Appellant request a thirty day extension to file the record on appeal, due to only being given a partial recording by the lower magistrate court of the jury trial, clearly notating the violations of the rules concerning jury instructions, and denying appellant's right to question his accuser.

This issue was clearly brought up before Judge Maite Murphy, Circuit Court judge on appeal. During the circuit court appeal Judge Murphy clearly spoke on appellant's right to question accuser which is noted on the transcripts from the appeal hearing presided by Judge Murphy.

Judge Murphy also stated that she would review the lower court recording before making her ruling. I am also currently in the process of obtaining the full lower court recording from the Circuit Court because and have it transcribe for the ROA.

For these reasons above I request a thirty day late filing extension before filing the ROA
