

Aug. 23rd 2017

Dear Mr. Daniel Shearouse,

How are you doing today sir, I wanted to let you know whats been going on at Broad River Correctional Inst. in the doru unit that they have me housing in. I recieved the reply brief from the state on the 4th of August and on Saturday they had a gang war that killed one guy and put another in a coma so our doru been on lock down with no mail going out or coming in so by the time I was able to read what the state sent so I haven't been able to go to the law library to answer there brief correctly. I'm asking since I just get moved to another doru to be able to get some work done may I have an extension to handle my final brief correctly cause I only have this one shot in the Supreme Court to win my case. Warden Bush said that he would notify the courts since nobody could leave out the doru for nothing so if you could please disregard the brief I sent in so that I'm able to do it correctly I would be very grateful. If needed to can call Warden Dennis Bush cause I was in the Monticello Unit

Thank you,

Taurus Walls
