Subject: Appellate Case No. 2016-002453

Dear Ms. Kitchings,

In the above Appellate Case Number: 2016-002453; George Cleveland, III v. Bryan Stirling, et al., If you can review the docket entries of this case for an complete understanding of my complaint.

I never received a copy of the Aug 29, 2017 Court Order denying my Petition for Rehearing, and I never received the Remittitur until October 09, 2017 way past the 15 days deadline to do so under Rule 221 (b) S.C.A.C.R.

January 17, 2017, your Deputy Clerk (Ms. Allen) never read my letter; assumed it was my transcript order which it was not;

March 03, 2017 Ms. Allen sent my Motion for the State to pay for my transcript back to me; despite my request for the Motion to go onto the document;

April 07, 2017 you indicated my transcript had not been ordered which was correct by mail, and another one on May 17, 2017

Can you investigate why there is SO much miscommunication within your office with you, and Ms. Allen mailing conflicting documents to me? And follow up me with as well, so that the conflicts, and errors can be corrected,

Very Best Regards,

George Cleveland, III
