

The South Carolina Court of Appeals

The State, Respondent,

v.

Nicholas Androplus Bonner, Appellant.

Appellate Case No. 2017-001162

ORDER

Appellant has filed a motion to remand this appeal to the circuit court for the circuit court to consider Appellant's pending post-trial motions. Because the time for serving a notice of appeal is stayed by a timely post-trial motion made under Rule 29(a), SCRCrimP, this appeal is premature. Accordingly, we dismiss this appeal without prejudice. No filing fee will be collected if Appellant files an appeal after the circuit court resolves the post-trial motion.
