Re; Appellate case number 2015-00147

It appears, that I am not going to receive my requested extension while I await court records which our court reporter writes to inform me were deliberately destroyed thirty days or thereabouts after my jury trial; this means I can not possibly reconstruct events with any accuracy after such a long period, and so much deliberate damage to my records; I never got to even peruse my trial records until nearly fourteen (14) long months after my May 18th, 2015 jury trial! This problem was, I am convinced, deliberately caused by indigent defense, so called 'attorney' (sic) robert Dudek who our state court of Appeals forced on me over so many of my objections!

In any event, I will not be able to complete the Pro Se Appellate Brief without any accurate records, and however, I have had to rush, since your office is not going to extend any additional time for me despite good cause which I've demonstrated for the court.

Please therefore, cause to forthwith file the enclosed 'rushed' sworn document and please understand I am requesting a new trial based upon the deliberate and total destruction of all my jury trial records germane to this case.

Sincerely,

BRENT CHRISTOPHER McLAUREN, JR
