SC Court of Appeals

Chief Justice Sean and the Court at that time has not been heard ~~of~~ on or ruled on. The Court is in deliberate error when it seeks to interpret my express captioned case of "Appeal" and treated it as originating in Original Jurisdiction. The racism of this Court when questioning Deputy Clerk Shealey on procedure first put her hand up in the ghetto fashion of dismissal and when I asked for the file, then threw it on the table. The Court has no authority of state law to interpret a case other than what is written or else to ask the appealing party to clarify.

This Court in its attempt to limit the participation of the Appellant because she is Black, pro se, elderly and working ^{class} seeks to incorporate an 2010 order that has nothing to do with this appeal. ~~The Court has accepted these cases~~ These cases came up to the S.C. Court of Appeals thru normal procedure. The Motion for Appointment of Counsel has been denied. Appellate applied for Indigent Defense and meets the rule of law. No opposition to this appeal has been filed, the Court business shows

by not ruling in my favor Demand
reconsideration
