To Who May Concern;

My name is Rose Mary Smith case number 2017-000217 . I have been trying to obtain the information from my employee that will help clear up this matter. I am asking that you please grant me a 30 day extension for the reason that I have a meeting with the Manager of the HR department for Berkeley County School District. At that time I would be able to provide reasoning as to how and why my application was filed after my 90 day grace period stated by your company.

Sincerely

Rose Mary Smith
