

The South Carolina Court of Appeals

The State, Respondent,

v.

Glynndeavin Von Fox, Appellant.

Appellate Case No. 2017-000568

ORDER

Appellant has filed a notice of appeal from the circuit court's "verbal order" regarding a "deadline for a mental examination." This court has already dismissed two appeals Appellant filed relating to the competency to stand trial evaluation. Because the verbal order is also not immediately appealable, this appeal is dismissed. The motion to stop order is denied. The remittitur will be sent as provided in Rule 221, SCACR.
