Re: Walter McOrne v State of South Carolina: 2013-CP-15-0414

Dear Counsel

file a notice of appeal and read this case so that you can get an understanding of your duty, *Dunison v State*, 639 SE2d 35 (2006) (Held that appointed Counsel was required to file appeal of denial of Post-Conviction application, even if Counsel did not have a good faith explanation as to why the trial court denial was improper), to me. On September 15, 2017 I receive the State's final Order of Dismissal - dismissing the application as successive and barred by the statute of limitation

Dear David Mathews

In accordance with 22 U.S.C., 5 C.A.C.B., the determination by the PCB Judge was improper because he committed fraud when he signed the attorney General's Boston Weekly, Esquires, final Order of Dismissal, intentionally disregarding the fact that he read my Objections to the Conditional Order of Dismissal "Procedural History" and "each point in my Objections for the record" and stated that he researched the Clerk of Court record and could not find any evidence to controvert the Objections and he wanted to permit me to go forward on the merits of the Original Petition and permitted me to speak in the record over the Attorney General's Objection and I asked to remove the PCB under Rule 15(a), 5 C.A.C.B., Shirley v State, 306 S.C. 241 (1994) and substantiated the integrity of the Court where he knew he allowed me to go forward on the merits and he stated there is no evidence to challenge the Objections in the Clerk's records

and I ask to amend under
Title 18, 505, SCRP, Shurley v,
state and harmed the public
at large by denying me
the opportunity to be
heard on the merits violating
his duty in office and 5C
Const. Art. 1. Section three (3).
