**Subject:** Filing Appeal

I got the Order denying my Motion 59. I am sending today Notice of Appeal along with Motion to file indigent in order to get the transcript. I am told I have to wait on the court to decide if they will allow me to file indigent since I do not have a job now. If they deny please know I will file one way or the other.

Thank you

P.S. Judge Newman I do not believe you told me to file the Motion directly to you, I filed to the court just as I always have unless the judge is out of the District visiting and have never had one wait almost three months to respond – just in time for the grievance hearing about my job.

When I stated I will file the Motion I heard you say “okay” and that was all you said of course the transcript could say otherwise, your hatred of me comes across loud and clear and you failed to address your abuse of discretion and prejudice as your being a employee of Attorney Matthews just prior to your offering to hear this case without disclosing that relationship knowing I would have never agreed to your hearing this case. I thought judges were supposed to be above this .....
