RE: Arnold Ward Vs. State of South Carolina
Caes No: 2007-GS-26-00418
Appellate Case No; 2015-002107

Dear clerk,

This letter is in response to request by your office to provide appropriations/ fundings for the ordering of transcript in the Appellate case referenced above... I sent a form from your office in our last contact stating the transcript would already be delivered by a specific date... This information was derived through the appellate courts decision to supply this material... I have already sent all the proper forms of indigence, pursuant to south carolina code Ann: 17-26-60 (**court cost and expenses for indigents**)... Showing I can not afford any part of said documents...

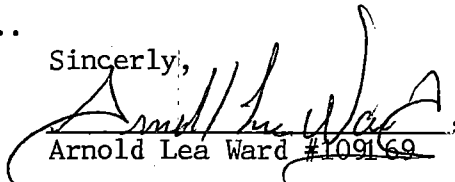

This appeal is filed Pro-Se challenging the conviction and confinement of the above referenced case... Where the proceedings of a criminal appeals is filed pro-Se under a motion to proceed in forma pauperis no further actions of cost or payment's should be taken and/or enforced...

On March 28, 2016, I contacted the South Carolina Office Of court Administration notifying the courts failure to provide this document, Soon after i recieved the letter from your office stating i would receive the transcript by September 1, 2016... I have contacted this office on several separate occasions notifying of courts failure in the providing of such documents and questioning on what procedure to take...

As of to day's date, I am still of indigent status and can not afford cost of the transcript... I respectfully request this court please supply such document and/or allow the petitioner ample time to proceed with briefing without said documents and/or transcript, Although this would be a unfair advantage to my defense...

I would like to take the time to thank you and/or your office in advance for on any or all assistance in helping to procure this matter...

Sincerely,

Arnold Lea Ward #109169
