Case No. 2016-001627

Jamaal Gittens

VS

John Rakowsky

January 21, 2017

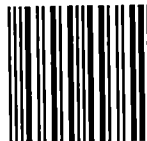

I'm forwarding your administration the transcripts as requested, after reading these transcripts; I notice that words didn't come out correctly on my part; everything I said was spontaneous. On page 15 I was referencing Hague V Committee for industrial Organization 307 U.S. 496 (1939) the United States Supreme Court said only natural persons alone are entitled the privileges and immunities under the Fourteenth Amendment; only individual complaint maybe maintained, a cooperation cannot claim such rights, if I can't visibly see the plaintiff; there's no petition on record with a cause of action, that court is deprived jurisdiction and is acting under color of law; also the six amendment gives me the right to face my accuser; one that has suffered injury (cause of action)

When reading the transcripts, you will see that attorney Alfred Cox hasn't presented any Supreme Court rulings that supports defendant Rakowsky judicial practice; neither in his motion to dismiss which Honorable judge Thomas Cooper cosigned (respectfully); in my petition I mentioned several reasons why the defendant Rakowsky acted in clear absent of jurisdiction, I believe I went overboard with it
