(ii) Divide the amount determined in (i) above by the number of days from the installation of improvements to the expiration of the lease.

If your lease contains a renewal option, the expiration of the renewal option period will replace the expiration of the lease in this procedure.

(iii) Nothing if others pay for repairs or replacement.

(6) Valuable Papers and Records, including those which exist on electronic or magnetic media (other than prepackaged software programs), at the cost of:

(a) Blank materials for reproducing the records; and

(b) Labor to transcribe or copy the records when there is a duplicate.

(ii) Adjust that total for any normal fluctuations in the amount of accounts receivable for the month in which the loss or damage occurred or for any demonstrated variance from the average for that month.

(b) The following will be deducted from the total amount of accounts receivable, however that amount is established:

e. Our payment for loss of or damage to personal property of others will only be for the account of the owners of the property. We may adjust losses with the owners of lost or damaged property if other than you. If we pay the owners, such payments will satisfy your claims against us for the owner's property. We will not pay the owners more than their financial interest in the Covered Property.

f. We may elect to defend you against suits arising from claims of owners of property. We will do this at our expense.

g. We will pay for covered loss or damage within 30 days after we receive the sworn statement of loss, if:

PROPERTY GENERAL CONDITIONS

1. Coinsurance

a. We will not pay the full amount of any loss if the value of Covered Property at the time of loss times the Coinsurance percentage shown for it in the Declarations is greater than the Limit of Insurance for the property.

Instead, we will determine the most we will pay using the following steps:

(1) Multiply the value of Covered Property at the time of loss by the Coinsurance percentage;

(2) Divide the Limit of Insurance of the property by the figure determined in step (1);

(3) Multiply the total amount of the covered loss, before the application of any deductible, by the figure determined in step (2); and

(4) Subtract the deductible from the figure determined in step (3).

The amount determined in step (4) is the most we will pay. For the remainder, you will either have to rely on other insurance or absorb the loss yourself.

Example No. 1 (Underinsurance):
When:

The value of the property is	$250,000
The Coinsurance percentage for it is	80%
The Limit of Insurance for it is	$100,000
The Deductible is	$250
The amount of loss is	$ 40,000

Step (1): $250,000 x 80% = $200,000 (the minimum amount of insurance to meet your Coinsurance Requirements)

Step (2): $100,000 @ $200,000 = .50

Step (3): $ 40,000 x .50 = $20,000

Step (4): $ 20,000 - $250 = $19,750

We will pay no more than $19,750. The remaining $20,250 is not covered.

Example No. 2 (Adequate Insurance):
When:

The value of the property is	$250,000
The Coinsurance percentage for it is	80%
The Limit of Insurance for it is	$200,000
The Deductible is	$250
The amount of loss is	$ 40,000

Step (1): $250,000 x 80% = $200,000 (the minimum amount of insurance to meet your Coinsurance Requirements)

Step (2): $200,000 @ $200,000 = 1.00

Step (3): $ 40,000 x 1.00 = $40,000

IF YOUR POLICY PROVIDES PROPERTY INSURANCE ON A BUILDING, YOU SHOULD KNOW...

- A building valuation may be completed each year based on information submitted with your application for insurance. Your building limits of insurance may be increased based on the company's Building Cost Valuation Guide and any coinsurance requirements at the time of valuation. This estimated valuation is not a substitute for a detailed appraisal.

- If we do not complete a valuation of your building(s), we may increase the building amount of insurance at renewal, based on national statistics for changes in costs of construction and inflation.

- If your policy provides Total Building Replacement Cost Protection Coverage, this coverage requires that you agree to insure for 100% of building value. We will complete a building valuation each year based on information submitted with your application for insurance. In accordance with the terms of Total Building Replacement Cost Protection Coverage, your limits may be increased based on the company's Building Cost Valuation Guide. This estimated valuation is not a substitute for a detailed appraisal.

PLEASE CONTACT YOUR AGENT IF YOU HAVE ANY QUESTIONS ABOUT BUILDING VALUATION, INSURANCE, TOTAL BUILDING REPLACEMENT COST PROTECTION COVERAGE OR YOUR BUILDING LIMITS OF INSURANCE.

ADDITIONAL INSURED ENDORSEMENT
CONSTRUCTION CONTRACTS

WHO IS AN INSURED (Section II) is amended to include as an additional insured any general contractor, subcontractor or owner whom you are required to add as an additional insured on this policy under a written or oral construction contract or agreement where a certificate of insurance showing that person or organization as an additional insured has been issued and received by "us" prior to the date of loss. The written or oral contract or agreement must not be a lease agreement for equipment or property, and must be:

(a) currently in effect or becoming effective during the term of this policy; and

(b) executed prior to the "occurrence" resulting in "bodily injury," "property damage," "personal injury" or "advertising injury."

The insurance provided to the additional insured is limited as follows:

(a) The additional insured is covered for its vicarious liability for the acts or omissions of the named insured which arise from the named insured's ongoing construction operations. The additional insured is not covered for liability due to its independent acts or for any supervision of "your work" or the work of any other person or organization; and

(b) The limits of insurance applicable to the additional insured are those specified in the written contract or agreement or in the Declarations for this policy, whichever are less.

The insurance provided to the additional insured does not apply to "bodily injury," "property damage," "personal injury" or "advertising injury" arising out of an architect's, engineer's or surveyor's rendering of or failure to render any professional services including:

(a) The preparing, approving or failing to prepare or approve maps, drawings, opinions, reports, surveys, change orders, design or specifications; and

(b) Supervisory, inspection or engineering services.

Any coverage provided hereunder shall be excess over other valid and collectible insurance available to the additional insured whether that other insurance is primary, excess, contingent or provided on any other basis.

HERE'S AN "800" NUMBER WE HOPE YOU NEVER NEED.

We are totally committed to providing you with the best customer services available, from helping you understand the coverage you buy to making sure your claim settlement runs smoothly. Now, we are happy to announce an important new service to give you the security of knowing someone is *always* there to help you if and when the need arises.

Because accidents don't always happen during business hours

Naturally, you should call your independent insurance agent to report a claim. But what do you do if you suffer a loss during the wee hours of the morning or on weekends when your agent's office may be closed?

We have an answer. It's a new toll-free number you can use to report claims on evenings, weekends, holidays, 365 days a year! By calling (800) 241-2541, you can receive prompt response to immediate claim issues that cannot wait until the next business day. Knowledgeable adjusters who understand the importance of your call will take your information and begin the claim process. If the situation warrants, they will rush to the scene to assess the damage and secure statements and police reports. They will also help you prevent further loss. In all cases, one of our representatives will soon be in touch with you and keep you informed of the progress of your claim settlement.

Keep this number handy at all times

To be well-prepared to report a loss, keep this "800" number---and the name of your insurance agent, insurance company, and policy numbers---handy at all times.

Before a loss occurs, prepare an itemized listing of all your belongings and update it regularly. Include photos, videotapes and receipts, and store them in a safe place away from your home. Also keep an extra copy of documents relating to vehicle ownership, maintenance, and insurance and store them away from your autos. If you must file a claim, these simple measures can help your adjuster determine the extent of your loss and assure a prompt, fair payment for you.

We certainly hope your family stays safe and your property, sound. But if you do suffer a loss, be assured that someone will be there to help you and to give your claim the personal and prompt attention it deserves.

PREMIUM AUDIT NOTICE

The following information is intended to explain the premium base on policies written "Subject to Audit."

An accurate Premium Audit is a benefit to you and your business. We recommend the person(s) in charge of keeping your financial records (e.g. Payroll; Gross Sales; Total Cost) be aware of insurance auditor needs. Records that are accurate and properly maintained allow us to complete the audit and to apply, when applicable, certain premium saving rules.

WHO WILL MAKE THE AUDIT?

A Premium Auditor will contact you for an appointment if our rules require a physical audit. If the necessary information can be obtained without a physical audit, we will send you the necessary forms for you to complete.

WHAT RECORDS WILL BE NEEDED?

The Premium Auditor will examine and audit all of your records that relate to your policy. The records needed will vary depending upon the type of coverage you have. In most cases, the auditor will be able to obtain the necessary audit data from two or more of the following records:

- Payroll Journals with monthly/quarterly totals
- Quarterly Tax Reports
- General Ledgers
- Individual Earning Cards with monthly/quarterly totals
- Certificates of Insurance for sub-contractors
- Vehicle descriptions (include purchase date and date sold)

In the course of the audit, the Auditor may ask some questions about your records and personally observe the various aspects of your business operations. This will assist the Auditor in properly classifying your operations and employees.

HOW SHOULD YOUR RECORDS BE KEPT:

Payroll: Many of the premiums for your insurance are based on payroll which is defined as total remuneration. Remuneration includes:

- Wages
- Commissions
- Bonuses
- Overtime Pay
- Holiday Pay
- Vacation Pay
- Sick Pay
- Payment for Piece Work
- Other $ Substitutes

Overtime: The amount paid in excess of straight time pay can be deducted if the excess can be verified by your records. Your records must show overtime separately by employee and totalled monthly and quarterly. THIS IS NOT APPLICABLE IN PA (WC) or DE (WC).

Division of Payroll: Division of an individual employee's payroll to more than one classification is not allowed. Exception: For construction or erection operations, the payroll of an employee may be allocated to each type of work performed if proper records are kept. Payroll **cannot** be divided between construction and office or sales classifications.

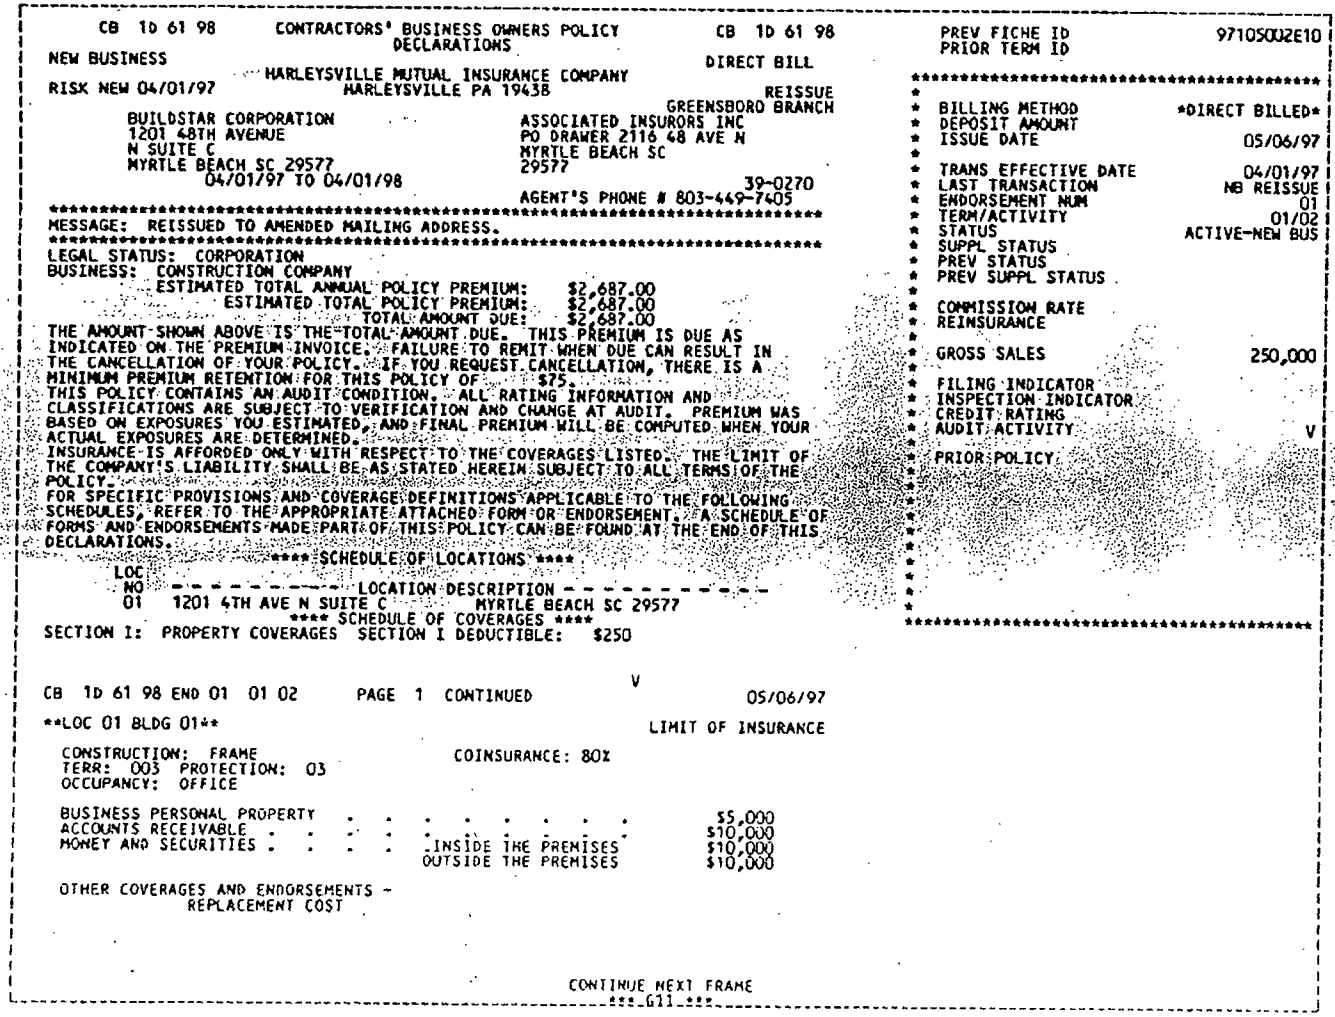

Gross Sales: Another premium base for insurance is gross sales. Sales information must be kept separately for each location with monthly and quarterly totals by the type of product sold.

*** IMPORTANT ***

Subcontractors: Most state Workers Compensation laws will hold you responsible for injuries sustained by an employee of an uninsured subcontractor. You may also be responsible for the legal liability of your subcontractors. To protect yourself, be sure to secure a CERTIFICATE OF INSURANCE from each subcontractor for Workers Compensation and General Liability coverage. These certificates must be available to the auditor at time of audit.

If no evidence of insurance is available or if liability insurance is inadequate, the subcontractor's payroll must be added to your premium base. If a person is claimed to be a subcontractor, but they do not have their own employees and their duties closely resemble those of an employee of yours, that person may be considered an employee for audit purposes. "Adequate insurance" means the subcontractor carries liability insurance with coverage comparable to yours (e.g. premises/operations -- products/completed operations) and limits of liability which are no less than $300,000 CSL ($300,000 BI/$300,000 PD Split Limits) for the period of time work was performed for you. Any limit less than the above will be considered inadequate and a payroll charge will be included on your audit.

We recommend you bring any questions concerning your insurance to the attention of your Agent.

LOSS PAYABLE PROVISIONS

SCHEDULE*

Prem. No.	Bldg. No.	Description of Property	Loss Payee (Name & Address)	Provision Applicable (Indicate Paragraph A or B)

The following is added to the Business Owners Property Coverage Form LOSS PAYMENT Loss Condition, as shown in the Declarations or by an "A" or "B" in the Schedule:

A. LOSS PAYABLE

For Covered Property in which both you and a Loss Payee shown in the Schedule or in the Declarations have an insurable interest we will:

1. Adjust losses with you;
2. Pay any claim for loss or damage jointly to you and the Loss Payee, as interests may appear.

B. LENDER'S LOSS PAYABLE

1. The Loss Payee shown in the Schedule or in the Declarations is a creditor (including a mortgage holder or trustee) with whom you have entered a contract for the sale of Covered Property, whose interest in that Covered Property is established by such written contracts as:
   a. Warehouse receipts;
   b. A contract for deed;
   c. Bills of lading; or
   d. Financing statements.
2. For Covered Property in which both you and a Loss Payee have an insurable interest:
   a. We will pay for covered loss or damage to each Loss Payee in their order of precedence, as interests may appear.
   b. The Loss Payee has the right to receive loss payment even if the Loss Payee has started foreclosure for similar action on the Covered Property.
   c. If we deny your claim because of your acts or because you have failed to comply with the terms of this policy, the Loss Payee will still have the right to receive loss payment if the Loss Payee:
      (1) Pays any premium due under this policy at our request if you have failed to do so;
      (2) Submits a signed, sworn proof of loss within 60 days after receiving notice from us of your failure to do so; and
      (3) Has notified us of any change in ownership, occupancy or substantial change in risk known to the Loss Payee.

      All of the terms of the Business Owners Property Coverage Form will then apply directly to the Loss Payee.
   d. If we pay the Loss Payee for any loss or damage and deny payment to you because of your acts or because you have failed to comply with the terms of this policy:
      (1) The Loss Payee's rights will be transferred to us to the extent of the amount we pay; and

*ormation required to complete this Schedule, if not shown on this endorsement will be shown in the Declarations.

Copyright Insurance Services Office, Inc., 1985

(2) The Loss Payee's right to recover the full amount of the Loss Payee's claim will not be impaired.

At our option, we may pay to the Loss Payee the whole principal on the debt plus any accrued interest. In this event you will pay your remaining debt to us.

3. If we cancel this policy, we will give written notice to the Loss Payee at least:

   a. 10 days before the effective date of cancellation if we cancel for your nonpayment of premium; or

   b. 30 days before the effective date of cancellation if we cancel for any other reason.

4. If we do not renew this policy, we will give written notice to the Loss Payee at least 10 days before the expiration date of this policy.

This endorsement must be attached to a Change Endorsement when issued after the policy is written.

CONTRACTORS EQUIPMENT COVERAGE ENDORSEMENT

The words "you" and "your" refer to the Named Insured shown in the Declarations. The words "we," "us" and "our" refer to the Company providing this insurance.

Other words and phrases that appear in quotation marks have special meaning. Refer to Section F - DEFINITIONS.

A. COVERAGE

We will pay for "loss" to Covered Property from any of the Covered Causes of Loss

1. COVERED PROPERTY, as used in this Coverage Form, means:

   Property described on the Declarations.

2. PROPERTY NOT COVERED

   Covered Property does not include.

   a. Automobiles, motor trucks, motorcycles, aircraft or watercraft;

   b. Plans, blue prints, designs or specifications;

   c. Any property which has become a permanent part of any structure;

   d. Property while underground;

   e. Property while being waterborne. But we will pay for direct "loss" caused by fire.

   f. Contraband, or property in the course of illegal transportation or trade.

3. COVERED CAUSES OF LOSS

   Covered Causes of Loss means RISKS OF DIRECT PHYSICAL "LOSS" to Covered Property except those causes of "loss" listed in the Exclusions.

B. EXCLUSIONS

1. We will not pay for a "loss" caused directly or indirectly by any of the following. Such "loss" is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the "loss."

   a. GOVERNMENTAL ACTION

      Seizure or destruction of property by order of governmental authority.

      But we will pay for acts of destruction ordered by governmental authority and taken at the time of a fire to prevent its spread if the fire would be covered under this Coverage Form.

   b. NUCLEAR HAZARD

      (1) Any weapon employing atomic fission or fusion; or

      (2) Nuclear reaction or radiation, or radioactive contamination from any other cause.

      But we will pay for direct "loss" caused by resulting fire if the fire would be covered under this Coverage Form.

   c. WAR AND MILITARY ACTION

      (1) War, incuding undeclared or civil war;

      (2) Warlike action by a military force, including action in hindering or defending against an actual or expected attack, by any government, sovereign or other authority using military personnel or other agents; or

      (3) Insurrection, rebellion, revolution, usurped power or action taken by governmental authority in hindering or defending against any of these.

2. We will not pay for a "loss" caused by or resulting from any of the following:

   a. Occasioned by the weight of a load exceeding the registered lifting or supporting capacity of any machine.

   b. Dishonest acts by you, anyone else with an interest in the property, your or their employees or authorized representatives or anyone entrusted with the property, whether or not acting alone or in collusion with other persons or occurring during the hours of employment.

      But this exclusion does not apply to a carrier for hire.

   c. Artifically generated current creating a short circuit or other electric disturbance within an article covered under this Coverage Form.

      But we will pay for direct "loss" caused by resulting fire or explosion, if these causes of "loss" would be covered under this Coverage Form.

      This exclusion only applies to "loss" to that article in which the disturbance occurs.

3. We will not pay for a "loss" caused by or resulting from any of the following. But if "loss" by a "Special Peril" results, we will pay for that resulting "loss."

   a. Wear and tear;

   b. Gradual deterioration;

   c. Breakage;

   d. Rust.

C. LIMITS OF INSURANCE

The most we will pay for "loss" in any one occurrence is the applicable Limit of Insurance shown in the Declarations.

D. DEDUCTIBLE

We will not pay for "loss" in any one occurrence until the amount of the adjusted "loss" before applying the applicable Limits of Insurance exceeds the Deductible shown in the Declarations. We will then pay the amount of the adjusted "loss" in excess of the Deductible, up to the applicable Limit of Insurance.

E. ADDITIONAL CONDITIONS

The following conditions apply in addition to the Common Policy Conditons:

1. COVERAGE TERRITORY

   We cover property wherever located within:

   a. The United States of America; and

   b. Canada.

2. COINSURANCE

   All Covered Property, except property in transit must be insured for at least 100% of its total value as of the time of "loss" or you will incur a penalty.

   The penalty is that we will pay only the proportion of any "loss" that the Limit of Insurance shown in the Declarations for all Covered Property at all locations bears to 100% of the total value of all property at all locations as of the time of "loss." This penalty will not apply to property in transit.

3. It is a condition of this insurance that all articles insured hereunder are in sound condition at the time of attachment of this insurance.

4. PAIR, SET OR PARTS

   a. Pair or Set. In case of "loss" to any part of a pair or set we may:

      (1) Repair or replace any part to restore the pair or set to its value before the "loss;" or

      (2) Pay the difference between the value of the pair or set before and after the "loss."

   b. Parts. In case of "loss" to any part of Covered Property consisting of several parts when complete, we will only pay for the value of the lost or damaged part.

F. DEFINITIONS:

1. "Loss" means accidental loss or damage.

2. "Special perils" means fire, lightning, explosion, cyclone, tornado, windstorm, flood, earthquake, collision, derailment or overturn of conveyance, malicious damage or aircraft damage.

G. OPTIONAL COVERAGE RENTAL REIMBURSEMENT COVERAGE FOR CONTRACTORS' EQUIPMENT

We provide coverage for only that equipment specifically listed on the Contractors' Equipment Schedule and where Rental Reimbursement Coverage is indicated as covered.

1. We will pay for rental reimbursement expenses incurred by you for the rental of equipment because of loss to covered equipment. Payment applies in addition to the otherwise applicable amount of each coverage the insured has on covered equipment. No deductible shall apply to this coverage.

2. We will pay only those necessary and actual expenses incurred during the policy period, beginning at the time of the loss and ending, regardless of the policy's expiration, with the lesser of the following number of days:

   (a) The number of days reasonably required to repair or replace the covered equipment;

   (b) Thirty (30) days.

3. This coverage does not apply while there is spare or reserve equipment available to the insured for his/her operations.

A. We will not pay for loss ("loss") or damage caused directly or indirectly by the following. Such loss ("loss") or damage is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the loss ("loss") or damage.

1. The failure, malfunction, inability or inadequacy of:

a. Any of the following, whether belonging to any insured or to others:

(1) Computer hardware, including microprocessors;

(2) Computer application software;

(3) Computer operating systems and related software;

which is in any way related to the inability to correctly recognize, process, distinguish, interpret or accept one or more dates or times. An example is the inability of computer software to recognize the year 2000.

2. Any advice, consultation, design, evaluation, inspection, installation, maintenance, repair, replacement or supervision provided or done by you or for you to determine, rectify or test for, any potential or actual problems described in Paragraph I.A.1. of this endorsement.

B. If your policy includes the following coverages and an excluded loss ("loss") as described in Paragraph I.A. of this endorsement results in a:

1. Covered Cause of Loss as defined under your Systems Breakdown Endorsement, we will pay only for the loss ("loss") or damage caused by such Covered Cause of Loss;

2. Covered Cause of Loss as defined under your Basic Business Owners Policy, we will pay only for the loss ("loss") or damage caused by such Covered Cause of Loss;

3. POLICYHOLDER NOTICE

Exclusion: Year 2000 Computer-Related and Other Electronic Problems

THIS POLICYHOLDER NOTICE DOES NOT PROVIDE COVERAGE NOR SHOULD IT BE CONSTRUED TO REPLACE ANY PROVISIONS OF YOUR POLICY. PLEASE READ YOUR POLICY AND REVIEW YOUR DECLARATIONS PAGE FOR COMPLETE INFORMATION ON YOUR COVERAGES. IF THERE IS ANY CONFLICT BETWEEN YOUR POLICY AND THIS SUMMARY, THE PROVISIONS OF YOUR POLICY SHALL PREVAIL.

An endorsement has been attached to your policy stating that coverage is **not** provided for any losses caused by a computer or other electronic equipment's inability to correctly recognize or process a particular date or time (examples are the year 2000 or 9/9/99). This endorsement applies regardless of whether the computer or other electronic product or device, including computer chips, belongs to you or to others, or has been incorporated into your products or the products of others. There may be some limited coverage available. Please refer to the language of the endorsement to determine whether it applies in your situation.

Many computer systems were designed more than a generation ago. At that time, to save money and space, computers were programmed with a six-digit date field (i.e. 10/02/71), with space for only a two-digit year. When a computer "sees" 98, it assumes the year is 1998. As an example, when a computer tries to process the year 2000, it may read "00" to be 1900--not 2000. Your individual business may be affected. Each computer, computer-related system or other electronic product may experience problems. Since each situation is unique, it is not possible to predict all computer-related and other electronic problems that you may experience.

We recommend that you examine and evaluate your situation as soon as possible. It may be necessary for a professional computer consultant to analyze your computers, computer-related systems and other electronic products for year 2000 compliance.

If you have any questions regarding this matter, please contact your insurance agent.

This policy has been issued in reliance upon the ements in the Declarations and in the application nitted for this insurance. Various provisions in this policy restrict coverage. Read the entire policy carefully to determine rights, duties and what is and is not covered.

2. **Exclusions**

   This insurance does not apply to:

(1) How, when and where the "occurrence" or "offense" took place;

(2) The name and address of any injured persons or witnesses; and

(3) The nature and location of any injury or damage arising out of the "occurrence."

7. INSPECTIONS AND SURVEYS

We have the right but are not obligated to:

a. Make inspections and surveys at any time;

c. Recommend changes.

Any inspections, surveys, reports or recommendations relate only to insurability and the premiums to be charged. We do not make safety inspections. 9. MAINTENANCE OF UNDERLYING INSURANCE

The insurance afforded by each policy listed in the Schedule of Underlying Insurance in the Declarations will be maintained for the full term of this insurance. This provision does not apply to the reduction of the aggregate limit or limits due to payment of claims for "bodily injury," "personal injury," "property damage" or "advertising injury." As these policies expire you will renew them at limits at least equal to the expiring limits of insurance.

If you fail to comply with the above, this insurance is not invalidated. However, in the event of a loss, we will pay only to the extent that we would have paid had you so complied.

You must give us a written notice of any change in the "underlying insurance" as respects:

a. Coverage;

b. Limits of insurance;

c. Termination of any coverage; or

d. Exhaustion of aggregate limits.

10. OTHER INSURANCE

This insurance is excess over any other valid and collectible insurance whether such other insurance is stated to be primary, contributing, excess, contingent or otherwise. This provision does not apply to a policy bought specifically to apply in excess of this insurance.

11. OUR RIGHT TO RECOVER FROM OTHERS

If we make a payment under this Insurance, the insured will assist us and the "underlying insurer" in recovering what we paid by using the insured's right of recovery. Reimbursement will be made in the following order:

a. First, to any interest (including the insured) who has paid any amount in excess of the limits of this insurance;

b. Next, to us; and

c. Then to any interest (including the insured and the "underlying insurer") as are entitled to claim the remainder, if any.

A different order may apply if agreed upon by all interests. Expenses incurred in the process of recovery will be divided among all interests according to the ratio of their respective recoveries.

12. PREMIUM

The first Named Insured is responsible for the payment of all premiums and will be the payee for any return premium.

13. PREMIUM AUDIT

When this insurance is written on an adjustable premium basis the following items apply:

a. You must keep records of the information we need for premium computation, and send us copies at such times as we may request.

b. At the close of each audit period we will compute the earned premium for that period.

c. Audit premiums are due and payable on notice to the first Named Insured.

14. REPRESENTATION

By accepting this insurance you agree:

a. The statements in the Declarations and any subsequent notice relating to "underlying insurance" are accurate and complete;

b. Those statements are based upon representations you made to us; and

c. We have issued this insurance in reliance upon your representation.

15. SEPARATION OF INSUREDS

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned to you in this insurance, this insurance applies:

a. As if each Named Insured were the only Named Insured; and

b. Separately to each insured against whom claim is made or "suit" is brought.

16. TRANSFER OF YOUR RIGHTS AND DUTIES UNDER THIS INSURANCE

Your rights and duties under this insurance may not be transferred without our written consent except in the case of death of an individual named insured.

If you die, your rights and duties will be transferred to your legal representative but only while acting within the scope of duties as your legal representative. COMMERCIAL UMBRELLA LIABILITY POLICY

s policy has been issued in reliance upon the statements in the Declarations and in the application ...omitted for this insurance. Various provisions in this policy restrict coverage. Read the entire policy carefully to determine rights, duties and what is and is not covered.

Throughout this policy the words "you" and "your" refer to the Named Insured shown in the Declarations. The words "we," "us" and "our" refer to the Company providing this insurance.

The word "insured" means any person or organization qualifying as such under SECTION II - WHO IS AN INSURED.

Words and phrases in this policy that appear in quotation marks have special meanings. Refer to SECTION V - DEFINITIONS when such meanings are not defined when used.

SECTION I - COVERAGE A AND COVERAGE B

COVERAGE A. BODILY INJURY AND PROPERTY DAMAGE LIABILITY.

COVERAGE B. PERSONAL INJURY AND ADVERTISING INJURY LIABILITY

1. INSURING AGREEMENT

We will pay on behalf of the insured the "ultimate net loss" in excess of the "applicable underlying limit" which the insured becomes legally obligated to pay as damages because of:

a. "Bodily injury" or "property damage" covered by this policy and caused by an "occurrence" which occurs during the policy period; or

b. "Personal injury" or "advertising injury" covered by this policy and caused by an "offense" committed during the policy period.

This insurance applies anywhere in the world.

2. DEFENSE AND SUPPLEMENTARY PAYMENTS

a. We will have no duty to defend any claim or "suit" that any other insurer has a duty to defend. If we elect to join in the defense of such claims or "suits," we will pay all expenses we incur.

b. We will have the right and duty to defend any "suit" for damages which are payable under Coverages A or B (including damages wholly or partly within the "retained limit") but which are not payable by a policy of "underlying insurance," or any other available insurance, because;

(1) Such damages are not covered; or

(2) The "underlying insurance" has been exhausted by the payment of claims.

c. We may investigate and settle any claim or "suit" in b. above at our discretion.

d. Our right and duty in b. above end when we have used up the "applicable limit of insurance" in the payment of judgments or settlements.

e. We will pay with respect to any claim or "suit" we defend in b. above:

(1) All expenses we incur.

(2) The cost of appeal bonds and bonds to release attachments, but only for bond amounts within the "applicable limit of insurance." We do not have to furnish these bonds.

(3) The cost of bail bonds up to $3,000. We do not have to furnish these bonds.

(4) All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit," including actual loss of earnings because of time off from work.

(5) All costs taxed against the insured in the "suit."

(6) Pre-judgment interest awarded against the insured on that part of the judgment we pay. If we make an offer to pay the "applicable limit of insurance," we will not pay any pre-judgment interest based on that period of time after the offer.

(7) All interest on the full amount of any judgment that accrues after entry of the judgment and before we have:

(a) paid, or offered to pay; or

(b) deposited in court;

the part of the judgment that is within the "applicable limit of insurance."

These payments will not reduce the limits of insurance.

In any jurisdiction outside the United States of America (including its territories and possessions), Puerto Rico or Canada where we may be prevented by law or otherwise from carrying out this agreement:

(1) You must arrange to investigate, defend or settle any claim or "suit."

(2) You will not make any settlement without our consent.

(3) We will pay expenses incurred with our consent.

(5) Any employee of (2), (3) or (4) above.

c. Except as respects aircraft and the "auto hazard":

(1) Your executive officers, "employees," directors or stockholders while acting within the scope of their duties; and

(2) Any person or organization while acting as real estate manager for you.

d. Any person or organization having proper temporary custody of your property if you die, but only:

(1) With respect to liability arising out of the maintenance or use of that property; and

(2) Until your legal representative has been appointed.

e. Your legal representative if you die, but only with respect to duties as such. That representative will have all your rights and duties under this insurance.

f. Any person or organization for whom you agreed in writing to provide this insurance for operations you perform or facilities you own or use. This insurance is subject to your "applicable underlying limits" for such operations or facilities.

g. Any other person or organization insured under any policy of the "underlying insurance." This grant is subject to all the limitations upon coverage under such policy other than the limits of the "underlying insurers" liability.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

No person is an insured as respects "bodily injury" to a fellow "employee" unless insurance for such liability is afforded by the "underlying insurance."

SECTION III - LIMITS OF INSURANCE

1. The Limits of Insurance shown in the Declarations and the rules below fix the most we will pay regardless of the number of:

a. Insureds;

b. Claims made or "suits" brought; or

c. Persons or organizations making claims or bringing "suits."

2. The Aggregate Limit is the most we will pay for all damages:

a. Included in the "products-completed operations hazard";

b. Because of "bodily injury" by disease sustained by your "employees" arising out of and in the course of their employment by you and not covered by any workers' compensation or similar law; or

c. Arising out of the rendering or failure to render any professional services which are covered under this policy.

The Aggregate Limit applies separately to a., b. and c.

3. The Personal and Advertising Injury Limit is the most we will pay under Coverage B for the sum of all damages because of all "personal injury" and all "advertising injury" sustained by any one person or organization.

4. Subject to 2. above, the Each Occurrence Limit is the most we will pay for the sum of damages under Coverage A because of all "bodily injury" and "property damage" arising out of any one "occurrence."

The limits of this insurance apply separately to each consecutive annual period and to any remaining period of less than 12 months. The policy period begins with the effective date shown in the Declarations. If the policy period is extended after issuance for an additional period of less than 12 months, the additional period will be deemed part of the last preceding period.

SECTION IV - CONDITIONS

1. APPEALS

a. If the insured or the insured's "underlying insurer" elects not to appeal a judgment which exceeds the "applicable underlying limit," we may do so.

b. If we do, we will pay all costs of the appeal. We will also pay all costs on appeals related to the defense of the insured as provided in SECTION I item 2. DEFENSE AND SUPPLEMENTARY PAYMENTS. These sums are in addition to the "applicable limit of insurance." In no event shall our liability for "ultimate net loss" exceed the "applicable limit of insurance."

2. BANKRUPTCY

Bankruptcy or insolvency of the insured or of the insured's estate will not relieve us of our obligations under this insurance.

3. CANCELLATION

a. The first Named Insured may cancel this insurance by mailing or delivering to us advance written notice of cancellation.

b. We may cancel this insurance by mailing or delivering to the first Named Insured written notice of cancellation at least:

(1) 10 days before the effective date of cancellation if we cancel for nonpayment of premium; or

(2) 60 days before the effective date of cancellation if we cancel for any other reason.

c. We will mail or deliver our notice to the first Named Insured's last mailing address known to us.

d. Notice of cancellation will state the effective date of cancellation. The policy period will end on that date.

e. If this policy is cancelled, we will send the first Named Insured any premium refund due. If we cancel, the refund will be pro rata. If the first Named Insured cancels the refund will be pro rata less 10% of the pro rata unearned premium. The cancellation will be effective even if we have not made or offered a refund.

f. If notice is mailed, proof of mailing will be sufficient proof of notice.

4. CHANGES

This policy contains all the agreements between you and us concerning the insurance afforded. No change can be made in the terms of this insurance except with our consent. The terms of this insurance can be amended or waived only by endorsement issued by us and made a part of this insurance.

5. DUTIES IN THE EVENT OF OCCURRENCE, OFFENSE, CLAIM OR SUIT

a. You must see to it that we are notified promptly of an "occurrence" or an "offense" which may result in a claim under this insurance. Notice should include:

(1) How, when and where the "occurrence" or "offense" took place;

(2) The name and address of any injured persons or witnesses; and

(3) The nature and location of any injury or damage arising out of the "occurrence" or "offense."

This requirement applies only when the "occurrence" or "offense" is known to:

(1) You, if you are an individual;

(2) A partner, if you are a partnership;

(3) A member, if you are a joint venture;

(4) A member or manager, if you are a limited liability company; or

(5) An executive officer or insurance manager, if you are an organization other than a partnership, joint venture or limited liability company.

b. If a claim is made or "suit" is brought against any insured which may result in a claim against this insurance, you must:

(1) Immediately record the specifics of the claim or "suit" and the date received; and

(2) Notify us as soon as practicable.

This requirement will not be considered breached unless the breach occurs after such claim or "suit" is known to:

(1) You, if you are an individual;

(2) A partner, if you are a partnership;

(3) A member, if you are a joint venture;

(4) A member, if you are a limited liability company; or

(5) An executive officer or insurance manager, if you are an organization other than a partnership, joint venture or limited liability company.

c. You and any other involved insured must:

(1) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the claim or "suit";

(2) Authorize us to obtain records and other information;

(3) Cooperate with us in the investigation, settlement or defense of the claim or "suit";

(4) Assist us, upon our request, in the enforcement of any right against any person or organization which may be liable to the insured because of injury or damage to which this insurance or any "underlying insurance" may apply;

(5) Cooperate with the "underlying insurers"; and

(6) Comply with the terms of the "underlying insurance."

d. When we believe that a claim may exceed the "underlying insurance," we may join with the insured and the "underlying insurer" in the investigation, settlement and defense of all claims and "suits" in connection with such "occurrence" or "offense." In such event, the insured must cooperate with us.

e. No insured will, except at their own cost, voluntarily make a payment, assume any obligation or incur any expense, other than first aid, without our consent.

6. EXAMINATION OF YOUR BOOKS AND RECORDS

We may examine and audit your books and records as they relate to this insurance:

a. At any time during the policy period;

b. Up to three years afterward; or

c. Within one year after final settlement of all claims under this insurance.

7. INSPECTIONS AND SURVEYS

We have the right but are not obligated to:

a. Make inspections and surveys at any time;

b. Give you reports on the conditions we find; and

c. Recommend changes.

Any inspections, surveys, reports or recommendations relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. We do not warrant that conditions:

a. Are safe or healthful; or

b. Comply with laws, regulations, codes or standards.

8. LEGAL ACTION AGAINST US

No person or organization has a right under this insurance:

a. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or

b. To sue us on this insurance unless all of its terms have been fully complied with.

A person or organization may sue us to recover on an "agreed settlement" or on a final judgement against an insured obtained after an actual trial. We will not be liable for damages that:

a. Are not payable under the terms of this insurance; or

b. Are in excess of the "applicable limit of insurance."

An "agreed settlement" means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

9. MAINTENANCE OF UNDERLYING INSURANCE

You shall maintain in force the insurance afforded by each policy listed in the Schedule of Underlying Insurance in the Declarations for the full term of this insurance. The terms, conditions and endorsements of "underlying insurance" will not materially change and renewals or replacements of "underlying insurance" will not be more restrictive in coverage. Limits of "underlying insurance" will not be reduced except for any reduction or exhaustion of the aggregate limit(s) of insurance due to the payment of claims or defense.

If you fail to comply with the above, this insurance is not invalidated. However, in the event of a loss, we will pay only to the extent that we would have paid had you so complied.

10. OTHER INSURANCE

This insurance is excess over any other valid and collectible insurance whether such other insurance is stated to be primary, contributing, excess, contingent or otherwise. This provision does not apply to a policy bought specifically to apply in excess of this insurance.

11. OUR RIGHT TO RECOVER FROM OTHERS

If we make a payment under this insurance, the insured will assist us and the "underlying insurer" in recovering what we paid by using the insured's right of recovery. Reimbursement will be made in the following order:

a. First, to any interest (including the insured) who has paid any amount in excess of the limits of this insurance;

b. Next, to us; and

c. Then to any interest (including the insured and the "underlying insurer") as are entitled to claim the remainder, if any.

A different order may apply if agreed upon by all interests. Expenses incurred in the process of recovery will be divided among all interests according to the ratio of their respective recoveries.

12. PREMIUM

The first Named Insured is responsible for the payment of all premiums and will be the payee for any return premium.

13. PREMIUM AUDIT

When this insurance is written on an adjustable premium basis the following items apply:

a. You must keep records of the information we need for premium computation, and send us copies at such times as we may request.

b. At the close of each audit period we will compute the earned premium for that period.

c. Audit premiums are due and payable on notice to the first Named Insured.

14. REPRESENTATION

By accepting this insurance you agree:

a. The statements in the Declarations and any subsequent notice relating to "underlying insurance" are accurate and complete;

b. Those statements are based upon representations you made to us;

c. We have issued this insurance in reliance upon your representation; and

d. Your failure to disclose all hazards existing as of the inception date of the policy shall not in itself prejudice the coverage otherwise afforded by this policy, provided such failure to disclose all hazards is not intentional.

SEPARATION OF INSUREDS

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned to you in this insurance, this insurance applies:

a. As if each Named Insured were the only Named Insured; and

b. Separately to each insured against whom claim is made or "suit" is brought.

16. TRANSFER OF YOUR RIGHTS AND DUTIES UNDER THIS INSURANCE

Your rights and duties under this insurance may not be transferred without our written consent except in the case of death of an individual named insured.

If you die, your rights and duties will be transferred to your legal representative but only while acting within the scope of duties as your legal representative. Until your legal representative is appointed, anyone having proper temporary custody of your property will have your rights and duties but only with respect to that property.

17. WHEN LOSS IS PAYABLE

If we are liable under this insurance, we will pay for "ultimate net loss" after:

a. (1) The insured's liability is established by court decision and all appeals are exhausted; or

(2) There is a written agreement between the claimant, the insured, any "underlying insurer" and us; and

b. The amount of the "applicable underlying limit" is paid by or on behalf of the insured.

We will pay all claims expeditiously provided all terms of this insurance are met.

The insured will reimburse us for any payment we make for damages which are within the "retained limit."

18. FIRST NAMED INSURED

The person or organization first named in the Declarations will act on behalf of all other insureds where indicated in this policy.

19. LIBERALIZATION

If we revise this policy form to provide more coverage without additional premium charge, your policy will automatically provide the additional coverage as of the day the revision is effective in your state.

20. TWO OR MORE POLICIES ISSUED BY US

If this policy or any other blanket excess or umbrella policy issued to you by us or any company affiliated with us apply to the same "occurrence" or "offense," the maximum Limit of Insurance under all these policies shall not exceed the highest applicable Limit of Insurance under any one policy.

SECTION V - DEFINITIONS

1. "Advertising injury" means injury arising out of one or more of the following "offenses" committed during the policy period:

a. Oral, written, televised or videotaped publication of material that slanders or libels a person or organization or disparages a person's or organization's goods, products or services;

b. Oral, written, televised or videotaped publication of material that violates a person's right of privacy;

c. Misappropriation of advertising ideas or style of doing business; or

d. Infringement of copyright, title or slogan.

Such "offenses" must be committed in the course of advertising your goods or products.

2. "Applicable limit of insurance" means the maximum amount we will pay as damages in accordance with SECTION III - LIMITS OF INSURANCE.

3. "Applicable underlying limit" means:

a. If the policies of "underlying insurance" apply to the "occurrence" or "offense," the greater of:

(1) The amount of insurance stated in the policies of "underlying insurance" in the Declarations or any other available insurance less the amount by which any aggregate limit so stated has been reduced by payment of claims or defense; or

(2) The "retained limit" shown in the Declarations; or

b. If the policies of "underlying insurance" do not apply to the "occurrence" or "offense," the amount stated in the Declarations as the "retained limit."

The limits of insurance in any policy of "underlying insurance" will apply even if:

a. The "underlying insurer" claims the insured failed to comply with any condition of the policy; or

b. The "underlying insurer" becomes bankrupt or insolvent.

"Auto" means a land motor vehicle, trailer or semi-trailer.

5. "Auto hazard" means all "bodily injury" and "property damage" for which liability insurance is afforded under the terms, other than limits of insurance, of the auto policy of "underlying insurance."

e. Oral or written publication of material that violates a person's right of privacy; or

f. Discrimination. This does not apply:

(1) To "offenses" committed by or at the direction of the insured; or

Such "offenses" must arise out of the conduct of your business, excluding advertising, publishing, broadcasting or telecasting done by or for you.

13. "Products-completed operations hazard" includes all "bodily injury" and "property damage" occurring away from premises you own or rent and arising out of "your product" or "your work" except:

(3) When that part of the work done at a job site has been put to its intended use by any person or organization other than another contractor or subcontractor working on the same project.

POLICYHOLDER NOTICE

Exclusion: Year 2000 Computer-Related and Other Electronic Problems

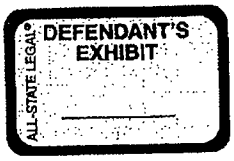

THIS POLICYHOLDER NOTICE DOES NOT PROVIDE COVERAGE NOR SHOULD IT BE CONSTRUED TO REPLACE ANY PROVISIONS OF YOUR POLICY. PLEASE READ YOUR POLICY AND REVIEW YOUR DECLARATIONS PAGE FOR COMPLETE INFORMATION ON YOUR COVERAGES. IF THERE IS ANY CONFLICT BETWEEN YOUR POLICY AND THIS SUMMARY, THE PROVISIONS OF YOUR POLICY SHALL PREVAIL.

An endorsement has been attached to your policy stating that coverage is **not** provided for any losses caused by a computer or other electronic equipment's inability to correctly recognize or process a particular date or time (examples are the year 2000 or 9/9/99). This endorsement applies regardless of whether the computer or other electronic product or device, including computer chips, belongs to you or to others, or has been incorporated into your products or the products of others. There may be some limited coverage available. Please refer to the language of the endorsement to determine whether it applies in your situation.

Many computer systems were designed more than a generation ago. At that time, to save money and space, computers were programmed with a six-digit date field (i.e. 10/02/71), with space for only a two-digit year. When a computer "sees" 98, it assumes the year is 1998. As an example, when a computer tries to process the year 2000, it may read "00" to be 1900--not 2000. Your individual business may be affected. Each computer, computer-related system or other electronic product may experience problems. Since each situation is unique, it is not possible to predict all computer-related and other electronic problems that you may experience.

We recommend that you examine and evaluate your situation as soon as possible. It may be necessary for a professional computer consultant to analyze your computers, computer-related systems and other electronic products for year 2000 compliance.

If you have any questions regarding this matter, please contact your insurance agent.

STATE OF SOUTH CAROLINA COUNTY OF HORRY	IN THE COURT OF COMMON PLEAS
HARLEYSVILLE INSURANCE GROUP, A PENNSYLVANIA CORPORATION, Plaintiff, vs. HERITAGE COMMUNITIES, INC., A SOUTH CAROLINA CORPORATION; HERITAGE RIVERWALK, A SOUTH CAROLINA CORPORATION; BUILDSTAR CORPORATION, A SOUTH CAROLINA CORPORATION; RIVERWALK AT ARROWHEAD COUNTRY CLUB; HORIZONTAL PROPERTY REGIME; RIVERWALK AT ARROWHEAD COUNTRY CLUB PROPERTY OWNERS ASSOCIATION, INC., A SOUTH CAROLINA CORPORATION; NATIONAL SURETY CORP., AND TONY L. POPE AND LYNN POPE, INDIVIDUALLY AND REPRESENTING AS A CLASS ALL UNIT OWNERS AT RIVERWALK AT ARROWHEAD COUNTRY CLUB, Defendants.	Civil Action No. 2009-CP-26-10053 **PLAINTIFF'S RESPONSES TO DEFENDANT'S FIRST REQUESTS TO ADMIT AND SUPPLEMENTAL INTERROGATORIES**

TO: JOHN P. HENRY, ESQUIRE, ATTORNEY FOR DEFENDANTS RIVERWALK AT ARROWHEAD COUNTRY CLUB; HORIZONTAL PROPERTY REGIME; RIVERWALK AT ARROWHEAD COUNTRY CLUB PROPERTY OWNERS ASSOCIATION, INC., A SOUTH CAROLINA CORPORATION; NATIONAL SURETY CORP., AND TONY L. POPE AND LYNN POPE, INDIVIDUALLY AND REPRESENTING AS A CLASS ALL UNIT OWNERS AT RIVERWALK AT ARROWHEAD COUNTRY CLUB.

Plaintiff, Harleysville Insurance Group, A Pennsylvania Corporation, submits its responses to the Requests for Admission.

Harleysville incorporates into each response, the allegations of the Complaint seeking declaratory relief. Harleysville further incorporates into each response that it provided a legal defense to the insureds in this action and now seeks a declaration by the courts as to the rights of

the parties. Harleysville is informed and believes that the proper method of determining the rights, duties and obligations of the insured and Harleysville pursuant to the insurance policies is for the court to address and analyze the issues as set forth in the above-captioned Complaint.

The policy of insurance is between Harleysville and its insureds. Nothing contained herein is to be construed to give any policy rights to any entity other than the named insureds.

Harleysville does not waive any attorney client or work product privilege by responding to the Requests for Admission.

Harleysville, with the above-stated incorporation, responds as follows:

1. The first three Defendants ("Heritage Entities" or "Insureds") above captioned had policies of insurance with Harleysville that may have provided coverage for one or more of the claims in the underlying actions.

RESPONSE: Admitted that the insureds possessed policies of insurance with Harleysville as was stated in the above-captioned Declaratory Judgment action.

2. Harleysville chose and provided defense counsel to the Heritage entities and paid the defense counsel to defend their insureds in the underlying actions.

RESPONSE: Admitted that Harleysville provided a defense to the insureds under a reservation of rights by hiring experienced lawyers to provide a legal defense to the claims brought against the insured. The lawyers provided a defense throughout the pre-trial action, trial of the case and are now handling the appeal of the verdict.

3. Harleysville defended the Heritage entities in the underlying actions under a reservation of rights which is detailed in a letter(s) to the Heritage entities.

RESPONSE: Admitted that Harleysville provided lawyers who defended the lawsuit. Admitted that Harleysville reserved all rights. The rights and obligations are now being addressed in this declaratory judgment action.

4. Harleysville at no time sought to intervene in the underlying actions.

RESPONSE: Admitted that no motion to intervene was filed in this action based on the current state of the law, knowledge of other motions to intervene by insurance companies and rulings by trial court judges denying the motion to intervene, the proper procedure under South Carolina law to address all issues in this declaratory judgment action, the understanding of the position of the plaintiff HOA's counsel that he opposed involvement by Harleysville, a broad review of the problems associated with intervention

by the insurance carrier and the issues that would have been raised had intervention been granted.

5. Harleysville did not request defense counsel for the insureds in the underlying actions to petition or move the Court to submit special interrogatories to the Jury.

RESPONSE: Admitted that Harleysville did not instruct, nor did it have the ability to instruct, the insureds' counsel to move the Court to submit special interrogatories to the jury. It is Harleysville's understanding that counsel for both the insured and the HOA indicated that each opposed special interrogatories or any division of the damages by the jury. The trial judge explored special interrogatories but both counsel for the insured and plaintiff's counsel opposed any attempt to break down the verdict. Harleysville was not a party to the lawsuit.

6. Harleysville did not request defense counsel for the insureds to seek a special verdict(s) as opposed to general verdict(s) in the underlying actions.

RESPONSE: Admitted that Harleysville did not instruct, nor did it have the ability to instruct, the insureds' counsel to seek a special verdict form. The insured's counsel focused on the defense of the claims against the insured. The law in South Carolina provides a method under which the verdict can be analyzed in a subsequent coverage action which is the substance of the above-captioned action.

7. Harleysville did not discuss with its insureds, the need for an allocated verdict in the above actions.

RESPONSE: Admitted that no discussions took place between Harleysville and the named insured regarding the verdict form. All discussions relating to strategy for the liability trial were between counsel, the adjuster assigned to the underlying case and the representatives for the insured. Harleysville understands that at the trial both the HOA counsel and the counsel for the insureds opposed a special verdict form.

8. Nothing prevented Harleysville from petitioning the Court to intervene in the underlying actions.

RESPONSE: Denied. Prior rulings of the Circuit Courts have denied motions by insurance companies to intervene into the underlying action. Harleysville had encountered opposition when attempting to intervene and other carries have been denied in their efforts to intervene. Insurance is inadmissible to prove liability issues. Harleysville reserved and retained the rights to raise all insurance coverage issues in the action following the underlying trial. South Carolina law provides a method for addressing coverage issues following the underlying trial.

9. Harleysville did not advise its insureds of the divergence of interests between the insureds and the insurer springing from whether damages were or were not allocated.

RESPONSE: Without waiving any attorney-client privilege, Denied. There was no divergence of interests in the underlying action. Harleysville provided a defense to the insureds in underlying action. Any coverage issues are addressed, analyzed and resolved through this action as provide for by South Carolina law. Harleysville provided counsel to defend the underlying claims. The insured also retained personal counsel to advise it regarding corporate and personal issues.

10. The insurer's counsel did not discuss with the insured's counsel or the insureds the problems associated with having the Court submit a general verdict to the Jury as opposed to a special verdict which would allocate the damages.

RESPONSE: Without waiving any attorney-client privilege, Admitted that the insurer's counsels did not discuss the verdict form with the insured's counsel or the insureds at trial. Denied that problems with a general verdict given the law in South Carolina provides for a subsequent coverage action to determine which items of loss are covered by the policy and which items of loss are not covered by the policy. This current action will determine which items are covered by the policy and which items are not covered by the policy.

11. Harleysville or its counsel never advised or notified defense counsel or the insureds of the need for an allocated verdict and the problems which may occur with not having an allocated verdict.

RESPONSE: Denied. No allocated verdict was necessary because the law provides for the present action to itemize the damages into covered and non-covered losses under the policy. Harleysville does not believe any problems occurred from a general verdict since this declaratory judgment action is the proper means of determining the allocation of covered versus non-covered damages.

12. The Jury rendered general verdicts in both action, copies of which are attached hereto as Exhibits B & C.

RESPONSE: Admitted that the verdict forms speak for themselves.

13. There is no South Carolina case precedent or statutory provisions allowing a Court to try and determine the allocation a Jury made when rendering a general verdict.

RESPONSE: Denied. South Carolina law provides for this declaratory judgment action as the means to categorize the damages to determine which items of loss result and which do not result in a duty of indemnity. The Contribution Among Joint Tortfeasors Act is one example of a statute where the court provides for a post trial analysis of the underlying verdict to determine a breakdown of damages and assignment into categories. Case law exists providing for a post trial action where the insurance company has the right to raise all insurance policy related issues.

14. At least some of the damages encompassed in the general verdict are covered under the Harleysville(s) policies.

RESPONSE: Denied at this time. The issue of whether a consistent and pervasive failure to follow accepted building practices constitutes an occurrence is undecided in South Carolina. Limits of certain policies may be exhausted. The recent case of Newman v. Auto Owners addressed the issue of an isolated event where coverage was found. The recent case of LJ v. Bituminous addressed the issue of an isolated event where coverage was not found. The Court's analysis will determine if any damages in the verdict trigger the duty of indemnity.

15. It would not be appropriate to require a Juror to give testimony as to how damages were allocated.

RESPONSE: Unknown. Such matter is at the discretion of the Court and plaintiff takes no position or gives no opinion at this time. This request seeks a legal opinion and does not seek an admission of fact.

16. Punitive damages are not specifically excluded from the policies issued to the Heritage entities; ie., the words "punitive damages" are not used in the policies.

RESPONSE: Admitted that the policies speak for themselves and that the words "punitive damages" do not appear in the policies.

17. Punitive damages are covered under the Harleysville policies.

RESPONSE: Denied. The claim supporting the punitive damage award stem from acts that do not trigger the duty of indemnity. As such, the punitive damages are not covered items of loss. This issue is part of the current declaratory judgment action. The pleadings assert that punitive damages in this action do not trigger the duty of indemnity.

18. The rot and water damage claims in these underlying actions which are the result of defectively installed cladding are covered damage under the Harleysville policy(ies).

RESPONSE: Denied. The underlying action alleged damages including damages of rot and water damages. Harleysville has brought this action seeking an analysis and declaration by the Court that those damages stemmed from acts that do not trigger a duty of indemnity under the policy. This action is designed to analyze and categorize damages. This action seeks an analysis by the fact finder to determine if the damages fit within the confines of the Newman v. Auto Owners.. Harleysville is exercising its right to analyze the damages after the underlying trial verdict to determine if those damages fit within the rulings of the current state of law. In no event do the damages involving rot and water damage reach the level of the money demanded by the homeowner's association.

19. The loss of use damage in the underlying class action is covered under the Harleysville policy(ies)

RESPONSE: Denied. This action seeks an analysis and declaration by the Court regarding the rights and obligations of the parties to the insurance policy. This action will determine if the claim for loss of use was supported by facts triggering the duty of indemnity. Harleysville denies that the facts supporting the loss of use portion of the verdict trigger a duty of indemnity.

20. For each request to admit that you deny, please give a full explanation of the basis for your denial.

RESPONSE: Plaintiff has responded within the requirements of the rules for Requests for Admission. In the event that opposing counsel believes additional information is proper, please itemize those admissions including the information sought.

21. Please explain in detail how what procedure you would propose to determine how the Jury allocated damages in the underlying actions.

RESPONSE: This is not a Request for Admission. This discovery request will be supplemented when discovery responses are submitted.

22. Set forth any case law that you believe gives merit to the procedure outlined in No. 21 above.

RESPONSE: This is not a Request for Admission. This discovery request will be supplemented when discovery responses are submitted.

Harleysville reserves the right to update and supplement these responses as information becomes available.

STATE OF SOUTH CAROLINA COUNTY OF HORRY HARLEYSVILLE GROUP INSURANCE GROUP, A PENNSYLVANIA CORPORATION, Plaintiff, vs. HERITAGE COMMUNITIES, INC., A SOUTH CAROLINA CORPORATION; HERITAGE RIVERWALK, A SOUTH CAROLINA CORPORATION; BUILDSTAR CORPORATION, A SOUTH CAROLINA CORPORATION; RIVERWALK AT ARROWHEAD COUNTRY CLUB; HORIZONTAL PROPERTY REGIME; RIVERWALK AT ARROWHEAD COUNTRY CLUB PROPERTY OWNERS ASSOCIATION, INC., A SOUTH CAROLINA CORPORATION; NATIONAL SURETY CORP., AND TONY L. POPE AND LYNN POPE, INDIVIDUALLY AND REPRESENTING AS A CLASS ALL UNIT OWNERS AT RIVERWALK AT ARROWHEAD COUNTRY CLUB, Defendants.	IN THE COURT OF COMMON PLEAS Civil Action No. 2009-CP-26-10053 **PLAINTIFF'S ANSWERS TO DEFENDANTS' FIRST SET OF INTERROGATORIES AND REQUEST FOR PRODUCTION**

TO: JOHN P. HENRY, ESQUIRE, ATTORNEY FOR DEFENDANTS:

Plaintiff, Harleysville Insurance Group, ("Plaintiff") responds to Defendants' Interrogatories pursuant to Rule 33 of the South Carolina Rules of Civil Procedure as follows:

In setting forth these answers, Plaintiff does not waive the attorney-client, work/product, or other privilege or immunity from disclosure which may attach to information called for herein, or responsive to, the Interrogatory. Plaintiff does not concede the relevance or

materiality of the Interrogatory, or the subject matter for which the Interrogatory refers. These answers are submitted by the Plaintiff subject to, and without in any way waiving or intending to waive, but on the contrary intending to reserve and reserving:

A. All objections as to competency, relevancy, materiality, privilege, and admissibility as evidence, for any purpose, of any of the documents referred to or answers given, or the subject thereof, in any subsequent proceeding or in the trial of this action or any other action or proceeding;

B. The right to object to other discovery procedures involving or relating to the subject matter of the Interrogatories herein and responded to; and

C. The right at any time to revise, correct, add to, or clarify any of the answers set forth herein, or documents referred to herein.

D. Plaintiff objects to these Interrogatories to the extent that they ask for information protected by the attorney-client or the work product privileges or to the extent the interrogatories go beyond the scope of discovery allowed in the South Carolina Rules of Civil Procedure.

Throughout the Interrogatories and Requests for Production, the Riverwalk POA and Class indicate that a denial has occurred. This action seeks a declaration by the court to determine the extent of the duty of indemnity by Harleysville. Harleysville provided a full defense to the insured. Harleysville is providing a full defense to the insured on the appeal. Harleysville filed this declaratory judgment action following the South Carolina Supreme Court's ruling in Newman v. Auto Owners. The Newman decision directed that certain categories of damages are either covered or non-covered damages. The Newman decision was not available to the parties at the time of trial so the categories could not be established. The insured and insurer understood and agreed that all coverage issues would be decided in this

subsequent action. Harleysville objects to any characterization by Riverwalk HOA or the Class that is has denied rights to the insured. Harleysville has worked with the insureds throughout the handling of this and similar lawsuits and has periodically discussed the issues with the insureds and the insureds attorney. This action was contemplated to resolve the coverage issues whatever they may be. Neither the insured nor the insurer were to be prejudiced by any action taken or not taken in the underlying action.

South Carolina law provides that no third party has rights to an insurance policy. The contracts applicable to this action are between the Heritage entities and Harleysville. The Riverwalk POA and the Class do not possess rights under the policies. Harleysville objects to any effort by the HOA or Class to gain information that is privileged by work product or attorney client privilege. There has been no allegation of wrongdoing or mishandling of the claims by Harleysville. To the contrary, the insured has specifically stated that it agrees with Harleysville's defense of this action and others. Harleysville objects to any request seeking information privileged between Harleysville and the Heritage entities.

The underlying action is currently on appeal. Harleysville objects to any information sought revealing work product or attorney client privileged information.

This declaratory judgment action seeks through discovery to gather information relating to the issues stated in the Complaint. Many questions posed in the Riverwalk HOA's requests seek information that Harleysville is in the process of gathering through discovery. Harleysville reserves the right to update these responses as information is gathered through the discovery process.

Those that are not in the HOA's possession will be produced. This interrogatory will be updated as additional information becomes available.

3. Set forth the names and address of all insurance companies which have liability insurance coverage relating to the claim and set forth the number or numbers of the policies involved and the amount or amounts of liability coverage provided in each policy.

ANSWER: **Harleysville Insurance Group**
Harleysville, Pennsylvania

National Surety Corporation
Address unknown

All policy information has been produced to plaintiff. Harleysville, as part of this declaratory judgment action, seeks a declaration by the court as to which policies apply to the verdict in this action. It is the position of Harleysville that only a small number of the policies issued to the Heritage entities relate in any respect to the verdict forming the basis for this action.

4. List the names and addresses of any expert witnesses whom the party proposes to use as a witness at the trial of the case.

ANSWER: **Steve Watkins**

Alan Campbell

Al Best

Drew Brown

As this lawsuit progresses, it may become necessary to supplement this expert witness list with names of persons who will provide expert testimony to categorize damages into covered and non-covered categories of damages. At the appropriate time, this interrogatory will be updated to include the names of additional expert witnesses.

5. For each person known to the parties or counsel to be a witness concerning the facts of the case, set forth either a summary sufficient to inform the other party of the important facts known to or observed by such witness, or provide a copy of any written or recorded statements taken from such witnesses.

ANSWER: **See Answer to Interrogatory number 1.**

6. Produce a copy of all policies of insurance of any kind or description issued by the Plaintiff to any of the Heritage entities.

ANSWER: **Policies have been previously produced by production of 3 cd's.**

7. Set forth the names and addresses of each adjuster whether an employee of the Plaintiff or outside adjuster who had or has responsibility for the claims made in the underlying lawsuit as they relate to the policies issued by the Plaintiff.

ANSWER: **Brian Tormey**
Harleysville Insurance Group
Nashville, Tennessee

8. Set forth each and every policy provision that any way formed the basis upon which the Plaintiff made a determination that none of "the claims" including but not limited to loss of use claims and punitive damages claims were covered under the Plaintiffs' policies.

ANSWER: **See Complaint that lists all policy provision believed to negate any duty of indemnity. The policy in its entirety show that the punitive damages award in this action is not a covered loss. The facts supporting the punitive claim are necessarily intentional in nature. Intentional acts are not accidents. The duty of indemnity requires that damages stem from an occurrence (accident). The allegations, testimony and evidence in the underlying action show that the damages did not stem from an accident and therefore, no occurrence caused any loss to the insured. The insured possesses the burden of proof to show that a loss triggers the duty of indemnity.**

9. Set for the name and address and position with Harleysville of each person who had any part in denying coverage for the claims in the underlying action.

ANSWER: As set forth above, coverage has not been denied but this action seeks a declaration of rights which may include a ruling that the duty of indemnity has not been triggered. A full defense was provided and is currently being provided to the insured on the appeal pending in the South Carolina Court of Appeals. This declaratory judgment action has been filed in an effort to allow the court to review all of the information in the underlying action and make a determination as to the extent of the duty of indemnity by Harleysville and National Surety Corp. Harleysville believes that many elements of damages fall into the category of non-covered damages. Harleysville and the insured contemplated this coverage action to allocate the verdict into covered and non-covered damages.

The Harleysville insurance adjusters who have been involved in the insurance coverage issues this matter are:

John Young

Lee Wright

10. For each policy provision which Plaintiff contends excludes the claims, give a detailed explanation of the basis for such contention

ANSWER: See the Complaint which is incorporated herein by reference.

A. No Occurrence. The policy provides for indemnity for damages resulting from an occurrence. There has been no occurrence. The trial testimony, post trial briefs, appellate briefs and supporting documents show that all damages resulted from acts that do not meet the definition of occurrence.

B. Time-On-Risk Analysis. The policies provide for indemnity for damages occurring during the policy period. South Carolina follows a modified

continuous trigger to determine if damages occur during a policy period. The policies expired during a time when damages continued to occur. Those damages occurred in non-covered periods and are not covered. Harleysville has asked the Court to perform a time-on-risk analysis to determine how much, if any, of the damages fall within the policy periods. Certain policies, if applicable, may have been exhausted or eroded significantly.

C. Damage Allocation. Harleysville and the Heritage entities understood that the law was evolving in South Carolina. An insurance policy is between the insured and the insurer to allocate the loss from certain specified risks. The policy exists to protect the insured. The policy does not exist for the protection of the third party making the claims. There are no third party rights under the insurance policy. Through the time in which this case and other similar cases were pending, the general thought was that all damages were covered or no damages were covered. There was never a time when only part of the damages were covered. It was not until the current Newman decision that anyone had knowledge that only certain portions of damages would be covered by the policy if certain criteria were met. Harleysville and the Heritage entities had an understanding and agreement that all coverage issues would be resolved in a coverage action after the verdict was rendered by the jury. This includes the analysis of the verdict to determine which damages are covered and which are not covered. Both Harleysville and the Heritage entities were and are represented by counsel who formed the basis of this understanding and agreement on this subsequent coverage action. This declaratory judgment action is the means by which the court can look at the evidence supporting the verdict and make a calculation as to the categories of damages established by the most recent Newman decision.

D. Intentional Acts. Any intentional acts of the insured that resulted in damages are not covered even if they meet the definition of occurrence. The briefs submitted by the parties and the post trial order denying all motions contains language showing that building codes were not met, industry standards were not met and that acts were undertaken showing with knowledge that damage would result. The policies contain exclusions indicating that no duty of indemnity exists for damages resulting from expected or intended damages.

E. Policy Provisions and Exclusions. The Complaint sets forth a list of exclusions that negate any duty of indemnity. Those exclusions are set forth in the First Cause of Action. Information is currently being obtained from the underlying action and will be produced upon receipt, review and analysis. The Complaint seeks a declaration by the court on the issues of property damage; occurrence; accident; breach of contract; expected or intended loss; your work exclusion; property owned, rented or occupied; damage to property the insured sold; damage to property on which the insured was performing operations; damages for faulty workmanship; code violations and industry standards; impaired property; time on risk analysis; and punitive damages.

11. Produce the Plaintiffs entire file related to the denial of the insurance coverage for "the claims" asserted by the Plaintiffs in the underlying action.

ANSWER: Harleysville would show that no denial has occurred. This action seeks a declaration by the court to determine the extent of the duty of indemnity. A defense was and is being provided to the insureds. Harleysville objects to this request in that the policies and the facts of the cases determine whether the duty of indemnity exists. The party seeking this information has no rights under the policies. Nothing contained in the

coverage file is relevant to the allegations in the action. There has been no claim by the insured that Harleysville has not provided a proper defense. This action seeks a declaration by the court regarding the rights and obligations of the parties. Any such information contained in the coverage file is work product and attorney-client privileged.

Without waiving any privilege, attached are documents found in the file relating to the insurance coverage aspect of this claim.

12. Produce the entire file of any adjuster, officer, agent or employee who has or had any role in the decision to deny coverage of the claim to the Heritage entities. In the event a privilege is claimed for any document, state the basis of the privilege and provide a privilege log.

ANSWER: Harleysville would show that no denial has occurred. This action seeks a declaration by the court to determine the extent of the duty of indemnity. A defense was and is being provided to the insureds. Harleysville objects to this request in that the policies and the facts of the cases determine whether the duty of indemnity exists. The party seeking this information has no rights under the policies. Nothing contained in the coverage file is relevant to the allegations in the action. There has been no claim by the insured that Harleysville has not provided a proper defense. This action seeks a declaration by the court regarding the rights and obligations of the parties. Any such information contained in the coverage file is work product and attorney-client privileged.

Without waiving any privilege, attached are documents found in the file relating to the insurance coverage aspect of this claim.

13. Set forth the amount of reserves for the claims, the subject of this action.

ANSWER: Harleysville objects to this request in that the reserve information is not relevant and not likely to lead to any relevant information. The policies and the facts of

the cases determine whether the duty of indemnity exists. Nothing contained in the reserve information is relevant to the allegations in the action. There has been no claim by the insured that Harleysville held an improper reserve. This action seeks a declaration by the court regarding the rights and obligations of the parties. Any such information related to the reserve is work product and attorney-client privileged.

14. Describe any action taken by or on behalf of the Plaintiff to intervene in the underlying action.

ANSWER: Harleysville was unable to intervene. Based on the coverage law at the time of the verdict, adverse rulings in past cases relating to intervention by an insurance carrier, the potential harm that might come to the insured, the divergent interests of the insured, the fact that the insured had personal counsel, the possibility of escalating the verdict by intervention, the non-existence of the law relating to covered versus non-covered damages as set forth in Newman, the lack of case law guiding the extent of participation by the carrier if intervention would be granted, the anticipated opposition by parties, the case law in South Carolina indicating that all coverage issues should be raised in a separate action, the case law in South Carolina forbidding a carrier to take a position adverse to its insured in the liability phase, and the understanding and agreement between insured and insurer that this action would address and resolve all coverage issues, Harleysville was prevented from taking any action in the underlying trial including efforts to intervene or affect the trial in any respect.

15. Set forth the names and addresses of each officer, agent or employee of the Plaintiff, including any counsel who attended the trial for any period of time of the underlying action.

ANSWER: Lee Wright

Brian Tormey

Robert Calamari

Harleysville was Ordered in prior construction trials to appear at trial and quietly observe without participation.

16. Set forth the amount of the verdict in the underlying action which plaintiff contends was for items excluded from coverage under *Newman.*

ANSWER: Plaintiff is currently gathering information through discovery to assist in this analysis. Newman provided that only the damages associated with the cost of repairing damages resulting from an occurrence trigger the duty of indemnity. This action seeks a declaration by the court as to whether the causes of damages forming the verdict are occurrences; whether any damages from occurrences were intentional; an analysis of exclusions and policy provisions listed in the Complaint; and whether those damages are to work that was improper. Once the court makes that determination, the parties will know which damages are excluded under a Newman analysis. There may be issues that are relevant and explored by this action that were not addressed in Newman and/or other South Carolina case opinions. The trial transcript, depositions of the expert witnesses, testimony from new expert witnesses, testimony from the insured, post trial briefs of the parties, post trial orders, and other documents will be used to determine the issues in the case. It is Harleysville's position, as stated in the Complaint, that the construction defects alleged are not accidental and therefore are not an occurrence. Even if the court finds that the construction defects are occurrences, they may be excluded because the damages were expected and/or intended by the insured. The punitive damages are proof that intentional

acts form the basis of the damages. Only damages occurring in insured periods are covered. A significant portion of the damages under a modified continuous trigger do not fall within insured periods. The insured possesses the burden of proof to show that damages or loss triggers the duty of indemnity under the policy. As discovery progresses, Harleysville will be in a position to update this response to identify the amounts falling into the categories established by Newman.

17. Set forth the amount of the verdict in the underlying action which Plaintiff contends was for damages not the result of water intrusion and how Plaintiff arrived at the amount.

ANSWER: This action is designed to learn this information. This action was contemplated and an understanding and agreement exists between the insurer and insured, as the sole parties to the contracts of insurance, that this action would be designed to fairly and justly resolve coverage issues. Such information will be gathered through full discovery and is possession of witnesses that will be subpoenaed or deposed. The trial transcript, witness testimony and documents will reveal much of this information. If the HOA did not provide specific evidence in the underlying action of the specific damages associated with each individual claim, then the verdict should be overturned on appeal and a new trial ordered. Such information is necessary before a verdict can be rendered. This issue is one of the subjects of the pending appeal. As discovery progresses, Harleysville will be in a position to update this response to identify the amount of the verdict signifying the repair cost of faulty workmanship, access costs and costs not stemming from an occurrence.

18. List any and all construction performed by the Plaintiffs insureds at the Riverwalk project as opposed to work performed by subcontractors.

ANSWER: The trial transcript and information gathered thus far indicates that all work performed at the Riverwalk project was completed by subcontractors.

Harleysville reserves the right to update these responses as information becomes available.

HARLEYSVILLE INSURANCE GROUP, A PENNSYLVANIA CORPORATION, Plaintiff, vs. HERITAGE COMMUNITIES, INC., A SOUTH CAROLINA CORPORATION; HERITAGE RIVERWALK, A SOUTH CAROLINA CORPORATION; BUILDSTAR CORPORATION, A SOUTH CAROLINA CORPORATION; RIVERWALK AT ARROWHEAD COUNTRY CLUB; HORIZONTAL PROPERTY REGIME; RIVERWALK AT ARROWHEAD COUNTRY CLUB PROPERTY OWNERS ASSOCIATION, INC., A SOUTH CAROLINA CORPORATION; NATIONAL SURETY CORP., AND TONY L. Civil Action No. 2009-CP-26-10053 **PLAINTIFF'S AMENDED RESPONSES TO DEFENDANT'S FIRST REQUESTS TO ADMIT AND SUPPLEMENTAL INTERROGATORIES**

TO: JOHN P. HENRY, ESQUIRE, ATTORNEY FOR DEFENDANTS RIVERWALK AT ARROWHEAD COUNTRY CLUB; HORIZONTAL PROPERTY REGIME; RIVERWALK AT ARROWHEAD COUNTRY CLUB PROPERTY OWNERS ASSOCIATION, INC., A SOUTH CAROLINA CORPORATION; NATIONAL SURETY CORP., AND TONY L. POPE AND LYNN POPE, INDIVIDUALLY AND REPRESENTING AS A CLASS ALL UNIT OWNERS AT RIVERWALK AT ARROWHEAD COUNTRY CLUB.

Plaintiff, Harleysville Insurance Group, A Pennsylvania Corporation, submits its responses to the Requests for Admission.

Harleysville incorporates into each response, the allegations of the Complaint seeking declaratory relief. Harleysville further incorporates into each response that it provided a legal defense to the insureds in this action and now seeks a declaration by the courts as to the rights of

the parties. Harleysville is informed and believes that the proper method of determining the rights, duties and obligations of the insured and Harleysville pursuant to the insurance policies is for the court to address and analyze the issues as set forth in the above-captioned Complaint.

The policy of insurance is between Harleysville and its insureds. Nothing contained herein is to be construed to give any policy rights to any entity other than the named insureds.

Harleysville does not waive any attorney client or work product privilege by responding to the Requests for Admission.

Harleysville, with the above-stated incorporation, responds as follows:

1. The first three Defendants ("Heritage Entities" or "Insureds") above captioned had policies of insurance with Harleysville that may have provided coverage for one or more of the claims in the underlying actions.

RESPONSE: Admitted that the insureds possessed policies of insurance with Harleysville as was stated in the above-captioned Declaratory Judgment action.

2. Harleysville chose and provided defense counsel to the Heritage entities and paid the defense counsel to defend their insureds in the underlying actions.

RESPONSE: Admitted that Harleysville provided a defense to the insureds under a reservation of rights by hiring experienced lawyers to provide a legal defense to the claims brought against the insured. The lawyers provided a defense throughout the pre-trial action, trial of the case and are now handling the appeal of the verdict.

3. Harleysville defended the Heritage entities in the underlying actions under a reservation of rights which is detailed in a letter(s) to the Heritage entities.

RESPONSE: Admitted that Harleysville provided lawyers who defended the lawsuit. Admitted that Harleysville reserved all rights. The rights and obligations are now being addressed in this declaratory judgment action.

4. Harleysville at no time sought to intervene in the underlying actions.

RESPONSE: Admitted that no motion to intervene was filed in this action based on the current state of the law, knowledge of other motions to intervene by insurance companies and rulings by trial court judges denying the motion to intervene, the potential for divergent interests should intervention be granted, the lack of case law guiding the extent to which a carrier should participate if intervention is granted, the concern that a waiver of rights to this proper action might occur, the proper procedure under South Carolina law to address all issues in this declaratory judgment action, a

broad review of the problems associated with intervention by the insurance carrier and the issues that would have been raised had intervention been granted.

5. Harleysville did not request defense counsel for the insureds in the underlying actions to petition or move the Court to submit special interrogatories to the Jury.

RESPONSE: Admitted that Harleysville did not instruct, nor did it have the ability to instruct, the insureds' counsel to move the Court to submit special interrogatories to the jury. Harleysville was not a party to the lawsuit. The insured was aware of the then known coverage issues and had personal counsel involved in the matter. Neither Harleysville nor the insured had knowledge of the categories established by Newman because the decision had not been issued. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

6. Harleysville did not request defense counsel for the insureds to seek a special verdict(s) as opposed to general verdict(s) in the underlying actions.

RESPONSE: Admitted that Harleysville did not instruct, nor did it have the ability to instruct, the insureds' counsel to seek a special verdict form. The insured's counsel focused on the defense of the claims against the insured. The law in South Carolina provides a method under which the verdict can be analyzed in a subsequent coverage action which is the substance of the above-captioned action. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

7. Harleysville did not discuss with its insureds, the need for an allocated verdict in the above actions.

RESPONSE: Admitted that no discussions took place between Harleysville and the named insured regarding the verdict form. All discussions relating to strategy for the liability trial were between counsel, the adjuster assigned to the underlying case and the representatives for the insured. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

8. Nothing prevented Harleysville from petitioning the Court to intervene in the underlying actions.

RESPONSE: Denied. Prior rulings of the Circuit Courts have denied motions by insurance companies to intervene into the underlying action. Harleysville had encountered opposition when attempting to intervene and other carriers have been denied in their efforts to intervene. Insurance is inadmissible to prove liability issues. Harleysville reserved and retained the rights to raise all insurance coverage issues in the action following the underlying trial. South Carolina law provides a method for addressing coverage issues following the underlying trial. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

9. Harleysville did not advise its insureds of the divergence of interests between the insureds and the insurer springing from whether damages were or were not allocated.

RESPONSE: Without waiving any attorney-client privilege, Denied. There was no divergence of interests in the underlying action insofar as the defense occurred. Any and all diverging interests would be decided and resolved in this subsequent coverage action. Harleysville provided a defense to the insureds in underlying action. Any coverage issues are addressed, analyzed and resolved through this action as provide for by South Carolina law. Harleysville provided counsel to defend the underlying claims. The insured also retained personal counsel to advise it regarding corporate and personal issues. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

10. The insurer's counsel did not discuss with the insured's counsel or the insureds the problems associated with having the Court submit a general verdict to the Jury as opposed to a special verdict which would allocate the damages.

RESPONSE: Without waiving any attorney-client privilege, Admitted that the insurer's counsels did not discuss the verdict form with the insured's counsel or the insureds at trial. Denied that problems with a general verdict given the law in South Carolina provides for a subsequent coverage action to determine which items of loss are covered by the policy and which items of loss are not covered by the policy. This current action will determine

which items are covered by the policy and which items are not covered by the policy. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

11. Harleysville or its counsel never advised or notified defense counsel or the insureds of the need for an allocated verdict and the problems which may occur with not having an allocated verdict.

RESPONSE: Denied. No allocated verdict was necessary because the law provides for the present action to itemize the damages into covered and non-covered losses under the policy. Harleysville does not believe any problems occurred from a general verdict since this declaratory judgment action is the proper means of determining the allocation of covered versus non-covered damages. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

12. The Jury rendered general verdicts in both actions, copies of which are attached hereto as Exhibits B & C.

RESPONSE: Admitted that the verdict forms speak for themselves.

13. There is no South Carolina case precedent or statutory provisions allowing a Court to try and determine the allocation a Jury made when rendering a general verdict.

RESPONSE: Denied. South Carolina law provides for this declaratory judgment action as the means to categorize the damages to determine which items of loss result and which do not result in a duty of indemnity. The Contribution Among Joint Tortfeasors Act is one example of a statute where the court provides for a post trial analysis of the underlying verdict to determine a breakdown of damages and assignment into categories. Case law exists providing for a post trial action where the insurance company has the right to raise all insurance policy related issues. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

14. At least some of the damages encompassed in the general verdict are covered under the Harleysville(s) policies.

RESPONSE: Denied at this time. The issue of whether a consistent and pervasive failure to follow accepted building practices constitutes an occurrence is undecided in South Carolina. Limits of certain policies may be exhausted. The recent case of Newman v. Auto Owners addressed the issue of an isolated event where coverage was found. The recent case of LJ v. Bituminous addressed the issue of an isolated event where coverage was not found. The Court's analysis will determine if any damages in the verdict trigger the duty of indemnity.

15. It would not be appropriate to require a Juror to give testimony as to how damages were allocated.

RESPONSE: Unknown. Such matter is at the discretion of the Court and plaintiff takes no position or gives no opinion at this time. This request seeks a legal opinion and does not seek an admission of fact.

16. Punitive damages are not specifically excluded from the policies issued to the Heritage entities; ie., the words "punitive damages" are not used in the policies.

RESPONSE: Admitted that the policies speak for themselves and that the words "punitive damages" do not appear in the policies.

17. Punitive damages are covered under the Harleysville policies.

RESPONSE: Denied. The claim supporting the punitive damage award stem from acts that do not trigger the duty of indemnity. As such, the punitive damages are not covered items of loss. This issue is part of the current declaratory judgment action. The pleadings assert that punitive damages in this action do not trigger the duty of indemnity.

18. The rot and water damage claims in these underlying actions which are the result of defectively installed cladding are covered damage under the Harleysville policy(ies).

RESPONSE: Denied. The underlying action alleged damages including damages of rot and water damages. Harleysville has brought this action seeking an analysis and declaration by the Court that those damages stemmed from acts that do not trigger a duty of indemnity under the policy. This action is designed to analyze and categorize damages. This action seeks an analysis by the fact finder to determine if the damages fit within the confines of the Newman v. Auto Owners.. Harleysville is exercising its right to analyze the damages after the underlying trial verdict to determine if those damages fit within the rulings of the current state of

law. In no event do the damages involving rot and water damage reach the level of the money demanded by the homeowner's association.

19. The loss of use damage in the underlying class action is covered under the Harleysville policy(ies)

RESPONSE: Denied. This action seeks an analysis and declaration by the Court regarding the rights and obligations of the parties to the insurance policy. This action will determine if the claim for loss of use was supported by facts triggering the duty of indemnity. Harleysville denies that the facts supporting the loss of use portion of the verdict trigger a duty of indemnity.

20. For each request to admit that you deny, please give a full explanation of the basis for your denial.

RESPONSE: Plaintiff has responded within the requirements of the rules for Requests for Admission. In the event that opposing counsel believes additional information is proper, please itemize those admissions including the information sought.

21. Please explain in detail how what procedure you would propose to determine how the Jury allocated damages in the underlying actions.

RESPONSE: This is not a Request for Admission. This discovery request will be supplemented when discovery responses are submitted.

22. Set forth any case law that you believe gives merit to the procedure outlined in No. 21 above.

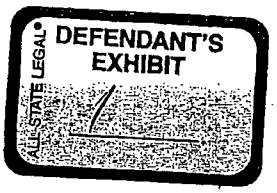

RESPONSE: This is not a Request for Admission. This discovery request will be supplemented when discovery responses are submitted.

Harleysville reserves the right to update and supplement these responses as information becomes available.

PLAINTIFF'S ANSWERS TO DEFENDANTS' SUPPLEMENTAL INTERROGATORIES AND REQUESTS TO PRODUCE

LYNN POPE, INDIVIDUALLY AND REPRESENTING AS A CLASS ALL UNIT OWNERS AT RIVERWALK AT ARROWHEAD COUNTRY CLUB,	)
Defendants.	)

TO: JOHN P. HENRY, ATTORNEY FOR DEFENDANTS:

Plaintiff, Harleysville Insurance Group, ("Plaintiff") responds to Defendants' Interrogatories pursuant to Rule 33 of the South Carolina Rules of Civil Procedure as follows:

In setting forth these answers, Plaintiff does not waive the attorney-client, work/product, or other privilege or immunity from disclosure which may attach to information called for herein, or responsive to, the Interrogatory. Plaintiff does not concede the relevance or materiality of the Interrogatory, or the subject matter for which the Interrogatory refers. These answers are submitted by the Plaintiff subject to, and without in any way waiving or intending to waive, but on the contrary intending to reserve and reserving:

A. All objections as to competency, relevancy, materiality, privilege, and admissibility as evidence, for any purpose, of any of the documents referred to or answers given, or the subject thereof, in any subsequent proceeding or in the trial of this action or any other action or proceeding;

B. The right to object to other discovery procedures involving or relating to the subject matter of the Interrogatories herein and responded to; and

C. The right at any time to revise, correct, add to, or clarify any of the answers set forth herein, or documents referred to herein.

D. Plaintiff objects to these Interrogatories to the extent that they ask for information protected by the attorney-client or the work product privileges or to the extent the interrogatories go beyond the scope of discovery allowed in the South Carolina Rules of Civil Procedure.

E. Throughout the Interrogatories and Requests for Production, the Riverwalk POA, Magnolia North HOA and Class indicate that a denial has occurred. This action seeks a declaration by the court to determine the extent of the duty of indemnity by Harleysville. Harleysville provided a full defense to the insured. Harleysville is providing a full defense to the insured on the appeal. Harleysville filed this declaratory judgment action following the South Carolina Supreme Court's ruling in Newman v. Auto Owners. The Newman decision directed that certain categories of damages are either covered or non-covered damages. The Newman decision was not available to the parties at the time of trial so the categories could not be established. The insured and insurer understood and agreed that all coverage issues would be decided in this subsequent action. Harleysville objects to any characterization by Riverwalk POA, Magnolia North HOA or the Class that is has denied rights to the insured.

F. South Carolina law provides that no third party has rights to an insurance policy. The contracts applicable to this action are between the Heritage entities and Harleysville. The Riverwalk POA, the Magnolia North HOA and the Class do not have any rights under the policies. Harleysville objects to any effort by the HOA's or Class to gain information that is privileged by work product or attorney client privilege. There has been no allegation of wrongdoing or mishandling of the claims by Harleysville. To the contrary, the insured has specifically stated that it agrees with Harleysville's defense of this action and others. Harleysville objects to any request seeking information privileged between Harleysville and the Heritage entities.

G. The underlying action is currently on appeal. Harleysville objects to any information sought revealing work product or attorney client privileged information.

SUPPLEMENTAL INTERROGATORIES

19. In reference to paragraphs 20(a) and 20(b) of the Complaint, please explain in light of the Newman decision, why you contend damage to the structure from water intrusion is not covered under the Harleysville policies.

ANSWER: This interrogatory may be supplemented as information comes available throughout discovery.

1. The damages in the underlying action are the result of a systematic failure to meet building codes or accepted construction practices. The faulty workmanship is a consistent and pervasive condition found on the project. The testimony in the underlying actions, evidence submitted and findings by the court show that the faulty workmanship was not the result of an accident. Since the faulty workmanship is not an accident, there has been no occurrence. Damage that results from an act or omission that is not an occurrence does not trigger the duty of indemnity.

2. Trial testimony was offered indicating that the subcontractors performing the work were installing windows in a manner whereby the internal water intrusion and resulting damage was expected and/or intended by the insured. Since the damages were inspected and/or intended, the duty of indemnity is not triggered for the loss. As was discussed and ruled in Builders Mutual v. R Design Construction, 2010 WL2079741 (D.S.C), the entire window issue was brought to the attention of the Heritage entities during construction as testified by the representative of Betterbilt. Nonetheless, the Heritage entities continued construction with knowledge of the defective condition of the installed windows and continued the method for new windows. No damages are the result of an accident.

3. The policies in question are designed to provide indemnity for losses for damages to property outside of the work of the insured. The entire project was the work of the insured and, thus, the policy provides coverage for an occurrence that causes damages away from the property of the insured. The Riverwalk and Magnolia North project in their entirety were the properties of the insured. Only damage away from the Riverwalk Project and Magnolia North Project or bodily injury is covered by the policies.

4. In light of Newman, which was entered after the verdicts in both Riverwalk and Magnolia North, it appears that construction defects that result in resulting damages that stem from an accident are covered damages. However, the damages in this case did not result from an accident. In addition, many areas of necessary repairs presented to the juries in each case, did not have any resulting damage and therefore, even under a plaintiff's rendition of Newman, no duty of indemnity exists.

20. In reference to paragraph 20(c) of the Complaint please explain in light of the Newman case citing the High Country case, why you contend that the water intrusion damages in the underlying lawsuit are not the result of an occurrence.

ANSWER: This interrogatory may be supplemented as information comes available throughout discovery.

1. The damages in the underlying action are the result of a systematic failure to meet building codes or accepted construction practices. The faulty workmanship is a consistent and pervasive condition found on the project. The testimony in the underlying actions, evidence submitted and findings by the court show that the faulty workmanship was not the result of an accident. Since the faulty workmanship is not an accident, there

Nonetheless, the Heritage entities continued construction with knowledge of the defective condition of the installed windows and continued the method for new windows. No damages are the result of an accident.

21. In reference to paragraph 20(d) of the Complaint, please explain the basis of your position that the water intrusion damages complained of in the underlying lawsuit are not the result of an accident as required by the contracts of insurance in light of the Newman decision.

ANSWER: This interrogatory will be supplemented as information comes available throughout discovery.

1. The damages in the underlying action are the result of a systematic failure to meet building codes or accepted construction practices. The faulty workmanship is a consistent and pervasive condition found on the project. The testimony in the underlying action, evidence submitted and findings by the court show that the faulty workmanship was not the result of an accident. Nonetheless, the Heritage entities continued construction with knowledge of the defective condition of the installed windows and continued the method for new windows. No damages are the result of an accident.

22. In reference to paragraph 20(e) of the Complaint, please explain which portion of the damages are the result of a breach of contract and attach a copy of the contract referred to or, if the contract is oral, set forth the terms of the contract and the names of the contracting parties.

ANSWER: This interrogatory may be supplemented as information comes available throughout discovery.

1. In the underlying action, the Riverwalk POA brought causes of action for negligence and breach of certain warranties. The warranty claims are grounded in contract law. Riverwalk POA asserted the same damages from each cause of action. The contracts are the construction contracts which have not yet been located. If opposing counsel has a copy, please produce all contracts.

23. In reference to paragraph 20(f) of the complaint, set forth what part of the damages were expected or intended by the insured thereby being excluded from coverage under the contracts of insurance.

ANSWER: **This interrogatory will be supplemented as information comes available throughout discovery.**

1. The damages in the underlying action are the result of a systematic failure to meet building codes or accepted construction practices. The faulty workmanship is a consistent and pervasive condition found on the project. The testimony in the underlying action, evidence submitted and findings by the court show that the faulty workmanship was not the result of an accident. Since the faulty workmanship is not an accident, there has been no occurrence. Damage that results from an act or omission that is not an occurrence does not trigger the duty of indemnity.

Nonetheless, the Heritage entities continued construction with knowledge of the defective condition of the installed windows and continued the method for new windows. No damages are the result of an accident.

24. In reference to paragraph 20(g) of the Complaint, set forth what part of the work was accomplished by the Harleysville insureds as opposed to subcontractors.

ANSWER: This interrogatory will be supplemented as information comes available throughout discovery.

Trial testimony was offered that Heritage employees were directly involved in window installation that was known to be improper and causing damage at other projects. Heritage employees did not perform the installation of the windows but were involved in the selection of windows, inspection of window installation, approval of window installation and knowledge that the approved window installation method was faulty and would lead to water infiltration and resulting damage.

Testimony has indicated that all work was performed by subcontractors under the direction of the Heritage entities.

25. In reference to paragraph 20(h) of the Complaint, set forth the alleged damages that you contend arose out of property that was owned, rented or occupied by each of the insureds which excludes coverage under the contracts of insurance.

ANSWER: The entire project was owned by the Heritage Entities during construction. Any damage that occurred to the project is excluded because it was then owned by the Heritage entities.

26. In reference to paragraph 20(i) of the Complaint, set forth which insureds sold, gave away, abandoned, occupied, rented or held for rental property so as not to obligate rights under the contracts of insurance. Also, describe what property the insureds sold, gave away, abandoned, occupied, rented or held for rental.

ANSWER: The entire project was owned by the Heritage entities. The Heritage entities constructed and sold the individual units along with the common elements. All damage alleged by the Riverwalk POA and the Magnolia North HOA was located on the property that was owned and subsequently sold by the Heritage entities.

27. In reference to paragraph 20(j) of the Complaint, set forth what property you contend the damage arose out of and the name or names of the insureds, contractors or subcontractors working directly or indirectly on the insureds behalf performing operations and set forth what operations were being performed by each of the insureds.

ANSWER: This response may be updated when this information is gathered and learned through discovery. The entire Riverwalk and Magnolia North projects were occupied by the Heritage entities and subcontractors. The insureds were operating their construction, development and sales business. The subcontractors were performing their construction services. The information relating to subcontractors is in possession of the insured and Riverwalk HOA and may be obtained through discovery.

28. In reference to paragraph 20(k) of the Complaint, set forth the name of the insureds who incorrectly performed the work and set forth each item of the work that was incorrectly performed by each insured.

ANSWER: This response may be updated when this information is gathered and learned through discovery. As indicated, the insureds are entities that oversaw the project. The actual work was performed by subcontractors. The entire Riverwalk and Magnolia North projects were occupied by the Heritage entities. The insureds were operating their construction, development and sales business on the Riverwalk project. The information

relating to subcontractors is in possession of the insured and Riverwalk HOA and will be obtained through discovery.

29. In reference to paragraph 20(l) of the Complaint, set forth what you contend the definition of "the insured's product" is.

ANSWER: The insured product is the entire Riverwalk and Magnolia North Projects.

30. In reference to paragraph 20(m) of the Complaint, set forth what you contend is the "insured's work" and who that insured is.

ANSWER: The insureds are the Heritage entities as set forth on the declarations pages of the policies. The work of the Heritage entities was construction, development and sales.

31. In reference to paragraph 20(n) of the Complaint, set forth what you contend to be "impaired property" or "property not physically injured" and whether or not any of the property was withdrawn or recalled from the market.

ANSWER: All property that was found to faulty workmanship is impaired property. It is impaired property because it was not performed properly in the original construction. The expert reports set forth the specific items. The deposition of Drew Brown in this action shows the specific items that were offered as construction defects. The verdict in the underlying action makes clear that the faulty workmanship is to be withdrawn or recalled from the market.

32. In reference to paragraph 20(o) of the Complaint, set forth the portion of the alleged damages that you contend occurred outside the policy period for each policy.

ANSWER: This declaratory judgment seeks a declaration by the court to determine the obligation of Harleysville to its insureds, the Heritage entities, in regards to the verdict and the duty of indemnity. Discovery is necessary to determine the extent of damages in each policy period. Initially, a determination must be made if any damages are the result of an occurrence and whether they fall within the covered territory. Once that determination is made, the court must determine if he damages, if any, fall within the policy period. Mr. Wright attempted to explain this information during his deposition and explained the reasons that he could not specifically identify which damages occurred during which policy periods. This is ultimately a question to be determined by the court in this action.

33. In reference to paragraph 20(p) of the Complaint, in light of Carroway vs. Johnson, 245 S.C. 200, 139 S.E.2d 908 (1965), set forth what provision in the policy you contend makes punitive damages uninsurable under the policies.

ANSWER: The duty of indemnity under the policy is not triggered by intentional acts. The trial testimony, jury instructions, post-trial analysis of punitive damages, argument of counsels, post-trial order and appellate briefs show that the punitive damage award stems from acts that are not occurrences. Further, those acts even if found to be occurrences are acts causing damages that were expected or intended by the insured.

Punitive damages in Carroway were not based on non-covered acts of the insured. Specifically, the court ruled that damages stemming from an auto accident must be covered based on statutory law. Punitive damages in an auto accident are covered because the legislature mandates coverage for auto policies. In this action, we have commercial general liability policies in certain forms. There is no legislative mandate that construction

damages be covered. To the contrary, there is case law in Newman and other cases illustrating and ruling that repair of improper workmanship is not a covered item. In this action, the acts of the insured as alleged by the HOA's, show that the punitive damages stem from improper workmanship which alone is not a covered item under a broad Newman analysis. As found in Builders Mutual, certain items of improper workmanship with resulting damage, are not covered items. In this action, the testimony supporting punitive damages was a knowing disregard for good building practices. Such is not a covered loss for actual or punitive damages.

The punitive damage award is on appeal and may be overturned. If not overturned, then it necessarily is based on acts that do not meet the definition of occurrence or the damages are excluded by the expected or intended policy exclusion.

34. In reference to paragraph 20(q) of the Complaint, list any insurance contracts owned by the insureds other than the Harleysville policies that would or may be applicable to the Plaintiffs' claims in the underlying actions.

ANSWER: National Surety Corp. has been made a party to this action due to an excess policy. Said policy has been produced to counsel for Riverwalk and Magnolia North.

35. In reference to paragraph 20(r) of the Complaint, assuming but not admitting for the purpose of the interrogatory that a portion of the Plaintiffs' damages claimed under the underlying actions are not recoverable due to endorsements excluding damages within the completed operations hazard, set forth what damages and the amounts of damages excluded under the completed operations hazard.

ANSWER: This response will be updated shortly. Harleysville intends to present the testimony from the underlying trial, the deposition of Drew Brown, and testimony from expert witnesses who will give opinions per construction issue as to the percentage of cost between repairing improper work and repairing damaged work. The two experts hired by Harleysville have not yet completed a report but will do so shortly and it will be produced upon receipt.

36. In reference to paragraph 20(s) of the Complaint, set forth that portion of the damages that result from an assumption of liability in a contract and set forth the description of the contract and names of the contracting parties.

ANSWER: None.

37. In reference to paragraph 20(t) of the Complaint, set forth any other exclusions or theories for exclusions of Plaintiffs claims in the underlying actions from the policies issued by Harleysville.

ANSWER: Mr. Wright testified at his deposition regarding limited application of the exclusions. No additional exclusions are applicable.

38. Set forth what you contend were the damages allocated by the Jury in the underlying actions to the particular claims of the Plaintiffs in the underlying actions.

ANSWER: This is the point of this action. Harleysville will introduce the trial transcripts from each action, the deposition testimony of Drew Brown, live testimony from witnesses and expert testimony from its witnesses and ask the court to make a percentage determination on each element of construction defect as alleged by the plaintiff in each action. The expert witnesses offered by Harleysville will soon produce reports estimating costs in a broken fashion showing costs to repair improper workmanship and costs to

repair resulting damage. This will give the trier of fact a basis for reaching a verdict on this issue. Since this is a declaratory judgment action, Harleysville will present factual and opinion testimony and ask the court to make this conclusion.

39. Set forth how the Court in this action can determine what the Jury allocated to each of the Plaintiffs' claims in the underlying actions.

ANSWER: **The court will be presented with evidence, the trial transcripts, testimony from witnesses and expert witness testimony showing the facts of the underlying case that supported the damage verdict. The court will then have the ability to perform an analysis to determine the breakdown and cost analysis showing the dollar value of the cost of repairing improper workmanship and the cost of repairing the resulting damage. The court will be performing a function very similar to the court's analysis in any contribution among joint tortfeasors action.**

The insured and Harleysville had an understanding and agreement that all coverage issues would be decided in a subsequent action. Unlike the Newman matter, this matter has a full transcript. Unlike Newman, the purpose of this action is to determine the breakdown of damages. All evidence will be presented in full or summary fashion to allow the trier of fact to perform the analysis. The jury or trier of fact in this matter can review the transcript, expert testimony, new testimony of the expert witnesses, new expert witnesses who will give an opinion regarding the allocation of cost. The calculation is relatively simple once the testimony has been reviewed. The insured and Harleysville agree that this is the best method to determine how much, if any of the verdict is covered. The purpose of this declaratory judgment action is to allocate damages in a previously agreed upon method between insured and insurer and cannot be disturbed by the interests of

other parties such as Riverwalk HOA. The allocation determination in this matter is very similar in many respects to the method used by the court to allocate a general verdict between joint tortfeasors under the Contribution Among Joint Tortfeasors Act. The trier of fact will review the evidence of the trial, the new evidence to supplement the missing information from the trial and will make a determination between cost of repairing faulty workmanship and the cost or repairing damaged work resulting from what it determines to be an occurrence. The court's declaration will simply show the amount of covered loss, if any, and the amount of non-covered loss, if any.

40. Set forth what you contend is contained in the Newman v. Auto Owners case that would require that the Court in this declaratory judgment action "must conduct an accounting or detailed itemization of costs to reach a conclusion as to which damages are covered damages and which damages are not covered damages" in light of the fact that the Jury returned a general verdict.

ANSWER: **The Newman decision is the first decision to isolate categories of damages into covered and non-covered damages. All prior decisions either ruled that the entire verdict was covered or no part of the verdict was covered. There must be an accounting of damages or no verdict or settlement can occur because there is no method for determining covered and non-covered losses. A construction lawsuit is much different than those types of cases with differing causes of action. All that must be done in those cases is to ask the jury specifically if they believe a cause of action is met. There is no differentiation between covered and non-covered damages. There is a differentiation between covered and non-covered causes of action. This calculation cannot be performed in the underlying action as has been suggested by opposing counsel.**

Newman provides that itemized categories of damages were established by the arbitrator. There was no evidence offered in the underlying action or the declaratory judgment action in Newman to enable the court to make the calculation. As the Supreme Court stated it was not the purpose of the Newman action to differentiate damages. This action's purpose is to differentiate damages. No party knew, expected to know or could have known that the Supreme Court in Newman would provide that only damages resulting from faulty workmanship if from an occurrence formed covered losses. No precedent existed prior to Newman to reveal the categories.

The categories suggested by Newman cannot be addressed in the underlying action. To do so creates divergent interests between insured and insurer in the same action. For example, Riverwalk HOA and Magnolia North HOA offered testimony that the windows were intentionally installed incorrectly and that the Heritage entities had full knowledge. The lawyers providing a defense to the insured would never agree. However, the lawyers asserting the insurer's interest would want to strengthen the issue. Those interests are divergent and may not proceed in the same action. There are many other examples.

The burden of proof is on the insured to prove that a covered loss exists. An insurer need only show that part of a general verdict is not covered and there is no coverage. Case law exists on the shifting of the burden to the insurer and shifting back to the insured depending on the facts specific to each case. In this matter the parties would have been required to speculate at their own risk as to what to ask the jury. To include all insurance issues in the underlying action would not have been fair to the insured. A post judgment analysis is the only means for these two matters to determine coverage issues and the extent of coverage for each verdict.

In the underlying action, the insured and the Riverwalk HOA offered repair cost testimony that did not break down the cost into categories of repairing improperly constructed work and repairing damage that resulted from the improperly constructed work. The evidence in the underlying trial is lacking as indicated in the deposition of Drew Brown, the HOA expert.

The only method for the insurer to categorize the verdict in the underlying action would be to be a named party and raise all of the insurance issues, both known and unknown, and offer testimony of the cost under both the insured's cost estimate and the Riverwalk HOA's estimate of a breakdown between cost of repairing improperly performed work and the cost of damages resulting from an occurrence and improperly performed work. To do so, the carrier would be offering testimony adverse to its own insured in the underlying action. To do so is violative of South Carolina law as is found in Sims v. Nationwide. Harleysville attempted to intervene in the Gardens At Cypress Bay action. Opposing counsel and insured counsel asserted that to intervene would be bad faith because it would hurt the insured. Insured counsel would not perform the insurance carrier's function in the underlying action because it would be detrimental to the insured.

41. In reference to paragraph 31 of the Complaint, and its sub-parts, for each sub-part set forth what you contend are the costs allocated by the Jury for the work described in each of the sub-paragraphs in paragraph 31.

ANSWER: **This information is one of the bases of this action and will be determined through the discovery process. Just as in the underlying action it took the HOA many years to establish a repair estimate, Harleysville has the right to fully analyze**

the evidence and obtain expert testimony to conduct an analysis to determine the values to be placed into each category.

The court will be presented with evidence, the trial transcripts, testimony from witnesses and expert witness testimony showing the facts of the underlying case that supported the damage verdict. The court will then have the ability to perform an analysis to determine the breakdown and cost analysis showing the dollar value of the cost of repairing improper workmanship and the cost of repairing the resulting damage. 42. In reference to paragraph 32(c) of the Complaint, set forth your contention as to how an expert witness could determine a breakdown for the Jury's verdict into the proper categories of damages.

ANSWER: **The expert will view the trial testimony, testimony of expert witnesses, discovery information received from the expert witnesses including information from subpoenas and depositions, and an analysis from the expert to break down the damages into costs of repairing improperly performed work and the cost of damages resulting from an occurrence and improperly performed work.**

The experts named by Harleysville have nearly completed the analysis. Said analysis will be produced upon receipt indicating a breakdown of costs.

43. In reference to paragraph 32(d) of the Complaint, set forth the name of any fact witness(s) that would explain a breakdown of the Jury's verdict into the proper categories of damages and the method that could be used to accomplish same.

ANSWER: **Drew Brown, Al Best, Steve Watkins, Allen Campbell, Tom Carlson, Skip Lewis, Frank "Tripp" Baiden and Sydney Mathis.**

44. In reference to paragraph 34(a) of the Complaint, set forth what you contend the Jury in the underlying actions allocated to the costs associated with removing undamaged

portions of the building to reach the defective work and those portions of the building damaged resulting from defective work.

ANSWER: **The point of this action is that the jury in the underlying action did not allocate. No allocation was known to the parties because the allocation mandate from Newman had not yet been established. No case law existed to show that a cost analysis and breakdown should have been conducted. For reasons set forth above, there is no means available in the underlying action to address the breakdown issue. To do so would require the insurance company to present evidence in the underlying action adverse to its insured which would only act to increase the verdict. This is not permitted and would expose the insured to a greater verdict. This action is the appropriate forum to examine the verdict and reach a conclusion as to the value of the verdict associated with a cost breakdown for repairing improper work and repairing resulting damages.**

45. In reference to paragraph 34(b) of the Complaint, set forth the costs that the Jury in the underlying actions allocated to costs associated with repairing defective work or faulty workmanship of any kind.

ANSWER: **The point of this action is that the jury in the underlying action did not allocate. and reach a conclusion as to the value of the verdict associated with a cost breakdown for repairing improper work and repairing resulting damages.

46. In connection with paragraph 34(c) of the complaint, set forth what the costs that the Jury in the underlying actions allocated to costs associated with repairing the defective work or faulty workmanship that led to the resulting damage.

ANSWER: **The point of this action is that the jury in the underlying action did not allocate. 47. Relative to paragraph 34(d) of the Complaint, set forth what you contend were the costs allocated by the Jury in the underlying actions to the costs associated with replacing undamaged portions of the building after the defective work has been removed and after the damages resulting from the defective work had been repaired.

ANSWER: **This information is one of the bases of this action and will be determined through the discovery process. Just as in the underlying action it took the HOA many years to establish a repair estimate, Harleysville has the right to fully analyze**

the evidence and obtain expert testimony to conduct an analysis to determine the values to be placed into each category.

48. Produce copies of any emails or correspondence between Robert Calamari or other counsel, agents or employees of Harleysville and Collins & Lacy Law Firm *in re* the underlying action.

ANSWER: Harleysville objects to this request on the basis of work product privilege, attorney client privilege and that the information contained in any emails is not relevant and not likely to lead to discoverable information. Riverwalk HOA and Magnolia North HOA are not parties to the contract of insurance and are not entitled to any such information. The information contained in emails is not the subject of any cause of action or defense in any of the pleadings. Any emails between Robert Calamari and Eric Fosmire or Steve Brown are privileged as work product and have no bearing on the issues involved in this coverage action. All are protected by work product and attorney client privilege. All information requested is work product and attorney client privilege and important to the appeal pending in the underlying action and cannot be produced. Without waiving any objection, counsel is in possession of three emails prior to trial verdict that have been produced.

49. Produce copies of any emails between Robert Calamari or other counsel, agents or employees of Harleysville and the Heritage entities or their counsel, *in re* the underlying action.

ANSWER: Harleysville objects on the basis of work-product privilege, attorney client privilege and that the requested information is unlikely to lead to discoverable information. Riverwalk HOA is not a party to the contract of insurance so it is not entitled to any such information. The information contained in emails is not the subject of any cause of action or defense in any of the pleadings.

50. Produce copies of all Harleysville inter-company emails, documents or correspondence in re the denial of claims of the Plaintiffs in the underlying action.

ANSWER: Harleysville objects on the basis of work-product privilege, attorney client privilege and that the requested information is unlikely to lead to discoverable information. Riverwalk HOA is not a party to the contract of insurance so it is not entitled to any such information. The information contained in emails is not the subject of any cause of action or defense in any of the pleadings.

51. Produce copies of any statements taken from the named insureds.

ANSWER: Attached is an affidavit of Roger Van Wie who is a shareholder of the Heritage entities.

52. Produce a copy of any reservation of rights letters sent to the named insureds.

ANSWER: Attached.

53. Produce a complete copy of the following policies with all amendments, endorsements and documents pertaining thereto:

a) MPA4D4650 6/18/97 – 6/18/01

b) BE – 4D4650 6/18/97 – 6/18/01

c) MPA3D9529 8/03/96 – 8/03/99

d) 3D9529 8/03/99 – 8/03/01

ANSWER: All policies have been produced.

Harleysville reserves the right to update these responses as information becomes available. Harleysville has opened its files to counsel for Riverwalk and Magnolia North. In many instances, counsel for Riverwalk and Magnolia North is in possession of much more detailed information that counsel for Harlesyville. All policies have been produced. All other relevant material is found in the trial transcripts which are in possession of counsel for Riverwalk and Magnolia North. The expert information being compiled by Mr. Baiden and Mr. Mathis is nearly completed and will be submitted upon receipt.

TO: JOHN P. HENRY, ATTORNEY FOR DEFENDANTS:

Plaintiff, Harleysville Insurance Group, A Pennsylvania Corporation, submits its responses to the Requests for Admission.

Harleysville incorporates into each response, the allegations of the Complaint seeking declaratory relief. Harleysville further incorporates into each response that it provided a legal defense to the insureds in this action and now seeks a declaration by the courts as to the rights of the parties. Harleysville is informed and believes that the proper method of determining the rights, duties and obligations of the insured and Harleysville pursuant to the insurance policies is for the court to address and analyze the issues as set forth in the above-captioned Complaint.

The policy of insurance is between Harleysville and its insureds. Nothing contained herein is to be construed to give any policy rights to any entity other than the named insureds.

Harleysville does not waive any attorney client or work product privilege by responding to the Requests for Admission.

Harleysville, with the above-stated incorporation, responds as follows:

1. The first three Defendants ("Heritage Entities" or "Insureds") above captioned had policies of insurance with Harleysville that may have provided coverage for one or more of the claims in the underlying actions.

RESPONSE: Admitted that the insureds possessed policies of insurance with Harleysville as was stated in the above-captioned Declaratory Judgment action.

2. Harleysville chose and provided defense counsel to the Heritage entities and paid the defense counsel to defend their insureds in the underlying actions.

RESPONSE: Admitted that Harleysville provided a defense to the insureds under a reservation of rights by hiring experienced lawyers to provide a legal

defense to the claims brought against the insured. The lawyers provided a defense throughout the pre-trial action, trial of the case and are now handling the appeal of the verdict.

3. Harleysville defended the Heritage entities in the underlying actions under a reservation of rights which is detailed in a letter(s) to the Heritage entities.

RESPONSE: Admitted that Harleysville provided lawyers who defended the lawsuit. Admitted that Harleysville reserved all rights. The rights and obligations are now being addressed in this declaratory judgment action.

4. Harleysville at no time sought to intervene in the underlying actions.

RESPONSE: Admitted that no motion to intervene was filed in this action based on the current state of the law, knowledge of other motions to intervene by insurance companies and rulings by trial court judges denying the motion to intervene, the potential for divergent interests should intervention be granted, the lack of case law guiding the extent to which a carrier should participate if intervention is granted, the concern that a waiver of rights to this proper action might occur, the proper procedure under South Carolina law to address all issues in this declaratory judgment action, a broad review of the problems associated with intervention by the insurance carrier and the issues that would have been raised had intervention been granted.

5. Harleysville did not request defense counsel for the insureds in the underlying actions to petition or move the Court to submit special interrogatories to the Jury.

RESPONSE: Admitted that Harleysville did not instruct, nor did it have the ability to instruct, the insureds' counsel to move the Court to submit special interrogatories to the jury. Harleysville was not a party to the lawsuit. The insured was aware of the then known coverage issues and had personal counsel involved in the matter. Neither Harleysville nor the insured had knowledge of the categories established by Newman because the decision had not been issued. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

6. Harleysville did not request defense counsel for the insureds to seek a special verdict(s) as opposed to general verdict(s) in the underlying actions.

RESPONSE: Admitted that Harleysville did not instruct, nor did it have the ability to instruct, the insureds' counsel to seek a special verdict form. The insured's counsel focused on the defense of the claims against the insured. The law in South Carolina provides a method under which the

verdict can be analyzed in a subsequent coverage action which is the substance of the above-captioned action. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

7. Harleysville did not discuss with its insureds, the need for an allocated verdict in the above actions.

RESPONSE: Admitted that no discussions took place between Harleysville and the named insured regarding the verdict form. All discussions relating to strategy for the liability trial were between counsel, the adjuster assigned to the underlying case and the representatives for the insured. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

8. Nothing prevented Harleysville from petitioning the Court to intervene in the underlying actions.

RESPONSE: Amended Response. Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this request for admission was simply asking if it was, in fact, *possible* for Harleysville to draft a motion in basic form, file it in the Clerk of Court and pay the motion filing fee. While Harleysville explained in its original answer below, it believed prior rulings, interests of the insured, harm to the underlying case, threats of opposing counsels in other matters, escalation of the verdict, threats from counsels for the insured in other matters, lack of knowledge of the Newman decision and knowledge and experience with previous denials by Circuit Courts on similar matters prevented it from filing now that counsel for Riverwalk and Magnolia North has explained that this request relates solely to the *possibility* of filing a motion, it is admitted in the sense that any party with a filing fee can draft a form motion, file and pay the fee to the Clerk of Court. Harleysville made the determination that it was not in the best interests of itself, its insureds, the opposing party and the court to file a motion to intervene.

Initial Response: Denied. Prior rulings of the Circuit Courts have denied motions by insurance companies to intervene into the underlying action. Harleysville had encountered opposition when attempting to intervene and other carriers have been denied in their efforts to intervene.

Insurance is inadmissible to prove liability issues. Harleysville reserved and retained the rights to raise all insurance coverage issues in the action following the underlying trial. South Carolina law provides a method for addressing coverage issues following the underlying trial. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

9. Harleysville did not advise its insureds of the divergence of interests between the insureds and the insurer springing from whether damages were or were not allocated.

RESPONSE: Amended Response: Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this request for admission was simply asking if there was a specific discussion that specifically involved details relating to a discussion about the "divergent interests" relating to "whether damages were or were not allocated." It was explained that this request simply was asking if there was such a meeting where this specific item was discussed. While there were a number of meetings between counsel and the insured relating to many factors including coverage issues that were known at the time, and there had been discussions in prior matters relating to intervention regarding coverage issues (and it was determined that intervention was not proper for many reasons), it is admitted that in the Riverwalk and Magnolia North matters, there was not a specific pretrial meeting (although there had been multiple discussions in the past relating to coverage issues) where the "divergent interests" relating to "allocated damages" was discussed. Both the insured's counsel and insured representatives understood that coverage issues existed and would be handled in a subsequent action such as the one we are in now.

Initial Response: Without waiving any attorney-client privilege, Denied. There was no divergence of interests in the underlying action insofar as the defense occurred. Any and all diverging interests would be decided and resolved in this subsequent coverage action. Harleysville provided a defense to the insureds in underlying action. Any coverage issues are addressed, analyzed and resolved through this action as provide for by South Carolina law. Harleysville provided counsel to defend the underlying claims. The insured also retained personal counsel to advise it regarding corporate and personal issues. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between

covered and non-covered damages.

10. The insurer's counsel did not discuss with the insured's counsel or the insureds the problems associated with having the Court submit a general verdict to the Jury as opposed to a special verdict which would allocate the damages.

RESPONSE: Amended Response: Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this request for admission was simply asking if there was a specific discussion at or just prior to trial. The initial response admitted with explanation. Following discussion, further explanation is likely warranted. While there was no specific discussion at trial, the entire issue relating to the insurance coverage issues had been discussed with the insureds on multiple occasions. There was no reason to know to ask for a specific verdict form to allocate damages because the Supreme Court had not yet issued a decision in Newman indicating that a breakdown of damages was warranted. Even so, the law does not permit the introduction of insurance evidence. The proper way to handle the division of damages is a post verdict analysis in a subsequent action just as has been filed herein.

Initial Response: Without waiving any attorney-client privilege, Admitted that the insurer's counsels did not discuss the verdict form with the insured's counsel or the insureds at trial. Denied that problems with a general verdict given the law in South Carolina provides for a subsequent coverage action to determine which items of loss are covered by the policy and which items of loss are not covered by the policy. This current action will determine which items are covered by the policy and which items are not covered by the policy. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

11. Harleysville or its counsel never advised or notified defense counsel or the insureds of the need for an allocated verdict and the problems which may occur with not having an allocated verdict.

RESPONSE: Amended Response: Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this request for admission was simply asking if there was a specific discussion regarding the *need for an allocated verdict and problems that may result.* There was no specific discussion but as indicated in other responses herein, there were multiple meetings and discussions with insureds and counsel regarding coverage issues and the best means of resolving those issues. It is admitted that there was not a specific discussion in pretrial or during trial regarding a

special verdict form because those issues had been addressed and it was not in the best interest of the insured or insurer to handle those issues by a special verdict form. In addition, there was no evidence in the trial to allow the jury to reach an allocated verdict.

Initial Response: Denied. No allocated verdict was necessary because the law provides for the present action to itemize the damages into covered and non-covered losses under the policy. Harleysville does not believe any problems occurred from a general verdict since this declaratory judgment action is the proper means of determining the allocation of covered versus non-covered damages. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

12. The Jury rendered general verdicts in both actions, copies of which are attached hereto as Exhibits B & C.

RESPONSE: Admitted that the verdict forms speak for themselves.

13. There is no South Carolina case precedent or statutory provisions allowing a Court to try and determine the allocation a Jury made when rendering a general verdict.

RESPONSE: Amended Response: Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this request for admission was simply asking if there was is a specific case dealing with a construction verdict where the court later analyzed damages to determine what portion of the verdict is a covered loss and what portion is not a covered loss. It is admitted that South Carolina does not have such a narrowly tailored case specific to construction damages. There is case law in other states indicating that the only means of determining the allocation between improper workmanship and resulting damage is a subsequent action between the insured and the insurer. South Carolina does have precedent for a subsequent action for the determination of insurance coverage issues in the Sims v. Nationwide case. South Carolina also allows for the allocation of damages in the Contribution Among Joint Tortfeasors Act. The Supreme Court in Newman also alluded to the fact that if it had sufficient evidence in the underlying action and the coverage action, the court to could make a post judgment analysis to allocate damages. A motion hearing transcript has been produced showing Judge Lockemy addressing the specific motion in this case and denying an insurer's right to intervene because it is improper and because the Sims case allows for a

post judgment analysis.

Initial Response: Denied. South Carolina law provides for this declaratory judgment action as the means to categorize the damages to determine which items of loss result and which do not result in a duty of indemnity. The Contribution Among Joint Tortfeasors Act is one example of a statute where the court provides for a post trial analysis of the underlying verdict to determine a breakdown of damages and assignment into categories. Case law exists providing for a post trial action where the insurance company has the right to raise all insurance policy related issues. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

14. At least some of the damages encompassed in the general verdict are covered under the Harleysville(s) policies.

RESPONSE: Denied at this time. The issue of whether a consistent and pervasive failure to follow accepted building practices constitutes an occurrence is undecided in South Carolina. Limits of certain policies may be exhausted. The recent case of Newman v. Auto Owners addressed the issue of an isolated event where coverage was found. The recent case of LJ v. Bituminous addressed the issue of an isolated event where coverage was not found. The Court's analysis will determine if any damages in the verdict trigger the duty of indemnity.

15. It would not be appropriate to require a Juror to give testimony as to how damages were allocated.

RESPONSE: Unknown. Such matter is at the discretion of the Court and plaintiff takes no position or gives no opinion at this time. This request seeks a legal opinion and does not seek an admission of fact.

16. Punitive damages are not specifically excluded from the policies issued to the Heritage entities; ie., the words "punitive damages" are not used in the policies.

RESPONSE: Admitted that the policies speak for themselves and that the words "punitive damages" do not appear in the policies.

17. Punitive damages are covered under the Harleysville policies.

RESPONSE: Denied. The claim supporting the punitive damage award stem from acts that do not trigger the duty of indemnity. As such, the punitive damages

are not covered items of loss. This issue is part of the current declaratory judgment action. The pleadings assert that punitive damages in this action do not trigger the duty of indemnity.

18. The rot and water damage claims in these underlying actions which are the result of defectively installed cladding are covered damage under the Harleysville policy(ies).

RESPONSE: Denied. The underlying action alleged damages including damages of rot and water damages. Harleysville has brought this action seeking an analysis and declaration by the Court that those damages stemmed from acts that do not trigger a duty of indemnity under the policy. This action is designed to analyze and categorize damages. This action seeks an analysis by the fact finder to determine if the damages fit within the confines of the Newman v. Auto Owners.. Harleysville is exercising its right to analyze the damages after the underlying trial verdict to determine if those damages fit within the rulings of the current state of law. In no event do the damages involving rot and water damage reach the level of the money demanded by the homeowner's association.

19. The loss of use damage in the underlying class action is covered under the Harleysville policy(ies)

RESPONSE: Denied. This action seeks an analysis and declaration by the Court regarding the rights and obligations of the parties to the insurance policy. This action will determine if the claim for loss of use was supported by facts triggering the duty of indemnity. Harleysville denies that the facts supporting the loss of use portion of the verdict trigger a duty of indemnity.

20. For each request to admit that you deny, please give a full explanation of the basis for your denial.

RESPONSE: Plaintiff has responded within the requirements of the rules for Requests for Admission. In the event that opposing counsel believes additional information is proper, please itemize those admissions including the information sought.

Amended Response: Discussion was had with opposing counsel and items are addressed herein in these Amended Responses to Requests for Admission.

21. Please explain in detail how what procedure you would propose to determine how the Jury allocated damages in the underlying actions.

RESPONSE: Amended Response: Following discussion with counsel for Riverwalk

and Magnolia North, it was explained that this is not a request for admission. The trier of fact will be presented with the evidence from the underlying actions in the transcripts. The court will also receive additional testimony from experts regarding an analysis of the claims by the parties through experts and what portion of the claimed damages in the repair estimate relate to resulting damage and what portion of the claimed damages relate to improper workmanship. The court will have a percentage sufficient to make a determination and allocate damages.

Initial Response: This is not a Request for Admission. This discovery request will be supplemented when discovery responses are submitted.

22. Set forth any case law that you believe gives merit to the procedure outlined in No. 21 above.

RESPONSE: Amended Response: Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this is not a request for admission but is a discovery request. We are in the process of reviewing case law to address this issue and will update when research is complete. At the present time, we list the following:

Defendants.

TO: JOHN P. HENRY, ATTORNEY FOR DEFENDANTS:

Plaintiff, Harleysville Insurance Group, A Pennsylvania Corporation, submits its responses to the Requests for Admission.

Harleysville incorporates into each response, the allegations of the Complaint seeking declaratory relief. Harleysville further incorporates into each response that it provided a legal defense to the insureds in this action and now seeks a declaration by the courts as to the rights of the parties. Harleysville is informed and believes that the proper method of determining the rights, duties and obligations of the insured and Harleysville pursuant to the insurance policies is for the court to address and analyze the issues as set forth in the above-captioned Complaint.

The policy of insurance is between Harleysville and its insureds. Nothing contained herein is to be construed to give any policy rights to any entity other than the named insureds.

Harleysville does not waive any attorney client or work product privilege by responding to the Requests for Admission.

Following the initial response, counsel for Harleysville met with counsel for Riverwalk and Magnolia North to discuss the meaning of each request for admission. An Amended Response was issued. Counsel for Riverwalk and Magnolia North again expressed dissatisfaction regarding the responses. It was discussed that the statements were not such that a flat admission or denial was proper because to do so would mischaracterize the true and accurate facts of the case. Many of the responses below include significant explanation. Without such explanation the statement in the request would necessarily be denied. Since counsel for Riverwalk and Magnolia North explained in detail that it was not seeking any admissions other than for the narrow and specific statement in the request, many responses have been admitted. The admission is limited to the explanation. Without inclusion of the explanation, the request is necessarily denied because it is not accurate.

Harleysville, with the above-stated incorporation, responds as follows:

1. The first three Defendants ("Heritage Entities" or "Insureds") above captioned

had policies of insurance with Harleysville that may have provided coverage for one or more of the claims in the underlying actions.

RESPONSE: Admitted that the insureds possessed policies of insurance with Harleysville as was stated in the above-captioned Declaratory Judgment action.

2. Harleysville chose and provided defense counsel to the Heritage entities and paid the defense counsel to defend their insureds in the underlying actions.

RESPONSE: Admitted that Harleysville provided a defense to the insureds under a reservation of rights by hiring experienced lawyers to provide a legal defense to the claims brought against the insured. The lawyers provided a defense throughout the pre-trial action, trial of the case and are now handling the appeal of the verdict.

3. Harleysville defended the Heritage entities in the underlying actions under a reservation of rights which is detailed in a letter(s) to the Heritage entities.

RESPONSE: Admitted that Harleysville provided lawyers who defended the lawsuit. Admitted that Harleysville reserved all rights. The rights and obligations are now being addressed in this declaratory judgment action.

4. Harleysville at no time sought to intervene in the underlying actions.

RESPONSE: Admitted that no motion to intervene was filed in this action based on the current state of the law, knowledge of other motions to intervene by insurance companies and rulings by trial court judges denying the motion to intervene, the potential for divergent interests should intervention be granted, the lack of case law guiding the extent to which a carrier should participate if intervention is granted, the concern that a waiver of rights to this proper action might occur, the proper procedure under South Carolina law to address all issues in this declaratory judgment action, a broad review of the problems associated with intervention by the insurance carrier and the issues that would have been raised had intervention been granted.

5. Harleysville did not request defense counsel for the insureds in the underlying actions to petition or move the Court to submit special interrogatories to the Jury.

RESPONSE: Amended Response: Admitted that no specific request was made at trial because this issue had been addressed and declined by counsel and the insured in earlier matters. Admitted that Harleysville did not instruct, nor did it have the ability to instruct, the insureds' counsel to move the Court to submit special interrogatories to the jury. Harleysville was not a party to the lawsuit. The insured was aware of the then known coverage issues

and had personal counsel involved in the matter. Neither Harleysville nor the insured had knowledge of the categories established by Newman because the decision had not been issued. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages. The insureds counsel indicated in past actions that it opposed any attempt by Harleysville to intervene into the action for any purpose.

6. Harleysville did not request defense counsel for the insureds to seek a special verdict(s) as opposed to general verdict(s) in the underlying actions.

RESPONSE: Amended Response: Admitted that no specific request was made at trial because this issue had been addressed and declined by counsel and the insured in earlier matters. Admitted that Harleysville did not instruct, nor did it have the ability to instruct, the insureds' counsel to seek a special verdict form. The insured's counsel focused on the defense of the claims against the insured. The law in South Carolina provides a method under which the verdict can be analyzed in a subsequent coverage action which is the substance of the above-captioned action. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages. The insureds counsel indicated in past actions that it opposed any attempt by Harleysville to be involved in the action for any purpose.

7. Harleysville did not discuss with its insureds, the need for an allocated verdict in the above actions.

RESPONSE: Amended Response: Admitted that this issue was not discussed in trial because this issue had been addressed and declined in earlier matters by the insured and counsel. Admitted that no discussions took place between Harleysville and the named insured regarding the verdict form. All discussions relating to strategy for the liability trial were between counsel, the adjuster assigned to the underlying case and the representatives for the insured. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

8. Nothing prevented Harleysville from petitioning the Court to intervene in the

underlying actions.

RESPONSE: Amended Response. Admitted in the sense that Harleysville could have filed the paper and paid the filing fee but to do so would have been against prior rulings known to Harleysville, against instructions by the insured, against prior expressed opposition by the insureds' counsel and against prior claims of impropriety by opposing counsels in earlier matters. Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this request for admission was simply asking if it was, in fact, *possible* for Harleysville to draft a motion in basic form, file it in the Clerk of Court and pay the motion filing fee. While Harleysville explained in its original answer below, it believed prior rulings, interests of the insured, harm to the underlying case, threats of opposing counsels in other matters, escalation of the verdict, threats from counsels for the insured in other matters, lack of knowledge of the Newman decision and knowledge and experience with previous denials by Circuit Courts on similar matters prevented it from filing now that counsel for Riverwalk and Magnolia North has explained that this request relates solely to the *possibility* of filing a motion, it is admitted in the sense that any party with a filing fee can draft a form motion, file and pay the fee to the Clerk of Court. Harleysville made the determination that it was not in the best interests of itself, its insureds, the opposing party and the court to file a motion to intervene.

Initial Response: Denied. Prior rulings of the Circuit Courts have denied motions by insurance companies to intervene into the underlying action. Harleysville had encountered opposition when attempting to intervene and other carriers have been denied in their efforts to intervene. Insurance is inadmissible to prove liability issues. Harleysville reserved and retained the rights to raise all insurance coverage issues in the action following the underlying trial. South Carolina law provides a method for addressing coverage issues following the underlying trial. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

9. Harleysville did not advise its insureds of the divergence of interests between the insureds and the insurer springing from whether damages were or were not allocated.

RESPONSE: Amended Response: Admitted that the specific advice referenced in the above statement did not occur during trial, however, in earlier matters and in earlier discussions the issues were raised and discussed jointly by the

insured, Harleysville and the insureds' counsel and decided that the alleged divergent interests were not divergent at the time of trial since the defense was unified and all coverage issues would be resolved in this declaratory judgment action. Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this request for admission was simply asking if there was a specific discussion that specifically involved details relating to a discussion about the "divergent interests" relating to "whether damages were or were not allocated." It was explained that this request simply was asking if there was such a meeting where this specific item was discussed. While there were a number of meetings between counsel and the insured relating to many factors including coverage issues that were known at the time, and there had been discussions in prior matters relating to intervention regarding coverage issues (and it was determined that intervention was not proper for many reasons), it is admitted that in the Riverwalk and Magnolia North matters, there was not a specific pretrial meeting (although there had been multiple discussions in the past relating to coverage issues) where the "divergent interests" relating to "allocated damages" was discussed. Both the insured's counsel and insured representatives understood that coverage issues existed and would be handled in a subsequent action such as the one we are in now.

Initial Response: Without waiving any attorney-client privilege, Denied. There was no divergence of interests in the underlying action insofar as the defense occurred. Any and all diverging interests would be decided and resolved in this subsequent coverage action. Harleysville provided a defense to the insureds in underlying action. Any coverage issues are addressed, analyzed and resolved through this action as provide for by South Carolina law. Harleysville provided counsel to defend the underlying claims. The insured also retained personal counsel to advise it regarding corporate and personal issues. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

10. The insurer's counsel did not discuss with the insured's counsel or the insureds the problems associated with having the Court submit a general verdict to the Jury as opposed to a special verdict which would allocate the damages.

RESPONSE: Amended Response: Admitted that the specific discussion regarding a general verdict referenced in the above statement did not occur during trial, however, in earlier matters and in earlier discussions the issues were raised and discussed jointly by the insured, Harleysville and the insureds' counsel and decided that a general verdict or special verdict was an issue

to be decided in this declaratory judgment action. . Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this request for admission was simply asking if there was a specific discussion at or just prior to trial. The initial response admitted with explanation. Following discussion, further explanation is likely warranted. It is admitted that there was no specific discussion at trial regarding this issue because it had been addressed and resolved by agreement in the past. While there was no specific discussion at trial, the entire issue relating to the insurance coverage issues had been discussed with the insureds on multiple occasions in multiple states. There was no reason to know to ask for a specific verdict form to allocate damages because the Supreme Court had not yet issued a decision in Newman indicating that a breakdown of damages was warranted. Discussions had taken place with the insured who fully supported Harleysville's efforts of defense and understood that all coverage issues would be handled after the trial. South Carolina law does not permit the introduction of insurance evidence. The proper way to handle the division of damages is a post verdict analysis in a subsequent action just as has been filed herein. This action is supported by case law in other jurisidictions.

Initial Response: Without waiving any attorney-client privilege, Admitted that the insurer's counsels did not discuss the verdict form with the insured's counsel or the insureds at trial. Denied that problems with a general verdict given the law in South Carolina provides for a subsequent coverage action to determine which items of loss are covered by the policy and which items of loss are not covered by the policy. This current action will determine which items are covered by the policy and which items are not covered by the policy. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

11. Harleysville or its counsel never advised or notified defense counsel or the insureds of the need for an allocated verdict and the problems which may occur with not having an allocated verdict.

RESPONSE: Amended Response: Admitted that the specific advice or notice referenced in the above statement did not occur during trial, however, in earlier matters and in earlier discussions the issues were raised and discussed jointly by the insured, Harleysville and the insureds' counsel and decided that the alleged problems would be resolved in this declaratory judgment action. Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this request for admission was simply asking if there was a specific discussion at trial

regarding the *need for an allocated verdict and problems that may result.* There was no specific discussion but as indicated in other responses herein, there were multiple meetings and discussions with insureds and counsel regarding coverage issues and the best means of resolving those issues. It is admitted that there was not a specific discussion in pretrial or during trial regarding a special verdict form because those issues had been addressed and it was not in the best interest of the insured or insurer to handle those issues by a special verdict form. It is admitted that there was no specific discussion at trial regarding this issue because it had been addressed and resolved by agreement in the past. In addition, there was no evidence in the trial to allow the jury to reach an allocated verdict.

Initial Response: Denied. No allocated verdict was necessary because the law provides for the present action to itemize the damages into covered and non-covered losses under the policy. Harleysville does not believe any problems occurred from a general verdict since this declaratory judgment action is the proper means of determining the allocation of covered versus non-covered damages. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

12. The Jury rendered general verdicts in both actions, copies of which are attached hereto as Exhibits B & C.

RESPONSE: Denied that the verdict forms use the word "general." Admitted that the verdict forms do not allocate damages so in that sense they are general verdicts. Following discussion with counsel, it was indicated that this request is seeking an admission as to the content of the verdict forms. Admitted that the verdict forms speak for themselves. Harleysville opposes any characterization that the verdict forms simply being called "general" supports counsel's contention that this action is not proper. Case law shows otherwise. Case law shows that the proper method for resolving coverage issues relating to the allocation of damages into covered and non-covered categories is through a declaratory judgment action as we have pending in this action.

13. There is no South Carolina case precedent or statutory provisions allowing a Court to try and determine the allocation a Jury made when rendering a general verdict.

RESPONSE: Amended Response: Denied. Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this request for

admission was simply asking if there was is a specific case dealing with a construction verdict where the court later analyzed damages to determine what portion of the verdict is a covered loss and what portion is not a covered loss. It is admitted that South Carolina does not have such a narrowly tailored case specific to construction damages. It is denied in the sense that courts have allocated damages in other instances. Specific case law exists in other jurisdictions ruling that a subsequent declaratory judgment action is the proper means of allocating damages between covered and non-covered damages. There case law in other states indicates that intervention is improper and the sole means of determining the allocation between improper workmanship and resulting damage is a subsequent action between the insured and the insurer. South Carolina does have precedent for a subsequent action for the determination of insurance coverage issues in the Sims v. Nationwide case. South Carolina also allows for the allocation of damages in the Contribution Among Joint Tortfeasors Act. The Supreme Court in Newman also alluded to the fact that if it had sufficient evidence in the underlying action and the coverage action, the court to could make a post judgment analysis to allocate damages. A motion hearing transcript has been produced showing Judge Lockemy addressing the specific motion in this case and denying an insurer's right to intervene because it is improper and because the Sims case allows for a post judgment analysis.

Initial Response: Denied. South Carolina law provides for this declaratory judgment action as the means to categorize the damages to determine which items of loss result and which do not result in a duty of indemnity. The Contribution Among Joint Tortfeasors Act is one example of a statute where the court provides for a post trial analysis of the underlying verdict to determine a breakdown of damages and assignment into categories. Case law exists providing for a post trial action where the insurance company has the right to raise all insurance policy related issues. At the time of the verdict, the Newman decision had not been issued revealing the categories of damages for covered and non-covered damages. Both the insured and Harleysville contemplated, understood and agreed that this coverage action would be the fair and just method of distinguishing between covered and non-covered damages.

14. At least some of the damages encompassed in the general verdict are covered under the Harleysville(s) policies.

RESPONSE: Denied. No part of the verdicts against Heritage Communities, Heritage Riverwalk and Heritage Magnolia North is covered since those entities entire product/work/project is the entire project and thus damages are excluded. As for the general contractor, Buildstar, the issue of whether a consistent and pervasive failure to follow accepted building practices

constitutes an occurrence is undecided in South Carolina. The Supreme Court is currently considering whether such action constitutes an occurrence. Limits of certain policies may be exhausted. The recent case of Newman v. Auto Owners addressed the issue of an isolated event where coverage was found. The recent case of LJ v. Bituminous addressed the issue of an isolated event where coverage was not found. The Court's analysis will determine if any damages in the verdict trigger the duty of indemnity. The Supreme Court is currently addressing this issue.

15. It would not be appropriate to require a Juror to give testimony as to how damages were allocated.

RESPONSE: Unknown. Such matter is at the discretion of the Court and plaintiff takes no position or gives no opinion at this time. This request seeks a legal opinion and does not seek an admission of fact. Other jurisdictions have considered allowing a party to call a former juror to provide testimony regarding the allocation of damages.

16. Punitive damages are not specifically excluded from the policies issued to the Heritage entities; ie., the words "punitive damages" are not used in the policies.

RESPONSE: Admitted that the policies speak for themselves and that the words "punitive damages" do not appear in the policies.

17. Punitive damages are covered under the Harleysville policies.

RESPONSE: Denied. The claim supporting the punitive damage award stem from acts that do not trigger the duty of indemnity. As such, the punitive damages are not covered items of loss. This issue is part of the current declaratory judgment action. The pleadings assert that punitive damages in this action do not trigger the duty of indemnity.

18. The rot and water damage claims in these underlying actions which are the result of defectively installed cladding are covered damage under the Harleysville policy(ies).

RESPONSE: Denied. The underlying action alleged damages including damages of rot and water damages. Harleysville has brought this action seeking an analysis and declaration by the Court that those damages stemmed from acts that do not trigger a duty of indemnity under the policy. This action is designed to analyze and categorize damages. This action seeks an analysis by the fact finder to determine if the damages fit within the confines of the Newman v. Auto Owners.. Harleysville is exercising its right to analyze the damages after the underlying trial verdict to determine if those damages fit within the rulings of the current state of

law. In no event do the damages involving rot and water damage reach the level of the money demanded by the homeowner's association.

19. The loss of use damage in the underlying class action is covered under the Harleysville policy(ies)

RESPONSE: Denied. This action seeks an analysis and declaration by the Court regarding the rights and obligations of the parties to the insurance policy. This action will determine if the claim for loss of use was supported by facts triggering the duty of indemnity. Harleysville denies that the facts supporting the loss of use portion of the verdict trigger a duty of indemnity.

20. For each request to admit that you deny, please give a full explanation of the basis for your denial.

RESPONSE: Plaintiff has responded within the requirements of the rules for Requests for Admission. In the event that opposing counsel believes additional information is proper, please itemize those admissions including the information sought.

Amended Response: Discussion was had with opposing counsel and items are addressed herein in these Amended Responses to Requests for Admission.

21. Please explain in detail how what procedure you would propose to determine how the Jury allocated damages in the underlying actions.

RESPONSE: Amended Response: Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this is not a request for admission. The trier of fact will be presented with the evidence from the underlying actions in the transcripts. The court will also receive additional testimony from experts regarding an analysis of the claims by the parties through experts and what portion of the claimed damages in the repair estimate relate to resulting damage and what portion of the claimed damages relate to improper workmanship. The court will have a percentage sufficient to make a determination and allocate damages.

Initial Response: This is not a Request for Admission. This discovery request will be supplemented when discovery responses are submitted.

22. Set forth any case law that you believe gives merit to the procedure outlined in No. 21 above.

RESPONSE: Amended Response: Following discussion with counsel for Riverwalk and Magnolia North, it was explained that this is not a request for

admission but is a discovery request. We are in the process of reviewing case law to address this issue and will update when research is complete. At the present time, we list the following:

Sims v. Nationwide,145 S.E.2d 523 (1965)

8. **Sydney O. Mathis**

Mr. Baiden will offer opinion testimony regarding the allocation of cost between the cost of repairing improperly performed work and the cost of repairing damage work. His testimony will be a breakdown of the damages under a Newman analysis.

9. **Plaintiff and National Surety reserve the right to call any expert witness who gave opinion testimony at during the underlying trial in the Riverwalk and Magnolia North cases.**

5. For each person known to the parties or counsel to be a witness concerning the facts of the case, set forth either a summary sufficient to inform the other party of the important facts known to or observed by such witness, or provide a copy of any written or recorded statements taken from such witnesses.

ANSWER: **See Answer to Interrogatory number 1.**

6. Produce a copy of all policies of insurance of any kind or description issued by the Plaintiff to any of the Heritage entities.

ANSWER: **Policies have been previously produced by production of 3 cd's.**

7. Set forth the names and addresses of each adjuster whether an employee of the Plaintiff or outside adjuster who had or has responsibility for the claims made in the underlying lawsuit as they relate to the policies issued by the Plaintiff.

ANSWER: **Brian Tormey**
Harleysville Insurance Group
Nashville, Tennessee

8. Set forth each and every policy provision that any way formed the basis upon which the Plaintiff made a determination that none of "the claims" including but not limited to loss of use claims and punitive damages claims were covered under the Plaintiffs' policies.

ANSWER: **See Complaint that lists all policy provision believed to negate any duty of indemnity. The policy in its entirety show that the punitive damages award in this action is not a covered loss. The facts supporting the punitive claim are necessarily intentional in nature. Intentional acts are not accidents. The duty of indemnity requires that damages stem from an occurrence (accident). The allegations, testimony and evidence in the underlying action show that the damages did not stem from an accident and therefore, no occurrence caused any loss to the insured. The insured possesses the burden of proof to show that a loss triggers the duty of indemnity.**

There is no specific policy provision that addresses punitive damages, actual damages, consequential damages, incidental damages or any other specified category of damages. The policy provides that it will pay for "those sums that the insured becomes

legally obligated to pay . . . to which this insurance applies." The contract then defines the sums where it will pay and the sums where it will not pay. Punitive Damages, in these cases, were awarded based on factual bases that are excluded as either (1) non-occurrences; or (2) damages expected or intended.

9. Set for the name and address and position with Harleysville of each person who had any part in denying coverage for the claims in the underlying action.

ANSWER: **As set forth above, coverage has not been denied but this action seeks a declaration of rights which may include a ruling that the duty of indemnity has not been triggered. A full defense was provided and is currently being provided to the insured on the appeal pending in the South Carolina Court of Appeals. This declaratory judgment action has been filed in an effort to allow the court to review all of the information in the underlying action and make a determination as to the extent of the duty of indemnity by Harleysville and National Surety Corp. Harleysville believes that many elements of damages fall into the category of non-covered damages. Harleysville and the insured contemplated this coverage action to allocate the verdict into covered and non-covered damages.**

The Harleysville insurance adjusters who have been involved in the insurance coverage issues this matter are:

John Young

Lee Wright

10. For each policy provision which Plaintiff contends excludes the claims, give a detailed explanation of the basis for such contention

ANSWER: **See the Complaint which is incorporated herein by reference.**

A. No Occurrence. The policy provides for indemnity for damages resulting from an occurrence. There has been no occurrence. The trial testimony, post trial briefs, appellate briefs and supporting documents show that all damages resulted from acts that do not meet the definition of occurrence.

B. Time-On-Risk Analysis. The policies provide for indemnity for damages occurring during the policy period. South Carolina follows a modified continuous trigger to determine if damages occur during a policy period. The policies expired during a time when damages continued to occur. Those damages occurred in non-covered periods and are not covered. Harleysville has asked the Court to perform a time-on-risk analysis to determine how much, if any, of the damages fall within the policy periods. Certain policies, if applicable, may have been exhausted or eroded significantly.

C. Damage Allocation. Harleysville and the Heritage entities understood that the law was evolving in South Carolina. An insurance policy is between the insured and the insurer to allocate the loss from certain specified risks. The policy exists to protect the insured. The policy does not exist for the protection of the third party making the claims. There are no third party rights under the insurance policy. Through the time in which this case and other similar cases were pending, the general thought was that all damages were covered or no damages were covered. There was never a time when only part of the damages were covered. It was not until the current Newman decision that anyone had knowledge that only certain portions of damages would be covered by the policy if certain criteria were met. Harleysville and the Heritage entities had an understanding and agreement that all coverage issues would be resolved in a coverage action after the verdict was rendered by the jury. This includes the analysis of the verdict

to determine which damages are covered and which are not covered. Both Harleysville and the Heritage entities were and are represented by counsel who formed the basis of this understanding and agreement on this subsequent coverage action. This declaratory judgment action is the means by which the court can look at the evidence supporting the verdict and make a calculation as to the categories of damages established by the most recent Newman decision.

D. Intentional Acts. Any intentional acts of the insured that resulted in damages are not covered even if they meet the definition of occurrence. The briefs submitted by the parties and the post trial order denying all motions contains language showing that building codes were not met, industry standards were not met and that acts were undertaken showing with knowledge that damage would result. The policies contain exclusions indicating that no duty of indemnity exists for damages resulting from expected or intended damages.

E. Policy Provisions and Exclusions. Analysis of the facts forming the basis of the claims in these actions shows that three policy exclusions apply to exclude insurance coverage:

1. "a. Expected or Intended Injury" The facts in the underlying actions show that the insureds expected these damages to occur. Mr. Graham from Betterbilt windows met with the insureds to explain that problems with windows on earlier projects were caused by improper installation. Mr. Graham explained that the windows would continue to leak and cause damages if the current installation practice was continued. The evidence indicates and was argued by counsel for Magnolia North that the same

installation method was continued so that the insured knew and expected that the same damages would continue in the Magnolia North project and Rivewalk project.

2. "j. Damage to Property" The facts in the underlying actions show that damages were occurring to the property at a time when the project in its entirety was owned, rented or occupied by the insureds. The Court amalgamated the entities into one. If one entity is the insured and the damages were shown in the underlying action to be occurring from the time the work was performed through the present, then the damages occurred to property owned, rented or occupied by the insured. Likewise, the property was sold and the damages arise out of part of those premises. Since the insured is one entity and it sold all of the premises and the damage was caused by the premises, then all damages are excluded.

3. "k. Damage to Your Product" The facts in the underlying actions show that property damage was to the insureds' work product arising out of it or any part of it. The insureds work product, as an amalgamated entity, owns the entire project and the damage arose out of the entire project.

4. "Damage to Impaired Property or Property Not Physically Injuried" The facts in the underlying action show that the insureds never properly performed the work on the project. The project, according to the directed verdict on liability, shows that the project was impaired because it was never properly constructed. Since it was impaired in that it failed to meet building codes and industry standards, it was always in a damaged state and defective, deficient, inadequate in the product or work of the insured.

F. Amalgamation Issues. The court in the underlying action ruled that all entities are one. This issue is on appeal. The policies only apply to the named insured.

The court must make a determination the percentage of the verdict allocated to each insured for a determination as to which policy applies. The amalgamation issue addresses the exclusions as well and must be considered relating to ownership and entire project as the product of the insured.

11. Produce the Plaintiffs entire file related to the denial of the insurance coverage for "the claims" asserted by the Plaintiffs in the underlying action.

ANSWER: **Harleysville would show that no denial has occurred. This action seeks a declaration by the court to determine the extent of the duty of indemnity. A defense was and is being provided to the insureds. Harleysville objects to this request in that the policies and the facts of the cases determine whether the duty of indemnity exists. The party seeking this information has no rights under the policies. Nothing contained in the coverage file is relevant to the allegations in the action. There has been no claim by the insured that Harleysville has not provided a proper defense. This action seeks a declaration by the court regarding the rights and obligations of the parties. Any such information contained in the coverage file is work product and attorney-client privileged.**

Without waiving any privilege, attached are documents found in the file relating to the insurance coverage aspect of this claim. The non-privileged file documents have been produced and reviewed by counsel for Riverwalk and Magnolia North.

12. Produce the entire file of any adjuster, officer, agent or employee who has or had any role in the decision to deny coverage of the claim to the Heritage entities. In the event a privilege is claimed for any document, state the basis of the privilege and provide a privilege log.

ANSWER: **Harleysville would show that no denial has occurred. This action seeks a declaration by the court to determine the extent of the duty of indemnity. A defense**

was and is being provided to the insureds. Harleysville objects to this request in that the policies and the facts of the cases determine whether the duty of indemnity exists. The party seeking this information has no rights under the policies. Nothing contained in the coverage file is relevant to the allegations in the action. There has been no claim by the insured that Harleysville has not provided a proper defense. This action seeks a declaration by the court regarding the rights and obligations of the parties. Any such information contained in the coverage file is work product and attorney-client privileged.

Without waiving any privilege, attached are documents found in the file relating to the insurance coverage aspect of this claim. The non-privileged file documents have been produced and reviewed by counsel for Riverwalk and Magnolia North.

13. Set forth the amount of reserves for the claims, the subject of this action.

ANSWER: Counsel for Riverwalk and Magnolia North has indicated that it has seen information in the file relating to the reserves and does not desire any further information on this issue.

14. Describe any action taken by or on behalf of the Plaintiff to intervene in the underlying action.

ANSWER: Harleysville was unable to intervene. Based on the coverage law at the time of the verdict, adverse rulings in past cases relating to intervention by an insurance carrier, the potential harm that might come to the insured, the divergent interests of the insured, the fact that the insured had personal counsel, the possibility of escalating the verdict by intervention, the non-existence of the law relating to covered versus non-covered damages as set forth in Newman, the lack of case law guiding the extent of participation by the carrier if intervention would be granted, the anticipated opposition

by parties, the case law in South Carolina indicating that all coverage issues should be raised in a separate action, the case law in South Carolina forbidding a carrier to take a position adverse to its insured in the liability phase, and the understanding and agreement between insured and insurer that this action would address and resolve all coverage issues, Harleysville was prevented from taking any action in the underlying trial including efforts to intervene or affect the trial in any respect.

As case law exists showing that absolute and permissive intervention is not proper in actions to determine the allocation of damages (for many reasons) and the proper method is to file a declaratory judgment action, such as this one, Harleysville did not intervene.

15. Set forth the names and addresses of each officer, agent or employee of the Plaintiff, including any counsel who attended the trial for any period of time of the underlying action.

ANSWER: **Lee Wright**

Brian Tormey

Robert Calamari

Harleysville was Ordered in prior construction trials to appear at trial and quietly observe without participation. In one of those prior actions, Harleysville filed a motion to intervene which was withdrawn following information from the court and parties indicating that such a motion was improper.

16. Set forth the amount of the verdict in the underlying action which plaintiff contends was for items excluded from coverage under *Newman*.

ANSWER: **This is an ultimate fact to be determined by the trier of fact. It is Harleysville's position that no greater than 17% of the verdict could possibly trigger the**

duty of indemnity. This 17% does not take into consideration the exclusions and time on risk analysis. The 17% is obtained from the report from Baiden & Associates. The deposition of Drew Brown was taken. Mr. Brown indicated that he had not performed the allocation function but testified that the percentage of damaged portions of the building is very low when compared to those parts of the buildings that are impaired due to construction defects, construction deficiencies and construction inadequacies.

In addition to the above stated, this action seeks a declaration by the court as to whether the causes of damages forming the verdict are occurrences; whether any damages from occurrences were intentional; an analysis of exclusions and policy provisions listed in the Complaint; and whether those damages are to work that was improper. Once the court makes that determination, the parties will know which damages are excluded under a Newman analysis. There may be issues that are relevant and explored by this action that were not addressed in Newman and/or other South Carolina case opinions. The trial transcript, depositions of the expert witnesses, testimony from new expert witnesses, testimony from the insured, post trial briefs of the parties, post trial orders, and other documents will be used to determine the issues in the case. It is Harleysville's position, as stated in the Complaint, that the construction defects alleged are not accidental and therefore are not an occurrence. Even if the court finds that the construction defects are occurrences, they may be excluded because the damages were expected and/or intended by the insured. The punitive damages are proof that intentional acts form the basis of the damages. Only damages occurring in insured periods are covered. A significant portion of the damages under a modified continuous trigger fall within uninsured periods. The

insured possesses the burden of proof to show that damages or loss triggers the duty of indemnity under the policy.

17. Set forth the amount of the verdict in the underlying action which Plaintiff contends was for damages not the result of water intrusion and how Plaintiff arrived at the amount.

ANSWER: **Investigation has revealed that no more than 17% of the damages are the result of water intrusion. The remaining 83% of the repair costs relate to repairing and replacing improperly performed work that was from its inception defective, inadequate and deficient. The trier of fact, following review of testimony of all experts, will likely determine that the percentage of damage resulting from water intrusion is much lower than 17%. The 17% was arrived at from the report of Baiden & Associates.**

18. List any and all construction performed by the Plaintiffs insureds at the Riverwalk project as opposed to work performed by subcontractors.

ANSWER: **The trial transcript and information gathered thus far indicates that all work performed at the Riverwalk project was completed by subcontractors who were hired by the amalgamated entities known as Heritage Entities.**

19. In reference to paragraphs 20(a) and 20(b) of the Complaint, please explain in light of the Newman decision, why you contend damage to the structure from water intrusion is not covered under the Harleysville policies.

ANSWER: **The purpose of this action is to allow the trier of fact to determine if the damages trigger a duty of indemnity. It is Harleysville's position that the facts in this matter do not show occurrences as defined by the policy. In the event that the court determines that an occurrence exists, then the exclusions apply. The amount of damages**

remaining after application of the exclusions should be analyzed in light of Newman. If damages to the structure remain from water intrusion, then the court might find that the duty of indemnity is triggered and to what extent it is triggered.

1. The damages in the underlying action are the result of a systematic failure to meet building codes or accepted construction practices. The faulty workmanship is a consistent and pervasive condition found on the project. The testimony in the underlying actions, evidence submitted and findings by the court show that the faulty workmanship was not the result of an accident. Since the faulty workmanship is not an accident, there has been no occurrence. Damage that results from an act or omission that is not an occurrence does not trigger the duty of indemnity.

2. Trial testimony was offered indicating that the subcontractors performing the work were installing windows in a manner whereby the internal water intrusion and resulting damage was expected and/or intended by the insured. Since the damages were inspected and/or intended, the duty of indemnity is not triggered for the loss. As was discussed and ruled in Builders Mutual v. R Design Construction, 2010 WL2079741 (D.S.C), the entire window issue was brought to the attention of the Heritage entities during construction as testified by the representative of Betterbilt. Nonetheless, the Heritage entities continued construction with knowledge of the defective condition of the installed windows and continued the method for new windows. No damages are the result of an accident.

3. The policies in question are designed to provide indemnity for losses for damages to property outside of the work of the insured. The entire project was the work of the insured and, thus, the policy provides coverage for an occurrence that causes damages

away from the property of the insured. The Riverwalk and Magnolia North project in their entirety were the properties of the insured. Only damage away from the Riverwalk Project and Magnolia North Project or bodily injury is covered by the policies.

4. In light of Newman, which was entered after the verdicts in both Riverwalk and Magnolia North, it appears that construction defects that result in resulting damages that stem from an accident are covered damages. However, the damages in this case did not result from an accident. In addition, many areas of necessary repairs presented to the juries in each case, did not have any resulting damage and therefore, even under a plaintiff's rendition of Newman, no duty of indemnity exists.

5. The only policies that arguably apply relate to the general contractor, Buildstar. The other policies are held by Heritage Communities, Heritage Riverwalk and Heritage Magnolia North. Those entities are developers who were not involved in the construction. Those entities owned the entire project and were not involved in the construction since it was contracted to Builstar. Pursuant to Newman, there is no duty of indemnity.

20. In reference to paragraph 20(c) of the Complaint please explain in light of the Newman case citing the High Country case, why you contend that the water intrusion damages in the underlying lawsuit are not the result of an occurrence.

ANSWER: The purpose of this action is to allow the trier of fact to determine if the damages trigger a duty of indemnity. It is Harleysville's position that the facts in this matter do not show occurrences as defined by the policy. In the event that the court determines that an occurrence exists, then the exclusions apply. The amount of damages remaining after application of the exclusions should be analyzed in light of Newman. If

damages to the structure remain from water intrusion, then the court might find that the duty of indemnity is triggered and to what extent it is triggered.

21. In reference to paragraph 20(d) of the Complaint, please explain the basis of your position that the water intrusion damages complained of in the underlying lawsuit are not the result of an accident as required by the contracts of insurance in light of the Newman decision.

ANSWER: **The purpose of this action is to allow the trier of fact to determine if the damages trigger a duty of indemnity. It is Harleysville's position that the facts in this matter do not show occurrences as defined by the policy. 22. In reference to paragraph 20(e) of the Complaint, please explain which portion of the damages are the result of a breach of contract and attach a copy of the contract referred to or, if the contract is oral, set forth the terms of the contract and the names of the contracting parties.

ANSWER:

1. In the underlying action, the Riverwalk POA brought causes of action for negligence and breach of certain warranties. The warranty claims are grounded in contract law. Riverwalk POA asserted the same damages from each cause of action. The contracts are the construction contracts which have not yet been located. If opposing counsel has a copy, please produce all contracts.

2. The only policies that arguably apply relate to the general contractor, Buildstar. The other policies are held by Heritage Communities, Heritage Riverwalk and Heritage Magnolia North. Those entities are developers who were not involved in the

23. In reference to paragraph 20(f) of the complaint, set forth what part of the damages were expected or intended by the insured thereby being excluded from coverage under the contracts of insurance.

Nonetheless, the Heritage entities continued construction with knowledge of the defective condition of the installed windows and continued the method for new windows. No damages are the result of an accident.

24. In reference to paragraph 20(g) of the Complaint, set forth what part of the work was accomplished by the Harleysville insureds as opposed to subcontractors.

ANSWER:

Testimony has indicated that all construction work was performed by subcontractors under the direction of the Heritage entities. The court in the underlying action amalgamated the entities. Thus, the insured was engaged in sales, management and oversight duties. As it is one entity, then the general contractor/developer/salespersons were all involved in the project in many phases. This interrogatory seeks to address only the general contractor. Since the insureds were amalgamated into one entity, then that one entity was involved in many phases of the project.

The only policies that arguably apply relate to the general contractor, Buildstar. The other policies are held by Heritage Communities, Heritage Riverwalk and Heritage Magnolia North. Those entities are developers who were not involved in the construction. Those entities owned the entire project and were not involved in the construction since it

25. In reference to paragraph 20(h) of the Complaint, set forth the alleged damages that you contend arose out of property that was owned, rented or occupied by each of the insureds which excludes coverage under the contracts of insurance.

ANSWER: The court in the underlying action improperly amalgamated the entities at the request of counsel for Magnolia North and Riverwalk. Three insureds (Heritage Communities, Heritage Riverwalk and Heritage Magnolia North) are entities not involved in the construction. The only insured involved in construction is Buildstar. Heritage Communities, Heritage Riverwalk and Heritage Magnolia North were the owners and sales entities for the project. Since the damage was to the property owned, rented or occupied by these entities, the exclusion applies to bar the duty of indemnity.

See response relating to the exclusions above.

26. In reference to paragraph 20(i) of the Complaint, set forth which insureds sold, gave away, abandoned, occupied, rented or held for rental property so as not to obligate rights under the contracts of insurance. Also, describe what property the insureds sold, gave away, abandoned, occupied, rented or held for rental.

ANSWER: The court in the underlying action improperly amalgamated the entities at the request of counsel for Magnolia North and Riverwalk. Three insureds (Heritage Communities, Heritage Riverwalk and Heritage Magnolia North) are entities not involved in the construction. The only insured involved in construction is Buildstar. Heritage Communities, Heritage Riverwalk and Heritage Magnolia North were the owners and sales entities for the project. Since the damage was to the property owned, rented or occupied by these entities, the exclusion applies to bar the duty of indemnity.

See response relating to the exclusions above.

27. In reference to paragraph 20(j) of the Complaint, set forth what property you contend the damage arose out of and the name or names of the insureds, contractors or

subcontractors working directly or indirectly on the insureds behalf performing operations and set forth what operations were being performed by each of the insureds.

ANSWER: None. All physical construction work was done by subcontractors of Buildstar. Buildstar had administrative, oversight and management duties on the entire project. The court in the underlying action improperly amalgamated the entities at the request of counsel for Magnolia North and Riverwalk. Three insureds (Heritage Communities, Heritage Riverwalk and Heritage Magnolia North) are entities not involved in the construction. The only insured involved in construction is Buildstar. Heritage Communities, Heritage Riverwalk and Heritage Magnolia North were the owners and sales entities for the project.

See response relating to the exclusions above.

28. In reference to paragraph 20(k) of the Complaint, set forth the name of the insureds who incorrectly performed the work and set forth each item of the work that was incorrectly performed by each insured.

ANSWER: None. The persons working for the named insureds did not engage in physical construction work. All physical construction work was done by subcontractors of Buildstar. Buildstar had administrative, oversight and management duties on the entire project. The court in the underlying action improperly amalgamated the entities at the request of counsel for Magnolia North and Riverwalk. Three insureds (Heritage Communities, Heritage Riverwalk and Heritage Magnolia North) are entities not involved in the construction. The only insured involved in construction is Buildstar. Heritage Communities, Heritage Riverwalk and Heritage Magnolia North were the owners and sales entities for the project.

29. In reference to paragraph 20(l) of the Complaint, set forth what you contend the definition of "the insured's product" is.

ANSWER: **The insured product is the entire Riverwalk and Magnolia North Projects. Specifically for Heritage Communities, Heritage Riverwalk and Heritage Magnolia North, the entire project was their product since those entities were not involved in construction. These entities were improperly amalgamated at trial but for this coverage action and the applicability of the policies, they remain separate entities.**

30. In reference to paragraph 20(m) of the Complaint, set forth what you contend is the "insured's work" and who that insured is.

ANSWER: **The insureds' work is the entire Riverwalk and Magnolia North Projects. Specifically for Heritage Communities, Heritage Riverwalk and Heritage Magnolia North, the entire project was their work since those entities were not involved in construction. These entities were improperly amalgamated at trial but for this coverage action and the applicability of the policies, they remain separate entities. The insured, Buildstar, was the general contractor on both projects. Buildstar's work was the entire project for each.**

31. In reference to paragraph 20(n) of the Complaint, set forth what you contend to be "impaired property" or "property not physically injured" and whether or not any of the property was withdrawn or recalled from the market.

ANSWER: **All property that was found to faulty workmanship is impaired property. It is impaired property because it was not performed properly in the original construction. The expert reports set forth the specific items. The deposition of Drew Brown in this action shows the specific items that were offered as construction defects. The**

verdict in the underlying action makes clear that the faulty workmanship is to be withdrawn or recalled from the market. The reports of the experts testifying in the underlying action and the reports of Baiden and Associates are incorporated herein to identify the impaired property.

32. In reference to paragraph 20(o) of the Complaint, set forth the portion of the alleged damages that you contend occurred outside the policy period for each policy.

ANSWER: **The latest policy period ends for any of the Heritage Entities on 4/01/01. Any damages occurring under the modified continuous trigger after 4/01/01 are outside of any policy period.**

33. In reference to paragraph 20(p) of the Complaint, in light of Carroway vs. Johnson, 245 S.C. 200, 139 S.E.2d 908 (1965), set forth what provision in the policy you contend makes punitive damages uninsurable under the policies.

ANSWER: **The duty of indemnity under the policy is not triggered by intentional acts. The trial testimony, jury instructions, post-trial analysis of punitive damages, argument of counsels, post-trial order and appellate briefs show that the punitive damage award stems from acts that are not occurrences. Further, those acts even if found to be occurrences are acts causing damages that were expected or intended by the insured.**

Punitive damages in Carroway were not based on non-covered acts of the insured. Specifically, the court ruled that damages stemming from an auto accident must be covered based on statutory law. Punitive damages in an auto accident are covered because the legislature mandates coverage for auto policies. In this action, we have commercial general liability policies in certain forms. There is no legislative mandate that construction damages be covered. To the contrary, there is case law in Newman and other cases

illustrating and ruling that repair of improper workmanship is not a covered item. In this action, the acts of the insured as alleged by the HOA's, show that the punitive damages stem from improper workmanship which alone is not a covered item under a broad Newman analysis. As found in Builders Mutual, certain items of improper workmanship with resulting damage, are not covered items. In this action, the testimony supporting punitive damages was a knowing disregard for good building practices. Such is not a covered loss for actual or punitive damages.

The punitive damage award is on appeal and may be overturned. If not overturned, then it necessarily is based on acts that do not meet the definition of occurrence or the damages are excluded by the expected or intended policy exclusion.

34. In reference to paragraph 20(q) of the Complaint, list any insurance contracts owned by the insureds other than the Harleysville policies that would or may be applicable to the Plaintiffs' claims in the underlying actions.

ANSWER: **National Surety Corp. has been made a party to this action due to an excess policy. Said policy has been produced to counsel for Riverwalk and Magnolia North.**

35. In reference to paragraph 20(r) of the Complaint, assuming but not admitting for the purpose of the interrogatory that a portion of the Plaintiffs' damages claimed under the underlying actions are not recoverable due to endorsements excluding damages within the completed operations hazard, set forth what damages and the amounts of damages excluded under the completed operations hazard.

ANSWER: **This is an ultimate fact to be determined by the trier of fact. It is Harleysville's position that no greater than 17% of the verdict could possibly trigger the**

duty of indemnity. This 17% does not take into consideration the exclusions and time on risk analysis. The 17% is obtained from the report from Baiden & Associates. The deposition of Drew Brown was taken. Mr. Brown indicated that he had not performed the allocation function but testified that the percentage of damaged portions of the building is very low when compared to those parts of the buildings that are impaired due to construction defects, construction deficiencies and construction inadequacies.

36. In reference to paragraph 20(s) of the Complaint, set forth that portion of the damages that result from an assumption of liability in a contract and set forth the description of the contract and names of the contracting parties.

ANSWER: **None.**

37. In reference to paragraph 20(t) of the Complaint, set forth any other exclusions or theories for exclusions of Plaintiffs claims in the underlying actions from the policies issued by Harleysville.

ANSWER: **Policy Provisions and Exclusions. Analysis of the facts forming the basis of the claims in these actions shows that three policy exclusions apply to exclude insurance coverage:**

1. "a. Expected or Intended Injury" The facts in the underlying actions show that the insureds expected these damages to occur. Mr. Graham from Betterbilt windows met with the insureds to explain that problems with windows on earlier projects were caused by improper installation. Mr. Graham explained that the windows would continue to leak and cause damages if the current installation practice was continued. The evidence indicates and was argued by counsel for Magnolia North that the same

installation method was continued so that the insured knew and expected that the same damages would continue in the Magnolia North project and Rivewalk project.

2. "j. Damage to Property" The facts in the underlying actions show that damages were occurring to the property at a time when the project in its entirety was owned, rented or occupied by the insureds. The Court amalgamated the entities into one. If one entity is the insured and the damages were shown in the underlying action to be occurring from the time the work was performed through the present, then the damages occurred to property owned, rented or occupied by the insured. Likewise, the property was sold and the damages arise out of part of those premises. Since the insured is one entity and it sold all of the premises and the damage was caused by the premises, then all damages are excluded.

3. "k. Damage to Your Product" The facts in the underlying actions show that property damage was to the insureds' work product arising out of it or any part of it. The insureds work product, as an amalgamated entity, owns the entire project and the damage arose out of the entire project.

4. "Damage to Impaired Property or Property Not Physically Injuried" The facts in the underlying action show that the insureds never properly performed the work on the project. The project, according to the directed verdict on liability, shows that the project was impaired because it was never properly constructed. Since it was impaired in that it failed to meet building codes and industry standards, it was always in a damaged state and defective, deficient, inadequate in the product or work of the insured.

38. Set forth what you contend were the damages allocated by the Jury in the underlying actions to the particular claims of the Plaintiffs in the underlying actions.

ANSWER: This is the purpose of this action. The damages were not allocated in the underlying action. Harleysville will introduce the trial transcripts from each action, the deposition testimony of Drew Brown, live testimony from witnesses and expert testimony from its witnesses and ask the court to make a percentage determination on each element of construction defect as alleged by the plaintiff in each action. The expert witnesses offered by Harleysville have produced reports estimating costs in a broken fashion showing costs to repair improper workmanship and costs to repair resulting damage. The Riverwalk report is completed showing that 17% relates to damaged portions of the building. This will give the trier of fact a basis for reaching a verdict on this issue. Since this is a declaratory judgment action, Harleysville will present factual and opinion testimony and ask the court to make this conclusion.

39. Set forth how the Court in this action can determine what the Jury allocated to each of the Plaintiffs' claims in the underlying actions.

ANSWER: The court will be presented with evidence, the trial transcripts, testimony from witnesses and expert witness testimony showing the facts of the underlying case that supported the damage verdict. The court will then have the ability to perform an analysis to determine the breakdown and cost analysis showing the dollar value of the cost of repairing improper workmanship and the cost of repairing the resulting damage. The court will be performing a function very similar to the court's analysis in any contribution among joint tortfeasors action.

The insured and Harleysville had an understanding and agreement that all coverage issues would be decided in a subsequent action. Unlike the Newman matter, this matter has a full transcript. Unlike Newman, the purpose of this action is to determine the

breakdown of damages. All evidence will be presented in full or summary fashion to allow the trier of fact to perform the analysis. The jury or trier of fact in this matter can review the transcript, expert testimony, new testimony of the expert witnesses, new expert witnesses who will give an opinion regarding the allocation of cost. The calculation is relatively simple once the testimony has been reviewed. The insured and Harleysville agree that this is the best method to determine how much, if any of the verdict is covered. The purpose of this declaratory judgment action is to allocate damages in a previously agreed upon method between insured and insurer and cannot be disturbed by the interests of other parties such as Riverwalk HOA. The allocation determination in this matter is very similar in many respects to the method used by the court to allocate a general verdict between joint tortfeasors under the Contribution Among Joint Tortfeasors Act. The trier of fact will review the evidence of the trial, the new evidence to supplement the missing information from the trial and will make a determination between cost of repairing faulty workmanship and the cost or repairing damaged work resulting from what it determines to be an occurrence. The court's declaration will simply show the amount of covered loss, if any, and the amount of non-covered loss, if any.

40. Set forth what you contend is contained in the Newman v. Auto Owners case that would require that the Court in this declaratory judgment action "must conduct an accounting or detailed itemization of costs to reach a conclusion as to which damages are covered damages and which damages are not covered damages" in light of the fact that the Jury returned a general verdict.

ANSWER: The Newman decision is the first decision to isolate categories of damages into covered and non-covered damages. All prior decisions either ruled that the

entire verdict was covered or no part of the verdict was covered. There must be an accounting of damages or no verdict or settlement can occur because there is no method for determining covered and non-covered losses. This post verdict analysis in a subsequent action has been performed in other states. A construction lawsuit is much different than the types of cases with differing causes of action preferred by counsel for Riverwalk and Magnolia North. The only task in those types of case is to ask the jury specifically if they believe a cause of action is met and what damages relate to a cause of action. There is no differentiation between covered and non-covered damages within the same cause of action. There is a differentiation between covered and non-covered causes of action in the current action. This calculation cannot be performed in the underlying action as has been suggested by opposing counsel. Other states have rejected arguments such as that being made by counsel for Riverwalk and Magnolia North.

Newman provides that itemized categories of damages were established by the arbitrator. There was no evidence offered in the underlying action or the declaratory judgment action in Newman to enable the court to make the calculation. As the Supreme Court stated it was not the purpose of the Newman action to differentiate damages. This action's stated purpose is to differentiate damages. No party knew, expected to know or could have known that the Supreme Court in Newman would provide that only damages resulting from faulty workmanship stemming from an occurrence formed covered losses. No precedent existed prior to Newman to reveal the categories. Just as in other states, this post verdict subsequent action is the proper means to analyze damages to determine the covered and non-covered losses.

The categories suggested by Newman cannot be addressed in the underlying action. To do so creates divergent interests between insured and insurer in the same action. For example, Riverwalk HOA and Magnolia North HOA offered testimony that the windows were intentionally installed incorrectly and that the Heritage entities had full knowledge. The lawyers providing a defense to the insured would never agree. However, the lawyers asserting the insurer's interest would want to strengthen the issue. Those interests are divergent and may not proceed in the same action. There are many other examples.

The burden of proof is on the insured to prove that a covered loss exists. An insurer need only show that part of a general verdict is not covered and there is no coverage. Case law exists on the shifting of the burden to the insurer and shifting back to the insured depending on the facts specific to each case. In this matter the parties would have been required to speculate at their own risk as to what to ask the jury. To include all insurance issues in the underlying action would not have been fair to the insured. A post judgment analysis is the only means for these two matters to determine coverage issues and the extent of coverage for each verdict.

In the underlying action, the insured and the Riverwalk HOA offered repair cost testimony that did not break down the cost into categories of repairing improperly constructed work and repairing damage that resulted from the improperly constructed work. The evidence in the underlying trial is lacking as indicated in the deposition of Drew Brown, the HOA expert.

The only method for the insurer to categorize the verdict in the underlying action would be to be a named party and raise all of the insurance issues, both known and unknown, and offer testimony of the cost under both the insured's cost estimate and the

Riverwalk HOA's estimate of a breakdown between cost of repairing improperly performed work and the cost of damages resulting from an occurrence and improperly performed work. To do so, the carrier would be offering testimony adverse to its own insured in the underlying action. To do so is violative of South Carolina law as is found in Sims v. Nationwide. Harleysville attempted to intervene in the Gardens At Cypress Bay action. Opposing counsel and insured counsel asserted that to intervene would be bad faith because it would hurt the insured. Insured counsel would not perform the insurance carrier's function in the underlying action because it would be detrimental to the insured.

41. In reference to paragraph 31 of the Complaint, and its sub-parts, for each sub-part set forth what you contend are the costs allocated by the Jury for the work described in each of the sub-paragraphs in paragraph 31.

ANSWER: **The jury did not allocate damages. This information is one of the bases of this action and will be determined through the discovery process. Just as in the underlying action it took the HOA many years to establish a repair estimate, Harleysville has the right to fully analyze the evidence and obtain expert testimony to conduct an analysis to determine the values to be placed into each category. Case law supports the allocation process in a subsequent declaratory judgment action.**

The court will be presented with evidence, the trial transcripts, testimony from witnesses and expert witness testimony showing the facts of the underlying case that supported the damage verdict. The court will then have the ability to perform an analysis to determine the breakdown and cost analysis showing the dollar value of the cost of repairing improper workmanship and the cost of repairing the resulting damage. The

court will be performing a function very similar to the court's analysis in any contribution among joint tortfeasors action.

The insured and Harleysville had an understanding and agreement that all coverage issues would be decided in a subsequent action. Unlike the Newman matter, this matter has a full transcript. Unlike Newman, the purpose of this action is to determine the breakdown of damages. All evidence will be presented in full or summary fashion to allow the trier of fact to perform the analysis. The jury or trier of fact in this matter can review the transcript, expert testimony, new testimony of the expert witnesses, new expert witnesses who will give an opinion regarding the allocation of cost. The calculation is relatively simple once the testimony has been reviewed. The insured and Harleysville agree that this is the best method to determine how much, if any of the verdict is covered. The purpose of this declaratory judgment action is to allocate damages in a previously agreed upon method between insured and insurer and cannot be disturbed by the interests of other parties such as Riverwalk HOA. The allocation determination in this matter is very similar in many respects to the method used by the court to allocate a general verdict between joint tortfeasors under the Contribution Among Joint Tortfeasors Act. The trier of fact will review the evidence of the trial, the new evidence to supplement the missing information from the trial and will make a determination between cost of repairing faulty workmanship and the cost or repairing damaged work resulting from what it determines to be an occurrence. The court's declaration will simply show the amount of covered loss, if any, and the amount of non-covered loss, if any.

42. In reference to paragraph 32(c) of the Complaint, set forth your contention as to how an expert witness could determine a breakdown for the Jury's verdict into the proper categories of damages.

ANSWER: **The expert will view the trial testimony, testimony of expert witnesses, discovery information received from the expert witnesses including information from subpoenas and depositions, and an analysis from the expert to break down the damages into costs of repairing improperly performed work and the cost of damages resulting from an occurrence and improperly performed work.**

The experts named by Harleysville have nearly completed the analysis. Said analysis will be produced upon receipt indicating a breakdown of costs.

43. In reference to paragraph 32(d) of the Complaint, set forth the name of any fact witness(s) that would explain a breakdown of the Jury's verdict into the proper categories of damages and the method that could be used to accomplish same.

ANSWER: **Drew Brown, Al Best, Steve Watkins, Allen Campbell, Tom Carlson, Skip Lewis, Frank "Tripp" Baiden and Sydney Mathis.**

44. In reference to paragraph 34(a) of the Complaint, set forth what you contend the Jury in the underlying actions allocated to the costs associated with removing undamaged portions of the building to reach the defective work and those portions of the building damaged resulting from defective work.

ANSWER: **The jury did not allocate in the underlying action. The point of this action is that the jury in the underlying action did not allocate. No allocation was known to the parties because the allocation mandate from Newman had not yet been established. No case law existed to show that a cost analysis and breakdown should have been conducted.**

For reasons set forth above, there is no means available in the underlying action to address the breakdown issue. To do so would require the insurance company to present evidence in the underlying action adverse to its insured which would only act to increase the verdict. This is not permitted and would expose the insured to a greater verdict. This action is the appropriate forum to examine the verdict and reach a conclusion as to the value of the verdict associated with a cost breakdown for repairing improper work and repairing resulting damages.

45. In reference to paragraph 34(b) of the Complaint, set forth the costs that the Jury in the underlying actions allocated to costs associated with repairing defective work or faulty workmanship of any kind.

ANSWER: **The point of this action is that the jury in the underlying action did not allocate. No allocation was known to the parties because the allocation mandate from Newman had not yet been established. No case law existed to show that a cost analysis and breakdown should have been conducted. For reasons set forth above, there is no means available in the underlying action to address the breakdown issue. To do so would require the insurance company to present evidence in the underlying action adverse to its insured which would only act to increase the verdict. This is not permitted and would expose the insured to a greater verdict. This action is the appropriate forum to examine the verdict and reach a conclusion as to the value of the verdict associated with a cost breakdown for repairing improper work and repairing resulting damages.**

46. In connection with paragraph 34(c) of the complaint, set forth what the costs that the Jury in the underlying actions allocated to costs associated with repairing the defective work or faulty workmanship that led to the resulting damage.

ANSWER: The point of this action is that the jury in the underlying action did not allocate. No allocation was known to the parties because the allocation mandate from Newman had not yet been established. No case law existed to show that a cost analysis and breakdown should have been conducted. For reasons set forth above, there is no means available in the underlying action to address the breakdown issue. To do so would require the insurance company to present evidence in the underlying action adverse to its insured which would only act to increase the verdict. This is not permitted and would expose the insured to a greater verdict. This action is the appropriate forum to examine the verdict and reach a conclusion as to the value of the verdict associated with a cost breakdown for repairing improper work and repairing resulting damages.

47. Relative to paragraph 34(d) of the Complaint, set forth what you contend were the costs allocated by the Jury in the underlying actions to the costs associated with replacing undamaged portions of the building after the defective work has been removed and after the damages resulting from the defective work had been repaired.

ANSWER: This information is one of the bases of this action and will be determined through the discovery process. Just as in the underlying action it took the HOA many years to establish a repair estimate, Harleysville has the right to fully analyze the evidence and obtain expert testimony to conduct an analysis to determine the values to be placed into each category.

The court will be presented with evidence, the trial transcripts, testimony from witnesses and expert witness testimony showing the facts of the underlying case that supported the damage verdict. The court will then have the ability to perform an analysis to determine the breakdown and cost analysis showing the dollar value of the cost of

repairing improper workmanship and the cost of repairing the resulting damage. The court will be performing a function very similar to the court's analysis in any contribution among joint tortfeasors action.

The insured and Harleysville had an understanding and agreement that all coverage issues would be decided in a subsequent action. Unlike the Newman matter, this matter has a full transcript. Unlike Newman, the purpose of this action is to determine the breakdown of damages. All evidence will be presented in full or summary fashion to allow the trier of fact to perform the analysis. The jury or trier of fact in this matter can review the transcript, expert testimony, new testimony of the expert witnesses, new expert witnesses who will give an opinion regarding the allocation of cost. The calculation is relatively simple once the testimony has been reviewed. The insured and Harleysville agree that this is the best method to determine how much, if any of the verdict is covered. The purpose of this declaratory judgment action is to allocate damages in a previously agreed upon method between insured and insurer and cannot be disturbed by the interests of other parties such as Riverwalk HOA. The allocation determination in this matter is very similar in many respects to the method used by the court to allocate a general verdict between joint tortfeasors under the Contribution Among Joint Tortfeasors Act. The trier of fact will review the evidence of the trial, the new evidence to supplement the missing information from the trial and will make a determination between cost of repairing faulty workmanship and the cost or repairing damaged work resulting from what it determines to be an occurrence. The court's declaration will simply show the amount of covered loss, if any, and the amount of non-covered loss, if any.

48. Produce copies of any emails or correspondence between Robert Calamari or other counsel, agents or employees of Harleysville and Collins & Lacy Law Firm *in re* the underlying action.

ANSWER: **Harleysville objects to this request on the basis of work product privilege, attorney client privilege and that the information contained in any emails is not relevant and not likely to lead to discoverable information. Riverwalk HOA and Magnolia North HOA are not parties to the contract of insurance and are not entitled to any such information. The information contained in emails is not the subject of any cause of action or defense in any of the pleadings. Any emails between Robert Calamari and Eric Fosmire or Steve Brown are privileged as work product and have no bearing on the issues involved in this coverage action. All are protected by work product and attorney client privilege. All information requested is work product and attorney client privilege and important to the appeal pending in the underlying action and cannot be produced. Without waiving any objection, counsel is in possession of three emails prior to trial verdict that have been produced.**

49. Produce copies of any emails between Robert Calamari or other counsel, agents or employees of Harleysville and the Heritage entities or their counsel, *in re* the underlying action.

ANSWER: **Harleysville objects on the basis of work-product privilege, attorney client privilege and that the requested information is unlikely to lead to discoverable information. Riverwalk HOA is not a party to the contract of insurance so it is not entitled to any such information. The information contained in emails is not the subject of any cause of action or defense in any of the pleadings.**

50. Produce copies of all Harleysville inter-company emails, documents or correspondence in re the denial of claims of the Plaintiffs in the underlying action.

ANSWER: Harleysville objects on the basis of work-product privilege, attorney client privilege and that the requested information is unlikely to lead to discoverable information. Riverwalk HOA is not a party to the contract of insurance so it is not entitled to any such information. The information contained in emails is not the subject of any cause of action or defense in any of the pleadings.

51. Produce copies of any statements taken from the named insureds.

ANSWER: Attached is an affidavit of Roger Van Wie who is a shareholder of the Heritage entities. No statements have been taken from any other insureds.

52. Produce a copy of any reservation of rights letters sent to the named insureds.

ANSWER: Attached. There seem to be missing RORs. Harleysville will testify that the missing RORs were sent but we are unable to produce a copy. At all times, the insured representatives were aware that Harleysville had reserved its rights on all matters including those where we are unable to locate the RORs.

53. Produce a complete copy of the following policies with all amendments, endorsements and documents pertaining thereto:

a) MPA4D4650 6/18/97 – 6/18/01

b) BE – 4D4650 6/18/97 – 6/18/01

c) MPA3D9529 8/03/96 – 8/03/99

d) 3D9529 8/03/99 – 8/03/01

ANSWER: All policies have been produced.

Harleysville reserves the right to update these responses as information becomes available. Harleysville has opened its files to counsel for Riverwalk and Magnolia North. In many instances, counsel for Riverwalk and Magnolia North is in possession of much more detailed information that counsel for Harlesyville. All policies have been produced. All other relevant material is found in the trial transcripts which are in possession of counsel for Riverwalk and Magnolia North. The expert information being compiled by Mr. Baiden and Mr. Mathis is nearly completed and will be submitted upon receipt.

RESERVATION OF RIGHTS

This letter is not intended to waive any of HMIC's rights under any HMIC insurance policy or at law relating to this claim or any other claim. HMIC reserves its rights as set forth herein. This reservation of rights includes but is not limited to the following issues:

1) Whether property damage or bodily injury was caused by an occurrence as defined by any policy or policies and happened during an HMIC policy period;

2) Whether notice was provided to HMIC in compliance with the notice provision of the policy or policies;

3) Whether the cooperation clause of any policy or policies has been complied with;

4) Whether the applicable limits of any and all applicable primary or excess policies of insurance have, in fact, been exhausted;

5) Whether or not any exclusion applies to preclude coverage under any policy or policies; and

6) Any additional coverage defenses which may arise during the investigation of this matter.

The complaint filed against you seeks punitive damages. HMIC reserves the right to disclaim coverage for these since under all of your policies, they would not arise from an "occurrence," do not fit the definition of "bodily injury" or "property damage," and/or were "expected and intended" within the meaning of exclusions in the policies.

If there is available to you coverage from any other insurance carrier or source in addition to that provided by HMIC, you should immediately notify the carrier or source of all the facts and

circumstances surrounding this matter, and that you have been named as a defendant in this lawsuit. Please notify HMIC of the name and address of any such other insurance carrier, and of the policy number under which this additional coverage is available to you.

Nothing contained in this letter should be deemed a waiver of the terms or conditions of the HMIC policy. HMIC expressly reserves the right to rely upon any term or condition of the insurance contract or any other ground which may be found to limit or preclude coverage.

In the event that it is determined that there is no coverage for this action under the HMIC policy, HMIC expressly reserves the right to recover the amounts incurred in the defense of this action from you or any of your other insurers that may be liable for these costs.

Please advise us of any information that you have that you believe may affect our determination concerning the coverage available under the HMIC policy.

HMIC's position is based upon the facts which have been made available to it to date. HMIC expressly reserves the right to modify its determination concerning the potential for coverage under this policy if the information developed during our investigation of this claim warrants the modification.

UNINSURED EXPOSURE/ EXCESS POTENTIAL

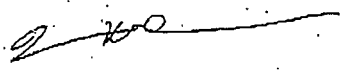

To the extent that you have an uninsured exposure or interest, HMIC recommends that you consider employing your own personal attorney at your own expense to represent such uninsured exposure or interest. The decision as to whether you should employ a personal attorney rests entirely with you.

Heritage and its principals may also have an uninsured exposure or interest to the extent that the amount sought by the plaintiffs or damages that could ultimately be awarded exceed policy limits. HMIC recommends that Heritage and its principals consider employing personal counsel at your/ their own expense to represent such uninsured exposures or interests. The decision as to whether Heritage and/or its principals should employ a personal attorney rests entirely with Heritage and its principals.

Should you have any questions, please do not hesitate to contact me.

Thank you for your consideration.

RESERVATION OF RIGHTS

This letter is not intended to waive any of HMIC's rights under any HMIC insurance policy or at law relating to this claim or any other claim. HMIC reserves its rights as set forth herein. This reservation of rights includes but is not limited to the following issues:

1) Whether property damage or bodily injury was caused by an occurrence as defined by any policy or policies and happened during an HMIC policy period;

2) Whether notice was provided to HMIC in compliance with the notice provision of the policy or policies;

3) Whether the cooperation clause of any policy or policies has been complied with;

4) Whether the applicable limits of any and all applicable primary or excess policies of insurance have, in fact, been exhausted;

5) Whether or not any exclusion applies to preclude coverage under any policy or policies; and

6) Any additional coverage defenses which may arise during the investigation of this matter.

The complaint filed against you seeks punitive damages. HMIC reserves the right to disclaim coverage for these since under all of your policies, they would not arise from an "occurrence," do not fit the definition of "bodily injury" or "property damage," and/or were "expected and intended" within the meaning of exclusions in the policies.

If there is available to you coverage from any other insurance carrier or source in addition to that provided by HMIC, you should immediately notify the carrier or source of all the facts and circumstances surrounding this matter, and that you have been named as a defendant in this lawsuit. Please notify HMIC of the name and address of any such other insurance carrier, and of the policy number under which this additional coverage is available to you.

Nothing contained in this letter should be deemed a waiver of the terms or conditions of the HMIC policy. HMIC expressly reserves the right to rely upon any term or condition of the insurance contract or any other ground which may be found to limit or preclude coverage.

In the event that it is determined that there is no coverage for this action under the HMIC policy, HMIC expressly reserves the right to recover the amounts incurred in the defense of this action from you or any of your other insurers that may be liable for these costs.

Please advise us of any information that you have that you believe may affect our determination concerning the coverage available under the HMIC policy.

HMIC's position is based upon the facts which have been made available to it to date. HMIC expressly reserves the right to modify its determination concerning the potential for coverage under this policy if the information developed during our investigation of this claim warrants the modification.

UNINSURED EXPOSURE/ EXCESS POTENTIAL

To the extent that you have an uninsured exposure or interest, HMIC recommends that you consider employing your own personal attorney at your own expense to represent such uninsured exposure or interest. The decision as to whether you should employ a personal attorney rests entirely with you.

Heritage and its principals may also have an uninsured exposure or interest to the extent that the amount sought by the plaintiffs or damages that could ultimately be awarded exceed policy limits. HMIC recommends that Heritage and its principals consider employing personal counsel at your/ their own expense to represent such uninsured exposures or interests. The decision as to whether Heritage and/or its principals should employ a personal attorney rests entirely with Heritage and its principals.

Should you have any questions, please do not hesitate to contact me.

Thank you for your consideration.

RESERVATION OF RIGHTS

This letter is not intended to waive any of HMIC's rights under any HMIC insurance policy or at law. HMIC continues to reserve it rights as set forth in its prior reservation of rights, and as set forth herein, including but not limited to the following issues:

1) Whether property damage or bodily injury was caused by an occurrence as defined by any policy or policies and happened during an HMIC policy period;

2) Whether notice was provided to HMIC in compliance with the notice provision of the policy or policies;

3) Whether the cooperation clause of any policy or policies has been complied with;

4) Whether the applicable limits of any and all applicable primary or excess policies of insurance have, in fact, been exhausted;

5) Whether or not any exclusion applies to preclude coverage under any policy or policies; and

6) Any additional coverage defenses which may arise during the investigation of this matter.

The pleadings seek punitive damages. HMIC reserves the right to disclaim coverage for these since under all of your policies, they would not arise from an "occurrence," do not fit the definition of "bodily injury" or "property damage," and/or were "expected and intended" within the meaning of exclusions in the policies.

If there is available to you coverage from any other insurance carrier or source in addition to that provided by HMIC, you should immediately notify the carrier or source of all the facts and circumstances surrounding this matter, and that you have been named as a defendant in this lawsuit. Please notify HMIC of the name and address of any such other insurance carrier, and of the policy number under which this additional coverage is available to you.

Nothing contained in this letter should be deemed a waiver of the terms or conditions of the HMIC policy. HMIC expressly reserves the right to rely upon any term or condition of the insurance contract or any other ground which may be found to limit or preclude coverage.

In the event that it is determined that there is no coverage for this action under the HMIC policy, HMIC expressly reserves the right to recover the amounts incurred in the defense of this action from you or any of your other insurers that may be liable for these costs.

Please advise us of any information that you have that you believe may affect our determination concerning the coverage available under the HMIC policy.

HMIC's position is based upon the facts which have been made available to it to date. HMIC expressly reserves the right to modify its determination concerning the potential for coverage under this policy if the information developed during our investigation of this claim warrants the modification.

UNINSURED EXPOSURE AND EXCESS POTENTIAL

To the extent that you have an uninsured exposure or interest, HMIC recommends that you consider employing your own personal attorney at your own expense to represent such uninsured exposure or interest. The decision as to whether you should employ a personal attorney rests entirely with you.

Heritage and its principals may also have an uninsured exposure or interest to the extent that the amount sought by the plaintiffs or damages that could ultimately be awarded exceed policy limits. HMIC recommends that Heritage and its principals consider employing personal counsel at your/ their own expense to represent such uninsured exposures or interests. The decision as to whether Heritage and/or its principals should employ a personal attorney rests entirely with Heritage and its principals.

Thank you for your consideration.

Very truly yours,

(3) Multiply the total amount of the covered loss, before the application of any deductible, by the figure determined in step (2); and

(4) Subtract the deductible from the figure determined in step (3).

The amount determined in step (4) is the most we will pay. For the remainder, you will either have to rely on other insurance or absorb the loss yourself.

Example No. 1 (Underinsurance):
When:

The value of the property is	$250,000
The Coinsurance percentage for it is	80%
The Limit of Insurance for it is	$100,000
The Deductible is	$250
The amount of loss is	$ 40,000

Step (1): $250,000 x 80% = $200,000 (the minimum amount of insurance to meet your Coinsurance Requirements)

Step (2): $100,000 @ $200,000 = .50

Step (3): $ 40,000 x .50 = $20,000

Step (4): $ 20,000 - $250 = $19,750

We will pay no more than $19,750. The remaining $20,250 is not covered.

Example No. 2 (Adequate Insurance):
When:

The value of the property is	$250,000
The Coinsurance percentage for it is	80%
The Limit of Insurance for it is	$200,000
The Deductible is	$250
The amount of loss is	$ 40,000

Step (1): $250,000 x 80% = $200,000 (the minimum amount of insurance to meet your Coinsurance Requirements)

Step (2): $200,000 @ $200,000 = 1.00

Step (3): $ 40,000 x 1.00 = $40,000

Step (4): $ 40,000 - $250 = $39,750

We will cover the $39,750 loss in excess of the Deductible. No penalty applies.

(2) The mortgage holder's right to recover the full amount of the mortgage holder's claim will not be impaired.

a. We will pay those sums that the insured becomes legally obligated to pay as damages because of "bodily injury" or "property damage" to which this insurance applies. We will have the right and duty to defend the insured against any "suit" seeking those damages. However, we will have no duty to defend the insured against any "suit" seeking damages for "bodily injury" or "property damage" to which this insurance does not apply. We may, at our discretion, investigate any "occurrence" and settle any claim or "suit" that may result. But:

(1) The amount we will pay for damages is limited as described in LIMITS OF INSURANCE (SECTION III); and

(2) Our right and duty to defend end when we have used up the applicable limit of insurance in the payment of judgments or settlements under Coverages A or B or medical expenses under Coverage C.

No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for under SUPPLEMENTARY PAYMENTS - COVERAGES A AND B.

b. This insurance applies to "bodily injury" and "property damage" only if:

(1) The "bodily injury" or "property damage" is caused by an "occurrence" that takes place in the "coverage territory"; and

(1) That the insured would have in the absence of the contract or agreement; or

(2) Assumed in a contract or agreement that is an "insured contract", provided the "bodily injury" or "property damage" occurs subsequent to the execution of the contract or agreement. Solely for the purposes of liability assumed in an "insured contract", reasonable attorney fees and necessary litigation expenses incurred by or for a party other than an insured are deemed to be damages because of "bodily injury" or "property damage", provided:

(a) Liability to such party for, or for the cost of, that party's defense has also been assumed in the same "insured contract"; and

This exception does not apply if the fuels, lubricants or other operating fluids are intentionally discharged, dispersed or released, or if such fuels, lubricants or other operating fluids are brought on or to the premises, site or location with the intent to be discharged, dispersed or released as part of the operations being performed by such insured, contractor or subcontractor.

COVERAGE B. PERSONAL AND ADVERTISING INJURY LIABILITY

1. Insuring Agreement

a. We will pay those sums that the insured becomes legally obligated to pay as damages because of "personal injury" or "advertising injury" to which this insurance applies. We will have the right and duty to defend the insured against any "suit" seeking those damages. However, we will have no duty to defend the insured against any "suit" seeking damages for "personal injury" or "advertising injury" to which this insurance does not apply. We may, at our discretion, investigate any "occurrence" or offense and settle any claim or "suit" that may result. But:

SUPPLEMENTARY PAYMENTS - COVERAGES A AND B

We will pay, with respect to any claim we investigate or settle, or any "suit" against an insured we defend:

1. All expenses we incur.
2. Up to $250 for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.
3. The cost of bonds to release attachments, but only for bond amounts within the applicable limit of insurance. We do not have to furnish these bonds.
4. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to $250 a day because of time off from work.
5. All costs taxed against the insured in the "suit".
6. Prejudgment interest awarded against the insured on that part of the judgment we pay. If we make an offer to pay the applicable limit of insurance, we will not pay any prejudgment interest based on that period of time after the offer.
7. All interest on the full amount of any judgment that accrues after entry of the judgment and before we have paid, offered to pay, or deposited in court the part of the judgment that is within the applicable limit of insurance.

These payments will not reduce the limits of insurance.

If we defend an insured against a "suit" and an indemnitee of the insured is also named as a party to the "suit", we will defend that indemnitee if all of the following conditions are met:

a. The "suit" against the indemnitee seeks damages for which the insured has assumed the liability of the indemnitee in a contract or agreement that is an "insured contract";

b. This insurance applies to such liability assumed by the insured;

c. The obligation to defend, or the cost of the defense of, that indemnitee, has also been assumed by the insured in the same "insured contract";

d. The allegations in the "suit" and the information we know about the "occurrence" are such that no conflict appears to exist between the interests of the insured and the interests of the indemnitee;

e. The indemnitee and the insured ask us to conduct and control the defense of that indemnitee against such "suit" and agree that we can assign the same counsel to defend the insured and the indemnitee; and

f. The indemnitee:

(1) Agrees in writing to:

(a) Cooperate with us in the investigation, settlement or defense of the "suit";

(b) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the "suit";

(c) Notify any other insurer whose coverage is available to the indemnitee; and

(d) Cooperate with us with respect to coordinating other applicable insurance available to the indemnitee; and

(2) Provides us with written authorization to:

(a) Obtain records and other information related to the "suit"; and

(b) Conduct and control the defense of the indemnitee in such "suit".

So long as the above conditions are met, attorneys fees incurred by us in the defense of that indemnitee, necessary litigation expenses incurred by us and necessary litigation expenses incurred by the indemnitee at our request will be paid as Supplementary Payments. Notwithstanding the provisions of paragraph 2.b.(2) of COVERAGE A - BODILY INJURY AND PROPERTY DAMAGE LIABILITY (Section I - Coverages), such payments will not be deemed to be damages for "bodily injury" and "property damage" and will not reduce the limits of insurance.

Our obligation to defend an insured's indemnitee and to pay for attorneys fees and necessary litigation expenses as Supplementary Payments ends when:

a. We have used up the applicable limit of insurance in the payment of judgments or settlements; or

b. The conditions set forth above, or the terms of the agreement described in paragraph f. above, are no longer met.

SECTION II - WHO IS AN INSURED

1. If you are designated in the Declarations as:
   a. An individual, you and your spouse are insureds, but only with respect to the conduct of a business of which you are the sole owner.
   b. A partnership or joint venture, you are an insured. Your members, your partners, and their spouses are also insureds, but only with respect to the conduct of your business.
   c. A limited liability company, you are an insured. Your members are also insureds, but only with respect to the conduct of your business. Your managers are insureds, but only with respect to their duties as your managers.
   d. An organization other than a partnership, joint venture or limited liability company, you are an insured. Your "executive officers" and directors are insureds, but only with respect to their duties as your officers or directors. Your stockholders are also insureds, but only with respect to their liability as stockholders.
2. Each of the following is also an insured:
   a. Your "employees", other than either your "executive officers" (if you are an organization other than a partnership, joint venture or limited liability company) or your managers (if you are a limited liability company), but only for acts within the scope of their employment by you or while performing duties related to the conduct of your business. However, none of these "employees" is an insured for:
      (1) "Bodily injury" or "personal injury":
         (a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), or to a co-"employee" while that co-"employee" is either in the course of his or her employment or performing duties related to the conduct of your business;
         (b) To the spouse, child, parent, brother or sister of that co-"employee" as a consequence of paragraph (1)(a) above;
         (c) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in paragraphs (1)(a) or (b) above; or
         (d) Arising out of his or her providing or failing to provide professional health care services.
      (2) "Property damage" to property:
         (a) Owned, occupied or used by,
         (b) Rented to, in the care, custody or control of, or over which physical control is being exercised for any purpose by

         you, any of your "employees", any partner or member (if you are a partnership or joint venture), or any member (if you are a limited liability company).
   b. Any person (other than your "employee"), or any organization while acting as your real estate manager.
   c. Any person or organization having proper temporary custody of your property if you die, but only:
      (1) With respect to liability arising out of the maintenance or use of that property; and
      (2) Until your legal representative has been appointed.
   d. Your legal representative if you die, but only with respect to duties as such. That representative will have all your rights and duties under this Coverage Part.
3. With respect to "mobile equipment" registered in your name under any motor vehicle registration law, any person is an insured while driving such equipment along a public highway with your permission. Any other person or organization responsible for the conduct of such person is also an insured, but only with respect to liability arising out of the operation of the equipment, and only if no other insurance of any kind is available to that person or organization for this liability. However, no person or organization is an insured with respect to:
   a. "Bodily injury" to a co-"employee" of the person driving the equipment; or
   b. "Property damage" to property owned by, rented to, in the charge of or occupied by you or the employer of any person who is an insured under this provision.
4. Any organization you newly acquire or form, other than a partnership, joint venture or limited liability company, and over which you maintain ownership or majority interest, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:
   a. Coverage under this provision is afforded only until the 90th day after you acquire or form the organization or the end of the policy period, whichever is earlier;

Copyright, Insurance Services Office, Inc., 1994

Consolidated ROA_1891

b. Coverage A does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and

c. Coverage B does not apply to "personal injury" or "advertising injury" arising out of an offense committed before you acquired or formed the organization.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

SECTION III - LIMITS OF INSURANCE

1. The Limits of Insurance shown in the Declarations and the rules below fix the most we will pay regardless of the number of:
   a. Insureds;
   b. Claims made or "suits" brought; or
   c. Persons or organizations making claims or bringing "suits".
2. The General Aggregate Limit is the most we will pay for the sum of:
   a. Medical expenses under Coverage C;
   b. Damages under Coverage A, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard"; and
   c. Damages under Coverage B.
3. The Products-Completed Operations Aggregate Limit is the most we will pay under Coverage A for damages because of "bodily injury" and "property damage" included in the "products-completed operations hazard".
4. Subject to 2. above, the Personal and Advertising Injury Limit is the most we will pay under Coverage B for the sum of all damages because of all "personal injury" and all "advertising injury" sustained by any one person or organization.
5. Subject to 2. or 3. above, whichever applies, the Each Occurrence Limit is the most we will pay for the sum of:
   a. Damages under Coverage A; and
   b. Medical expenses under Coverage C

   because of all "bodily injury" and "property damage" arising out of any one "occurrence".
6. Subject to 5. above, the Fire Damage Limit is the most we will pay under Coverage A for damages because of "property damage" to premises, while rented to you or temporarily occupied by you with permission of the owner, arising out of any one fire.
7. Subject to 5. above, the Medical Expense Limit is the most we will pay under Coverage C for all medical expenses because of "bodily injury" sustained by any one person.

The Limits of Insurance of this Coverage Part apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits of Insurance.

SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS

1. Bankruptcy

   Bankruptcy or insolvency of the insured or of the insured's estate will not relieve us of our obligations under this Coverage Part.

2. Duties In The Event Of Occurrence, Offense, Claim Or Suit
   a. You must see to it that we are notified as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, notice should include:
      (1) How, when and where the "occurrence" or offense took place;
      (2) The names and addresses of any injured persons and witnesses; and
      (3) The nature and location of any injury or damage arising out of the "occurrence" or offense.
   b. If a claim is made or "suit" is brought against any insured, you must:
      (1) Immediately record the specifics of the claim or "suit" and the date received; and
      (2) Notify us as soon as practicable.

      You must see to it that we receive written notice of the claim or "suit" as soon as practicable.

Copyright, Insurance Services Office, Inc., 1994

c. You and any other involved insured must:

(1) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the claim or "suit";

(2) Authorize us to obtain records and other information;

(3) Cooperate with us in the investigation or settlement of the claim or defense against the "suit"; and

(4) Assist us, upon our request, in the enforcement of any right against any person or organization which may be liable to the insured because of injury or damage to which this insurance may also apply.

d. No insured will, except at that insured's own cost, voluntarily make a payment, assume any obligation, or incur any expense, other than for first aid, without our consent.

3. Legal Action Against Us

No person or organization has a right under this Coverage Part:

a. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or

b. To sue us on this Coverage Part unless all of its terms have been fully complied with.

A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured obtained after an actual trial; but we will not be liable for damages that are not payable under the terms of this Coverage Part or that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

4. Other Insurance

If other valid and collectible insurance is available to the insured for a loss we cover under Coverages A or B of this Coverage Part, our obligations are limited as follows:

a. Primary Insurance

This insurance is primary except when b. below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in c. below.

b. Excess Insurance

This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

(2) That is Fire insurance for premises rented to you or temporarily occupied by you with permission of the owner; or

(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion g. of Coverage A (Section I).

When this insurance is excess, we will have no duty under Coverages A or B to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and

(2) The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

Copyright, Insurance Services Office, Inc., 1994

5. **Premium Audit**

   a. We will compute all premiums for this Coverage Part in accordance with our rules and rates.

   b. Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period. Audit premiums are due and payable on notice to the first Named Insured. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.

   c. The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

6. Representations

   By accepting this policy, you agree:

   a. The statements in the Declarations are accurate and complete;

   b. Those statements are based upon representations you made to us; and

   c. We have issued this policy in reliance upon your representations.

7. Separation Of Insureds

   Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

   a. As if each Named Insured were the only Named Insured; and

   b. Separately to each insured against whom claim is made or "suit" is brought.

8. Transfer Of Rights Of Recovery Against Others To Us

   If the insured has rights to recover all or part of any payment we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. g. Any other person or organization insured under any policy of the "underlying insurance." This grant is subject to all the limitations upon coverage under such policy other than the limits of the "underlying insurers" liability.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

No person is an insured as respects "bodily injury" to a fellow "employee" unless insurance for such liability is afforded by the "underlying insurance."

SECTION III - LIMITS OF INSURANCE

1. The Limits of Insurance shown in the Declarations and the rules below fix the most we will pay regardless of the number of:

a. Insureds;

b. Claims made or "suits" brought; or

c. Persons or organizations making claims or bringing "suits."

2. The Aggregate Limit is the most we will pay for all damages:

   a. Included in the "products-completed operations hazard";

   b. Because of "bodily injury" by disease sustained by your "employees" arising out of and in the course of their employment by you and not covered by any workers' compensation or similar law; or

   c. Arising out of the rendering or failure to render any professional services which are covered under this policy.

   The Aggregate Limit applies separately to a., b. and c.

3. The Personal and Advertising Injury Limit is the most we will pay under Coverage B for the sum of all damages because of all "personal injury" and all "advertising injury" sustained by any one person or organization.

4. Subject to 2. above, the Each Occurrence Limit is the most we will pay for the sum of damages under Coverage A because of all "bodily injury" and "property damage" arising out of any one "occurrence."

The limits of this insurance apply separately to each consecutive annual period and to any remaining period of less than 12 months. The policy period begins with the effective date shown in the Declarations. If the policy period is extended after issuance for an additional period of less than 12 months, the additional period will be deemed part of the last preceding period.

SECTION IV - CONDITIONS

1. APPEALS

   a. If the insured or the insured's "underlying insurer" elects not to appeal a judgment which exceeds the "applicable underlying limit," we may do so.

   b. If we do, we will pay all costs of the appeal. We will also pay all costs on appeals related to the defense of the insured as provided in SECTION I item 2. DEFENSE AND SUPPLEMENTARY PAYMENTS. These sums are in addition to the "applicable limit of insurance." In no event shall our liability for "ultimate net loss" exceed the "applicable limit of insurance."

2. BANKRUPTCY

   Bankruptcy or insolvency of the insured or of the insured's estate will not relieve us of our obligations under this insurance.

3. CANCELLATION

   a. The first Named Insured may cancel this insurance by mailing or delivering to us advance written notice of cancellation.

   b. We may cancel this insurance by mailing or delivering to the first Named Insured written notice of cancellation at least:

   c. We will mail or deliver our notice to the first Named Insured's last mailing address known to us.

   d. Notice of cancellation will state the effective date of cancellation. The policy period will end on that date.

   e. If this policy is cancelled, we will send the first Named Insured any premium refund due. If we cancel, the refund will be pro rata. If the first Named Insured cancels the refund will be pro rata less 10% of the pro rata unearned premium. The cancellation will be effective even if we have not made or offered a refund.

   f. If notice is mailed, proof of mailing will be sufficient proof of notice.

4. CHANGES

This policy contains all the agreements between you and us concerning the insurance afforded. No change can be made in the terms of this insurance except with our consent. The terms of this insurance can be amended or waived only by endorsement issued by us and made a part of this insurance.

5. DUTIES IN THE EVENT OF OCCURRENCE, OFFENSE, CLAIM OR SUIT

a. You must see to it that we are notified promptly of an "occurrence" or an "offense" which may result in a claim under this insurance. Notice should include:

(1) How, when and where the "occurrence" or "offense" took place;

(2) The name and address of any injured persons or witnesses; and

(1) Immediately record the specifics of the claim or "suit" and the date received; and

(2) Notify us as soon as practicable.

This requirement will not be considered breached unless the breach occurs after such claim or "suit" is known to:

(1) You, if you are an individual;

(2) A partner, if you are a partnership;

(3) A member, if you are a joint venture;

(4) A member, if you are a limited liability company; or

(3) Cooperate with us in the investigation, settlement or defense of the claim or "suit";

(5) Cooperate with the "underlying insurers"; and

(6) Comply with the terms of the "underlying insurance."

d. When we believe that a claim may exceed the "underlying insurance," we may join with the insured and the "underlying insurer" in the investigation, settlement and defense of all claims and "suits" in connection with such "occurrence" or "offense." In such event, the insured must cooperate with us.

e. No insured will, except at their own cost, voluntarily make a payment, assume any obligation or incur any expense, other than first aid, without our consent.

We have the right but are not obligated to:

a. Make inspections and surveys at any time;

b. Give you reports on the conditions we find; and

c. Recommend changes.

Any inspections, surveys, reports or recommendations relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. We do not warrant that conditions:

a. Are safe or healthful; or

b. Comply with laws, regulations, codes or standards.

8. LEGAL ACTION AGAINST US

No person or organization has a right under this insurance:

a. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or

b. To sue us on this insurance unless all of its terms have been fully complied with.

A person or organization may sue us to recover on an "agreed settlement" or on a final judgement against an insured obtained after an actual trial. We will not be liable for damages that:

a. Are not payable under the terms of this insurance; or

b. Are in excess of the "applicable limit of insurance."

An "agreed settlement" means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

9. MAINTENANCE OF UNDERLYING INSURANCE

You shall maintain in force the insurance afforded by each policy listed in the Schedule of Underlying Insurance in the Declarations for the full term of this insurance. The terms, conditions and endorsements of "underlying insurance" will not materially change and renewals or replacements of "underlying insurance" will not be more restrictive in coverage. Limits of "underlying insurance" will not be reduced except for any reduction or exhaustion of the aggregate limit(s) of insurance due to the payment of claims or defense.

If you fail to comply with the above, this insurance is not invalidated. However, in the event of a loss, we will pay only to the extent that we would have paid had you so complied.

10. OTHER INSURANCE

This insurance is excess over any other valid and collectible insurance whether such other insurance is stated to be primary, contributing, excess, contingent or otherwise. This provision does not apply to a policy bought specifically to apply in excess of this insurance.

11. OUR RIGHT TO RECOVER FROM OTHERS

If we make a payment under this insurance, the insured will assist us and the "underlying insurer" in recovering what we paid by using the insured's right of recovery. Reimbursement will be made in the following order:

a. First, to any interest (including the insured) who has paid any amount in excess of the limits of this insurance;

b. Next, to us; and

c. Then to any interest (including the insured and the "underlying insurer") as are entitled to claim the remainder, if any.

A different order may apply if agreed upon by all interests. Expenses incurred in the process of recovery will be divided among all interests according to the ratio of their respective recoveries.

12. PREMIUM

The first Named Insured is responsible for the payment of all premiums and will be the payee for any return premium.

13. PREMIUM AUDIT

When this insurance is written on an adjustable premium basis the following items apply:

a. You must keep records of the information we need for premium computation, and send us copies at such times as we may request.

b. At the close of each audit period we will compute the earned premium for that period.

c. Audit premiums are due and payable on notice to the first Named Insured.

14. REPRESENTATION

By accepting this insurance you agree:

a. The statements in the Declarations and any subsequent notice relating to "underlying insurance" are accurate and complete;

b. Those statements are based upon representations you made to us;

c. We have issued this insurance in reliance upon your representation; and

d. Your failure to disclose all hazards existing as of the inception date of the policy shall not in itself prejudice the coverage otherwise afforded by this policy, provided such failure to disclose all hazards is not intentional.

15. SEPARATION OF INSUREDS

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned to you in this insurance, this insurance applies:

a. As if each Named Insured were the only Named Insured; and

b. Separately to each insured against whom claim is made or "suit" is brought.

16. TRANSFER OF YOUR RIGHTS AND DUTIES UNDER THIS INSURANCE

Your rights and duties under this insurance may not be transferred without our written consent except in the case of death of an individual named insured.

If you die, your rights and duties will be transferred to your legal representative but only while acting within the scope of duties as your legal representative. Until your legal representative is appointed, anyone having proper temporary custody of your property will have your rights and duties but only with respect to that property.

17. WHEN LOSS IS PAYABLE

If we are liable under this insurance, we will pay for "ultimate net loss" after:

a. (1) The insured's liability is established by court decision and all appeals are exhausted; or

(2) There is a written agreement between the claimant, the insured, any "underlying insurer" and us; and

b. The amount of the "applicable underlying limit" is paid by or on behalf of the insured.

We will pay all claims expeditiously provided all terms of this insurance are met.

The insured will reimburse us for any payment we make for damages which are within the "retained limit."

18. FIRST NAMED INSURED

The person or organization first named in the Declarations will act on behalf of all other insureds where indicated in this policy.

19. LIBERALIZATION

If we revise this policy form to provide more coverage without additional premium charge, your policy will automatically provide the additional coverage as of the day the revision is effective in your state.

20. TWO OR MORE POLICIES ISSUED BY US

If this policy or any other blanket excess or umbrella policy issued to you by us or any company affiliated with us apply to the same "occurrence" or "offense," the maximum Limit of Insurance under all these policies shall not exceed the highest applicable Limit of Insurance under any one policy.
