A DECLARATION

S.C. Court of Appeals:

I am providing email communications dated July 27, 2017 from Atty. Hiser stating documents that should be included in the Record On Appeal due to a clarification request from Appellant. Atty. Hiser provided several documents as an attachment to the email which confirms that Amazon, Com, American Zurich and SCWCC were in possession which has been denied. The email confirms Appellant's argument that pertinent documents were provided to Amazon.Com, American Zurich and SCWCC. The email was not available at Tribunal but it confirms the submission of documents as part of SCWCC's records. A crime has been committed.

- AMAZON LIED AND DENIED
- SCWCC LIED AND ISSUED FRAUDULENT ORDERS
- S.C. COURT OF APPEALS HAS DENIED DUE PROCESS AND JUSTICE

Mr. Jenkins, Although you have been advised that we will not respond to your continuous emails, I am providing you with another copy of the October 13, 2014 Form 50 via email, given the Court of Appeals' deadline for submitting the Record on Appeal in this matter. This document was provided to you previously under cover of letter dated July 17, 2017, at pages 16 and 17 of the stack of documents. For your convenience, I am including the version served on us by the Commission which clarifies the date, which is a little difficult to read on your Form 50.
Sincerely,
Helen Hiser

Attachment: SC Worker's Compensation Form 50

~~8. Have not work since January 21, 2014 because of medical problems. Dr. Mohammed placed me on light duty because of medical problems and employer would not allowed access because medical work restrictions which is supported by written verification.~~

11. The defendant has admitted to responsibility in questions 1 through 6 while stating reasons for denial in the same questions which implies a double standard to benefit Amazon. Amazon Legal Representative (Mr. Rusty Goudelock) stated in an email April, 2014 that worker's compensation would not be given to me when the laws of the state of South Carolina has allowed for it due to work related injury and employer admitting to injury. Amazon intended to create a financial hardship by denying worker's compensation and shortterm disability since March 5, 2014 knowing that employer (Amazon) did not allowed me to work because of light duty restrictions by Dr. Mohammed. I sought information for many months from Amazon regarding worker's compensation or shortterm disability and no one would respond which is supported by verification. I have been receiving blank monthly pay stubs since March 5, 2014 sent to my direct deposit account which is supported by written verification. By Amazon finding a doctor (Dr. Stickler) to say I am at maximum medical improvement because Dr. Mohammed who is primary neurologist would not give them a rating in June, 2014 when requested by Nurse Case Manager (Kelly Wells) stating until he receives medical evaluation from neuro surgeon, neuro physician and spine specialist which have not been completed at this time. Dr. Stickler Office would not even confirm that I was ever a patient of his when Aetna Insurance was seeking information per my authorization which is supported by verification. Amazon had previously attempted the same maximum medical improvement outcome with Dr. Jervey (neurologist) from Charleston, SC. The first scheduled appointment with Dr. Stickler was August 13, 2014 but due to misinformation between defendant and his office regarding services to be render therefore had to be rescheduled. Defendants filed a form 51 on August 15, 2014 reserving the right to and may amend or supplement pending further investigation. The scheduled appointment with Dr. Stickler was scheduled for August 20, 2014 where he later submitted a report stating I was at maximum medical improvement. Defendants amended their form 51 on September 29, 2014 after Dr. Stickler submitted his report indicating maximum medical improvement stating no further benefits and/to disability compensation benefits are owed to claimant. The defendant deliberately scheduled a pre-arrange an intentional appointment to render no medical services on August 13, 2014 knowing that a form 51 will be completed on August 15, 2014 requesting the right to reserve and may amend upon an investigation. The defendant amended their form 51 on September 29, 2014 stating claimant has reached maximum medical improvement and no further medical benefits and/to disability compensation benefits are owed to claimant after Dr. Stickler submitted his report of maximum medical improvement. The defendant set me up as robbers waiting outside a bank therefore a deliberate act of fraudulent intentions. Dr. Stickler was a pawn for Amazon that brought shame to his own medical practice. I am still in need of additional medical care.

Too Much is Too Much(?)

Me Dear Amazon: If I suffer any financial mishaps in any way this Feb 19

Doyle, Michelle To Me, Smith, Trina, Katsler, Alida Feb 19

Hi Clarence.

I wanted to let you know that the site has reviewed the restrictions on your RMI that we received and at this time we are not able to accommodate your restrictions. The doctor lists loud noise and bright lights to be an issue. As you know, the site is loud and bright. Since we are unable to accommodate your restrictions, please reach out to the LOA team to request an LOA starting with the first day of work missed on 1.20.14. The LOA team will also be able to put you in contact with the short-term disability team in regards to potential compensation for missed time.

Thanks
MD

A Complete Analysis of Dr. Stickler Fraudulent Report(2)

Me Sep 12 at 10:21 PM
 To: Rusty Goudeock, doylemic@amazon.com, kelstera@amazon.com, trsmith1@amazon.com

Amazon and Partners:

Dr. Stickler's report states that I denies vomiting and nausea which could not be true. Amazon Attorney, Mr. Rusty, Amazon HR, Michele Doyle and Amazon Worker's Compensation Staff, Alicia Keisler and Amazon Worker's Comp Manager, Trina Smith have all been told by email of situations where I was sick all night vomiting with nausea.

Dr. Stickler's stated in his report there is no aura which is incorrect because at my last office visit with Dr. Mohammed it was expressed to him that I can find myself coughing and vomiting until almost passing out when smelling very bad odors. Dr. Mohammed made three referrals with one being to a neuropsychology for evaluation which Amazon has decided to not honor. The conversation took place while Nurse Kelly Wells was present and copies of referrals has been provided to Amazon.

Dr. Stickler's report states no dizziness, leg pain and leg weakness were not present in the timeframe immediately following the injury and there does not appear to be a relationship between these complaints and his head injury which is incorrect. I am wondering what medical documentations was provided to Dr. Stickler or one he read because his incompetenit is ever so present in his findings. Provided that Dr. Stickler wanted to do right by an inch then basic understanding of all my medical records would have not allowed him to make such egregious errors to satisfied Amazon desire to dispute my injury claim. I can say with determination that none of you would testify that Dr. Stickler's report is factual knowing that medical documentations and information has been provided regarding health problems.

Dr. Stickler's report is incompetent and fraudulent base on prior and current medical problems since head injury. I will produce every email to dispute Dr. Stickler's report as verification of his incompetent before the SC Worker's Compensation Commission. I am going to send this letter and Dr. Stickler's report to the SC Human Affairs Commission to show the deliberate and calculated actions of Amazon. I will not allow Amazon to play with me or my life. I am still not well requiring medical care. I could not sleep.

Send medical notes to Aon Hewitt(3)

Me Sep 23 at 3:54 PM
 To Rusty Goudelock, trsmith@amazon.com, kelsiera@amazon.com,
 dnyfemic@amazon.com, Kathy.Cook@sedgwickcris.com

Amazon:

I have just spoken with Jean at Aon Hewitt on 9/23/2014 which stated that she does not have any medical notes from doctors visit. I informed her that Amazon Worker's Compensation has the medical notes because Nurse Kelly Wells was at office visits. I am requesting that Amazon Worker's Compensation send all medical notes to Aon Hewitt for a short term review. Jean states that she needs notes because a decision must be made by October 11, 2014. Provided that medical notes are not received at Aon by October 11, 2014 then my short term disability will be denied. Jean was advised to contact Ms. Keisler for documentations.

Jean states that she has verified with Amazon Worker's Compensation that I have an open case. I informed Jean that Amazon Worker's Compensation HAS NOT PAID ANYTHING. The more I try to recovery is impossible with Amazon.

Please provide a follow up

Hello Clarence,

I am still waiting for the clinical review of the IME completed and it should come back anytime. Also I left a voicemail this morning with Dr. Muhammad as we were told on 9/10/2014 the records would be faxed in 24-48 hours and the information is still not received. Since that day our vander Parameds left 7 voicemails with no return call.

Also On Wednesday this week Janna with Dr. Sticker is still advising that there are no records found for you with your name, social security number and date of birth. What may help at this point is to see if they can give you a copy of your visit(s) directly. I am not sure why they are telling us there are no records.
