SC Court of Appeals

To whom it May Concern!!!! I just recieved some legal work informing me that "Marcus Brown" which is a officer that work's for the City of Columbia is filing A Civil Suit Against Me. I can prove that i did not Hit this officer wit my Transcripts. Im stating fact's straight out of my transcripts, And my motion of discovery. IN my trial He stated in His testimony that he had A Bruise; A Scratch. Now i wanna know how Can you go from A Bruise; A Scratch to You know having to have surgery? I really feel that he need to take A Polygraph test, because He's constantly telling lies; he swore to tell the whole Truth: Nothing, But the truth, But he's lying on the Bible; IN front of the Judge. IN page⁽²⁾ 293 starting at sentence 6. He stating i threw my ~~vehicle~~ vehicle in Reverse And the back of the Car raised up. Mind you im ~~in~~ "supposedly" in the driver seat of A front wheel drive Car. which is A 2011 Hyundai Sonata. So i wanna know How did the Back come off the ground if im in A front wheel drive Car. He Also stated that the rear bumper Hit him And spun him around to the patrol Car. He Also stated the the left rearview mirror clipped his Arm, And Broke the mirror off. Now All this i found is in Mr. Steadman Direct Examination. It's Crazy How, And officer Can get on the stand; lie like they do And get An innocent young Man like me All this time. I knew something wasn't Right that's why i never took the plea they offered me. I feel my lawyer subd me out, And i found that out using the law Computer back here i think it's called Ineffective Counsel or something like that. But she did put up some good Arguments. →

This is what i found in My lawyer (Cross Examination - wit Marcus Brown")

She got him dead in A lie, And it's really sad cuz he don't even realize How He Contridicted His self. "Pg. 308" to 309" She Asked him what kind of Car it was And he really didn't even know so She said it was A 2011 KIA Sorento Right?) And He stated Sorento, yes. Then she Ask him. So the engine revs, And the next thing you know the Car is going At A high Rate of speed in Reverse? And He States yes. It's just so much foolishness with this officer to it's Just ridiculous. But long Story Short i Can keep going on and on about My trial, But ill rather yall look At the little loop holes i found, And take this letter into Consideration, And grant me A New trial, because i Swear i deserve it. So to whom this letter my Concern please give me the Benefit of Doubt, And Hear my Case please And thank you Sincerely from Keylan Durham # 347264.
