

Dear Whomsoever,

4/25/17

I Lexie Hoover Sr. would like the court to please look at that my mother didn't even have a chance to speak during court. On my behalf of wasn't giving a fair trial. I only had one day before to see my lawyer and then was throw in court and sent to a 1 yr. in prison I feel like I didn't get a fair trial and should of never went to prison, and also my mother was a witness at my probation office when they had me arrested none of that was brought up during my court date before I was sent to prison, And the charges they charged me with was bogus. And I feel like it was sent to prison for here say, I had witnesses and nobody was able to testify in court on my behalf, Thanks.
