Dear Clerk of Court,

The letter requested by the letter sent on the 28<sup>th</sup> of June, 2017 is as follows. The transcripts have been ordered, but have not been paid as of the date of this letter, and will be paid on the next billing cycle. The case regarding *Glynndeavin von Fox v. Spring Rolls Asian Cuisine* is very important regarding civil rights violations in America of a Public Accommodation while using a restroom after eating a paid meal. However, if this does not please this honorable court regarding the paid transcript with letter of order, then the *Rule 13* process to the United States Supreme Court will have to be placed on the case.

I wait earnestly for your return to attempt either the *South Carolina Appellant Process* or Rule 13 of the United States of America Supreme Court over this court. The United Nations has been copied regarding the third National Complaint to the United States Department of Justice regarding the Clerk of Court of the South Carolina Appellant Court, and ultimately surpasses any requirement for *Political Asylum* under the United Nations Charter Treaty at the United Nations or United Nations International Court of Justice regarding *Due Process* of any United States of America citizen under violation proof of *Due Process*. The filing of *Political Asylum* under such treaty is through federal academic training of the Air Force Academy of the United States of America at Fairchild, AFB for Pilots and Air Crew of the USAF under Central Intelligence Agency funding, as all SERE, HALO, and Stealth programs are under another United States of America Department or Agency funding and not the Department of Defense.

Sincerely,

G. von Fox
