Good afternoon. It was just discovered that there is an error in the Record on Appeal in the above referenced matter. It appears this error will require us to make some corrections to the Index. In addition, it would require that we change out the KDP Exhibit 2 (Development Agreement) with the the Development Agreement on page 1788 so that it is the correct Development Agreement which was entered at trial. Please advise on how we need to correct the already bound volumes which were filed with the Court on May 31, 2017.

In addition, the Department has on this day sent an 20 day extension request to file the Final Brief, which will hopefully allow all parties to get the ROA corrected and the Final Briefs completed.

Sincerely,  
Denise Crawford
