The applicant Due process of Law has been violated during his Atford Plea and applicant's mental illness prevented me from raising the issues of "ineffective assistance of counsel, and due process of law because my counsel failed to investigate, and ask for a psychiatric evaluation despite history of Mental Health issues, and applicant claim incompetency to stand trial because he was incompetency at time of the Atford Plea and said mental illness prevented me from raising these issues of "ineffective assistance of counsel, and due process of law because my counsel failure to investigate mental health back. Therefore the applicant does suffer with mental illness
