NC Foodmart, LLC/ Fast Pace Store And Nigisti Gebremedhin, Appellant,

v.

ABC Leasing, Inc.

Appeal From York County Court of Common Pleas

CASE# 2016CP46941

Filed December 28, 2016

This case was filed in the above date; however, I do not agree with it because of the following reasons:

1. I was tricked by Mr. Joseph Toth, the man who installed the Touch n Buy machine in my store. There was no written number of contract on the paper work that he made me sign. He took the paper with him, he wrote the number (48 months) on it, and he mailed it to me a week later.
2. The machine does not work properly: that means, it did not accept a single customer's utility nor phone bills as the manual said. Because of that, I had to pay for its lease out of pocket.
3. I was arguing Mr. Joseph Toth to send me a statement that shows how much money I was making. The prepaid phone cards money was drafted out of my bank account every week without any statement.

On top of all of these, I gave away 19 government cell phones. Mr. Joseph told me that I would receive \$4.00 promotion from each phone given away to the food stamp recipients'. After he found out that I stopped the machine, he made a phone call to tell me that I could not do that; I explained him everything in detail. First, I was calling him three to four times a day to tell him I had a problem with the machine: he wouldn't do anything; sometimes he wouldn't answer his phone. Second, I did not get paid for the prepaid phone cards or the \$4.00 from each government cell phones given away. When I mentioned about the \$4.00, he became nervous, and told me that it was not \$4.00; it was \$8.00 each. I asked him where the money was, he did not say anything.

Before these things took place, Mr. Joseph came to my store four to five times to convince me saying; "your store is very good location, you are going to make tones of money, this is the only store going to carry the touch n buy machine": which is all false.

After several trips to my store, Mr. Joseph convinced me, he did all the things he wanted to do, and refused to help me while I was dealing with the malfunctioning machine every day.

This case needs to be justified and Mr. Joseph Toth must take accountability for all charges (\$5,931.21) and for the money that I should have to get paid from the prepaid phone cards and government cell phones. He needs to be brought to justice.

Sincerely

-----
