MONTRE DISEAN BROWN Appellant

Motion For Appeal

DATE OF sentence

August, 25, 2017

- I have a couple of issues I am raising on my Appeal
The first being that I was told by my lawyer that she was going to state the facts of my case in the courtroom in front of the presiding Judge (THE HONORABLE R. MARKLEY DENNIS, JR.) This is why I agreed to take the plea of voluntary manslaughter (2-30 yrs). I asked her several times leading up to my court date if she was going to address the facts of my case in front of the court & she told me several times yes. I feel like she misrepresented me & by her misrepresenting me I feel like this swayed the judges decision. She simply did nothing she told me she was going to do. By this taking place I feel like I was told what I wanted to her to persuade me into taking the said plea above. He told me she was going to present statements from witnesses on my behalf & all calls.
- I never recieved a copy of my indictment sheets I asked my lawyer several times for copys & was never provided with these. I wanted these indictment copys so I could attack the sufficiency of my defective indictments

• Be ADVISED I received a copy of the letter from your office on Friday the 22nd month of September year 2017

• Also Be Advised that a copy of my Sentencing sheets are enclosed.

• Also I have sent off a form of Indigency so I can be provided with counsel to fight my case.
