BRIEF FOR WRIT OF DE NOVO

I, Hall, Marcus L., am a Private American National citizen of the united States of America who privately resides in a privately domicile outside of Federal District in a non-military private estate located outside of a Federal District not subject to the jurisdiction of the "United States". I am a non-commercial, non-statutory and non-UCC person.

This is my brief for the Writ of De Novo that has been filed for case number 2015-CP-40-07210. The purpose and intent of this De Novo, is pretty much declared in the opening paragraph of this brief. It is improper and not equitable for an American National to be brought into the jurisdiction in which the Respondent has brought me into. It is my duty to protect my equitable rights and defenses that are not cognoscible in the current jurisdiction of the case number stated above.

As an American National the jurisdiction I should have been brought under is exclusive equity wherein my equitable rights and defenses can be recognized, as a maxim of equity, "Equity aids the vigilant, not those who slumber on their rights". Furthermore, it is of necessity that this De Novo is granted because the current jurisdiction is that of statutes and codes and the taking away of property, in which a maxim of equity states, "Equity will not allow a statute to be used as a cloak for fraud" and "Equity abhors a forfeiture", and since I am the beneficiary of all private trust, equity regards the beneficiary as the true owner. Therefore, as stated in Gibson 55, whenever there is a conflict between the rules of law and superior equity, equity prevails.

As a maxim, "He who comes into Equity must do Equity", therefore, I have given notice to the Respondent concerning trust matters by return delivery of Special Deposit Trust Res, and the issuing of documents under Special Private Priority Trust Res. Even though the Respondents may have their claim, equity will resolve the disagreements with fairness and justice, as a maxim, "Equity delights to do justice and not by halves" and "Where equities are equal, the law will prevail".

IN CONCLUSION: This is a matter of jurisdiction and trespassing of private trust, therefore it should be sealed, excluded from the public because of Special Private Priority, including but not limited to the hearing for the De Novo, and evidence revealed only in chamber. I hereby pray that this court grants the petition for the De Novo.
