Mr. Zulveta:

I am in receipt of this recent e mail and I am also in receipt of a separate e mail sent to my secretary only. First, you should send things to me and copy her if you wish. She is not authorized to respond to your e mails. Second, all of the materials I have gotten since I noticed your deposition including this e mail today and the last e mail do not make any sense to me.

Let me reiterate that after requesting multiple times a mutually agreeable deposition date with no success, I set your deposition for next week, January 11, 2017 at 11:00 a.m. at my offices at Clawson & Staubes, 1000 E. North Street, Suite 200, Greenville, SC and properly notice the same. I will have a court reporter, a certified Spanish-English translator and myself there---all at my expense---for the purposes of taking your deposition. If you fail to attend, I will seek to charge you any costs incurred together with any other sanctions that the Court deems proper.

If you are not planning to attend, please clearly advise so that I do not waste the time of those persons and myself. I will take it up with the Court.

On your prior filing of 09/27/2016 You should include attorney's court's costs and fees so after Judge Herling has dismissed my case Plaintiff Appellant Zulveta can re-instate it and charge all of you with racketeer because I have no clue of why you haven't dumped TC Unlimited Inc., and Tim Case from this bribery and racketeer case defrauding South carolina injured workers. I have told you that I have bunch of people to dispose including doctors and directors of those hospital, I am thinking to dispose Beck and Campbell. You know Donald, The Governor, and Carson, attorney Robert Foster, etc., among many others they are in either for deposition or subpoena. You get lucky if I not came up disposing also you for prosecuting this racketeer case.

So, if you don't want to I communicate with her don't put me through your secretary so she can cheat me like she tried to do putting upon herself more authority than she has because you told her so she can be able to cheat me. The first thing you need to do is fix your fax machine because I am not gonna run behind you between Greenville's, Charlotte's, and Charleston's Fax trying to serve you.

And I am gonna tell the judge this because I am not gonna be running around the neighborhood asking neighbors for nickels and dimes so I can buy me couple of stamps to serve you. Fax is my communication's choice. That is it. And you get lucky that I am not have in mind yet to dispose you for prosecuting racketeering case. I'd serve the one of you who come first. If you have something to say take it to the judge which he already know that you hid from me on 09/27/2016 trying to cheat me.

Plaintiff-Appellant Zulveta really has not a clue of how you are going to survive THE HILLS, THE STILWELLS, THE CAMPBELLS which of course it includes the parasite over there at South Carolina Compensation Commission's bribery and corrupt Commissioner R. Michael Campbell and Chairman T. Scott Beck. They are in trouble already and now you know that your Judge Herlong is included also in the same corrupt group. Keep dreaming that Plaintiff-Appellant Zulveta is going to be there talking about that crabs that you and your judges want to get me in. This is gonna be: "CORRUPTION, CORRUPTION, CORRUPTION, BRIBERY, BRIBERY, BRIBERY, RACKETEER, RACKETEER, RACKETEER" Keep thinking that all of the racketeering law SC Administrative Act has that after being caught all of you corrupts robbing the community the same laws are gonna work and exonerate you. Keep dreaming. At last instance Plaintiff-Appellant Zulveta is gonna blame Donald for what you doing robbing injured workers and the community and I bet you my life against \$1 of yours that Donald is gonna hear me without I rely to that resort. That is out of question.

And wait for my partner Senator Sessions get into US Attorney General's Office. Plaintiff-Appellant Zulveta wants him for that position better than anybody. I guess by now he is wore up of being called a Racist. He is gonna to do me right. Specially we, working class people having Donald THE MESSIAH OF THE UNITED STATES' WORKING CLASS PEOPLE watching closely what he is doing as US Attorney General. I you want more noises and exposure regarding your racketeering and bribery judges you will have it.

Really, by now all of your corrupts instead of mistaken me for whatever your white robe mind with a cone over your head think (the picture you sent me that is a nice picture, at least he is a father who is proud of his son, his family, and not the photo of someone like you who goes around robbing people, the community, and think you should be exonerated of justice just because the colour of your skin and your profession.

Plaintiff Zulveta is trying to borrow some money so I can be able to forward you my certified legal documents of discovery since you sabotaged your fax machine knowing that due to my illiteracy and no recourse nor resources to prosecute this case most likely like always I would file my legal documents at the very last moment.

Plaintiff-Appellant Zulveta has no money therefore neither a legion of secretary and paralegal like you high profile law firms have. Wait to receive my legal papers through USPS. If you want to pick a fight over the subject of you sabotage your machine that is your problem and another unconstitutional dismissal is not gonna make no difference. Plaintiff-Appellant Zulveta is going to defeat you. That is out of question because noles nor The Constitution neither of them are at your side. Keep dreaming that I am gonna be blamed for that fax machine that you have listed in South Carolina Greenville Division District Court and I the only one who has problem with it because you know that I always file my legal papers at the very last day out of struggling to understand the law. No problem, I trust next United States Justice Department's administration they will be more than glad to hear Plaintiff-Appellant Zulveta's several unconstitutional dismissals.
