Hi! On 11-16-12 I spoke with S.C. Indigent Defense Attorney

Susan B. Hackett in regards to why she haven't sent my PCR transcript as I was told by her in an earlier letter and told by an employee of their office (soon as I'm appointed a attorney I'd receive my PCR transcripts) well this has yet to occur and Ms. Hackett tells me that's not how their Agency works I'll only get a copy of the transcript when and after she files her writ on what she wants to present to the courts Not what I see wrong with my case as if what I see and know don't matter. I've already been advised by her about of the Exhibits I've submitted on 5-15-12 to Judge Saxley at the PCR hearing 2012-cp-17091 is missing! This is why I demand her to send me a copy of my transcript which I'm entitled to by law to have an fair and impartial hearing in the Supreme Courts and I can plan my own strategy and point out to her if she misses something very important. I can already see this will be a problem I've requested she contact the Dillon County Clerk of Courts to have the Austin Review I've filed in regards of the PCR Courts not addressing all the issues of motions I raised in my application I've also filed a Rule 59(e) which I was denied to have had filed due to the fact PCR Attorney Ms. Heather M. Cannon didn't address all my PCR issues period and she admitted to it in a letter to me then MS advised me nothing stops me from filing a Rule 59(e) when I attempted to do this the Dillon County Clerk of Court denied me this right cause she was my attorney at this time and buggered her way on my case. out of all this Ineffectiveness of attorney Heather M. Cannon now Ms. Susan B. Hackett I ask Chief Justice Toal you please go ahead

Remove rather allow the courts remove this lady off my case re-appoint a new attorney to my case this case is in Supreme Courts were you are at now Honorable Justice Toal I ask appoint Chief Appellant Defender Robert M. Dudley  
AFFIDAVIT
