REF: Case No. 2017-001902

Mr. Shearouse:

The Appellant's request for Remand is not a separate motion but a Return to Writ of Cert. even though Respondents did not comply with Rule 242(f) with a Reply. I still submit that my right to provide a Return was not voided due to Respondents failure of Rule 242(f). I would argued that it gave me more of a right to submit a Return declaring Respondents neglect to comply with Rule 242(f) therefore relinquishing claims to sustain a Dismissal.

The correspondence from Supreme Court of South Carolina regarding inaction dated November 14, 2017 was not received until November 22, 2017 by U.S. Postal Mail. It was first viewed on line therefore a call by Petitioner to the COURT expressing his concerns which has been noted.

I am requesting a reconsideration due to the inaction of the COURT on REMAND while Writ of Cert., etc. is still be considered.
