Appellant, )

v. )

MOTION PURSUANT TO

RULE 60 (b)

State of South Carolina, )

Respondent. )

---

On November 27, 2017, the Applicant was served with a prepared Order of Final Order in the above captioned case which the Respondent was to submit to the Court for signing. This prepared Order of Dismissal failed to properly state the facts as alleged by the Applicant. The Applicant filed a 59 (e) Motion to address the omission, ( see attached exhibit ). On November 28, 2017 applicant received the signed Final Order prior to any ruling of his 59 (e) Motion, which was stamp clocked November 15, 2017. As a result the Applicant is being denied the opportunity to address the omission as stated under a timely filed Motion under Rule 59 (e) of the South Carolina Rules of Civil Procedure.

The Applicant would respectfully request out of an abundance of caution that the Order be corrected to show that the facts as alleged by the Applicant are presented to this Honorable Court and preserved for review. In addition, the Applicant wishes to verify if the Court took into consideration the facts as alleged where no hearing was held to substantiate the findings by record. And if not, that this Honorable Court issue an Order directing the motion be ruled upon as required in order to preserve the facts as alleged.

Respectfully Submitted
