

The South Carolina Court of Appeals

11/8/12

Benjamin Elam, Claimant, Appellant,

v

Construction Service Co. LLC Employer, and
Praetorian Insurance Company, Carrier, Respondents.

Appellate Case No. 2012-209326

Motion To Recall The Remittitur

Appellant was told by Workers' Compensation Co. to take the appeal, to a lower court, the lower court says that the appeal was file in the wrong court by judge Alison Rees order on March 9, 2012. Then when came to Court of Appeals I was told that i had to do a proof of service on respondents I have 4 letters from the Court of Appeals telling what steps to take, i hand took all the paper work i have done i also took the proof of service form 7 to the respondent, any paper work that the respondent did not receive Court of Appeals legal department said that they would send when i did the first proof service. Sense my case went to the lower court first this has set my Appeal Case on a run out of time which is not given the Claimant the benefit of the legal process steps to be. The Claimant is asking the Appeals Court to grant the Claimant Remittitur to recall this case with all due respect to The Court of Appeals The Claimant has been waiting 2 years.
