Re: The State v. Arden P. Cato, II

Appellate Case No. 2016-002081

To whom it may concern:

I recieved a letter on Nov 29, 2016 at Evans C.I. mailroom from this court asking me to provide proof within 30 days of aforementioned date that the transcript has been ordered. This case, or this appeal, is challenging the denial of a 2916 motion for new trial based on after-discovered evidence. There was no hearing, therefore this is no transcript available to be ordered.

I am in compliance with SCACR 208(a)(1), wherein there is no transcript, and the initial brief was filed within 30 days after service of the notice of appeal. My question to this court is now how do we proceed from this point? I see that my initial brief and all other necessary documents in compliance with the SCACR- appellate court rules, has been clocked stamped and filed with this court. Does my initial brief and all necessary documents stand as filed? Meaning, now the process continues and the respondent has 30 days to respond, correct? Please correspond answers to (all) of the questions posed in this letter.

The South Carolina Court of Appeals has been very helpful to me so far in this process as a Pro Se Appellant. I would like to thank you kindly.

Respectfully,
Charles P. Cato, II
