SUBJECT: Steven Spagnoli Appeal # 2016 000961 Addendum to SUPREME COURT Letter.

Dear Supreme Court,

To follow up with my last letter July 28 2017 I am sending this addendum for your considerations. I shared with you my concept of Little Apple Mission + Beyond up in York County. However, realize that charity starts at home and I have unfinished projects there. I need you all to help with reversing my convictions so I can return home and concentrate my immediate efforts to those needs of my children, Grandchildren, elderly parents and existing real estate development in York.

Seven years now and I remain as convinced now as I was then of my innocence in my case. It is unfortunate I was involved as I was but believe all things work as God shall will. I have learned a great deal about what's important and to recognize when I want something for others more than they want for themselves to give it to Jesus and see things work in his time for the best.

It is my responsibility and duty to my family to do what I can to free myself and want your blessings.

In closing, I ask you all to forgive me for the things I have done and have failed to do and please help me return to civilization as soon as possible.

Cordially,
Steven Spagnoli
