

fil

I looked in the box this morning, but it wasn't there. I have asked Tom to pick it up and file it, then send it to me and file an Affidavit of Service so I can file the appeal.

Thank you, Liz and Tom, and Judge Hyman, for all your help in this case! BPratt

Good Morning,

An Amended Order has been signed. According to the rules, an order of a judge may amend or corrected with notice and the service of the order. I believe our conversation yesterday should serve as proper notice. Therefore, I do not believe that we need a motion to amend filed. The amended order will be placed in the 3rd floor box as soon as we have a break in court.

Best Regards,

Liz Smith

Subject: RE: Spears Order

I think we need to make it an amended order. At this point, the previous order has been clocked
