Mr. Shearhouse S.C. SUPREME COURT Aug 15

I'm writing you because I wanted to give you the needs up on this case in which you'll find out that this racism thing has gotten out of hand when an officer of the Law was to lie and get other officers to go along with his lie to get a conviction of an innocent man and to have the Aiken County public defenders, solicitors office to conjure up this burglary in the 1<sup>st</sup> degree with no witness's, fingerprints DNA nothing just the word of one racist Police off. Mike Hess... Beck in 2015 he attempted to have me done the same way I'm being ~~now~~ (Nov. 9) Dec 9 Court Jackson SC the Judge threw it out "No victim No Crime" This off has some kind

racist issue with me that  
I can't explain... he has  
me mixed up with some  
other black guy... This  
man knows that I didn't  
burglarize this house  
and so does the officers  
who didn't show up to the  
trial... the "Affiant" the  
one who's responsible for  
me being in prison wasn't  
even there... These officers  
didn't want to ruin their  
careers by being part of his  
lie. I will get my day  
in court and that is the  
day that I'll be filing  
several lawsuits for all  
that's involved. This case  
is all a lie that has been  
told by one of your own  
I Michael Hess of Jackson P.D.

I'm going to <sup>the</sup> press, news  
and lawyers and send them  
my transcripts of everything

# Perjury - Class E felony

about my case and now the solicitor selected the jury to insure to guilty decision. 8 white women 4 black women 2 white men Jury of my peers. I'm in prison because of one racist officer and the Aiken County PD office and I can prove it. There's a lot of questions that will have to be answered on how certain things could happen without authority.

I'm prepared to stay the course and work along with these Attorneys to send a message to any other racist officers that are doing these things to innocent people.

All of this is because of one hateful, racist policeman. That's making it bad for real policemen on the job!

This guy shouldn't be  
a policeman in SC or  
anywhere people of color  
are...

### Due Process

NO INVESTIGATION

evidence

fingerprints

witnesses

victim

photos

testimony of Burglar

\* Solicitor chose Jury

filed  
late

Direct Appeal (on purpose)

Belated "been granted"  
18 mths

Why am I still in prison

2 1/2 years later when

this is clearly a sloppy

frame up by Mike Hass

and Aiken County PD

office... which I can

prove it all!

This officer has lied to this court and everybody else to convict an innocent man of a crime that he knows along with the 6 other officers that there is no way I could have possibly have broke into a house... The Affiant John Hicks wasn't there but he signed the warrants, After Mike Hess first signed them he then scratched his name out and replaced it with John Hicks (?) That is the last you'll hear his name at all... no prelim trial... How can a trial be carried out without the state's sworn witness and his testimony not only that he's the reason I'm doing 15 yr sentence for nothing? he didn't show up because he would have perjured himself...  
Mike Hess IS A LIAR

The truth is coming out  
He is the reason for this  
racially motivated big lawsuit  
that coming to the State

I will continue to write  
Lawyers, Judges, Reporters  
to see what has happen to  
me being kidnapped from  
my family & society. 3  
yrs of my life for nothing  
in prison. I was in the  
county 5 1/2 mths. R & E 21 days  
now 15 yrs in prison' from  
a lie. what is the penalty  
for an officer to lie and  
to have the public Defenders  
Office to also lie to this  
Court to gain a conviction.

I'll write and send all  
that I have to the  
supreme Court to receive help

Thank you
