...sed Individual who preformed floor refinishing. As a result of the concerns  
...ressed by the Codes personnel, both the Court and City Attorney have  
...viewed the residence and determined that the prior work, performed at unknown  
...dates and times appears to be cosmetic in nature (addition of exterior brick  
...vener) and/or the enclosure of existing front and rear porches that do not  
...enlarge the residential footprint or add living space as an additlon. No obvious  
...defects that would affect the general safety and welfare of the Homeowner and  
...the public.

The Homeowner's efforts appear to be an improvement of the appearance  
and utilization of his residence performed at previous Intervals and unknown  
times as finances allowed. Further, the Court has been made aware of the  
financial straits of the Homeowner, the nature and condition of the surrounding  
properties, and the transitional nature of the neighborhood; from residential to  
commercial over time. Frankly, this property is located where the furious growth  
of the City and particularly the Augusta Road area will engulf most if not all of the  
neighborhood in total redevelopment within the next decade.

After a full review of the concerns expressed by both parties, City and  
Homeowner, and a review of Municipal and International Codes applicable to the  
case at bar, the Court finds and concludes that the permit application shall be  
granted and the permit issued forthwith. The Court further finds and concludes  
that prior cosmetic enhancements and porch enclosures, while not permitted,  
are not subject to *post facto* permitting and Building Codes Enforcement are  
relieved of liability for these items of concern.

IT IS SO ORDERED!
