S.C. SUPREME COURT

Ms. Dassel had me on the docket to see a traveling judge so I could receive a lesser sentence. After being in jail, for 180 days she said the reason she took me off the docket was because the witness did not show up. Why would she need a witness when I'm going to plead guilty. I called her to ask her to see if she will carry me in front of a judge for a bond reduction, and she said no she will not. A few weeks later she came back to say that she had a plea deal for 0 to 20 and that there was nothing else she could do. The first plea was 10 years in front of the traveling judge. She and I knew that he would not give me 10 years. A few weeks later Ms. Dassel and Mr. Cheek came to see me and told me that if I did not take the 0 to 20 plea, that they were going to take me to trial. I was in fear for my freedom, and I told them that, My Brother was getting me a paid lawyer, they asked me who was the lawyer. I told them his name was Mr. Michael Brown, and as we were talking Mr. Brown walk into the conference room, they asked him was he going to take my case, He told them yes. Mr. Brown left, and Mr. Cheek said that's to much money for a lawyer. Mr. Cheek did not look at any of the tape in my case but me and Mr. Dassel did on the tape from TJ max. I walked in and out without anything. Ms. Dassel said you did not do anything on this tape but I still got sentence for it. She knew more about my case than Mr. Cheek, I was in fear and forced to signed the sentencing sheet. Mr. Cheek misrepresented me telling the Judge about my past history. If he would have investigated my case, he would have looked at the tape from TJ max. When I went back to Court on my PCR. The lawyer that I had asked Mr. Cheek did he look at the tapes, he told them court that he did not. I got three years on this sentence they did not find anything on me they found it in the surrounding area. I told the Judge about my Health, and I would like to ask of all. I am Blind in one eye. I have bad health I'm asking this Court to please reduce my sentence, or run the three years concurrent with my sentence all together. I'm 55 years old my health issues are very serious. God Bless You.
