I generally like the electronic copy. You can print the whole thing and/or specific pages. I used to be a paralegal and I always tried to keep original transcripts out of the hands of my attorneys because you never knew when something would go missing from the file, get coffee spilled on it, etc. But it is really a matter of preference.

We will wait to get both transcripts at the same time.

We would like an electronic copy. But, I could use your advice about the paper copy. It will be put into a Record on Appeal, so do you suggest we get the paper copy also?

Mr. Frawley, by way of update, please be advised that I am finishing up the transcript of the bench trial of December 14-15, 2015, of the above matter. I anticipate having it fully completed within the next week. Additionally, I have completed the transcript of the hearing of May 5, 2016, on your motion to alter or amend judgment. I am reviewing my notes from your request and I do not see any indication on which transcript format you have requested. Please let me know if you would like electronic copy via e-mail, paper copy via USPS, or both. Also, please let me know if you would like for me to go ahead and send the transcript of the May hearing or if you would prefer that I wait and send it with the trial transcript. I apologize for the delay, and I will await your advisement.

THANKS
