-2 intervertebral disc. There is mild narrowing of and signal loss seen within the L4-5 and L5-S1 intervertebral discs.

The distal spinal cord, conus medullaris, and cauda equina are normal in signal intensity and morphology.

The neural foramina are widely patent.

Axial images L1-2, L2-3, and L3-4 demonstrate no abnormality.

Axial images at L4-5 demonstrate slight interval decrease in small central disc extrusion with borderline central stenosis.

Axial images at L5-S1 demonstrate minimal diffuse annular bulging with superimposed large central/left paracentral disc extrusion. Findings create moderate central stenosis and severe left lateral recess stenosis.

IMPRESSION:

1. There is a transitional appearance of S1 at the lumbosacral junction with a prominent S1-2 intervertebral disc.
2. There is interval increase in left paracentral disc extrusion at L5-S1. There is persistent moderate central stenosis and severe left lateral recess stenosis with impingement of the left S1 traversing nerve root.
3. There is interval decrease in small central disc extrusion at L4-5 with persistent borderline central stenosis.
4. No foraminal stenosis is seen.

18 Clarks Summit Drive • Bluffton, SC 29910
(843) 815-9700 • Fax (843) 815-9701

Patient Name: WIKEL, KEVIN M

Date of Exam: 5/27/2014

Referring Physician: Dr. Curtis Franke

DOB:

Indication: Low back and left lower extremity pain after lifting injury.

Equipment: 3.0T GE Discovery MR750w 32-channel ultra-short/wide bore MRI scanner with Silent Scan

MRI OF THE LUMBAR SPINE (72148): Sagittal short TR, long TR/long TE and axial short TR, long TR/long TE images were obtained. Sagittal long TR/long TE survey images of the cervicothoracic spine were obtained for vertebral enumeration (for no additional fee).

The vertebral alignment is anatomic in the sagittal plane.

The vertebral body heights are maintained. There is a transitional appearance of the S1 vertebral body with partial lumbarization and a prominent S1-2 intervertebral disc. There is mild narrowing of and signal loss seen within the L4-5 and L5-S1 intervertebral discs.

The distal spinal cord, conus medullaris and cauda equina are normal in signal intensity and morphology.

The neural foramina are widely patent.

Axial images at L5-S1 demonstrate minimal diffuse annular bulging with superimposed moderate sized left paracentral disc extrusion. Findings create moderate central stenosis and severe left lateral recess stenosis.

Axial images at L4-L5 demonstrate a small central disc extrusion with mild central stenosis.

Axial images at L1-L2, L2-L3, and L3-L4 demonstrate no abnormality.

IMPRESSION:

1. There is a transitional appearance at the lumbosacral junction with a prominent S1-2 intervertebral disc as described above.
2. Moderate central stenosis at the L5-S1 level secondary to left paracentral disc extrusion superimposed on diffuse annular bulging. There is severe left lateral recess stenosis at this level with probable left S1 traversing nerve root impingement.
3. Mild central stenosis at L4-5 secondary to small central disc extrusion.
4. There is no significant foraminal stenosis seen.

INITIAL OFFICE VISIT
HISTORY AND PHYSICAL

CHIEF COMPLAINT: Left leg radicular pain.

HISTORY OF PRESENT ILLNESS: He is a 24-year-old gentleman. He works for Pepsi and does a lot of lifting. There was no one incident, but six weeks ago he began having back and left lower extremity pain. Now, he basically has radicular pain in his left leg in the L5-S1 distribution of the left leg. There was no trauma associated with it. It was not just one incident. He denies any bowel or bladder complaints. He denies any weakness.

PMH: The patient's review of system, past medical history, medications, allergies and vital signs were personally reviewed and recorded in the chart.

PHYSICAL EXAMINATION: On his physical examination he can toe and heel walk without difficulty. Strength in the quad, hamstring, EHL, anterior tibia, gastroc-soleus complex is 5/5. He has a positive straight leg raise. He has full range of motion of the hip. There is no leg length discrepancy. There are no rashes. There is no atrophy.

His MRI scan shows a 5-1 disk herniation to the left encroaching the S1 nerve root.

CLINICAL IMPRESSION: S1 radiculopathy secondary to a herniated disk at L5-S1. I went through the gamut of conservative treatment with him. It has only been about six weeks. He is neurologically intact. We will try an injection to calm it down. He feels like the pain is actually getting worse and not better. He has been doing some stretching exercises and taking some anti-inflammatories and that just has not helped him. So I will set him up for an injection. I want to see him back following the injection and check his progress. If he is not better we will plan on a micro-discectomy, which we briefly discussed today, also.

Scott E. Strohmeyer, M.D.

06/24/14

He returns back, today. He is a healthy gentleman with a disk herniation at 5-1 on the right side with an S1 radiculopathy. He had one injection with Dr. Batson and he says it is, definitely, better. This has been going on for about six weeks. He has definitely improved compared to where we started.

The patient's review of systems, past medical history, medications, allergies and vital signs were personally reviewed and recorded in the chart.

On his physical examination he is neurologically intact sensory and motor. He has no deficits. He has a tension sign. He has good pulses. His reflexes are intact. There is no atrophy.

No x-rays, today.

IMPRESSION: Disk herniation at L5-S1 with an S1 radiculopathy. He is doing better. He is going to continue with conservative treatment with another injection. I gave him a work excuse to put him on light duty. He should limit his lifting and no ladders or climbing or stooping. I will see him back in about three weeks following his second injection and check his progress.

Scott E. Strohmeyer, M.D.

07/11/14

He returns back, today. He is doing fine. He is about 65% better. He has had two injections, so he is on the right path. He has a 5-1 disk herniation with a lumbar radiculopathy.

The patient's review of systems, past medical history, medications, allergies and vital signs were personally reviewed and recorded in the chart.

On his physical examination he has no bowel or bladder complaints. There are no skin lesions. There are no rashes. There are no tension signs. He has normal posture. He has no guarding. He has full range of motion of the hips. There is no trochanteric tenderness. He can toe and heel walk without difficulty.

No x-rays, today.

IMPRESSION: Lumbar radiculopathy that is resolving. He has his third injection scheduled. He is going away for management training. So he will have his third injection and then he is going to be gone for about six weeks for management training. He is an assistant manager at Wal Mart up in Hardeeville. So I gave him some steroids to take. I told him that it looks like it is going in the right direction. I will see him back when he gets back into town and, hopefully, it will continue to resolve. If it does not then we will discuss a diskectomy, at that time.

He returns back, today. He is doing fine. He, actually, wants to get back and start working out. He really has no issues at all, at this point. He has had his three injections. He is near 100% better, at this point.

The patient's review of systems, past medical history, medications, allergies and vital signs were personally reviewed and recorded in the chart.

On his physical examination he is neurologically intact. There are no tension signs and no long tract signs. There are no skin lesions. Strength in the quad, hamstring, EHL, anterior tibia, gastroc-soleus complex is 5/5. He has 2+ pulses.

So I discussed it with him. From my standpoint, he should do low-impact activities. We talked about some do's and don'ts. I will see him back in six weeks or p.r.n. at this point.

Scott E. Strohmeyer, M.D.

He returns back, today. He is a 24-year-old gentleman who is the assistant manager at Wal Mart. He presents with lumbar radiculopathy. He had the same thing last year. He was treated conservatively with three injections and some Physical Therapy. I saw him in November and he was doing well. He has been back to full duty, but he had a recurrence of his pain. He has terrible pain, again, in the back and down the left leg. There are no bowel or bladder complaints. There was no new trauma.

The patient's review of systems, past medical history, medications, allergies and vital signs were personally reviewed and recorded in the chart.

His physical examination is totally benign. There is no asymmetry and there is no atrophy. He has 2+ pulses and his reflexes are 2+. Strength in the quad, hamstring, EHL, anterior tibia, gastroc-soleus complex is 5/5. He can toe and heel walk without difficulty.

IMPRESSION: Lumbar radiculopathy. It looks like he has a recurrence. He will need a new MRI scan to fully evaluate this. I will set that up for him and put him on some steroids. I will see him back following the MRI scan and discuss options, at that point.

Scott E. Strohmeier, M.D.

He returns back, today. He is a 24-year-old gentleman with lumbar radiculopathy left sided. It has been going on for about one year, now. He has had three injections and Physical Therapy. There are no bowel or bladder complaints. He has severe left leg pain. I repeated his MRI scan and he is back for my review.

The patient's review of systems, past medical history, medications, allergies and vital signs were personally reviewed and recorded in the chart.

On his physical examination he has no asymmetry and no atrophy. He can toe and heel walk. He has a positive tension sign. He has good pulses. There are no rashes or atrophy.

His MRI scan shows a large disk herniation at 5-1 on the left. He has disk disease at 4-5 and at 5-1.

So I discussed options with him. It is time to get this thing removed. He agrees as he is absolutely miserable. He wants to get on with his life. I explained to him that there is a 3% infection rate and we discussed CSF leaks, nerve root injury, reherniation rate of 10% and imponderable. We will plan to proceed as scheduled.

He returns back, today. He is doing fine. He has a little bit of buttock pain, but his leg pain is better. All of the posterior leg pain has completely resolved. Otherwise, he is doing well.

The patient's review of systems, past medical history, medications, allergies and vital signs were personally reviewed and recorded in the chart.

On his physical examination his wound looks clean and dry. He is neurologically intact sensory and motor. There is no sign of infection. There is no fluid collection.

No x-rays, today.

IMPRESSION: Status post microdiscectomy. He is doing fine. He will continue his walking program. I will see him back in one month and we will start a formal Physical Therapy program, at that point.

He returns back, today. He is six weeks out and he is doing fine. He really has no issues, whatsoever. He had a revision discectomy done secondary to a large disk herniation. He is doing well.

The patient's review of systems, past medical history, medications, allergies and vital signs were personally reviewed and recorded in the chart.

He is six weeks out, now. He cannot be cleared to go back to work until he can lift 50 lbs. I think we will want to start some Physical Therapy first before we throw him back into work. I will set up the Physical Therapy with him, today. I will see him back in six weeks and I will release him, at that point.

On his physical examination, today, his wound looks great. He is neurologically intact. He has no guarding. There is no leg pain, whatsoever.

I will see him back in six weeks and, hopefully, release him back to work at that point.

He returns back, today. He is three months out and he is doing great. He has no issues, whatsoever. He had a diskectomy three months ago. He has done six weeks of physical therapy and he is on a home program, at this point.

The patient's review of systems, past medical history, medications, allergies and vital signs were personally reviewed and recorded in the chart.

On his physical examination his wound is intact. He is neurologically intact. His wound looks great. He has excellent strength. There is no leg pain and no numbness.

So I discussed it with him, today. From my standpoint, he will continue with his exercise program. He can progress to activities as tolerated. I will see him back on a p.r.n. basis.

I evaluated Kevin Wikel on June 5, 2014 for low back and left leg pain which Kevin related to prolonged lifting, loading and bending as part of his job as a delivery driver for Pepsi. An MRI dated May 27, 2014 confirmed L5-S1 moderate central stenosis secondary to left paracentral disc extrusion superimposed on diffuse annular bulging, as well as left lateral recess stenosis with probable left S1 traverse nerve root impingement. Kevin then underwent a conservative course of treatment, including medications and injections, which produced only temporary beneficial results. As such, on April 2, 2015, I performed a left-sided microdiscectomy at L5-S1.

It is my opinion, to a reasonable degree of medical certainty, that Kevin's low back and left leg radicular complaints are the direct result of prolonged lifting, loading and bending as part of his job as a delivery driver for Pepsi culminating in his need for treatment, including surgery.

Subjective:

CC:

1. Low back pain.

HPI:

Pain management:

The patient is complaining of pain located in the lower back. The pain radiates down the left lower extremity. The pain began 5 weeks ago. The pain occurred prolonged lifting, loading and driving while performing his job. The pain is described as sharp, shooting. The pain interrupts activity/exercise, sleep. The severity of the pain is 7/10 average, 10/10 max. The timing of the pain is continuous. The pain is associated with balance/walking difficulty, occasionally, poor sleep, occasionally. The patient denies fevers, chills and nightsweats. The patient reports no numbness or tingling in the leg. The pain is improved by lying down, standing. The pain is aggravated by bending forward, bending backward, sitting. Prior evaluation includes radiographs, MRI of the lumbar spine, (see scanned in report). Prior treatments include oral steroids, muscle relaxer. Pain medications that have been tried include Prednisone and Flexeril. Medical assistant initials: DD.

ROS:

Constitutional:

Patient denies fatigue, fever, night sweats, unintentional weight loss.

Dermatology:

Patient denies rash.

Endocrinology:

Patient denies cold intolerance, heat intolerance.

Cardiology:

Patient denies chest pain/pressure, irregular heart beat.

Patient denies shortness of breath, wheezing.

Gastroenterology:

Patient denies change in bowel habits, abdominal pain, indigestion, constipation, diarrhea, blood in stool.

Hematology/Lymph:

Patient denies abnormal bleeding, abnormal bruising.

Urology:

Patient denies urinary incontinence/difficulty.

Neurology:

Patient denies weakness, paralysis, balance difficulty, headache.

Psychology:

Patient denies depression, anxiety.

Surgical History: Left Middle Finger.

Family History: Non-Contributory

Social History: Tobacco Use Patient is a: current smoker. Alcohol: none. Occupation: sales person/delivery for Pepsi. Recreational drug use: denies.

Medications: None

Allergies: N.K.D.A.

Objective:

Vitals: HR 103, BP 135/98, Ht 72, Wt 250, BMI 33.90.

Summary View

Page 2 of 3

Examination:

General examination:

General appearance: alert and Oriented x 3. Body Habitus large frame, overweight. Appears to be in mild pain. Mood: Pleasant. Coordination: No balance problems identified, Fine motor coordination without obvious deficit. Gait: Heel to toe, Normal. Station: Normal. HEENT: eyes clear without Injectate. Lungs: no labored breathing and no accessory muscle usage.

Lower back:

Inspection: normal lumbar lordosis. Palpation: No tenderness or abnormalities. Range of Motion: well preserved. Slump test: Positive on the left. Femoral nerve stretch Deferred. Stability: No overt evidence for instability on exam.

Pelvis/Hip:

Hip joint: stable bilaterally. Inspection: no deformities. Palpation: no bony tenderness about the pelvis, no tenderness over the greater trochanteric bursa. Range of motion: Pain free and unrestricted ROM.

Knee:

Inspection: No obvious deformities. Effusion not present. Palpation: non-tender. Stability: overall appears stable. Range of motion: full.

Neurology:

Motor strength: strength is normal and symmetric including the hip flexor, quad, ant tib, EHL and soleus. Sensory exam: normal to light touch. Reflexes: 2+ and symmetrical throughout the upper and lower extremities. Upper motor neuron signs: negative Babinski, no clonus, normal tone.

Skin:

Skin without obvious rashes or lesions.

Cardiovascular:

Pulses- dorsalis pedis 2+. Extremities warm. Peripheral edema not present.

Lymphatics:

Lymphatics clear without obvious adenopathy.

Therapeutic Interventions:

Assessment:

Assessment:

Plan:

1. Lumbago

I explained heat may be helpful for the myofascial and joint related pain, in particular prior to movement, activity and therapeutic exercises. I suggested this be performed 1-2 x / day for 20-30 mins and to avoid direct contact of a heat source to the skin. Home exercises reviewed and encouraged.

2. Displacement of lumbar intervertebral disc without myelopathy

MRI findings were reviewed and discussed with the patient today. I have personally reviewed the images (if provided). The report is scanned in our EMR.

3. Spinal stenosis of lumbar region

We will continue to monitor strength and neurologic function.

4. Thoracic or lumbosacral neuritis or radiculitis, unspecified

Given the moderate - severe pain at times and lack of response to conservative measures thus far, I have suggested an epidural steroid injection under fluoroscopic guidance.

Procedures:

Planned Procedure:

Lumbar/Sacral TF ESI Alternative treatment options were reviewed with the patient. The patient has elected to undergo a lumbar transforaminal epidural steroid injection. Informed consent was obtained. Level- Left L4 & L5 *****Addendum- Lt L5 and S1 to be performed. JB, MD 6/13/14*****

New Patient Pain Questionnaire

The following questions are designed to provide your physician with a thorough understanding of your pain and symptoms. If you do not understand or cannot complete any portion of this form please ask for assistance.

Name: Kevin Wike Date: 6/17/14

Please mark the figure with the location of your pain/symptoms:

How long have you been having the problem? 5 weeks

Would you describe the pain as: (please circle all that apply)
ACHING BURNING CRAMPING DULL SHARP STABBING SHOOTING THROBBING
OTHER (describe): _____

Does your pain interrupt: (please circle all that apply)
Activity/Exercise Happiness Sleep Work Other: _____

Mark the following scale to reflect your pain on average:

LEAST 0-1-2-3-4-5-6-7-8-9-10 MOST

Mark the following scale to show your pain when it is at its worst:

LEAST 0-1-2-3-4-5-6-7-8-9-10 MOST

Describe the timing of your pain: (please circle)
Continuous Intermittent Worse in the morning Worse in the evening No pattern

Is your pain associated with: (please circle)
Bowel dysfunction Bladder incontinence Balance/walking difficulty Weakness
Numbness Tingling Headaches

If you have any of the following symptoms, please circle: FEVER CHILLS NIGHTSWEATS

Please answer the following about your pain: (please circle)

1. Which of the following **REDUCE** your pain?
 NOTHING BENDING FORWARD BENDING BACKWARD REST/SLEEP LYING DOWN
 SITTING STANDING WALKING CHANGING POSITIONS ICE HEAT

2. Which of the following **INCREASE** your pain?
 EVERYTHING BENDING FORWARD BENDING BACKWARD REACHING LYING ON BACK
 LYING ON STOMACH SITTING STANDING WALKING CHANGING POSITIONS ROTATION
 COUGHING SNEEZING BEARING DOWN PHYSICAL ACTIVITY EXERCISE

If you have had any of the following diagnostic studies, please give the appropriate information:

X-RAYS	Body Part- <u>LOW BACK</u>	Location Performed- <u>Dr. Carr</u>	Date Performed-
MRI	Body Part- <u>LOW BACK</u>	Location Performed- <u>ReHair</u>	Date Performed-
CT	Body Part-	Location Performed-	Date Performed-
EMG Nerve Study	Body Part-	Location Performed-	Date Performed-

If you have been treated with any of the following, please circle:
 MEDICATIONS (Over the counter / Prescription) ORAL STEROIDS PHYSICAL THERAPY CHIROPRACTIC
 HOME EXERCISES SPINAL INJECTIONS SPINAL SURGERY OTHER:

Please list any pain medications you have taken for the pain in the past and note if they helped or not:

If your pain is due to an accident/injury, please complete the following:

1. Date of accident or injury: / /
2. Is your injury due to a motor vehicle accident? YES NO If no please go to #3.
 • If yes were you the driver, front seat passenger, rear passenger, or pedestrian? (please circle)
 • Were you wearing a seatbelt? YES NO
 • Were you hit from the rear, front, driver, or passenger side? (please circle)
 • How fast was your vehicle going?
 • How fast was (were) the other vehicle(s) going?
3. Is your injury work related? YES NO Is your injury due to an accident at work? YES NO.
4. Did you ever see a health care provider for back/neck pain prior to the injury? YES NO.
5. Please describe how the accident or injury occurred:

WORK STATUS

Are you currently? Working Full time Working Part time
 Unemployed Disabled, Temporarily Disabled, Permanently
 Retired

Have you missed any work because as a result of this injury? YES NO

Do you have any work restrictions? YES NO If yes, please explain:

If you are currently NOT working, how long have you been off work due to your back/neck pain? 5 WEEKS

What is your occupation? Merchandise

Where do you work? PEPS For how long? 2 years

If you work, please place an X next to any of the following you are required to perform:

Assembly Line Work	Using Hand Tools	Stair Climbing	Typing
Repetitive Motion <u>X</u>	Standing on Concrete Floors <u>X</u>	Walking <u>X</u>	Driving <u>X</u>
Carrying <u>X</u>	Heavy Lifting <u>X</u>	Stooping	Writing
Climbing	Desk Work	Extensive sitting	Pushing <u>X</u>
Cold Exposure	Overhead Lifting	Telephone Work	Pulling <u>X</u>
Computer Work	Twisting Motion Using Hands <u>X</u>	Hammering	
Repetitive Motion w/Fine Motor Skills

OPERATIVE REPORT

Pre-op. Diagnosis:

1. Lumbar/Thoracic Radiculitis
2. Spinal Stenosis

Post-op. Diagnosis:

1. Same as pre-op diagnosis

Operation:

1. Lumbar Transforaminal Epidural Steroid Injection with Fluoroscopic Guidance

Anesthesia:

N/A

Indications:

Clinical Scenario- As per our office notes.

Details of Procedure:

The patient was brought back into the procedure room and placed into the prone position on the fluoroscopy table.

A time out was undertaken.

Level- LT L5 and S1

The patient was then prepped and draped in a sterile fashion using Chlorhexidine. Ethyl Chloride spray was used to anesthetize the skin. The patient's skin and subcutaneous tissue were injected with 1cc of 1% Lidocaine without epinephrine for local anesthesia. The 22 gauge spinal needle was inserted into the appropriate foramen(s) using "live" fluoroscopy with radiopaque dye. At this point, 1cc of preservative free 1% Lidocaine was injected into the above nerve root foramen. No sensory motor changes were observed. Then, a solution of 40mg Methylprednisolone and 1-2cc normal saline was injected into each appropriate nerve root foramen(s) prior to withdrawing the needle. All aspirations were negative for heme. Bi-planar imaging was saved for documentation purposes. The patient tolerated the procedure well and had no complications. An appropriate dressing was placed and the patient was then taken to the post-procedure room. The patient was then evaluated and noted to be stable and ready for discharge. The patient was given discharge instructions and left without incident.

If the patient did not have a driver, Lidocaine was not added to the epidural injectate and the patient was monitored in the recovery room a minimum of 30 mins prior to discharge to ensure no neurologic changes (i.e. numbness, weakness) were present.

Specimens:

N/A

Complications:

None

Findings:

Flow was excellent within the ventral epidural space.

Notes:

Procedure Discharge Information

All Patients:

- You may experience an increase in your symptoms/pain for the first 2 days
 - It can take 2 days-2 weeks for the steroid to have maximum effect reducing your pain.
- You may use ice to the site for the first 24-36 hours, 20 minutes each hour as needed until your follow up visit. We do not recommend heat to the back.
- You may take your pain medicine and resume any medications you may have stopped for the procedure.
- You may shower. No swimming, tub bath or Jacuzzi for 24 hours.
- Remove bandage after 4 hours.
- You may resume light activities, as tolerated. Strenuous activities (i.e. golf) should be avoided.
- Check with your requesting physician about re-starting Physical Therapy.
- Resume your usual diet as tolerated.
- You should not drive for the next 3 to 5 hours (have someone drive for you)

If you have had IV sedation the following should be followed:

Do not drive for 24 hours; Do not use public transportation unaccompanied for 24 hours
Do not operate hazardous machinery or make important personal/business decisions for 24 hours
Person driving you home girl friend

POSSIBLE STEROID SIDE EFFECTS (if steroid was used for your procedure)

-If you experience these, it should only last for a short period-

Change in menstrual flow	Edema (swelling)	Increased appetite
Skin flushing (redness)	Skin rash/acne	Thrush (oral)
Vaginitis	Sweats	Depression
Increased blood glucose (sugar) levels		Euphoria (feeling happy)

POSSIBLE PROCEDURE SIDE EFFECTS

Increased Pain	Increased numbness/tingling	Headache
Nausea/Vomiting	Hematoma (bruising/bleeding at site)	Edema (swelling at site)
Difficulty with movement/ambulation		Infection/Fever (above 100.4)

In the event of a significant headache after an epidural steroid injection: drink plenty of caffeinated beverages (coffee, tea, colas). Bed-rest for 24 hours may also help.

If you have any concerns please call our staff or Dr. Batson at 843-208-2420

THESE INSTRUCTIONS HAVE BEEN EXPLAINED TO, AND UNDERSTANDING VERBALIZED BY THE UNDER-SIGNED. A COPY OF THE INSTRUCTIONS HAS BEEN GIVEN TO THE UNDER-SIGNED.

If patient is not sufficiently alert mentally, patient's representative should execute discharge instructions.

**LOWCOUNTRY SPINE & SPORT
SPINE INFORMED CONSENT FORM**

I hereby authorize Dr. John P. Batson to perform the following procedure:

- ☐ CERVICAL ☐ THORACIC ☒ LUMBAR
☐ INTERLAMINAR
EPIDURAL STEROID ☒ TRANSFORAMINAL
EPIDURAL STEROID ☐ FACET JOINT
INJECTIONS
☐ OTHER/SPECIFICS: ① L4+L5

I also authorize any further procedure, which, in their judgment, needs to be done because of any unforeseen condition, which arises during the procedure.

Risks / complications of the procedure have been explained and include, but are not limited to:

- Steroids can cause fluid retention, increase blood pressure or blood sugars, result in bone problems (avascular necrosis, osteopenia), and/or increase intraocular pressures
- Adverse or allergic reaction to anesthetic or other medication (contrast)
- Increased pain
- Perforation of dura resulting in a headache (rare)
- Infection (rare)
- Bleeding around spinal nerves or the spinal cord (rare)
- Bowel or bladder dysfunction (rare)
- Spinal block possibly requiring intubation and hospital admission (rare)
- Nerve or spinal cord damage (rare)
- Seizure, stroke, or paralysis (rare)
- Thoracic procedures also carry the risk of pneumothorax (rare)

I understand and accept that any of these complications could lead to further hospitalizations and surgical procedures for their correction, and although it is very rare (<0.1 %), in my death.

I am aware that, in addition to the risks that have been described to me, there are other risks, such as loss of blood, cardiac arrest, etc., that attend the performance of any procedure.

I am also aware that the practice of medicine and surgery is not an exact science, and I acknowledge that no guarantees have been made to me concerning the results of the proposed procedure. Furthermore, I have been informed of the comparative risks, benefits and alternatives associated with performing the procedure in an office/ambulatory facility vs. a hospital facility.

I have had sufficient opportunity to discuss my/the patient's condition and treatment with the doctor, and all of my questions have been answered to my satisfaction. I believe that I have adequate knowledge upon which to base an informed consent to the proposed procedure. I realize that unexpected conditions may arise during my procedure, with which the

DOB: Age: 24 Y Sex: Male

Provider: John P. Batson, MD
Date: 06/26/2014

Reason for Appointment

1. Low back pain

History of Present Illness

Pain management:

The patient presents status post the following procedure: Lumbar Transforaminal Epidural Steroid Injection. The patient reports brief, but good, improvement from the procedure. Since the procedure, the pain is improved overall. The patient is complaining of pain located in the left leg. The pain does not radiate into the legs. The last visit was 2 weeks ago. The patient's current pain level on average is a 7-8/10. The pain occurred after prolonged lifting, loading, and driving while at his job. The pain is described as sharp. The timing of the pain is intermittent. The pain is associated with no bowel or bladder incontinence, balance difficulties or weakness. The patient denies fevers, chills and night sweats. The pain is improved by standing, lying down, walking. The pain is aggravated by sitting. Medical assistant initials: AN.

Current Medications

None

Past Medical History

No Medical History

Allergies

N.K.D.A.

Review of Systems

Constitutional:

Patient denies fever, night sweats, weight loss.

Dermatology:

Patient denies rash.

Endocrinology:

Patient denies cold intolerance, heat intolerance.

Cardiology:

Patient denies chest pain, leg swelling.

Respiratory:

Patient denies shortness of breath.

Gastroenterology:

Patient denies vomiting, diarrhea, change in bowel habits.

Hematology/Lymph:

Patient denies abnormal bleeding, abnormal bruising.

Urology:

Patient: Wikel, Kevin
DOB:

Provider: John P. Batson, MD
Date: 06/26/2014

Note generated by eClinicalWorks EMR/PM Software (www.eClinicalWorks.com)

Patient denies urinary incontinence.

Neurology:

Patient denies dizziness, balance difficulty, weakness.

Psychology:

Patient denies depression, anxiety.

Vital Signs

HR 100, BP 117/90, Ht 72, Wt 265, BMI 35.94.

Examination

General examination:

General appearance: alert and Oriented x 3. Body Habitus large frame, overweight. Appears to be in mild pain. Mood: Pleasant. Coordination: No balance problems identified, Fine motor coordination without obvious deficit. Gait: Heel to toe, Normal. Station: Normal. HEENT: eyes clear without injectate. Lungs: no labored breathing and no accessory muscle usage.

Lower back:

Inspection: normal lumbar lordosis. Palpation: No tenderness or abnormalities. Range of Motion: well preserved. Slump test: Positive on the left. Femoral nerve stretch Deferred. Stability: No overt evidence for instability on exam.

Pelvis/Hip:

Hip joint: stable bilaterally. Inspection: no deformities. Palpation: no bony tenderness about the pelvis, no tenderness over the greater trochanteric bursa. Range of motion: Pain free and unrestricted ROM.

Knee:

Inspection: No obvious deformities. Effusion not present. Palpation: non-tender. Stability: overall appears stable. Range of motion: full.

Neurology:

Motor strength: strength is normal and symmetric including the hip flexor, quad, ant tib, EHL and soleus. Sensory exam: normal to light touch. Reflexes: 2+ and symmetrical throughout the upper and lower extremities. Upper motor neuron signs: negative Babinski, no clonus, normal tone.

Skin:

Skin without obvious rashes or lesions.

Cardiovascular:

Pulses: dorsalis pedis 2+. Extremities warm. Peripheral edema not present.

Lymphatics:

Lymphatics clear without obvious adenopathy.

Treatment

1. Lumbago

I explained heat may be helpful for the myofascial and joint related pain, in particular prior to movement, activity and therapeutic exercises. I suggested this be performed 1-2 x / day for 20-30 mins and to avoid direct contact of a heat source to the skin. In addition, for more significant pain I have suggested ice packs to affected areas. We discussed a proper icing protocol- 15-20 mins at a time, wait 1-2 hours and repeat if needed. Also, I suggested the patient place something like a thin towel between the ice and skin.

2. Displacement of lumbar intervertebral disc without myelopathy

MRI findings were reviewed again and discussed with the patient today.

3. Thoracic or lumbosacral neuritis or radiculitis, unspecified

The patient received modest improvement from the procedure. Unfortunately the pain continues. I have suggested a repeat injection. Should the pain improve between now and then he/she knows to call and we will hold on the procedure.

4. Spinal stenosis of lumbar region

We will continue to monitor strength and neurologic function.

Lower back:

Inspection: normal lumbar lordosis. Palpation: No tenderness or abnormalities. Range of Motion: well preserved. Slump test: Positive on the left, mild. Femoral nerve stretch Deferred. Stability: No overt evidence for instability on exam.

Pelvis/Hip:

Hip joint: stable bilaterally. Inspection: no deformities. Palpation: no bony tenderness about the pelvis, no tenderness over the greater trochanteric bursa. Range of motion: Pain free and unrestricted ROM.

Knee:

Inspection: No obvious deformities. Palpation: non-tender. Range of motion: full.

Neurology:

Motor strength: strength is normal and symmetric including the hip flexor, quad, ant tib, EHL and soleus. Sensory exam: normal to light touch. Reflexes: 2+ and symmetrical throughout the upper and lower extremities. Upper motor neuron signs: normal tone.

Skin:

Skin without obvious rashes or lesions.

Cardiovascular:

Pulses- dorsalis pedis 2+. Extremities warm. Peripheral edema not present.

Lymphatics:

Lymphatics clear without obvious adenopathy.

Treatment

1. Lumbago

Notes: MRI findings were reviewed again and discussed with the patient today.

2. Thoracic or lumbosacral neuritis or radiculitis, unspecified

Notes: The patient received modest improvement from the procedure. Unfortunately the pain continues. I have suggested a repeat injection. Should the pain improve between now and then he/she knows to call and we will hold on the procedure. The patient is leaving town shortly. Given this and the moderate level of pain we will try to perform the procedure today.

3. Spinal stenosis of lumbar region

Notes: We will continue to monitor strength and neurologic function.

Procedures

Planned Procedure:

Lumbar/Sacral TF ESI. Alternative treatment options were reviewed with the patient. The patient has elected to undergo a lumbar transforaminal epidural steroid injection. Informed consent was obtained. Levels- Left, L5 & S1.

Date: 10/30/2014

Subjective:

Chief Complaints:

1. back pain.

HPI:

Pain management:

The patient presents status post the following procedure- Lumbar Transforaminal Epidural Steroid Injection. The patient reports good improvement from the procedure. Since the procedure, the pain is improved. The patient is complaining of pain located in the lower back. The pain radiates down into the posterior left thigh. The last visit was 3 months ago. The pain began 4-5 months ago, (acute on chronic). The pain occurred after lifting and loading things for his job. The pain is described as sharp. The severity of the pain is 0/10 average while standing, 7-8/10 average while sitting. The timing of the pain is intermittent. The pain is associated with no bowel or bladder incontinence, balance difficulties or weakness. The patient denies fevers, chills and nightsweats. The pain is improved by standing, walking. The pain is aggravated by prolonged sitting. Medical assistant Initials: AN.

Past Surgical, Social, Family history- reviewed, no new updates. Patient mentions swelling in both ankles.

ROS:

Constitutional:

Patient denies fever, night sweats, weight loss.

Dermatology:

Patient denies rash, dry or sensitive skin.

Endocrinology:

Patient denies heat intolerance, cold intolerance.

Cardiology:

Patient denies chest pain, leg swelling.

Respiratory:

Patient denies shortness of breath, cough.

Gastroenterology:

Patient denies nausea, vomiting, change in bowel habits.

Hematology/Lymph:

Patient denies abnormal bleeding, abnormal bruising.

Urology:

Patient denies urinary incontinence, voiding dysfunction.

Neurology:

Patient denies dizziness, balance difficulty, weakness.

Psychology:

Patient denies anxiety, depression.

Medications: None

Allergies: N.K.D.A.

Beaufort Memorial HOSPITAL

AUTHORIZATION FOR TREATMENT AND RELEASE OF INFORMATION

I hereby authorize licensed professionals and their assistants to administer any tests or treatment necessary during this encounter at Beaufort Memorial Hospital (BMH). I also understand that no guarantees or assurances have been made to the results that may be obtained.

PERSONAL PROPERTY

I accept full responsibility for any personal articles that I take to my bedside/treatment area.

KW

PAYMENT AUTHORIZATION/BILLING

I hereby authorize and direct that any and all benefits/insurance proceeds to which I am entitled be paid directly to BMH and any practitioner providing care and treatment to me.

I agree to pay BMH for all charges incurred by the patient in accordance with the regular rates and terms of BMH. I understand that BMH will bill my insurance company/plan/benefit program and request that payment of authorized benefits be made to BMH on my behalf. Any uninsured or non-covered balances/charges are my responsibility.

I understand that BMH does not bill for professional fees for the Emergency Room Physician, Pathologist, Radiologist, or other treating physicians and I may receive a separate bill from their billing companies.

I authorize BMH and all clinical providers who have provided care to me, along with any billing services, collection agencies, attorneys or other agents who may work on their behalf, to contact me on my cell phone and/or home phone using automatic telephone dialing systems or other computer assisted technology.

Did you Provide BMH a copy of your insurance card today?

☒ Yes

☐ No

KW

ASSIGNMENT OF BENEFITS/RIGHTS

I hereby assign, transfer and convey to BMH and any practitioner who provides care and treatment to me, any and all rights, title and interest in the benefits payable for services rendered to me by BMH. This assignment includes, but is not limited to, the right to benefits or the right to payment for benefits. Benefits include, *but are not limited to*: (1) hospital, medical, and/or health benefits provided to me by a fully insured or self-funded employee welfare benefit plan or any group plan sponsored by my employer; (2) hospital, medical, and/or health benefits provided to me under an individual insurance policy; (3) Medicare and/or any Medicare managed care organization; (4) Medicaid and/or any Medicaid managed care organization; (5) TRICARE; (6) workers compensation; (7) PIP coverage; (8) third party liability coverage; (9) any health benefits/health care program established and/or maintained by any State and/or Federal entity; and (10) any other form of reimbursement and/or payment. I hereby warrant and represent that the benefits and/or insurance that I assign is valid and in effect and that I have the right to make this assignment. In the event that my policy and/or plan contains an anti-assignment provision, I agree to cooperate fully with BMH in order to effect payment on my account.

KW

DESIGNATION OF AUTHORIZED REPRESENTATIVE/ATTORNEY IN FACT TO APPEAL

I designate BMH as my authorized representative/attorney in fact and authorize BMH to act on my behalf to: (1) request and receive a copy of the summary plan description and/or policy of insurance; (2) pursue a benefit claim; (3) appeal an adverse benefit determination; (4) seek an administrative review of a disputed claim; and/or (5) file a legal/equitable action to recover benefits due under my employee welfare benefit plan and/or policy of insurance. If I am covered under a policy/ plan pursuant to the Federal Employees Health Benefits Act, I authorize BMH to submit a request for reconsideration to the policy/plan and to request a review by the Office of Personnel Management. In the event that I am a member/enrollee of a Medicaid managed care program, I hereby authorize BMH to act on my behalf to: (1) file a grievance and/or appeal; and (2) request a State Fair Hearing.

REQUEST FOR RESTRICTION AND USE DISCLOSURE

I understand that I have the right under federal and state law to request that my personal health information for this visit be confidential and not forwarded to any third party for any purpose. Furthermore, I understand that this request must be submitted separately as Request for Restriction and Use Disclosure available in the Health Information Services Department and upon request. All services rendered today will be cash only and must be paid in full at the time services are rendered to consider this request if payment may be affected. I understand that upon completion of the request, I will be informed if BMH declines this matter through written notification. BMH reserves the right to decline/terminate the request. Any changes to the request will be sent via a written notification to the affected party.

I understand that my patient information will be released as needed for my treatment, payment and operations unless otherwise specified above. (Regulatory agencies i.e. Joint Commission, Medicare, DHEC & CDC to fulfill Public Health Requirement for purposes of preventing or controlling disease, obligations under the HiTECII ACT, etc.) I consent to appropriate tests for the presence of infections, such as, but not limited to Hepatitis and Acquired Immune Deficiency Syndrome for the protection of others and I authorize the drawing of blood or other body fluids for this purpose. HIV testing will be done only on an as needed basis following employee exposure to a patient's blood, body fluids and/or mucous membranes.

With my consent my name and location in the BMH system will be listed and will only be given out to individuals who ask for me by name. This list may also be used for the delivery of flowers, cards, to make reminder phone calls, etc. In accordance with HIPAA privacy rules, I may refuse to be listed in the system directory, which means my presence at BMH will not be acknowledged. I understand that photographs may be taken of me or the named patient in connection with the medical and other services, which I the patient will receive at BMH.

I give BMH permission to release my patient health information to my Primary Care Physician or to any Physician who is involved in my treatment or care through the electronic health information network.

☒ Yes ☐ No

I wish to designate a family member or other individual with whom the provider may discuss my medical condition.

☒ Yes ☐ No If yes, individual named: Darlene Wikel

I wish to have my name listed in the system directory?

☐ Yes ☒ No

I understand that my health information will be available in the BMH Patient Portal and BMH will utilize my email address for purpose of participation.

Email: wikelos@gmail.com

KW

ADVANCE DIRECTIVES

I understand that I have the right to formulate Advance Directives and appoint a surrogate to make health care decisions on my behalf to the extent permitted by law. I understand that when I provide BMH with a copy of my Advance Directive they will honor it.

KW

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)

I acknowledge and agree that I have been offered a copy of BMH's Notice of Privacy Practices. I understand that there may be circumstances under which information about me may be disclosed or reported to organizations by regulatory compliance.

KW

I have reviewed the Authorization for Treatment and Release of Information and have been provided with the opportunity to ask questions. I understand and agree to the above information as indicated by the authorized signature below.

SURGICAL HISTORY AND PHYSICAL

PATIENT NAME: WIKEL, KEVIN M.
 ACCOUNT #: H02475524
 UNIT #: D035617
 ATTENDING: SCOTT STROHMEYER, MD

ADMISSION DATE: 04/02/2015
 DISCHARGE DATE:
 ROOM AND BED:
 DATE OF BIRTH:

DIAGNOSIS:

1. Herniated disk lumbar spine L5-S1.
2. Lumbar radiculopathy.

HISTORY: This is a 24-year-old gentleman, healthy, assistant manager at Wal-Mart who presents with severe left leg pain. He failed extensive conservative treatment, tincture of time, anti-inflammatory medications and injections. Gave him temporary but no longstanding relief. This has gone on for about a year at this point. MRI confirms a disk herniation at S-1 left.

ALLERGIES: None.

MEDICATIONS: Are none.

PAST MEDICAL HISTORY: Noncontributory. He denies any heart, lung, kidney, liver or endocrine disorders.

REVIEW OF SYSTEMS: Negative.

There is no family history noted.

EXAMINATION: He is a well-developed male in no apparent distress. HEENT is clear. He has full range of motion of the cervical spine without meningeal signs. Chest is clear. CV: Regular rate and rhythm.

ABDOMEN: Soft and nontender. Pelvis stable. He's got tension sign on the left, negative on the right. Strength in his quad, hamstring, EHL, anterior tib and gastroc complex 5/5. He's got good pulses. No rashes.

MRI showed disk herniation, large, S-1 left, disk disease at 4-5, 5-1 but no instability.

LABS: Pending.

ASSESSMENT: 24-year-old with lumbar radiculopathy.

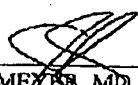

PLAN: To do decompression. No guarantee as to the outcome. We will do a microdiscectomy. Reherniation

PATIENT NAME: WIKEL, KEVIN M.

ACCOUNT #: H02475524

CONSENT TO OPERATION, ANESTHETIC AND OTHER MEDICAL SERVICES

Page 1 of 1

1. I authorize the performance upon Kevin M. Wikel of the following
 Operation/procedure inguinal hernia repair
 (State nature and extent of operation/procedure to be performed)

under the direction of Dr. Strohmeier and/ or such assistants as may be selected by him/her to perform such operation/procedure:

- I recognize that during the course of the operation, additional different approaches or services than the procedure listed above maybe necessary. I authorize and request that the above named surgeons and/or associates, partners, assistants or designees perform such procedures if in his/her professional judgment it is necessary and in my best interest.
- I understand the above named procedure(s) may require that I undergo some form of anesthesia; I consent to the administration of such anesthetics as may be considered necessary or advisable by the responsible anesthesia provider participating in my care.
- I consent to the photographing or videotaping or other observation of the operation or procedures to be performed; including appropriate positions of my body, for medical scientific or educational purposes.
- I also understand that medical, nursing and allied health students/trainees maybe present during the procedure and they observe or assist in my care, under the direction of my surgeon and other hospital staff members.
- I consent to the presence of sales/clinical representatives during the procedure. I understand that sales/clinical representatives do not participate in the procedure.
- I consent to the appropriate disposal (by hospital authority) of any tissue or members which may be removed during the course of the surgical procedure.
- My physician, Dr. _____, has explained to me the nature, purpose and possible consequences of the operative procedure that is being performed. He/she has also discussed possible alternative methods of treatment, the risks involved with this procedure and the possibility of complications that may occur. No one has made or given me a guarantee or assurance regarding the results of the operative procedure.
- I, THE UNDERSIGNED, HAVE HAD THIS FORM EXPLAINED TO ME AND FULLY UNDERSTAND THE CONTENTS OF THE AUTHORIZATION.

SIGNED Kevin M. Wikel

Admit Date: _____
Attending Doctor: Scott Strohmeier, MD

Account Number: H02475524
Unit Number: D035617
Discharge Date: _____

PROCEDURE DATE: 04/02/2015

DIAGNOSIS:

1. Herniated disk L5-S1 left.
2. S1 radiculopathy.

POST: Is the same.

PROCEDURES: Microdiscectomy L5-S1 left

ANESTHESIA: General.

ESTIMATED BLOOD LOSS: Less than 5.

FLUIDS: 1000.

No complications noted.

INDICATIONS: 24-year-old male presents with about a 1-year history of severe left leg pain. MRI confirms a large disk herniation, L5-S1. He has he failed conservative treatment. He has had 3 injections, PT, tincture of time, anti-inflammatory medications. Elected for operative intervention. Understands there is a 10% recurrent herniation rate, nerve root injury, CSF leak, infection of 3% was quoted. No guarantee given to the outcome. Nerve root damage also discussed.

PROCEDURE: Patient brought to the operating room, underwent general anesthesia without difficulty. Rolled into the prone position on the Jackson table. Arms placed in 90/90. C-arm was brought in to mark the spine appropriately. Time-out was performed. The back was then prepped and draped in normal fashion using aseptic technique. Time-out was performed. An approximately 1 cm incision was made over the 5-1 interspace. It was carried down through the subcutaneous tissue, identifying the fascia. The fascia was entered and a subperiosteal dissection was performed exposing the lamina of 5 on 1 on the left side. The facet was identified and protected. Taylor placed behind the facet for gentle retraction. A small laminotomy performed using a 2 and 3 Kerrison. Medial facetectomy was also performed using a 2 Kerrison. This allowed me to elevate the ligamentum which exposed the disk herniation which was subligamentous. The ligament was entered with a Penfield 4 and then the disk was taken out in 1 large fragment and multiple smaller fragments. Multiple passes with a nerve hook and a Penfield 4 to make sure the nerve was freely mobile at the end of the case. Irrigated out. No obvious trauma was noted or CSF leak. The fascia closed with _____ Vicryl, skin 2-0 Monocryl, subcuticular with 3-0 Monocryl suture, Steri-Strips, 10 cc of local, and sterile dressing. No complications. Taken to recovery in stable condition.

PLAN OF CARE CERTIFICATION

Patient Name: Kevin Wikel Date of Eval: 5/20/15
 Date of Birth: _____ Sex: ☐ Male ☐ Female Date of Onset: 4/2/15
 Diagnosis: R/OB LBP & radiculopathy Date of Surgery: 4/2/15
 Referring Physician: Dr. Strohmeyer Surgical Procedure: discectomy
 Cert Period Effective Dates: 5/20/15 through 6/18/15

ASSESSMENT

Patient Presents with Signs and Symptoms Consistent with the Following Therapy Diagnosis(es):

(A) 724.12 (B) 724.14 (C) _____ (D) _____

Clinical Assessment: PT presents 8/9 lumbar discectomy. He has some remaining radicular PI and demonstrates tension as well as weakness. PT warranted to address deficits and return pt to PLOT

Problem List: ☒ Pain ☒ Decreased Range of Motion ☒ Decreased Function ☐ Decreased Postural/ Ergonomic Awareness
☐ Swelling ☐ Decreased Flexibility ☒ Gait Dysfunction ☐ Balance Dysfunction/ Fall Risk
☐ Decreased Strength ☐ Joint Hypermobility/Hypomobility ☐ Other: _____

Comorbidity(ies) that May Impact Rate of Recovery: Smoker

Rehabilitation Potential: ☐ Excellent ☒ Good ☐ Fair ☐ Other: _____

Specific Functional Measurement/Activity	Long Term Functional Goals: Targeted Performance	Weeks
<u>lift: very light only</u>	<u>15th floor -> waist</u>	<u>4</u>
<u>Sit: <1 hour</u>	<u>2 hours to improve work tolerance</u>	<u>1</u>
<u>Stand: <1 hour</u>		
<u>walk: 9th floor</u>	<u>as needed 5. pain</u>	
Functional Tool/Score: _____ ☐ % Disability ☐ % Function	Score: _____ ☐ % Disability ☐ % Function	
Functional Tool/Score: <u>Recovery 56</u> ☒ % Disability ☐ % Function	Score: <u>10</u> ☒ % Disability ☐ % Function	

Functional Activities: ☒ Strengthening ☐ Neuromuscular Reeducation ☒ Manual Therapy ☐ Electrical Stimulation ☐ Hot/Cold Pack
☒ PMAA/PROM ☐ Assistive Device Fitting/Training ☒ Spine Stabilization ☐ Vasopneumatic ☐ Paraffin
☒ Endurance Training ☐ Refer for Assistive Device ☐ McKenzie Assessment ☐ Iontophoresis ☐ Infrared
☒ Posture ☐ Gait Training ☐ Wound Care ☐ Whirlpool/Fluidotherapy ☒ Taping
☒ Flexibility ☐ Orthotic Fitting/Training ☐ Aquatic Therapy ☐ Ultrasound/Phonophoresis ☐ Mechanical Traction
☒ Follow-Up with Physician prn regarding Patient's Pain ☐ Patient Education / Home Exercise Program
☐ Further Objective/Functional Testing per Physician Protocol and/or Therapist Discretion ☐ Follow-Up with Physician regarding Vitamin D Supplementation
☐ Patient referred to Physician for Evaluation due to Positive Depression Screening ☐ Patient referred to Physician for BMI / Weight Management
☐ Other: _____

Treatment Frequency of: 3 times per week Treatment Duration of: 4 weeks

Comments: _____

CERTIFICATION

I have fully discussed the above treatment plan and expected outcomes with the patient. He/she is aware of the diagnosis and prognosis and has voluntarily agreed to participate in physical and/or occupational therapy services as applicable. Thank you for this referral.

Therapist's Signature: [Signature] License #: 6879 Date: 5/20/15
 Printed Therapist's Name: Amy Behn

Certification: I hereby certify that rehabilitation services are medically necessary for the above mentioned patient. I also understand that my signature signifies agreement with the initial Plan of Care, including the estimated frequency and duration, as established by the licensed therapist, and this initial Plan of Care supersedes the instructions outlined on the Prescription that initiated rehabilitation services.

The Revised Oswestry Low Back Pain Questionnaire

Please read: This questionnaire is designed to enable us to understand how much your low back pain has affected your ability to manage your everyday activities. Please answer each section by circling the ONE CHOICE that most applies to you. We realize that you may feel that more than one statement may relate to you, but PLEASE, JUST CIRCLE THE ONE CHOICE WHICH MOST CLOSELY DESCRIBES YOUR PROBLEM RIGHT NOW.

SECTION 1 - Pain Intensity

- 3
- A The pain comes and goes and is very mild.
 - B The pain is mild and does not vary much.
 - C The pain comes and goes and is moderate.
 - ☒ D The pain is moderate and does not vary much.
 - E The pain comes and goes and is severe.
 - F The pain is severe and does not vary much.

SECTION 6 - Standing

- A I can stand as long as I want without pain.
- B I have some pain on standing but it does not increase with time.
- ☒ C I cannot stand for longer than one hour without increasing pain.
- D I cannot stand for longer than 1/2 hour without increasing pain.
- E I cannot stand for longer than 10 minutes without increasing pain.
- F I avoid standing because it increases the pain immediately.

SECTION 2 - Personal Care

- ☒ A I do not have to change my way of washing or dressing in order to avoid pain.
- B I do not normally change my way of washing or dressing even though it causes some pain.
- C Washing and dressing increases the pain but I manage not to change my way of doing it.
- D Washing and dressing increases the pain and I find it necessary to change my way of doing it.
- E Because of the pain I am unable to do some washing and dressing without help.
- F Because of the pain I am unable to do any washing and dressing without help.

SECTION 7 - Sleeping

- ☒ A I get no pain in bed.
- B I get pain in bed but it does not prevent me from sleeping well.
- C Because of pain my normal night's sleep is reduced by less than 1/4.
- D Because of pain my normal night's sleep is reduced by less than 1/2.
- E Because of pain, my normal night's sleep is reduced by less than 3/4.
- F Pain prevents me from sleeping at all.

SECTION 3 - Lifting

- 5
- A I can lift heavy weights without extra pain.
 - B I can lift heavy weights but it causes extra pain.
 - C Pain prevents me from lifting heavy weights off the floor.
 - D Pain prevents me from lifting heavy weights off the floor, but I can manage if they are conveniently positioned, e.g., on a table.
 - E Pain prevents me from lifting heavy weights, but I can manage light to medium weights if they are conveniently positioned.
 - ☒ F I can only lift very light weights at the most.

SECTION 8 - Social Life

- A My social life is normal and gives me no pain.
- B My social life is normal but increases the degree of my pain.
- ☒ C Pain has no significant effect on my social life apart from limiting my more energetic interests, e.g., dancing, etc.
- D Pain has restricted my social life, and I do not go out very often.
- E Pain has restricted my social life to my home.
- F I have hardly any social life because of the pain.

SECTION 4 - Walking

- 1
- A I have no pain on walking.
 - B I have some pain on walking but it does not increase with distance.
 - C I cannot walk more than one mile without increasing pain.
 - D I cannot walk more than 1/2 mile without increasing pain.
 - E I cannot walk more than 1/4 mile without increasing pain.
 - F I cannot walk at all without increasing pain.

SECTION 9 - Travel

- 1
- A I get no pain while traveling.
 - ☒ B I get some pain while traveling, but none of my usual forms of travel make it any worse.
 - C I get extra pain while traveling, but it does not compel me to seek alternative forms of travel.
 - D I get extra pain while traveling, which compels me to seek alternative forms of travel.
 - E Pain restricts all forms of travel.
 - F Pain prevents all forms of travel except that done lying down.

SECTION 5 - Sitting

- 2
- A I can sit in my chair as long as I like.
 - B I can sit only in my favorite chair as long as I like.
 - ☒ C Pain prevents me from sitting more than one hour.
 - D Pain prevents me from sitting more than 1/2 hour.
 - E Pain prevents me from sitting more than 10 minutes.
 - F I avoid sitting because it increases pain straight away.

SECTION 10 - Changing degree of pain

- 7
- A My pain is rapidly getting better.
 - B My pain fluctuates but overall is definitely getting better.
 - ☒ C My pain seems to be getting better but improvement is slow at present.
 - D My pain is neither getting better nor worse.
 - E My pain is gradually worsening.
 - F My pain is rapidly worsening.

A=0 B=1 C=2 D=3 E=4 F=5

If you have pain, what is your pain level?

(0 = No Pain, 10 = Extreme Pain - Circle)

AT WORST: 0 1 2 3 4 5 6 7 8 9 10

AT BEST: 0 1 2 3 4 5 6 7 8 9 10

CURRENTLY: 0 1 2 3 4 5 6 7 8 9 10

Mark the location of your pain with an "X":

FRONT BACK

Are your symptoms:

☐ Constant ☒ Come and Go ☐ Ache ☐ Deep ☐ Superficial ☐ Dull

☐ Sharp ☐ Shooting ☐ Burning ☒ Numbness/Tingling

☐ Other: _____

Day Pattern:

Does your pain seem to be WORSE at a certain time of day? ☐ Yes ☒ No

If Yes, ☐ Morning ☐ Night ☐ Other: _____

Does your pain progress as the day goes along? ☐ Yes ☒ No

If Yes, please explain: _____

Do you have difficulty falling asleep? ☐ Yes ☒ No If Yes, please explain: _____

Do you wake due to pain? ☐ Yes ☒ No If Yes, # of times per night: _____

[illegible]

What were you doing prior to this injury that you are unable to do currently? Please list any additional activities that you are having difficulty completing.

☐ Squatting ☐ Sitting ☐ Driving ☐ Reaching ☒ Work Tasks ☐ Gripping/Pinching
☐ Standing ☐ Walking ☐ Lifting ☐ Dressing/Grooming ☐ Stairs ☐ Position Changes
☐ Kneeling ☐ Holding/Carrying Objects
☐ Other: _____

What activities make your pain WORSE? _____

What activities make your pain BETTER? _____

What household duties are you having difficulty performing? ☐ Cooking ☐ Cleaning ☐ Vacuuming
☐ Laundry ☐ Yard Work ☐ Grocery Shopping ☐ Other: _____

Do you use an assistive device? ☒ None ☐ Cane ☐ Walker ☐ Wheelchair ☐ Other: _____

Did you use an assistive device prior to current injury/conditions? NO

INITIAL EVALUATION SUBJECTIVE HISTORY WORKSHEET (Page 2)

Patient Name: Brian Wike Date of Birth: Date of Eval: 5/20/15

WORK HISTORY/ SOCIAL HISTORY/ INTERESTS/ LIVING ENVIRONMENT

Occupation: <u>Asm</u>	Presently Working: ☐ Yes ☒ No	THERAPIST COMMENTS: <u>support to</u> <u>return to</u> <u>work duty /</u>
If Yes, ☐ Full Duty ☐ Limited Duty: Restrictions: <u> </u> # Days Off Work: <u> </u>		
Job Duties: ☒ Sitting ☐ Computer Work ☒ Bending ☒ Heavy Lifting ☐ Traveling ☐ Standing		
☒ Reaching ☐ Crawling ☒ Twisting ☒ Walking ☐ Pushing/Pulling		
☐ Gripping/Pinching ☐ Other: <u> </u>		
Are you now, or have you ever been disabled (service or work)? ☐ Yes ☒ No If Yes, when? <u> </u>		
If Yes, please explain: <u> </u>		
What is your current living arrangement? ☐ Alone ☐ Spouse ☐ Partner ☒ Family ☐ Other: <u> </u>		
Does your home have stairs? ☒ Yes ☐ No If Yes, # of stairs: <u> </u>		
If Yes, do your stairs have handrail? ☒ Yes ☐ No If Yes, which side going up? ☒ Right ☐ Left ☐ Both		

PREVIOUS MEDICAL HISTORY/ MEDICAL PRECAUTIONS AND CONTRAINDICATIONS

How would you classify your general health? ☐ Good ☒ Fair ☐ Poor	THERAPIST COMMENTS: ☐ See Attached List
In terms of your general health, please check <u>ALL</u> that apply:	
☐ Allergies ☐ Anemia ☐ Liver/Gallbladder Problem ☐ Rheumatoid Arthritis ☐ Recent Fever ☐ Fibromyalgia ☐ Metal Implants ☐ Ringing of the Ears ☐ Asthma/Breathing Difficulties ☐ Recent Headaches ☐ Recent Nausea/Vomiting ☐ Seizures/Epilepsy ☐ Recent Vision Changes ☐ Heart Attack ☐ Recent Dizziness/Fainting ☐ Sexual Dysfunction ☐ Cancer ☐ Recent Change in Bowel/Bladder Habits ☐ Osteoarthritis ☐ Skin Abnormalities ☐ Pain with Cough/Sneeze ☐ Heart Palpitations ☐ Osteoporosis ☐ Smoking History ☐ Chest Pain/Angina ☐ Hernia ☐ Pacemaker ☐ Stroke/TIA ☐ Depression ☐ High/Low Blood Pressure ☐ Physical Abnormalities ☐ Surgeries ☐ Diabetes I or II ☐ Hypoglycemia ☐ Polio ☐ Unexplained Weight Loss/Gain ☐ Night Pain ☐ Intolerance to Cold/Heat ☐ Pregnancy (Currently) ☐ Urine Leakage ☐ Recent Fractures ☐ Recent Unexplained Fatigue ☐ Kidney Problems ☐ Heart Disease ☐ Numbness/Tingling in Hip/Buttocks Area	
Is there any other information regarding your medical history or are there any factors that may complicate your ability to participate in therapy that we should know about? <u> </u>	
Do you currently use any Tobacco products? ☒ Yes ☐ No If yes, what type? <u> </u> Frequency: <u> </u>	
☐ Brief < 3 min counseling provided	

FALLS RISK

Have you had any falls in the past 12 months? ☐ Yes ☒ No If Yes, how many times? <u> </u>	THERAPIST COMMENTS:
If Yes, please describe the nature of the fall (s): <u> </u>	
If Yes, please describe if an injury(ies) occurred: <u> </u>	
Have you discussed Vitamin D Supplementation with your physician? ☐ Yes ☒ No	

MEDICATIONS

Please list all of the medications (<u>with specific NAME, DOSAGE, FREQUENCY, and ROUTE (i.e. by mouth)</u>) that you are currently taking (including over-the-counter, prescriptions, herbals, and vitamins/mineral(s)):	THERAPIST COMMENTS: ☐ See Attached List

Supine Active Hamstring Stretch

Reps: 10 Sets: 2 Hold (sec): 2 Weekly: 5x Daily: 1x

Step 1

Step 2

Clinician Notes:

**don't hold as a static stretch

Setup

- Begin by lying on your back with your knees bent and feet resting on the floor.

Movement

- Lift one leg to a 90 degree angle, grabbing it with both hands on your thigh, then slowly straighten your knee as far as possible. Bring it back down to 90 then repeat.

Tip

- Make sure not to arch your low back during the exercise.

Supine Lower Trunk Rotation

Reps: 10 Sets: 2 Hold (sec): 5 Weekly: 3x Daily: 1x

Step 1

Step 2

Clinician Notes:

**stay within a comfortable range of motion

Setup

- Begin lying on your back with your feet flat on the floor and your arms straight out to your sides.

Movement

- Lower your knees to one side, return to center, and repeat on the other side.

Tip

- Make sure to activate your core muscles and keep both of your shoulders in contact with the ground throughout the exercise.

No. 0745 P. 26

Phone: (843) 815-5628 Fax: (843) 410-2843

WWW.DRAYERT.COM

ASSESSMENT:

The patient is making excellent gains towards LTG's with improved tolerance of walking, sitting, standing. The patient remains limited with work tasks including lifting. The patient will continue to benefit from PT to address dynamic stability and lifting tolerance for return to prior level of function. The patient's rehab potential is excellent. The patient's discharge prognosis is excellent.

The patient appears motivated and is able to perform exercises correctly with verbal cues only. The patient's progress towards goals is excellent and his tolerance to treatment is excellent.

Goals	Short/Long	Time Frame	Result	Comment
Please refer to established flexibility LTG's as documented in Objective section of this evaluation	Long Term	4 weeks	Met	
Please refer to established MMT/strength LTG's as documented in Objective section of this evaluation	Long Term	4 weeks	Met	
Pt. will be able to lift 15 pounds from floor to waist.	Long Term	4 weeks	Ongoing	have not lifted secondary to protocol
Pt. will be able to sit for two hours for work purposes w/ increased symptoms.	Long Term	4 weeks	Met	
Pt. will be able to stand for 2 hours as needed for work w/o increased symptoms.	Long Term	4 weeks	Met	
Pt. will be able to walk as needed w/o pain.	Long Term	4 weeks	Met	

PLAN:

The patient's treatment will include A/AA/PROM, body mechanics retraining and safe lifting techniques, electrical stimulation unattended, endurance training, ergonomics education, exercise principles, flexibility, follow up with referral source regarding BMI screening, functional activities, home exercise program (HEP) instruction, hot pack / cold pack, neuromuscular re-education, pain management, strengthening and therapeutic activities. Kevin will continue therapy for an additional 3 times per week for 4 weeks for a total of 24 visits.

Thank you for your referral. We will keep you updated on this patient's progress.

Best regards,

Patient: Kevin Wikel

Special Instructions or Precautions _____

In my opinion, in accordance with accepted medical practice standards, this patient requires physical therapy services for the medical condition(s) identified above. I hereby request that the staff of Drayer Physical Therapy Institute® evaluate and assess the patient's needs for such services and provide me with a detailed plan of care for my approval.

WCC File #: 1405219
Carrier File #: _____
Carrier Code #: _____
Employer FEIN #: _____

Claimant's Name: Kevin Wikel SSN: _____ Employer's Name: Pepsi
Address: 160 Knight Bridge Road Address: 287 Broad River Road
City: Bluffton State: SC Zip: 29910 City: Beaufort State: SC Zip: 29906
Home Phone: (843) 263-5846 Work Phone: () Insurance Carrier: Indemnity Insurance Co. of NA/Sedgwick CMS
Preparer's Name: J. Olin McDougall, II, Esq. Law Firm: McDougall Law Firm Preparer's Phone #: (843) 379-7000

A claim for workers' compensation benefits is made based on the following grounds: Date of Injury or Illness: 05/09/2014

☒ Injury ☐ Illness ☒ Repetitive Trauma ☐ Occupational Disease ☐ Physical Brain Injury ☐ Concurrent Jurisdiction

1. The claimant sustained an injury to back, left lower extremity (LLE); right lower extremity (RLE) on 05/09/2014 in Beaufort county, state of South Carolina.
2. Body part(s) affected are: back, left lower extremity (LLE); right lower extremity (RLE)
Briefly describe how the accident occurred. Employee/Claimant pulled pallet of Pepsi products to floor, bending, twisting & lifting when he felt pain in his back.
3. Both the claimant and the employer were subject to the South Carolina Workers' Compensation Act at the time of injury.
4. The relationship of employer and employee existed at the time of injury.
5. At the time of the injury the claimant was performing services arising out of and in the course of employment.
6. Notice of the accidental injury was given to the Employer on 05/12/2014 in the following manner:
Eric Smith

☒ 7. Due to injury, the claimant is in need of (check one):

☐ (a) medical examination and treatment for: _____

☒ (b) additional medical examination and treatment for: back, left lower extremity (LLE); right lower extremity (RLE)

☒ 8. Due to injury, the claimant requests temporary total disability benefits because of lost compensable time from work and wages for the period of:
05/12/2014 until, as long as allowable by law.

☐ 9. Due to the injury, the Claimant has permanent disability of the following nature and extent (check one):

☐ (1) General Disability: ☐ Total ☐ Partial

☐ (2) Specific Disability: ☐ Total ☐ Partial

☐ (3) Wage Loss

9a. ☒ A determination of permanent disability is premature at this time.

☐ 10. Due to the injury, the Claimant has a serious bodily disfigurement consisting of:

10a. At the time of the injury, the Claimant was paid weekly wages of \$_____, and demands accounting of days worked and wages earned as provided by law.

10b. Give names and addresses of all employers for whom the Claimant has worked since the date of the accident:

11. Further grounds or unusual aspects of claim: Employer/Carrier should be responsible for Claimant's medical bills, mileage expenses, prescription charges, temporary total benefits and permanent partial disability to be determined. Claimant requests a lump sum payment of any award, according to Regulations of the Commission. Claimant requests the Commissioner to make any award subject to Utica Mohawk v. Orr, 277 SC 226, 887 S.E. 2d 589 (1995) and Sciarrotta v. Brown, 837 F. 2d 135 (3d Cir. 1988).

11a. List names and addresses of all physicians or other medical specialists who have seen or treated the Claimant as a result of the accident: Doctors Care, 1510 S. Ribaut Road, Port Royal, SC 29935; Scott Strohmeyer, M.D., 1076 Ribaut Road, Suite 101, Beaufort, SC 29902; Progressive Physical Therapy, 1510 South Ribaut Road, Port Royal, SC 29935; John Batson, M.D., Low Country Spine & Sport, 300 New River Parkway, Suite 37, Hardeeville, SC 29927; MRI at Belfair, 18 Cl Summit Drive, Bluffton, SC 29910; Hilton Head Hospital, 25 Hospital Center Drive, HHI, SC 29925; Drayer Physical Therapy, 38 Sheridan Park Circle, Bluffton, SC 29910.

11b. To the best of your knowledge, did you have any prior permanent disability? _____
If yes, describe: _____

12. Appropriate benefits as provided in the Act for the above grounds and other relief as the Workers' Compensation Commission may direct as just and proper.

☐ 13a. I am filing a claim. I am not requesting a hearing at this time.

14. Estimated time needed for hearing: 30 minutes

☒ 13b. I am requesting a hearing. A \$25 fee is required.

☐ Mediation

☐ a. Mediation is requested to be ordered pursuant to Reg. 67-1801 B.

☐ b. Mediation is required pursuant to Reg. 67-1802.

☐ c. Mediation is requested by consent of the Parties pursuant to Reg. 67-1803.

☐ d. Mediation has been conducted by a duly qualified mediator and resulted in an impasse.

Questions regarding mediation may be submitted to mediation@wcc.sc.gov.

A claim for workers' compensation benefits is made based on the following grounds: Date of Injury or Illness: 05/09/2014

☒ Injury ☐ Illness ☒ Repetitive Trauma ☐ Occupational Disease ☐ Physical Brain Injury ☐ Concurrent Jurisdiction

1. The claimant sustained an injury to back, left lower extremity (LLE); right lower extremity (RLE) on 05/09/2014 in Beaufort county, state of South Carolina. Body part(s) affected are: back, left lower extremity (LLE); right lower extremity (RLE)
2. Briefly describe how the accident occurred. Employee/Claimant pulled pallet of Pepsi products to floor, bending, twisting & lifting when he felt pain in his back.
3. Both the claimant and the employer were subject to the South Carolina Workers' Compensation Act at the time of injury.
4. The relationship of employer and employee existed at the time of injury.
5. At the time of the injury the claimant was performing services arising out of and in the course of employment.
6. Notice of the accidental injury was given to the Employer on 05/12/2014 in the following manner:
Eric Smith

☒ 7. Due to injury, the claimant is in need of (check one):

☐ (a) medical examination and treatment for: _____

☒ (b) additional medical examination and treatment for: back, left lower extremity (LLE); right lower extremity (RLE)

☒ 8. Due to injury, the claimant requests temporary total disability benefits because of lost compensable time from work and wages for the period of:
05/12/2014 until, as long as allowable by law.

☐ 9. Due to the injury, the Claimant has permanent disability of the following nature and extent (check one):

☐ (1) General Disability: ☐ Total ☐ Partial ☐ (2) Specific Disability: ☐ Total ☐ Partial ☐ (3) Wage Loss

9a. ☒ A determination of permanent disability is premature at this time.

☐ 10. Due to the injury, the Claimant has a serious bodily disfigurement consisting of:

10a. At the time of the injury, the Claimant was paid weekly wages of \$ _____, and demands accounting of days worked and wages earned as provided by law.

10b. Give names and addresses of all employers for whom the Claimant has worked since the date of the accident:

11. Further grounds or unusual aspects of claim: Employer/Carrier should be responsible for Claimant's medical bills, mileage expenses, prescription charges, temporary total benefits and permanent partial disability to be determined. Claimant requests a lump sum payment of any award, according to Regulations of the Commission. Claimant requests the Commissioner to make any award subject to Utica Mohawk v. Orr, 277 SC 226, 887 S.E. 2d 589 (1995) and Scliarrotta v. Brown, 837 F. 2d 135 (3d Cir. 1988).

11a. List names and addresses of all physicians or other medical specialists who have seen or treated the Claimant as a result of the accident: Doctors Care, 1510 So Ribaut Road, Port Royal, SC 29935; Scott Strohmeier, M.D., 1076 Ribaut Road, Suite 101, Beaufort, SC 29902; Progressive Physical Therapy, 1510 South Rib Road, Port Royal, SC 29935; John Batson, M.D., Low Country Spine & Sport, 300 New River Parkway, Suite 37, Hardeeville, SC 29927; MRI at Belfair, 18 Cl Summit Drive, Bluffton, SC 29910; Hilton Head Hospital, 25 Hospital Center Drive, HHI, SC 29925; Drayer Physical Therapy, 38 Sheridan Park Circle, Bluffton, 29910.

11b. To the best of your knowledge, did you have any prior permanent disability? _____
If yes, describe: _____

12. Appropriate benefits as provided in the Act for the above grounds and other relief as the Workers' Compensation Commission may direct as just and proper.

☐ 13a. I am filing a claim. I am not requesting a hearing at this time.

14. Estimated time needed for hearing: 30 minutes

☒ 13b. I am requesting a hearing. A \$25 fee is required.

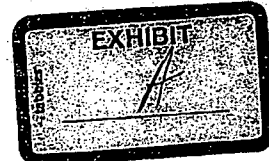

☐ Mediation

- ☐ a. Mediation is requested to be ordered pursuant to Reg. 67-1801 B.
☐ b. Mediation is required pursuant to Reg. 67-1802.
☐ c. Mediation is requested by consent of the Parties pursuant to Reg. 67-1803.
☐ d. Mediation has been conducted by a duly qualified mediator and resulted in an impasse.

Questions regarding mediation may be submitted to mediation@wcc.sc.gov.

I certify I have served this document pursuant to Reg. 67-211 by delivering a copy to Amy Bracy, Judicial Director, South Carolina Workers' Compensation Commission and Andrew P. Smith, Esquire, 147 Wappoo Creek Drive, Suite 104, Charleston, SC 29412 on the _____ day of November 2015, by ☒ first class postage ☐ certified mail ☐ personal service.

I verify the contents of this form are accurate and true to the best of my knowledge.

PL/EXAM RESULT
RY/LUMBAR SPINE

Lumbar spine two views

HISTORY: Back pain

LUMBAR SPINE SERIES: AP, lateral and lumbosacral spot views were obtained. The lumbar vertebral bodies appear intact with no evidence for fracture or subluxation. The lumbar pedicles, transverse processes, and spinous processes appear intact. Oblique views of the lumbar spine demonstrate no evidence for spondylolysis. No significant disc space narrowing is seen.

IMPRESSION: Unremarkable lumbosacral spine series.

PATIENT NAME: WIKEL, KEVIN MATTHEW
ACCOUNT NUMBER: 01587602
ROOM AND BED:
UNIT NUMBER: 035617
ATTENDING DOCTOR: SCHROCK, LINA, PA-C

ADMISSION DATE: 11/08/08
DISCHARGE DATE: 11/08/08
DATE OF BIRTH:

CHIEF COMPLAINT: "Sharp pains down my leg."

DATE: November 8, 2008.

DATE OF BIRTH: May 12, 1990.

HPI: This 18-year-old Caucasian male presents to the emergency room with complaint of pain to his low back area that he has been having for about 2 1/2 weeks. The patient states that he was lifting something heavy and had taken it to the roof of Golden Corral where he works as a manager. The patient states now having shooting pains to the low back, mainly into his left leg that radiates all the way down to his foot. States that pain is 6/10. He has taken no medication. Has not consulted with his primary care physician. Currently denies any numbness, tingling or weakness, only constant pain that keeps him awake. Denies any problems with bowel or bladder. The patient denies any other injuries only having pain to his feet and which he states it is constant, especially when he is on his feet a lot at work.

PAST MEDICAL HISTORY: "Foot problems".

ALLERGIES: No known drug allergies.

PRIMARY CARE PHYSICIAN: None.

SURGICAL HISTORY: Left hand 3rd finger surgical repair.

Medications: None.

SOCIAL HISTORY: Smoked 2 cigars a day. He has been smoking for about a year. Denies alcohol intake or recreational drug use or intake. Currently employed as a manager.

REVIEW OF SYSTEMS: Essentially as stated above. Otherwise GENERAL CONSTITUTIONAL: Denies sleep disturbance, night sweats, fever, malaise, fatigue, weight change. CUTANEOUS: Denies rashes or other lesions of the skin, hair or nails. HEENT: Denies headaches, changes in vision, hearing loss, tinnitus, vertigo, otalgia, or otorrhea. Also denies changes in sense of smell, nasal obstruction, rhinorrhea, epistaxis or snoring. Denies pharyngitis, dysphagia, odynophagia, changes in taste sensation or difficulty with deglutition, speech or swallowing. NODES: Denies any lymphadenopathy. CARDIOVASCULAR: Denies chest pain, shortness of breath, syncope, palpitations, diaphoresis, or claudication. CHEST/PULMONARY: Denies chest pain, shortness of breath, cough, hemoptysis, or wheezing.

ROOM AND BED:
UNIT NUMBER: 035617
ATTENDING DOCTOR: SCHROCK, LIKA, PA-C

ADMISSION DATE: 11/08/08
DISCHARGE DATE: 11/08/08
DATE OF BIRTH:

GASTROINTESTINAL: Denies changes in appetite, weight change, dysphagia, odynophagia, heartburn, abdominal pain, nausea, vomiting, diarrhea, constipation, melena, hematochezia, or change in bowel pattern. GENITOURINARY: Denies dysuria, hematuria, dysuria, urgency, frequency, hesitancy, incontinence, impotence or penile discharge. MUSCULOSKELETAL: Denies pain, deformity or loss of motion, arthralgias, or myalgias. NEUROLOGIC: Denies parestia, paresthesias, or difficulty with speech, ambulation or mentation. HEME/COAG: Denies bruising, bleeding or clotting problems. HEMATOLOGIC/LYMPHATIC: Denies any purpuric/petechial lesions. Denies spontaneous or easy bruising. ENDOCRINE: Denies polyuria/polydipsia. Denies tachycardia, tremors. Denies hair loss, diarrhea or constipation. Denies weight loss or gain. Denies blurred vision. ALLERGY/IMMUNOLOGIC: Denies rhinorrhea, increased lacrimation, itchy eyes, sneezing or congestion. No pruritus. Negative wheezing.

PHYSICAL EXAMINATION: VITALS: Temperature at 98.1, blood pressure 169/77, pulse 94, respiration 18, pain score 5/10. HEART: Regular rate and rhythm with no rubs or gallops auscultated. LUNGS: Clear. No rales, rhonchi or wheezes auscultated. Respiratory effort noted to be unlabored. No nasal flare. EXTREMITIES: Positive pulses. Positive capillary refill. No edema or varicosities. BACK: No bony deformities or step-offs palpated. Pain is localized at paravertebral muscle on the left and is radiating into the left hip and gluteus. No obvious bony deformity or step-offs palpated. No crepitus noted. Reflexes -2 in lower extremities. Good sensation L4, L5, S1, S2.

Lumbar x-rays were performed and negative for fracture or subluxation. The patient is noted with decreased spacing between L4 and S1. No obvious bony deformities, step offs palpated. Slight decrease in curvature is also noted otherwise normal.

TREATMENT: The patient received Anaprox 450 mg a day and prednisone 60 mg p.o. since he drove himself here. To go home with 2 Lortabs. was given a prescription of Lortab as well as Diclofenac and ibuprofen. He will be advised to take the prescribed medications, apply cold compresses for pain and swelling, alternate with warm moist heat and range of motion exercises. Follow up with primary care physician or Dr. Strommeyer who is the orthopedic physician on call. Return if his symptoms worsen or as needed. The patient will be discharged in stable condition.

DIAGNOSES

1. Low back pain.
2. Sciatica.

07/12/11

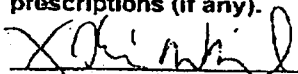

Thank you for choosing Beaufort Memorial Hospital for your care today. The examination and treatment you have received in the Emergency Department today have been rendered on an emergency basis only and are not intended to be a substitute for an effort to provide complete medical care. You should contact your follow-up physician as it is important that you let him or her check you and report any new or remaining problems since it is impossible to recognize and treat all elements of an injury or illness in a single emergency care center visit.

Care provided by: Duff, Thomas, DO
Kolb, Andrew, PA-C

Diagnosis: Thoracic Myofascial Strain

patient has experienced similar episodes in the past, a few times. The patient has been recently seen by a physician the patient's primary care provider, with similar presenting complaints and apparently given a diagnosis of BRONCHITIS, was given a prescription for antibiotics

Historical:

- Allergies: No known drug Allergies

- Home Meds:

1. ?ABX

- PMHx: Bronchitis

- Immunization history: Last tetanus immunization: up to date. Flu vaccine status is unknown.

- Family history: Not pertinent. No immediate family members are acutely ill.

- Social history: The patient/guardian denies using tobacco, alcohol, street drugs

- The history from nurses notes was reviewed, and I agree with what is documented.

ROS:

11:36 MS/Extremity: Negative for injury and deformity. Skin: Negative for injury, rash, and discoloration. ap1
Neuro: Negative for weakness, numbness, tingling, and seizure. Eyes: Negative for injury, pain, redness, and discharge. ENT: Negative for injury, pain, and discharge. Neck: Negative for injury, pain, and swelling. Cardiovascular: Negative for chest pain, palpitations, and edema. Constitutional: Positive for fatigue, malaise. Respiratory: Positive for cough, with no reported sputum, pleurisy, shortness of breath. Abdomen/GI: Positive for abdominal pain, nausea. Back: Positive for pain at rest, pain with movement. GU: Positive for flank pain. All other systems are negative.

Exam:

11:37 Head/Face: Normocephalic, atraumatic. Eyes: Pupils equal round and reactive to light, extra-ocular motions intact. Lids and lashes normal. Conjunctiva and sclera are non-icteric and not injected. Cornea within normal limits. Periorbital areas with no swelling, redness, or edema. ENT: Nares patent. No nasal discharge. No septal abnormalities noted. Tympanic membranes are normal and external auditory canals are clear. Oropharynx with no redness, swelling, or masses, exudates, or evidence of obstruction, uvula midline. Mucous membrane Neck: Trachea midline, no thyromegaly or masses palpated, and no cervical lymphadenopathy. Supple, full range of motion without nuchal rigidity, or vertebral point tenderness. No Meningismus. Chest/Axilla: Normal chest wall appearance and motion. Nontender with no deformity. No lesions are appreciated. Cardiovascular: Regular rate and rhythm with a normal S1 and S2. No gallops, murmurs, or rubs. Normal PMI, no JVD. No pulse deficits. Skin: Warm, dry with normal turgor. Normal color with no rashes, no lesions, and no evidence of cellulitis. MS/Extremity: Pulses equal, no cyanosis. Neurovascular intact. Full, normal range of motion. Neuro: Awake and alert, GCS 15, oriented to person, place, time, and situation. Cranial nerves II-XII grossly intact. Motor strength 5/5 in all extremities. Sensory grossly intact. Cerebellar exam normal. Normal gait. Constitutional: The patient appears in no acute distress, alert, non-diaphoretic, non-toxic, well developed, well hydrated, well groomed, well nourished. Respiratory: the patient does not display signs of respiratory distress. ap1

STATEMENT/QUESTIONNAIRE OF DR. SCOTT STROHMEYER

On November 17, 2015 I met with Defense Counsel and Plaintiff's Counsel in regard to the matter of *Kevin M. Wikel v. PepsiCo Bottling Group*. I previously signed a questionnaire marked as Plaintiff's APA #67, finding that the Claimant sustained a repetitive trauma injury at PepsiCo. At the meeting, Defense Counsel provided me with additional evidence I was unaware of when I previously signed the aforementioned statement. In light of the evidence I am now in possession of, I formerly revoke my prior statement, and I am of the following opinions:

1. Is it your opinion, within a reasonable degree of medical certainty (more likely than not), that the Claimant did NOT sustain a repetitive trauma injury to his spine, while working for PepsiCo, for which I previously treated?

Yes ☒ No ☐

If no, please explain.

2. Is it your opinion, within a reasonable degree of medical certainty (more likely than not), that the Claimant never mentioned to you a specific work-related injury at PepsiCo during his entire course of treatment?

Yes ☒ No ☐

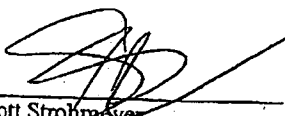

If no, please explain.

3. Is it your opinion, within a reasonable degree of medical certainty (more likely than not), that the herniated disc and left lower extremity symptoms for which I treated Mr. Wikel, are not related to a specific incident that occurred at PepsiCo?

Yes ☐ No ☐

If no, please explain.

I DO NOT know Hee
He Did it!!

IMPORTANT: We are glad you are interested in joining the Walmart team. Please read the following statements carefully and return this application.

Wal-Mart Stores, Inc., in considering my application for employment, may verify the information set forth on this application and obtain additional background information relating to my background. I authorize all persons, schools, companies, corporations, credit bureaus and law enforcement agencies to supply any information concerning my background. I have read, understand and agree to this statement. (Please initial here.) KW

I understand that Wal-Mart Stores, Inc. has a commitment to maintain an alcohol/drug-free workplace and that Wal-Mart, unless prohibited by state law, requires a drug screening test as a part of its selection and hiring process. I understand that such drug screening will consist of the testing of a urine sample or other medically recognized test designed to detect traceable amounts of a controlled substance in my body. If after a second confirmatory test using the gas chromatography/mass spectrometry method, it is determined my specimen contains a controlled substance or was adulterated or substituted, I will be disqualified from consideration for employment and any offer of employment will be withdrawn. I further understand and agree that if I am employed, I may be required to submit to alcohol/drug-testing under certain circumstances during my employment. I have read, understand, and agree to this statement. (Please initial here.) KW

I certify that the information on this application is correct and I understand that any misrepresentation or omission of any information will result in my disqualification from consideration for employment or, if employed, my dismissal. I understand that this application is not a contract, offer, or promise of employment and that if hired, I will be able to resign at any time for any reason. Likewise, the company can terminate my employment at any time with or without cause, unless otherwise required by law. I further understand that no one other than the President of Wal-Mart Stores, Inc. or Vice President of its People Division has the authority to enter into an employment contract or agreement with me, and that my at-will employment can be changed only by a written agreement signed by the President of Wal-Mart Stores, Inc. I have read, understand and agree to this statement. (Please initial here.) KW

I understand that this application is good only for sixty (60) days from today's date. If I still desire a position with the company after this application expires, it will be my responsibility to complete a new application and file it with the company. Otherwise, the company will not consider me for employment after this application expires.

- Supervisory skill

EXPERIENCE

Sales Representative, 06/2012 to Current
Pepsico - Beaufort, sc

Development of all assigned accounts relative to sales volume, market share, product distribution, space allocation, and customer service. Responsible for ongoing rotation and stocking of product on the shelves and displays, in coolers, vending equipment, and store's backroom. Sell and build incremental displays to stimulate sales and new package distribution. Execute corporate programs through point of purchase materials such as pricing signs, banners and program promotional materials. Manage inventory and place orders for delivery. Sell and execute placement of equipment and sell sufficient product inventory. Maintain and increase shelf facings, clean shelving and rotate product. Provide excellent service to assigned accounts; create and maintain goodwill with all customers.

Line cook, 08/2011 to 06/2012
Ihop - Beaufort, SC

Consistently kept a clean and safe environment by adhering to all federal, state and local sanitation and safety requirements. Followed proper food handling methods and maintained correct temperature of all food products. Enforced appropriate work-flow and quality controls for food quality and temperature. Prepared for each shift by placing a clean cutting board and utensil

bath at workstation. Main goal was to decrease ticket times to make guest happy.

Grocery Manager, 02/2011 to 02/2012
Food Lion - Hilton Head Island, SC

Assist the Store Manager and Assistant Store Manager to see that Food Lion customer service standards are met, and that policies, standards and security measures are followed. Responsible for maintaining standards according to the Grocery Standard Practice Manual, maximizing sales through excellent customer service and minimizing shrink through proper utilization of standard practices. Serve as a role model for customer service and other vital behaviors and instill this value in all associates. Manage store Grocery Department. Directly responsible for supervision of Head Grocery Associates and Grocery Associates within store (Grocery Stock Crew). Manage operation of assigned store and is responsible for providing direction and instruction to all store associates in the absence of the Store Manager, Assistant Store Manager, or Customer Service Sales Manager. Responsible for all grocery orders and is the primary display builder when executing merchandising in the store each week. Complies with all Food Lion directives, policies, and procedures. Engage and interact with customers to create a positive shopping experience. Maintain an evaluation program for Grocery Associates, which includes productivity measurements. Train and supervise all associates in the Grocery Department. Maintain proper product level and inventory control of grocery shelves and backroom to include proper ordering and rotation. Keep the grocery shelves and backroom clean and organized.

Store Manager Candidate, 01/2010 to 02/2011
Dollar General - Beaufort, SC

Assist Store Manager in completing all paperwork and documentation according to guidelines and deadlines. Provide superior customer service leadership. Assist in maintaining accurate inventory levels by controlling damages, markdowns, scanning, paperwork, and facility controls. Assist in plan-o-gram implementation and maintenance. Authorize and sign for refunds and overrides; count register; deposit money in bank. Opened a new store location and assisted in recruiting and training new staff. Stocked and restocked inventory when shipments were received. Directed and supervised employees engaged in sales, inventory-taking and reconciling cash receipts. Completed a series of training sessions to advance from Assistant Manager to Store Manager. Completed weekly schedules according to payroll policies. Trained all new managers on store procedures and policies. Maintained daily record of all transactions.

Manager, 06/2006 to 01/2010
Golden Corral - Beaufort, SC

Accepted payment from customers and made change as necessary. Cleaned and maintained the beverage area, display cases, equipment, and order transaction area. Cleaned and prepared various foods for cooking or serving. Managed kitchen operations for high grossing, fast-paced fair concession kitchen. Scheduled and directed staff in daily work assignments to maximize productivity. Efficiently resolved problems or concerns to the satisfaction of all involved parties. Continually monitored restaurant and took appropriate action to ensure food quality and service standards were consistently met. Minimized loss and misuse of equipment through proper restaurant supervision and staff training. Ensured proper cleanliness was maintained in front of house. Consistently obtained highest rating from the county health department. Optimized profits by controlling food, beverage and labor costs on a daily basis.

June 4, 2014

Kevin Wikel
[REDACTED]

Dear Kevin,

We are pleased to confirm our offer to you for the position of Assistant Manager Trainee for store # 2832 in Hardeeville, SC. This position reports to Jared Worley. Store placement location may change in which case travel to new store will not be more than 50 miles from your home.

The following outlines the terms and conditions of the offer:

1. Compensation

- a) During the AMT training program: Your hourly rate of pay will be \$18.27.
- b) After successful completion and graduation of the AMT program: You will be a salaried member of management and you are anticipated to be placed in Store 2832. Your annual base pay will be \$38,000.00. This will be paid bi-weekly. Salaries are typically reviewed during the annual process that takes place during the first quarter of the Company's fiscal year. Management level Associates employed prior to November 1 may be eligible for a salary increase the following fiscal year based upon their individual performance ratings and the Company's financial performance.
- c) Upon successful completion of the training and beginning with the fiscal year ending January 31, 2015, you will be eligible to participate in the Wal-Mart Stores, Inc. Management Incentive Plan (the "MIP"). The MIP currently allows you to earn a target of up to 5% of your annual salary in an incentive award based on the Company and/or other appropriate business unit(s) reaching certain pre-established performance measures. Your maximum incentive opportunity is 10%. Your date of hire is a factor that determines MIP eligibility. Generally, salaried Associates hired prior to November 1 will be eligible to participate in the incentive plan for the current fiscal year (February 1 to January 31). Your incentive award will be pro-rated based on your hire date, your eligible base wages as of the end date in each incentive plan eligible position, and movement between incentive plans. Associates must remain employed through January 31 of the fiscal year to receive the incentive award payout, unless otherwise required by applicable state law.

2. Benefits

- a) Upon successful completion and graduation of the AMT program, you will receive, one week of paid vacation after your 1st year of employment, two weeks after your 2nd year, three weeks after your

7th year and four weeks of vacation after your 15th year. Vacation time will be available and may be used in accordance with the terms of the vacation policy that applies to your position.

- b) You will be eligible to participate in the Associate Stock Purchase Plan, which allows you to purchase Wal-Mart stock through payroll deductions. You can choose from \$2 per pay period up to \$1,000 per pay period, and the Company will match fifteen (15%) on the first \$1,800 of your purchases per plan year. You should review the Stock Purchase Plan brochure before completing an enrollment card to begin purchases.
- c) You will be eligible to participate in the Walmart 401(k) Plan the first day of the month following your one-year anniversary, provided that you have worked at least 1,000 hours. Walmart will match your contributions dollar-for-dollar up to 6% of your pay. You must personally contribute to your 401(k) in order to receive a company matching contribution. You can save as much as 50% of your eligible pre-tax pay in your 401(k) Plan up to the maximum contribution limits set by the IRS. You will always be 100% vested in both your personal contributions and company contributions to your 401(k). Matching contributions will be made each paycheck. Enrollment materials will be sent to your home address on file when you become eligible. You may roll over funds from another qualified plan at any time after you are hired by calling (888) 968-4015 and completing the appropriate documents.
- d) You will be immediately eligible for medical and dental coverage, consistent with the Company's health insurance plan(s). HMOs (where available) may not have first year limitations. The current dental plan at Walmart has a one-year waiting period for orthodontia and major care services.
- e) You will be eligible for the Walmart Associate Discount Card after ninety (90) calendar days of continuous employment. The Discount Card allows Associates to purchase most regularly priced general merchandise in Walmart stores, as well as fresh fruits and vegetables, at a ten percent discount. To receive the discount, simply present your Associate Discount Card at the time you make a purchase.

You will receive further details in the days prior to your start date in regards to your first day.

Federal law requires that you present documentation that establishes your identity and legal right to work in the U.S. You must bring this documentation with you on your first day of employment. If you are unable to present the appropriate documents within three days of employment, Walmart will be required to terminate your employment. Because this is federal law, no exceptions to this requirement are permitted.

This offer is conditioned upon your passing a drug screen test, which must be administered within 24 hours after you receive this offer. This offer is also contingent upon your passing a background check. Details regarding the drug testing process are attached.

If you previously have been employed by Walmart Stores, Inc., in any capacity, your rehire status with the Company must be confirmed as eligible for rehire.

This offer is conditioned upon your agreement to accept the position. This offer letter does not create an express or implied contract of employment or any other contractual commitment. Your employment relationship with Walmart is on an at-will basis, which means that either you or

Walmart may terminate the employment relationship at any time for any or no reason, consistent with applicable law.

By signing below, you confirm that you are not subject to any non-compete agreement or other contractual obligations that could, or could be construed to, prohibit you from accepting the position outlined in this letter or interfering with your ability to perform the duties associated with this position.

Kevin, we look forward to you joining Walmart. We ask that you acknowledge your acceptance of the terms of this written offer by signing below and returning the signed letter to Stephanie Gaches at sgaches@walmart.com or by fax at 479-204-9880.

Congratulations and welcome to Walmart!

=====

----- NOTES -----

Event/Cmnt/Claim Date Tp Sb Examiner

On Friday 5/09/14, Kevin told Eric that he had reinjured himself the previous Friday from a previous injury. Eric and I called him and spoke to Kevin. I asked him what happened, and then I told him that if he did not hurt himself at work, then he could not claim a WC claim, and he would have to see his own doctor and would not be able to come back to work until he was released with no restrictions. He then stated that he did hurt himself in the course of his regular duties, and that it was actually a job hurt claim. I then informed him to call Job hurt, like we are supposed to do.

This one is a little tricky, that is why I wanted to let you know.

Thanks

Landon

A claim for workers' compensation benefits is made based on the following grounds: Date of Injury or Illness: 05/12/2014
☒ Injury ☐ Illness ☐ Repetitive Trauma ☐ Occupational Disease ☐ Physical Brain Injury ☐ Concurrent Jurisdiction
1. The claimant sustained an injury to back, left lower extremity (LLE); right lower extremity (RLE) (Part(s) of Body Injured) on 05/12/2014 (Month/Day/Year) in Beaufort county, state of South Carolina.
2. Body part(s) affected are: back, left lower extremity (LLE); right lower extremity (RLE)
Briefly describe how the accident occurred. Employee/Claimant rolled pallet of Pepsi products to floor, bending, twisting & lifting when he felt pain in his back.
3. Both the claimant and the employer were subject to the South Carolina Workers' Compensation Act at the time of injury.
4. The relationship of employer and employee existed at the time of injury.
5. At the time of the injury the claimant was performing services arising out of and in the course of employment.
6. Notice of the accidental injury was given to the Employer on 05/12/2014 (Month/Day/Year) in the following manner:
Eric Smith
☒ 7. Due to injury, the claimant is in need of (check one):
☐ (a) medical examination and treatment for: _____
☒ (b) additional medical examination and treatment for: back, left lower extremity (LLE); right lower extremity (RLE)
☒ 8. Due to injury, the claimant requests temporary total disability benefits because of lost compensable time from work and wages for the period of:
10/30/12 until, as long as allowable by law.
☐ 9. Due to the injury, the Claimant has permanent disability of the following nature and extent (check one):
☐ (1) General Disability: ☐ Total ☐ Partial ☐ (2) Specific Disability: ☐ Total ☐ Partial ☐ (3) Wage Loss
9a. ☒ A determination of permanent disability is premature at this time.
☐ 10. Due to the injury, the Claimant has a serious bodily disfigurement consisting of:

10a. At the time of the injury, the Claimant was paid weekly wages of \$_____, and demands accounting of days worked and wages earned as provided by law.
10b. Give names and addresses of all employers for whom the Claimant has worked since the date of the accident: 18278077/067
11. Further grounds or unusual aspects of claim: Employer/Carrier should be responsible for Claimant's medical bills, mileage expenses, prescription charges, temporary total benefits and permanent partial disability to be determined. Claimant requests a lump sum payment of any award, according to Regulations of the Commission. Claimant requests the Commissioner to make any award subject to Utica Mohawk v. Orr, 277 SC 226, 887 S.E. 2d 589 (1995) and Scharotta v. Brown, 837 F. 2d 135 (3d Cir. 1988).
11a. List names and addresses of all physicians or other medical specialists who have seen or treated the Claimant as a result of the accident: Doctors Care, 1510 Sour Ribaut Road, Port Royal, SC 29935; Scott Strohmeier, M.D., 1076 Ribaut Road, Suite 101, Beaufort, SC 29902; Progressive Physical Therapy, 1510 South Ribaut Road, Port Royal, SC 29935; John Batson, M.D. Low Country Spine & Sport, 300 New River Parkway, Suite 37, Hardeeville, SC 29927.
11b. To the best of your knowledge, did you have any prior permanent disability? _____
If yes, describe: _____
12. Appropriate benefits as provided in the Act for the above grounds and other relief as the Workers' Compensation Commission may direct as just and proper.
☐ 13a. I am filing a claim. I am not requesting a hearing at this time. 14. Estimated time needed for hearing: 30 minutes
☒ 13b. I am requesting a hearing. A \$25 fee is required.
☐ Mediation
☐ a. Mediation is requested to be ordered pursuant to Reg. 67-1801 B.
☐ b. Mediation is required pursuant to Reg. 67-1802.
☐ c. Mediation is requested by consent of the Parties pursuant to Reg. 67-1803.
☐ d. Mediation has been conducted by a duly qualified mediator and resulted in an impasse.
Questions regarding mediation may be submitted to mediation@wcc.sc.gov.
I certify I have served this document pursuant to Reg. 67-211 by delivering a copy to Indemnity Insurance Co. of NA, Address P.O. Box 5122, Scranton, PA 18505 on the 11th day of July 2014, by ☒ first class postage ☐ certified mail ☐ personal service.
I verify the contents of this form are accurate and true to the best of my knowledge.

Re: Kevin Wikel v. Pepsi Bottling Group
SCWCC: 1405219
Claim No.: 20140500582-0001
Our File No.: 100-235
Date of Accident: 5/2/2014

Dear Lin:

I am in receipt of your subpoenas requesting a recorded statement, as well as information pertaining to the Form 20. I have the information pertaining to the Form 20. Please note, the Claimant did have a statement conducted on May 12, 2014, although it was not recorded. I can provide you with the only summary available of that conversation in the Carrier's file notes. There was a recording of his call to 1-800-JOB-HURT on May 9, 2014, and I am in the process of obtaining that recording. It is a third-party vendor who performs the 1-800-JOB-HURT line. Please file a letter of representation with the South Carolina Workers' Compensation Commission pertaining to the claim, so I can forward you the requested information.

Upon receipt of this correspondence, should you have any questions or concerns, please do not hesitate to contact me.

Very truly yours,

Andrew D. Smith

1-800-JOB-HURT Phone Call CD
Transcribed by Andrew D. Smith, LLC
CD will be provided at the time of hearing

Job-Hurt: JOB-HURT claim support line, this is Mercedes. Let me verify you are calling to report a work related injury?

Caller: Yes ma'am.

Job-Hurt: Okay. May I have the employees ID number or social?

Caller: Uh, 1-0-1-8-6-3-5-7.

Job-Hurt: It's for Kevin Wikel?

Caller: Yes ma'am.

Job-Hurt: And the date of the incident?

Caller: Uhh, it would have been *pause* uh, it started hurting me May 2nd.

Job-Hurt: Occurred May 2nd. And that occurred at what time?

Caller: Uhh, like 11 o'clock in the afternoon. Uh, in the morning.

Job-Hurt: Okay. And what time was the employer notified?

Caller: Uh, today.

Job-Hurt: Okay. And notified at what time?

Caller: Eight o'clock.

Job-Hurt: Okay. And you are Kevin Wikel?

Caller: Yes ma'am.

Job-Hurt: Your job title?

Caller: Uh, Merchandiser.

Job-Hurt: Your contact phone number?

Caller: 8-4-3-2-7-1-0-1-4-5.

Job-Hurt: 8-4-3-2-7-1-0-1-4-5.

Caller: Yes ma'am.

Job-Hurt: And to verify, I have your home address as 5 Forest Cove...

Caller: Uhm...

Job-Hurt: Hilton Head, South Carolina.

Caller: It switched. It's, uhm, 160 Knights Bridge.

Job-Hurt: Okay, Night Bridge?

Caller: Yes ma'am.

Job-Hurt: N-i-g-h-t?

Caller: K-n-i-g-h-t-s B-r-i-d-g-e

Job-Hurt: Bridge.

Caller: Road, Bluffton, South Carolina 29912.

Job-Hurt: Okay, and do you work a set schedule, or schedule varies?

Caller: Uh, schedule varies. *in audible*

Job-Hurt: And your supervisors name?

Caller: Eric Smith.

Job-Hurt: And that's E-r-i-c, S-m-i-t-h?

Caller: Yes ma'am.

Job-Hurt: His job title?

Caller: Uhh, Territory Sales Manager.

Job-Hurt: His contact phone number?

Caller: Uhm, 8-4-3 *pause* uh, give me one second I gotta to look that up.

Job-Hurt: Okay.

Caller: 5-4-0-6-0-9-7.

Job-Hurt: 8-4-3-5-4-0-6-0-9-7?

Caller: Yes ma'am.

Job-Hurt: Okay, and a description of what happened?

Caller: Uhm, I started having pain in my lower back. I can't really tell you exactly what all happened with it. *laughs*

Job-Hurt: And what were you doing at the time?

Caller: Uh, workin'.

Job-Hurt: Were you lifting a case? Or are you not sure what you were doing? The work process?

Caller: I was doing the work process, yeah.

Job-Hurt: And what was it?

Caller: I was servicing a store.

Job-Hurt: And you felt pain through your back?

Caller: Yes ma'am.

Job-Hurt: And what were you particularly doing at the time?

Caller: Uh, I can't... honestly, I can't really remember. I know I didn't lift anything incorrectly or anything. It might just have been from exhaustion.

Job-Hurt: Okay. Your upper or lower back?

Caller: Uh, lower back.

Job-Hurt: And have you sought medical treatment?

Caller: No ma'am.

Job-Hurt: Were there any witnesses to the incident?

Caller: None that I remember around.

Job-Hurt: And were you missing any time from work?

Caller: Uh, I worked a couple hours today, and told them I wasn't going to be able to do it. My back was killing me too bad, and they told me I had to call y'all. So...

Job-Hurt: And where were you located when this occurred?

Caller: Uhm, in Beaufort.

Job-Hurt: Is there a location name?

Caller: Uh, location? What do you mean by that?

Job-Hurt: The uhm, store name, or address where it occurred?

Caller: Uh, I could have been... I believe it was a Publix.

Job-Hurt: And do you have their address?

Caller: Uh, no ma'am, I don't have their address.

Job-Hurt: And that was in Beaufort, South Carolina.

Caller: Where I work at is Hilton Head location, Beaufort.

Job-Hurt: That's for the uh, Publix. Was it Beaufort, South Carolina?

Caller: Uh, Hilton Head.

Job-Hurt: Alright, so it occurred at the Publix in Hilton Head, South Carolina, and the time zone the incident occurred in, it would be Eastern Time Zone?

Caller: Yes ma'am.

Job-Hurt: And the supervisor was notified today?

Caller: Yes ma'am. I thought with two days off, I would be alright, but that didn't get it. Right now it might be a little bit worse.

Job-Hurt: And what time your shift started the day of the incident?

Caller: Uhm, 5:30.

Job-Hurt: That's 5:30 am?

Caller: Yes ma'am.

Job-Hurt: And you were performing your regular job duties when this occurred?

Caller: Yes ma'am.

Job-Hurt: Pain is in the lower back. You were performing work duties. And this occurred at the grocery store Publix. What specific area were you located in?

Caller: Uh, Hilton Head.

Job-Hurt: Were you in an aisle or the parking lot?

Caller: Uh, I was inside the store. When I first started feeling the pain, I was inside the store.

Job-Hurt: Okay, and what area of the store?

Caller: Uh, I believe the back room.

Job-Hurt: Was there equipment or tools involved in the incident?

Caller: No ma'am.

Job-Hurt: Any products or packages involved in the incident?

Caller: Uh, I probably was down stacking a pallet. Sorry, all of my days are running together.

Job-Hurt: No problem. Were you lifting plastic shelf crates, or cardboard boxes, pallets?

Caller: Uh, probably crates.

Job-Hurt: Crates. And there was no work place violence involved. No medical. Do you require a medical referral for medical treatment?

Caller: Uh, they said I have to go to the medical, to be brought back to work. They said since I informed them I was hurt, I have to go seek medical treatment.

Job-Hurt: Okay. The location I have for medical treatment is Doctor's Care. And their...

Caller: Uh, Doctor's Care.

Job-Hurt: And their address is 1501 Ribaut Road, Port Royal, South Carolina.

Caller: Yes ma'am. Am I able to use a different one?

Job-Hurt: Mm, that's the only one they have listed for your location. The supervisor may have a different location. Did you want to go to Doctor's care or do you want to... to the different location?

Caller: Uhm, I was hoping to just go to Doctor's Care in Bluffton, 'cause it's a little bit closer for me. But I will go to Beaufort, 'cause I ain't got no other option.

Job-Hurt: Alright, and the claim is processed in South Carolina, and again, there is no time missed from work, you were performing work duties when this occurred. Is there a Carrier TPA Federal ID number? Or is that unknown?

Caller: Unknown. I don't even know what that is.

Job-Hurt: Okay. Are there any additional comments or notes for the report?

Caller: Uh, no ma'am.

Job-Hurt: Alright, I'm going to give you the report number.

Caller: Give me one second, I'll write it down real quick. Okay.

Job-Hurt: The report number is W-1-2-6-7-3-7.

Caller: Okay.

Job-Hurt: The authorized provider is Doctor's Care, at 1501 Ribaut Road, Port Royal, South Carolina, and we'll fax a copy of the Claim to the authorized provider. We will also send the information to the Pepsi Insurance organization and supervisor. And if you have any further questions, you'll contact the adjusters at Sedgwick Claims office.

Caller: Okay.

Job-Hurt: And their phone number is 1-800-5-4-8-1-3-7-3.

Caller: 1-7 what ma'am?

Job-Hurt: 1-3-7-3.

Caller: 1-3-7-3. Okay.

Job-Hurt: Okay. Was there anything else I could help with today?

Caller: No ma'am that'd be it.

Job-Hurt: Okay, so than you for calling in your report.

Caller: Thank you and you have a good one.

Job-Hurt: Thank you, you too.

Mr. Smith,

I was able to copy the video to my computer, but the file was too large to e-mail. I tried to see if I could limit the video to the two frames you needed, but we can't do that in-house. I have overnighted it to you and it should be there by 10:30 tomorrow morning.

Thanks,
