Appellant Aminah A. Richburg appeals the order [Summary judgment, Denying Appellant Motion to Compel and Dismissal of the Case] of the Honorable Perry H. Gravely dated April 19, 2017. Appellant received written notice of the entry of this order [judgement] on April 24, 2017.

MOTIONS/PLEADINGS

The Appellate would like the matter of Greenville County Court of Common Pleas failure to recognize the following objections, motions, briefs, and memorandums submitted by the Appellate to substantiate her case, the Appellate has provided, the South Carolina Court of Appeals a copy of the Greenville County 13th Judicial Circuit Public Index. The motions filed that are not provided are numerous and a too burdensome for the Appellate to insert in this designation of matter. All motion descriptive titles not provided and can be viewed under documents in the Greenville County Judicial Circuit Public Index

PRE-TRIAL MATTERS

On March 9, 2017, the Appellate was present before Judge Gravely for a "Status Conference Roster" with the Respondents. During the meeting, the Honorable Judge Gravely presided with the Appellate (Pro Se) and legal representatives of the Respondents, the Appellate communicated that she had filed several Motions to Compel because the Respondents were not cooperative by providing factual data and information during the discovery process and therefore the discovery process had not been concluded. The Respondent communicated that mediation was necessary as well. The Honorable Judge Gravely appointed a mediator and encouraged the Respondents to provide discovery information and set the court date for August 7, 2017. The Honorable Judge Gravely did not appropriately and sufficiently address the concerns for Dismissal of Summary Judgement and her Motion to Compel when she communicated that the Respondents had not produced documents.

The Honorable Judge Gravely failed to peruse and consider the evidence presented by the Appellate to support the failure of the Respondents to provide of discovery documents requested by the Appellate.

The Appellant received the transcript on August 21, 2017 by United States Postal Mail.

The Appellate would argue that the Court failed to read any documentation provided by the Appellate prior to the hearing and therefore had no background knowledge to properly judge and direct a hearing based on the motions submitted first by the Appellate documented on Transcript page 7, line 6-25, and continued on Transcript page 8 Line 1-10. The Appellate clearly communicates that the Respondents failed to produce discovery information and it

was never addressed in court hearings and the Appellate continues to request the discovery information. The Court failed to acknowledge the testimony given by the Appellate evident on Transcript page 9 line 16 when he communicates that he preferred to hear from the Respondents to help him so he could get a handle. The Courts lack of prior knowledge allowed the Respondents to give false testimony to the history of the case beginning on Transcript page line 12 through 25 and continuing on the following Transcript page 13 line 1-25, Transcript page 14 line 1-8, and line 14-22. The Appellate clearly asked for all discovery documentation requested on Transcript page 15 line 13-22. The Respondents continue to communicate false testimony evidenced on Transcript page 15 beginning on line 25 and ending on ending on Transcript page 16 line 1-3, and line 6-14. The Court on Transcript page 17 line 10-14 communicated that it would look through the documentation and determine and issue an order on the discovery part because the Appellate carefully laid out all information in the motion, unfortunately the Court failed to do so, the court states that the Appellate was entitled to additional documents. The Appellate requested only the initial documents in the 1st and 2nd Interrogatories that she did not receive from the Respondents communicated on Transcript page 4 line 19-25 and on Transcript page 5 line 1-14. The Court ruled that the Respondents provided evidence that they fully responded to the Appellant's discovery request. The Transcript will show on Transcript page 10 line 12 the Respondent refers to the documents he was willing to give her. On Transcript page 11 line 12-17 the Respondents admit they do not have the documentation to support their allegations which would be reflected in the discovery documentation requested by the Appellate. On Transcript page 16 line 6-14 the Respondent admits to failing to send discovery information. The Courts ruling that the Appellate did not meet her burden of proof with the respect to her Motion to

Compel was ruled unfairly based on transcript documentation that supports discovery abuse by the Respondents that was supported by the Court unfairly. The Courts reasoning lacked proper judgement and the Appellant request that the Court of Appeals allows the Appellants Motion to Compel.

The Court allowed the Respondents to speak first in matters concerning the Summary Judgement. On Transcript page 22 the Respondents communicated a false statement to the court apparent on line 3-4. The Respondent continued to communicate false statements also found in line 16. The Appellant never made a statement complaining about leadership. On Transcript page 23 line 23-25 the Respondent continued to give false testimony.

The Court allowed the Respondents to present a brief that was not filed properly and the Appellate could not argue the document because it was presented to the Court on the day of the Hearing on page Transcript 24 line 13-25 and continued on Transcript page 25 line 1-3.

The Respondents communicated that all items in the e-mail are factual, Transcript page 25 line 6-11. The Appellate has evidence to support that all items in the e-mail are fabricated and the Respondent is guilty of slander and liable against the Appellate with all statements communicated in the email that was sent by the Respondent to blight the Appellate and terminate her membership. All documentation presented by the Respondents are altered, tampered and compromised. The Respondents have also committed Discovery Abuse by not disclosing much needed documentation requested by the Appellate through the 1st and 2nd Interrogatories based on the email to solidify her case.

The Respondents changed the false narrative on Transcript page 26 line 6-12. The Appellant has evidence to refute that many of the ten basketball officials that blocked the Appellate did not approach the Respondent during the 2015-2016 basketball season and communicate that the Appellate is unwilling to accept advice and constructive criticism at all times due to the fact that such officials do not exist. The SCBOA would only have access to documentation for basketball officials only therefore none of the false information is subject to hearsay exception and was not appropriate for the Court to consider on the motion.

The Respondents reference to meeting arrival times and attendance Transcript page 26 line 13-25 was not true, the Appellate has evidence that contradicts the Respondents claim that all documentation is not true. Line 25 on Transcript page 26 and continuing on Transcript page 27 line 1-3 supports the Discovery Abuse perpetrated by the Respondents.

The Court recognized a non-related example from the Respondents for a defense of qualified privilege on Transcript page 27 line 4-14. The Appellate has evidence that all facts were in dispute and the communications were not made in good faith and the privilege used was exceeded and abused all statements made on Transcript page 28 line 1-19. Therefore the grounds for summary judgement are unwarranted.

The Respondents are communicating absolute truths based on the SCBOA contract on Transcript page 28 line 20-25 continued on Transcript page 29 line 1-3. The Appellate has evidence that the Respondent failed to communicate any absolute truths pertaining to the

Appellate membership to District One SCBOA and the Respondents decision to bring the matter to the board.

The Appellate has documentation to communicate that the Respondent failed to send the Appellate an invitation to the board meeting communicated on Transcript page 29 line 5-12.

The Appellant has evidence that the Respondents disciplinary proceedings were erroneous according to the Constitution and By-Laws of the South Carolina High School League Basketball Officials Association communicated on Transcript page 29 line 19-25 and continued on Transcript page 30 line 1-11.

The Appellate has documentation to support the South Carolina High School League is the governing body for officials to counter statements made by the Respondents on Transcript page 32 line 16-19.

The Appellate has documentation to identify the role of Joedy Moots to correct the misidentification of his role in the matter on Transcript page 32 line 20-24 and continued on Transcript page 33 line 1-8, communicated by the Respondents.

The Appellate has documentation that the Respondents failed to act professionally and responsibly to counter statements on Transcript page 33 line 9-25, Transcript page 34 line 1-5 and Transcript page 35 line 1-8.

The Appellate has evidence that the South Carolina High School League is not a governmental entity and is not subject to the Tort Claims Act under 15-78-60 Paragraph Five stated by the Respondents on Transcript page 35 line 9-25 continued on Transcript page 36 line 1-25.

The Appellate communicated truths to how and why the complaint against the Respondents was initiated beginning on Transcript page 37 line 1-25 through Transcript page 44 line 1-5.

The Court did not have any of the documents and was not knowledgeable of the documentation sent by the Appellate pertaining to the summary judgement being discussed beginning on Transcript page 44 line 6 -25.

The Court erroneously required the Appellate to briefly address two challenges on two affidavits submitted by the Appellate Transcript page 45 line 1.

The Court only referred to documentation sent by the Respondents and corrected the Appellate based on the false documentation sent by the Respondents and refused to pay audience to any arguments the Appellate attempted to communicate based on summary judgement discussions initiated by the court apparent on Transcript page 46 line 14-25.

The Court did not allow the Appellate to properly argue her appeal to dismiss a Summary Judgement requested by the Respondents and required the Appellate to refer back to the email the basis of the Appellate complaint Transcript page 46 line 24-25 continued on Transcript page 47 line 1-3.

The Court impeded the Appellants ability to dismiss the Summary Judgement and dismissed all communications by the Appellant beginning on Transcript page 46 line 20-25 and continuing on Transcript page 49 line 1-15.

The Court continued to refer to the Respondents documentation on Transcript page 49 line 17-20. The Appellate gave testimony to redirect the Court to understand the false communication submitted by the Respondents on Transcript page 50 line 1-25, the court failed to recognize the testimony communicated by the Appellate.

The Court continued to interpret the documentation sent by the Respondents and challenge the testimony given by the Appellate based on the false documentation provided by the Respondents on Transcript page 50 line 3, line 10, and line 21.

The Court continued to direct the Appellate to discuss matters in the email only and the Appellate continued to do so Transcript page 52 line 1-20.

The Court continued to refer to the Respondents false documentation and counter the Appellate testimony Transcript page 52 line 21.

The Court communicated that it would review the matter Transcript page 52 line 23-24 and asked for any final points.

The Appellate continued to make testimony against the summary judgement on Transcript page 53 line 6-25 and continued on Transcript page 54 line 1-13.

The Court continued to intervene and direct the testimony communicated by the Appellate on Transcript page 54 line 14-17.

The Appellate continued to discuss matters of the Summary Judgement on Transcript page 54 line 20-25 and continued on Transcript page 55 line 1-13.

The Court did not peruse any documentation sent by the Appellate and had no prior knowledge to properly judge or rule and this is evident by its response on Transcript page 55 line 14-20. The Court also communicated an unprofessional a sense of urgency to speed up the proceedings on Transcript page 55 line 18-20.

The Court continuously cut off the Appellate evidenced on Transcript page 56 line 6-10 and discontinued the testimony of the Appellate on Transcript page 56 line 19.

The Respondents gave false testimony that the Appellate started the conflict with a text Transcript page 56 line 20-25 that the court acknowledged on line 23 on Transcript page 56.

On Transcript page 57 beginning on line 6- 25 the Respondents gave false testimony based on the ten basketball officials that blocked the Appellate.

On Transcript page 58 beginning on line 1-14 the Respondents gave false testimony based on the attendance of all members of SCBOA District One.

On Transcript page 58 beginning on line 15-23 the Respondents gave false testimony on the attendance of meetings by the Appellate which was acknowledged by the Court on line 24 Transcript page 58.

The Appellate continues to refer to the issues pertaining to the false testimony communicated by the Respondents on Transcript page 59 line 5-25 and direct the Courts attention on the documentation submitted to dismiss the summary judgement provided by the Appellate and the Court replied it would look through that.

The Court terminated any further testimony on Transcript page 59 line 25 and continued on Transcript page 60 line 1-6, line 9-15, line 17-19, and line 22-25 by communicating how he would ask for additional information and how he would send his decision.

The Court brought the hearing to a close on Transcript page 61 line 2-5.

RE: Aminah A. Richburg v. E.A. "Rico" Williams, Director, District One S.C. Basketball
Officials Association, and the South Carolina High School League
Civil Action No.: 2016-CP-23-02113
Date of Loss: 2/2/16
IRF Claim No.: 74430
Our File No.: 5346/1536

Dear Ms. Richburg:

I hope you are doing well, and I look forward to seeing you at your deposition on Wednesday, December 21st. I am enclosing a copy of the Protective Order that Judge Verdin entered in this case, as well as a copy of her Order denying your Motion to Dissolve, Terminate, or Cancel Defendant's Motion For a Protective Order. You may have already received them from the Court, but I am sending to you out of an abundance of caution.

Pursuant to the Protective Order that prevents disclosure of this information outside of this lawsuit, enclosed please find a list of officials and schools that have blocked you as of December 16, 2016 (Bates labeled 10-11). Additionally, the dates that the officials' blocks were entered are as follows:

1. Sigmund Arnold: October 8, 2016
2. Jess Davis: August 3, 2016
3. Harry Fay: July 24, 2016
4. Gary Hullinger: November 4, 2015
5. Max Massingille: July 30, 2016
6. Brandt Mills: July 12, 2016
7. Jerry Rackley: August 11, 2016
8. Joseph Richardson: January 2, 2016
9. Tim Sullivan: August 1, 2016
10. Brian Tillotson: July 13, 2016

I'd also like to explain that these names would not necessarily be the ones referenced in Mr. Williams' email of February 5, 2016, as these names have only been entered in the Arbiter system

used to schedule varsity contests. It is my understanding that the ten officials' blocks referenced by Mr. Williams in his email would have come from the Arbiter system used for sub-varsity contests. If any of the officials on Mr. Williams' list are the same as the officials on the SCHSL list, it would be because that official works both varsity and sub-varsity contests and has blocked you for both. Again, there is a different set of partner blocks for varsity contests and for sub-varsity contests. The list provided above would only apply to varsity contests.

With respect to the school blocks, the SCHSL enters blocks for the high school in the attendance area in which the official lives, along with the high school the official attended. Based on your application back in 2013, these blocks for Mauldin High School and Southside High School for varsity basketball contests were entered by Wynne Dee Cockfield at the SCHSL office. Again, this would only apply to varsity contests being assigned by Arbiter, and this information would not necessarily be accessible by Mr. Williams.

Please let me know if you have any additional questions or concerns. With warmest regards, I remain

Very truly yours,

J. Michael Montgomery

After checking our attendance records it has come to my attention that some officials have missed a number of meetings and may be in danger of failing certification. There are several reasons why these meetings may have been missed, and we are attempting to update our records along with what the State has on file. Please let me know of your intentions, whether it be to fulfill the obligations of an SCBOA member, or to not officiate as a District 1 member at this time.

Regards,

Rico Williams

I have attended the SCHL mandatory meeting as well as three district meetings and the meeting change date earlier affected my scheduling. I took my exam early and I should not be accountable for the meeting that was rescheduled.

Dear Aminah,

The SC Basketball Officials Association District One Board of Directors met on February 29th to discuss several issues including your present position within our District. In a February 25th email I invited you to meet with our Board of Directors to discuss any grievances or concerns that you may have. You were not in attendance. In light of your recent communications to me -- the District One Director, and Mr. Joedy Moots, the Officials Association's Representative on the South Carolina High School League's Executive Committee, your discontent and dissatisfaction with the present and future leadership and direction of District One is very apparent. In addition, your denunciation of Mr. Moots's response to your contact further illustrates your displeasure with local and State leadership.

After a vote by the District One Board of Directors, it has been determined that if there is any intent of yours to apply for future membership in District One, your application WILL NOT be accepted. If you have any desires to transfer to another SCBOA District, I will facilitate any communications that are needed. Please note that copies of this email will be sent to the following persons: Mr. Jerome Singleton - Commissioner of the SC High School League, Mr. Skip Lax - Assistant Commissioner of the SC High School League, Mr. Joedy Moots, and the District One Board of Directors.

Regards,

Rico Williams

SCBOA District 1 Contract

The intent of this contract is to serve as an informational document in order to enhance communication procedures as much as it is to be a guideline for professional conduct for the officials of the District 1 South Carolina Basketball Officials Association.

FAILURE TO RETURN A SIGNED CONTRACT WILL RESULT IN FAILURE TO RECEIVE A SCHEDULE.

1. I agree to return all communications to the director, assistant director, secretary/treasurer, and assignor promptly regardless of the time of the year. I understand that the failure to return communications in a timely fashion can result in the loss of cooperation points.
2. I agree to keep all contact information current with the District 1 director and secretary at all times of the year.
3. I agree to return all forms to the appropriate person by the imposed deadlines. I understand that I will not receive a schedule if I fail to turn in a physical form and markoff form by the deadlines.
4. I agree to pay all required dues by the deadlines. I understand that I will not receive a schedule if I fail to pay dues.
5. I agree to pay all fines imposed due to failure to meet deadlines or follow proper procedures. I understand that I will not receive a schedule if I fail to pay the imposed fine(s).
6. I understand that I must meet all required state and district meetings and that failure to meet the requirements can result in the loss of cooperation points.
7. I understand that as a member of District 1 I represent all officials of District 1 and of the South Carolina Basketball Officials Association. I will conduct myself in a professional and ethical manner at any basketball event whether or not I am a spectator or working the game.
8. I understand that the District 1 director has the authority to enforce professional standards and to accept or reject my transfer to another district or readmittance to the SCBOA.
9. I understand that I may be put on probation, and/or suspended, or dismissed if I fail to conduct myself in a professional manner as a District 1 basketball official and if I fail to follow District 1 guidelines as listed in this contract.
10. I understand that I must communicate in writing to the District 1 director if I chose to take a leave of absence for a season for which I have previously registered.
11. I understand that it is proper procedure to contact the District 1 director before communicating with the SCHSL office regarding SCBOA concerns.
12. I agree to keep my markoff lists updated frequently and to pay a fine if I am contacted for an assignment and I am not available.
13. I agree to notify the District 1 director, the assignor, and the SC High School League IMMEDIATELY if I am unable to make an assigned game. I understand that sending an email or leaving a voice message does not relieve me of this requirement until I receive a personal response from the director or assignor. OUTSIDE the 14 day window - by email/phone; WITHIN the 14 day window - by email/phone; WITHIN 48 hours of game time - ONLY by phone.
14. I agree that I will NOT get my own replacement if I cannot make it to my assignment.
15. I agree that I will NOT swap assignments unless directed to do so by the District 1 director or assignor.
16. I agree to report to my District 1 sub-varsity assignments by a minimum of 30 minutes prior to game time and be on the court for duty 15 minutes prior to tip-off. I agree to contact the District 1 director if I fail to be at the game site on time.
17. I agree to contact the District 1 director and assignor if my partner(s) are late for assignments and to contact my partner(s) by phone if I incur problems in route to the game site that will cause me to be late for my assignment.
18. I agree to report to the District 1 director if a different crew member listed from the original crew works any assignment and I have not had prior notification from the District 1 director, assignor or the SCHSL.
19. I agree that the referee of the crew has the responsibility to contact the crew a minimum of 24 hours prior to game time. However, the umpire(s) should initiate contact within the 24 hour period to all crew and to the District 1 assignor if the referee has failed to fulfill his/her responsibility.
20. I agree to report to the District 1 assignor (locally booked varsity games and sub-varsity games) and director if my partner fails to communicate with me 24 hours prior to game time.
21. I agree that I reside in the District 1 area or that I have received permission from the appropriate district director to work in District 1.
22. I agree that I will not ask for payment of the game fee at the game site. I understand to contact the District 1 assignor and director if I fail to receive my game fee in a timely fashion.
23. I agree to inform the District 1 director of any problems involved with my assignments that could result in communication from the schools to the District 1 director. I understand that the failure to report can result in disciplinary procedures.
24. I agree that I will not use the District 1 membership for solicitation purposes.
25. I agree to honor my assigned commitments to work SCHSL basketball games both during the regular or off-season as assigned by the SCHSL or SCBOA District 1 Assignor. I understand that should I officiate games for sanctioned SCHSL teams at any sanctioned SCHSL high school within the District #1 boundaries for assignors other than those previously mentioned, either during the regular or off season, I will be subject to disciplinary actions such as probation, suspension, and/or dismissal as determined by the SCBOA District 1 Director.

CODE OF ETHICS

1. This Code of Ethics for athletic officials has been developed to protect and promote the best interest of interscholastic athletics and the officiating profession. Its primary purpose is to clarify and distinguish ethical and approved professional practices from those that are detrimental and harmful.
2. I will study the rules, observe the work of other officials, and will, at all times, attempt to improve myself.
3. I will endeavor to keep my body in sound physical condition. I will have regular physical examinations to assure myself and my associates of my physical capabilities.
4. I will remember that while my work as an official is important, I must conduct myself in such a way that attention is drawn, not to me, but to the boys and girls playing the game. I will keep in mind that the game is more important than the wishes of any individual player or the ambitions of any individual official.
5. I will dress and maintain my appearance in a manner befitting the dignity and importance of my profession.
6. I will shape my character and conduct so as to be a worthy example to the boys and girls who play under my jurisdiction.
7. I will be fair and unbiased in my decision, rendering them without regard to the score.
8. I will give my complete cooperation to the schools, which I serve, the officials' association of which I am a member and to the South Carolina High School League.
9. I will cooperate with my fellow officials and will do nothing to cause them public embarrassment.
10. I will, in my actions on the floor or field, be firm but not overbearing; courteous, but not ingratiating; positive, but never rude; dignified, but never "cocky"; friendly, but not companionable; calm, but always alert.
11. I will not officiate a game after having any alcoholic drink that day.
12. I will not approach coaches or athletic directors, personally or by mail, relative to assignments or rulings.
13. I will not make a request to officiate a specific game or games for any coach, school or conference.
14. I will not criticize or attempt to explain a fellow officials' judgment or decision.
15. I will honor all contracts in spite of possible inconvenience or financial loss.

As an approved South Carolina High School League official, it is hereby agreed, stipulated and understood that my employment as a high school league official is that of an independent contractor and not as an employee of the South Carolina Basketball Officials' Association, South Carolina High School League or of the school districts or high schools competing in an interscholastic athletic competition event.

It is further stipulated and agreed that the consideration for each game officiated will be negotiated by a contract price for officiating a single contest according to the applicable rules governing the interscholastic competition for which I have agreed to officiate. I understand that the contract price for officiating each contest will vary from contest to contest and sport to sport.

I hereby agree to officiate the interscholastic competition according to the applicable federation rulebook, as well as any appropriate state adaptations.

I hereby release the South Carolina High School League, the South Carolina Basketball Officials' Association and the participating school districts from all claims which I might have, except for this release, have or hereafter may have, and from any liability whether imposed by common law or statute or under the South Carolina laws of workers' compensation on account of any accident which may occur and/or injury which I may sustain in the course of carrying out my responsibilities as stated above.

It is further agreed that I am assuming all the risks of this undertaking and that I am acting as an independent contractor.

It is further stipulated and agreed that my compensation is based upon a lump sum fee for a single competitive event and that no withholdings of these funds are made by the payer.

I understand and agree that either school retains the authority not to employ my services.

I understand and agree that the booking office will make my assignments according to the rules pertaining to booking officials. Releases and restrictions to be observed in booking my schedule for the season will be sent to the booking office. Subject to these releases and restrictions, the booking office is empowered to accept and close assignments for the open dates on my schedule. I agree to uphold and observe the constitution, by-laws and booking regulations of the South Carolina Basketball Officials' Association.

I believe that interscholastic athletics is an integral part of our secondary school program and that good officiating promotes enjoyment of these athletic contests as well as protection to the participants. Because I want to render a service to the youth of South Carolina and progressively improve and elevate officiating standards in South Carolina, in signing this application I agree to abide by the above standards and Code of Ethics.

As I said I question your cooperation with the efforts of D1 SCFOA.....have it as you will... you may have achieved the minimum standard I am not sure but working SV games are part of that standard ... Chuck has not booked football in a few yrs....have it as you will

The first year I officiated football, I officiated volleyball as well. Chuck scheduled both and it was never a problem until now. Your comments are disheartening and condescending, I have attended the required meetings and officiated the required scrimmages. There is nothing communicated in the bylaws that restricts an official from officiating more than one sport if there is such a by-law or policy please share.

Officials,

I check the web-site to see exactly what types of tournaments will be held in Greenville for 2016. I am also going to reach to my contacts in Charleston and Columbia to see if they need assistance. As the spring and summer arrive I am thinking of going to Asheville NC at least twice for basketball tournament so keep your schedule open if you would like to go.

Aminah I need at least one more official out of Greenville who is hungry and wants to get better male or female. Also, Jarren I need the young Graham information if he is trying to join the group. What I am trying to do is crew folks up and managed all of the tournaments in Greenville going forward but I need each of you to provide dates that you are available so I can bid on this area.

For those who worked last year thank you for your support looking forward to getting more court time as well as building friendships.

Again take a look and provide your availability if you cannot work Saturday and Sunday do not add those days to your schedule if I need an extra body then I will contact you.

Gentlemen,

Our District 1 Board of Directors voted to NOT accept the application of Ms. Aminah Richburg into our local membership. I'm sending you a copy of the email I intend to send to her BEFORE I do so, of which I will copy you and our Board. With respect to your having more experience than I with this sort of thing, and realizing the seriousness of this matter, would you care to give me any advisement on the email's content? Also should I send a certified letter?

Sincerely,

Rico Williams
Director, District 1
SC Basketball Officials Association

This is the email I spoke of.....

Aminah,

The SC Basketball Officials Association District One Board of Directors met on February 29th to discuss several issues including your present position within our District. In a February 25th email I invited you to meet with our Board of Directors to discuss any grievances or concerns that you may have. You were not in attendance. In light of your recent communications to me -- the District One Director, and Mr. Joedy Moots, the Officials Association's Representative on the South Carolina High School League's Executive Committee, your discontent and dissatisfaction with the present and future leadership and direction of District One is very apparent. In addition, your denunciation of Mr. Moots's response to your contact further illustrates your displeasure with local and State leadership.

Therefore, if there is any intent of yours to apply for future membership in District One, your application WILL NOT be accepted. If you have any desires to transfer to another SCBOA District, I will facilitate any communications that are needed. Please note that copies of this email will be sent to the following persons: Mr. Jerome Singleton - Commissioner of the SC High School League, Mr. Skip Lax - Assistant Commissioner of the SC High School League, Mr. Joedy Moots, and the District One Board of Directors.

Regards,

E.A. "Rico" Williams
Director, District One
SC Basketball Officials Association

Ja'Vell-

The High School League is an independent association. We have no oversight nor governance of the group, they have their own constitution. Here are three references to them in the Code:

<http://www.scstatehouse.gov/query.php?search=SEARCH&searchtext=high%20school%20league&category=CODEOFLAWS&conid=0000>

Here is the regulation reference:

43-244.1 Interscholastic Activities: Academic Requirements for Participation.

- I. To participate in interscholastic activities, students in grades 9-12 must have passed at least four academic courses, including each unit the student takes that is required for graduation, with an overall passing average in the preceding semester. Academic courses must be defined as those courses of instruction for which credit toward high school graduation is given. These may be required or approved electives.
- A. An ineligible student shall not be allowed to participate in any interscholastic activity.
- B. Interscholastic activities shall be defined as all school-sponsored activities for which preparation occurs outside of the regular school day. Individuals or members of groups involved in activities which include out-of-school practice on more than one occasion weekly shall meet eligibility requirements.
- C. Academic course shall be defined as any approved course of instruction in the secondary curriculum, required or elective, for which one unit of credit or its equivalent is awarded on a yearly basis, or one-half unit of credit or its equivalent is awarded on a semester basis. If more than one unit of credit is awarded on a yearly basis in a particular subject, this subject shall count as more than one academic course. (Example: A subject taught for three units of credit shall be considered the equivalent of three academic courses.)
- D. To be eligible in the first semester, each student must have passed four academic courses that were completed during the second semester of the previous school year.
- E. To be eligible in the second semester, each student in grades 9 through 12 must pass at least four academic courses during the first semester.
- F. Those courses specifically mandated for a high school diploma shall be considered required courses. A course may not be considered as an elective until all requirements in that subject area have

been met. When a student is enrolled in more than four required courses, he must pass four required courses to be eligible for interscholastic activities. When a student is enrolled in four or less required courses, he must pass each required course.

G. Credit courses used for eligibility purposes must be courses that are applicable as credit toward a state high school diploma. If a student has met or is meeting all requirements for graduation and is enrolled in college credit courses, these college credit courses may be used to meet eligibility requirements.

H. Credits earned in a summer school approved by the State Department of Education may be applied toward first semester eligibility if all other requirements of this regulation are met. Academic deficiencies may not be made up through enrollment in correspondence courses or adult education programs.

I. Each student graduating prior to 1987 and needing only 18 units for a South Carolina high school diploma shall be required to pass at least four of the following subjects when enrolled:

1. Language Arts I, II, III, IV (or Remedial English, developmental reading, or remedial reading when taken to meet language arts requirements for graduation)
2. U. S. History
3. Economics
4. Government
5. Other Social Studies (additional one unit taken to meet graduation requirements)
6. Mathematics (to meet two-unit requirement for graduation).
7. Natural Science (to meet one-unit requirement for graduation).
8. Physical Education or ROTC (to meet one-unit requirement for graduation)

J. Each student entering the ninth grade for the first time in the 1983-84 school year or graduating in 1987 or thereafter and needing 20 units for a South Carolina high school diploma shall be required to pass at least four of the following subjects when enrolled:

1. Language Arts I, II, III, IV (or remedial English, with emphasis on reading and functional English, developmental reading, or remedial reading when taken to meet language arts requirements for graduation)
2. U. S History
3. Economics
4. Government
5. Other Social Studies (additional one unit taken to meet graduation requirements)

6. Mathematics (to meet three-unit requirement for graduation). If an approved course in computer science is taken to count as one unit of the mathematics requirement, this course will be considered a required course.
 7. Natural Science (to meet two-unit requirement for graduation). If a student is taking the six units in a specific occupational area in lieu of the second unit required in natural science, all courses taken to accumulate these six units shall be considered required courses.
 8. Physical Education or ROTC (to meet one-unit requirement for graduation)
- K. Each student must maintain an overall passing average during the preceding semester in order to be eligible for participation in interscholastic activities.
1. Each student's overall passing average shall be determined by a numerical average or the district's grading system that determines pass/fail of all courses taken during the previous semester. A passing average shall be consistent with the district's established grading systems.
 2. Overall passing average for first semester eligibility shall be determined using numerical scores or the district's grading system to determine pass/fail on all courses completed during the previous semester. (Note: Courses taken during summer school must be included in the determination of this average. If a course is repeated in summer school, the highest grade would be used in determining this average.)
 3. Overall passing average for second-semester eligibility shall be determined by using numerical scores or the district's grading system that determines pass/fail on all courses taken during first semester.
- L. If interscholastic activities are connected with curriculum experiences in a regular classroom situation (e.g., band, chorus, vocational), a student determined to be ineligible will be allowed to continue as part of the class and earn the grade and credit(s) for that course. Ineligible students will not be allowed to participate in interscholastic activities and shall not be penalized or have the course grade lowered because of their ineligibility to participate in those activities.
- II. All activities currently under the jurisdiction of the South Carolina High School League shall remain in effect.
- III. The monitoring of all other interscholastic activities is the responsibility of the local board of trustees.
- A. Local boards of trustees shall develop and implement a system of monitoring the eligibility of students in grades 9-12 within the individual school districts who are involved in interscholastic activities not under the jurisdiction of the S. C. High School League.
 - B. The State Department of Education shall provide schools and school districts with a monitoring format for reporting to the local boards of trustees. This format shall be designed to monitor requirements of this regulation and all necessary implications.
 - C. Eligibility for any interscholastic activity shall be determined and reported prior to participation in

that activity. Eligibility for each student will continue from first semester through the 95th day of the school year allowing five days for grades to be averaged and recorded after the end of the first semester.

D. Compliance with this portion of the regulation shall be reported to the State Department of Education through the assurances portion of the Basic Educational Data System accreditation process for district superintendents and boards of trustees.

E. Failure to comply with this regulation shall result in an accreditation deficiency for the local board of trustees.

IV. Those students diagnosed as handicapped in accordance with the criteria established by the State Board of Education and satisfying the requirements of their Individualized Education Plan (IEP) as required by Public Law 94-142 shall be permitted to participate in interscholastic activities.

A. Each student in grades 9-12 classified as handicapped and being served by a program designed for his/her handicapping condition that does not lead to a state high school diploma will be considered eligible for participation if he/she is successfully meeting the requirements of his/her Individual Education Plan.

B. Each student in grades 9-12 classified as handicapped and being served in a program leading to a state high school diploma shall be required to meet the requirements previously stated in this regulation for eligibility to participate in interscholastic activities.

V. Any local board of trustees in its discretion is authorized to impose more stringent standards than those contained in this section for participation in interscholastic activities by students in grades 9-12.

VI. The provisions for eligibility in interscholastic activities shall take effect at the beginning of the second semester of the 1984-85 school year.

A. Eligibility for participation in interscholastic activities for first semester of the 1984-85 school year will be determined by previously existing rules and regulations of the S. C. High School League and/or local school districts and will not be influenced by the requirements of this regulation.

B. Beginning with second semester of the 1984-85 school year and thereafter, each student must meet requirements of this regulation (59-39-160) in order to be eligible for participation in interscholastic activities.

These will be short youth games with 1 ref. Game rules will be at the table. \$22/game and you will need to fill out a W-9 form at the front desk -- they pay each week. Shorts are fine....

Are there any alternatives to cover any material I missed during the meetings. I drove to the main library last week when I was free and no one was there. I want to continue officiating basketball but I will need accomodations with the meetings or meet with the presenters after the fact to cover the material missed.

The management of First Team Sports has informed me that they will have the black arm bands we have requested the early part of next week – probably Tuesday Jan. 20 or Wednesday Jan. 14. They will notify me once the order has come in and I will in turn notify you. You will then be able to visit the store (2520 Wade Hampton Blvd. Greenville) and pick up one at your convenience. Also remember that the District is covering the cost.

Meeting Venue Change

District 1 colleagues,

With due respect to Jenny, I am disseminating this information in order to expedite its delivery. The scheduled mid-season meeting on January 11th WILL NOT be held at the Hughes Main Library. It will instead be held at the GREENVILLE HIGH SCHOOL AUDITORIUM (1 Vardry St. Greenville, SC 29601). Although I was told in September that this date would be available for us, and after Steward Lawrence and I signed the necessary papers the first part of last week, a conflict has arisen concerning another group that was given all three rooms. And after contacting several venues suitable for us, the authorities at Greenville High have consented to our assembling there. Therefore on January 11, enter through the gymnasium and you will be directed to the auditorium for our 2 pm meeting. There may not be an LCD projector nor a laptop available for our use.

After I was given the task of handling a suitable memorial (black arm bands) for Larry Williams a couple of days ago, the contacts I made simply would not have had enough time to order them in advance of our Sunday meeting. The best deal I got was \$4 per band with a minimum order of 12 to be delivered next week. These would be solid black with no embroidery as we lost another brother, Steve Brown, since November; and letters on the bands would mean more costs. Continue letting me know if you desire to purchase one so I can have a definite count by Sunday.

"Officially Yours",

Rico

The next tournament at Upward Stars will be this Friday and Saturday (April 3 & 4). If you spoke with anyone that worked the first tournament this past weekend then you'll know that the officials enjoyed special amenities, security, a private room and great basketball at a brand new first class facility.

If you are willing to commit to working there this weekend let me know as soon as possible via email. Some officials have committed to officiating at Upward this weekend weeks ago, and if you are not one of the early responders to this email in the next day or two and I do not subsequently have games for you, I will contact others that may be having tournaments in this area in order to possibly accommodate you.

Thank you for your cooperation!

There will be yet another tournament at the new facility in Spartanburg right off of I-85 -- Upward Stars -- this Friday, Saturday, and Sunday. There seems to other tournaments going as well. Whew! Basketball has really exploded in this and other areas and it seems lots of people are making a good piece of change off of us except.....you fill in the blank. That's another subject for another time.

Please send me your availabilities for all three days this weekend, and as you make this momentous decision on where to go remember, Upward gives the officials security, a room to ourselves and food! (smile).

After checking our attendance records it has come to my attention that some officials have missed a number of meetings and may be in danger of failing certification. There are several reasons why these meetings may have been missed, and we attempting to update our records along with what the State has on file. I hope you had a wonderful basketball season and made progress to becoming a better official. I been researching basketball tidbits on the internet and wanted to provide you with some tools going forward. If you have anything that you would like to share please send it to me or a story of a game you had.

Please read this material it is in no shape or form am I trying to tell how to officiate or communicate. The more I understood some of the values that this information provided me the better I think I was prepared for anything during the game.

Last, if you have not build you a folder with valuable officiating information now is the time to do it cause when all else fails you have something to fall back on...

Mr. Lax, I am forwarding this email message sent by Rico Williams which I believe is highly inappropriate for a District One Director. Mr. Williams did not initiate the call because of a High School League Game, he called to confirm games assigned at Furman University through his business. I confirmed the assigned games through a text message initiated by Mr. Williams the previous week. When I returned Mr. Williams phone call, he stated that the games were still on and I responded ok about the games, then Mr. Williams communicated that someone at my previous game told him I had on sweat pants, then he asked if I wore sweat pants and I told him, "I do not wear sweat pants, is that all? Then Mr. Williams asked the question, if I had a problem discussing my sweat pants and I repeated, "I do not wear sweat pants, is that all, because I am at work and I need to get off the phone. Mr. Williams responded fine and the conversation ended. Unfortunately the details of our conversation changed with Mr. Williams interpretation in the email he sent to you and several others. I communicated my concerns with a text message to Mr. Williams later because he harassed me and I was obligated to let him know. I now feel that I am being harassed, embarrassed and bullied by Mr. Williams and the email communication he has sent to various individuals proves his lack of professionalism. My meeting attendance has never been a problem with prior leadership or with the current leadership until now. It is true that I attended three meetings this year, I planned to make the fourth meeting, unfortunately, Mr. Williams changed the meeting date and I had a conflict. I met all requirements to officiate basketball games for the SCHL by attending all required meetings. Mr. Williams has shared a lot of damaging information that I did not know concerning my colleagues that have communicated that they did not want to work with me and blocked schools. I know that I blocked CCES and Hillcrest Middle School myself due to personal reasons. If there were any schools that blocked my assignment other than the schools I blocked, I was scheduled that the same schools this year along with some of the same officials. I would like to know the officials that blocked me, it would help me in the future if those same officials officiate other sports. Mr. Williams has his circle of supporters that he has put in leadership positions and many of those individuals character are similar to his. I am an educated professional and sometimes my demeanor may clash with individuals whose behavior is unprofessional and uncouth. Mr. Williams has no legitimate reason to discuss or set parameters towards my participation with the SCHL or District One Board with my continued participation as a basketball official. Furthermore, I would like Mr. Williams to present a detailed list of arrival times for all District One officials for all meetings. I have done nothing out of character. I would like a written apology from Mr. Williams for his lack of professionalism and the pain and suffering he has caused me.

Aminah,

On Tuesday Feb 2, I called you and left a message asking you to call me. On

Wednesday Feb 3, I left the same message as well as a text. After you subsequently called me back I mentioned to you that the games I scheduled for you to work Thursday, Feb. 4 at Furman's Intramural Program were indeed still on, and I informed you that someone at your last game at Beck Middle School on Feb. 2 had told me that you were officiating with "jogging/workout" type pants that were very tight. If you remember, last year during the JV tournament I asked you to wear your official's pants instead of those "jogging" pants whenever you're representing District One and you said you would. When I asked you was that report accurate from Monday you replied, "I don't wear jogging pants. Is that all?" I then asked you if it was problematic for you with me asking that question and your response was, "I don't wear jogging pants. I'm at work. Is that all?" I then stated that we talk again soon.

Even though your responses were short, terse and rude I was going to let the matter rest for another day; until after a few minutes you sent me a lengthy text which follows, and I quote: " Please discontinue the harrassing communications. Previous District One leaders presented a higher level of professionalism which made officiating enjoyable unfortunately the present leadership standards have declined. I will communicate your monopoly status with assigning games with various organizations and how it manipulates the District One organization and your leadership position to the SCHL. If I do not respond to a text or call, I am unavailable. I confirmed my availability for Thursday earlier. If you have games for me in the future I welcome any professional communication you send. If I do not receive any game assignments I will communicate my disdain to the SCHL".

I communicated your text and above information to Skip Lax, and I received requested information from Bob Wnukowski and Kevin Brown. From our records you are marked of by two schools and by ten (10) officials and literally every one of them are higher rated either sub-Varsity officials are officials at the Varsity level who still work JV games. Many of them have indicated to me your unwillingness to accept constructive criticism, advice, instruction or any information given by them that you may deem unnecessary. Additionally, before the season I required officials working other SCHSL sports (such as Volleyball that you work) to attend four (4) of our regularly (non required) scheduled meetings which began at 6 pm and ended at 8 pm. You were present at the first meeting from beginning to end; a Sept. 21 meeting you arrived at 7:35 pm; an Oct. 19 meeting you arrived at 7:05; and a Nov. 2 meeting you arrived at 6:50 pm. Therefore your meeting attendance equates to about 2 1/2 meetings. In addition, you were absent from our required Mechanics meeting and required Mid-season meeting which would bring your absent total to roughly eight (8) out of eleven (11) meetings.

Upon realizing these facts I contemplated removing you from your JV tournament assignment Saturday (Feb. 6) afternoon. But I will leave your schedule as is, and you will not be considered for any future assignments until your status as a District 1 member is reviewed by the Board of Directors, which brings me to the final issue if you will. Without repeating again word for word your comments concerning "professionalism", "declining standards", etc. it is obvious that you feel your

membership is not being served adequately by the "present leadership". I and we certainly don't want any member to be so uncomfortable in our District, therefore a transfer to another District that best suites you may be in order. As a matter of fact, I will facilitate the communication to any District in South Carolina that you choose if that is the route that you deem favorable.

I do not believe my concerns are a district matter and I will hire an attorney to seek relief for my pain and suffering on this matter and communicate the lack of support I am receiving from leadership at the SCHL.

Aminah,

On Tuesday Feb 2, I called you and left a message asking you to call me. On Wednesday Feb 3, I left the same message as well as a text. After you subsequently called me back I mentioned to you that the games I scheduled for you to work Thursday, Feb. 4 at Furman's Intramural Program were indeed still on, and I informed you that someone at your last game at Beck Middle School on Feb. 2 had told me that you were officiating with "jogging/workout" type pants that were very tight. If you remember, last year during the JV tournament I asked you to wear your official's pants instead of those "jogging" pants whenever you're representing District One and you said you would. When I asked you was that report accurate from Monday you replied, "I don't wear jogging pants. Is that all?" I then asked you if it was problematic for you with me asking that question and your response was, "I don't wear jogging pants. I'm at work. Is that all?" I then stated that we talk again soon.

Even though your responses were short, terse and rude I was going to let the matter rest for another day; until after a few minutes you sent me a lengthy text which follows, and I quote: " Please discontinue the harrassing communications. Previous District One leaders presented a higher level of professionalism which made officating enjoyable unfortunately the present leadership standards have declined. I will communicate your monopoly status with assigning games with various organizations and how it manipulates the District One organization and your leadership position to the SCHL. If I do not respond to a text or call, I am unavailable. I confirmed my availability for Thursday earlier. If you have games for me in the future I welcome any professional communication you send. If I do not receive any game assignments I will communicate my disdain to the SCHL".

I communicated your text and above information to Skip Lax, and I received requested information from Bob Wnukowski and Kevin Brown. From our records you are marked of by two schools and by ten (10) officials and literally every one of them are higher rated either sub-Varsity officials are officials at the Varsity level who still work JV games. Many of them have indicated to me your unwillingness to accept constructive criticism, advice, instruction or any information given by them that you may deem unnecessary. Additionally, before the season I required officials working other SCHSL sports (such as Volleyball that you work) to attend four (4) of our regularly (non required) scheduled meetings which began at 6 pm and ended at 8 pm. You were present at the first meeting from beginning to end; a Sept. 21 meeting you arrived at 7:35 pm; an Oct. 19 meeting you arrived at 7:05; and a Nov. 2 meeting you arrived at 6:50 pm. Therefore your meeting attendance equates to about 2 1/2 meetings. In addition, you were absent from our required Mechanics meeting and required Mid-season meeting which would bring your absent total to roughly eight (8) out of eleven (11) meetings.

Upon realizing these facts I contemplated removing you from your JV tournament assignment Saturday (Feb. 6) afternoon. But I will leave your schedule as is, and you will not be considered for any future assignments until your status as a District 1

member is reviewed by the Board of Directors, which brings me to the final issue if you will. Without repeating again word for word your comments concerning "professionalism", "declining standards", etc. it is obvious that you feel your membership is not being served adequately by the "present leadership". I and we certainly don't want any member to be so uncomfortable in our District, therefore a transfer to another District that best suites you may be in order. As a matter of fact, I will facilitate the communication to any District in South Carolina that you choose if that is the route that you deem favorable.

Ms Richburg,

I have read the corresponding email from your Director, Rico Williams. I have also reviewed your text to Mr. Williams as well. I have always had respect for our states district directors and the high school league office. Being the officials representative the past four years has been very rewarding to me, but has opened my eyes with even more respect and admiration for both the league and directors. In my real line of work, I am a high school principal and have been in administration for over 20 years. In a way, that is what a director is. The officials in their district are their staff and they are responsible for them. Always dress professional with a clean uniform because you are not only representing yourself, but your district and state as well. I am going to say some things that you are probably not going to like, but if you ask anyone about me, I will always be brutally honest.

As far as Mr. Williams, he is one of the most respected officials and directors in the state. I have never known him as being anything but sincere, honest and professional. I have had disagreements with him myself, but in all my dealings with him, he was professional and respectful. In reading the correspondence from him to you, I feel all his responses were merited. It seems you are having trouble with fellow officials and other schools. It looks to me that Mr. Williams has gone the extra mile to help you advance in your officiating career.

As an administrator, if one of my employees talked about me like you did about Mr. Williams, they would be put on leave for insubordination. I have never seen you work so I cannot comment on your officiating ability but I do want to give you some advice. None of us are in this for the money, we are in it for the love of sport and the love of kids. The game is bigger than us and once we are gone, the game will go on. Get along with your peers and administrators. Be an official that everyone wants to work with and have you on their games. There will always be officials and coaches you don't necessarily like, but they should never know it.

I also agree with Mr. Williams that if you are still serious about officiating, you should try another district, especially after your accusations about your director. Be careful not to burn many bridges in your journey through officiating and life,

you never know when you will need to cross one to advance or continue growing.

Best of luck in all you do!

Joedy

Mr. Moots, I am disappointed with your response and I believe that your response is prejudiced on Mr. Williams behalf. I have not communicated with anyone except Mr. Williams. It was Rico Williams that sent all written communications, I merely forwarded the communications to you. I have a right as a human being to communicate to anyone when I have been harassed. Mr. Williams asked if I wore sweat pants and I communicated to him that I do not wear or own sweat pants is that all. I am always dressed professionally and clean according to the SCHL officials dress code requirement. Unfortunately, Mr. Williams has contracted numerous recreation organizations that require sports officials in the Greenville area where I reside and his position I felt was a conflict of interest with his position with the South Carolina High School League whereas he is able to control officiating opportunities and further use his position of power. I have not had any problems with any officials when I have been assigned games and I have not had any problems at any schools. My assignments have not changed at all and I have officiated games at the same schools for the past three years. The only blocks that I am aware of are blocks I have created in the system. Mr. Williams is not attempting to help me at all, in fact his behavior and communications have been destructive. If there was a problem, it was never communicated and as I stated before, my assignments have not changed in the past three years. I have officiated games in the same schools with the same officials every year. Changing officiating districts will create a personal burden for me. I am a professional and I get along with all officials I work with and administrators. Again Mr. Moots, I am disappointed with your response which is personal and biased on behalf of Mr. Williams. I am quite sure that if you take time and review all of the documentation presented on my behalf as my Officials Representative and also take time to review my assigned games for the past three years, you will see that Mr. Williams responded unprofessionally towards me as the District One Director. Your accusable statement to insubordination on my part is unfounded and unmerited. I only sent one text message to Rico Williams communicating my response to his previous cellular phone call, which I have a right to do as a human being. Mr. Williams began the conversation with communicating with me that I will be assigned to officiate games at Furman University and I responded that I sent him a text earlier

acknowledging the assignment then Rico Williams stated that someone told him that I had on sweat pants for a previously assigned game with the SCHL. I told Mr. Williams that I do not wear or own sweat pants is that all. My statement was not disrespectful and my text only communicated my position on how Mr. Williams began the conversation by discussing his personal officials assigning business and followed up with disrespect and harassment by asking me if I wore sweat pants to a previous SCHL game. It is evident that I have done nothing wrong and my officiating skills, officiating dress and level of professionalism were not a problem until I communicated my disdain to Rico Williams. At this point, I only sought unbiased representation from my Officials Representative, unfortunately the officials representative responded like a District Director's representative. Please communicate my position as a District One Basketball Official for District One for 2016-2017, Mr. Williams stated that I was not in compliance for some reason after my recent text communication, I did not receive any communication before the 2015-2016 Basketball Season began that I was not in compliance. Mr. Moots, I want you to know that I am a professional at all times all communications are considered business on my behalf nothing is personal.

Aminah,

You are correct, I only went on what was said in the emails and text. I didn't mean you were insubordinate but that if one of my staff talked to me like that, I would consider it insubordination. Believe me, the basketball directors and I have gotten into many disagreements because I am always taking up for my officials. But you can't win an argument with your director because they have too much power within the organization. You have to find a way to get along. Like I said, I have no knowledge of your officiating ability. I can definitely see there is a personality conflict and the best thing you can do is go to a different district. If I were you, in a respectful way, I would ask him to elaborate on his accusations about schools and officials marking you off. You seem like an extremely intelligent young lady and I hope you stick with officiating because we need more females in sports. I really can't help you with Rico. But if there is anything I can do for you, I would gladly help. I am hoping I get assigned the upper state finals this weekend. If I do, I will be at all games. I will be in the officials suite. I would love to sit down and talk to you.

I appreciate your honesty, I will not seek officiating opportunities in a different district because I work and live in the Greenville area and the distance required to officiate in nearby counties will be burdensome. I will pay my registration for District One as I have for the past three years. Rico is an ignorant man and he displayed his lack of professionalism and leadership ability as the District One Director.

The following are excerpts taken from the South Carolina High School League Handbook

CONTEST SCHEDULED STARTING TIME

Coaches of all high school sports are requested to organize their program so that their athletic contests start at the scheduled time. Officials have been requested to be at the game in advance of the starting time.

Preliminary ceremonies are an important part of the school activity program and the coach should work with others connected with this program to see that their activities are concluded in time for the game to start as scheduled and advertised.

Varsity – JV game time conflict. Game management shall make the call whether to continue the JV contest or shorten the game. In the event that the varsity games start later than the prescribed limits above, the varsity game(s) shall be played and the matter reported to the SCHSL for their review.

CANCELING OR POSTPONING A BASKETBALL GAME

Instructions for canceling or postponing a basketball game are as follows:

1. Notify the officials assigned to the game and inform them of the date on which the game will be made up. If the home school fails to notify an official assigned to the game and the official travels to the site, the official will be paid mileage for travel performed plus the game fee.
2. Notify the league office and be prepared to inform the league that that all officials have been notified. Also inform the league whether the assigned officials will accept the game on the rescheduled date.

RESPONSIBILITIES OF THE SCHOOL

If a member school fails to furnish adequate police protection for the officials, said school is immediately placed on probation until an investigation can be made by the officials association and the South Carolina High School League. An official must report any irregular procedure of the game or any unusual conduct on the part of the crowd, coaches, school officials or students to the Executive Director of the South Carolina High School League.

Also, schools are required to provide a private meeting room for the officials prior to the games and during the intermission between games.

RESPONSIBILITIES OF THE COACH

The coach bears the greatest burden of responsibility for sportsmanship. His influence upon the attitudes and behavior of the players, the student body, and the community are unequalled. In order for good sportsmanship to become reality, it is essential that the coaches subscribe to the values of sportsmanship and teach its principles through word and deed. Coaches should:

- Always set a good example for others to follow.
- Instruct players in sportsmanship.
- Discipline students who display unsportsmanlike behavior.
- Respect the officials' judgment and interpretation of the rules.
- Be a good host to opponents.

RESPONSIBILITIES OF THE OFFICIALS

Officials should:

- Maintain a neat appearance, and be friendly but businesslike.
- Know fully the rules and accepted officiating procedures.
- Make decisions promptly, fairly, and without arrogance.
- Be consistent.
- Eliminate showboating in officiating.
- Be on time and start the game on time.
- Refrain from placing hands on players during an athletic contest.
- Work together with other officials. A pre-game conference prior to each game is a must.

POLICY, COACH-OFFICIAL RELATIONSHIP

The League's policy concerning the ethical relationship between coach and official during and immediately following an interscholastic contest is that once officials are assigned they are entitled to the active support of the coaches. Under no circumstances shall a coach attempt to publicly criticize, berate or intimidate an official.

Officials are expected to arrive on time at each game site, neatly dressed in the designated uniform. Officials should be in good physical condition, mentally ready to work the best possible game and fully cognizant of the playing rules. They are expected to hustle and to call each play as they see it without fear or favor, regardless of the score.

Officials are instructed to correct all errors if errors are made provided that they are correctable. Judgment calls on the part of officials are not subject to question or discussion. Officials are instructed to refrain from discussing judgment calls with coaches, players, or spectators.

Coaches and officials are expected to treat each other with courtesy, dignity and respect. Each should treat the other as he expects to be treated. These provisions should be carefully studied and followed.

Officials are advised that they should leave the basketball court as soon as possible following the completion of the game. This may save post-game arguments and protect those concerned from making a statement they might regret later.

REPORTING DISQUALIFICATIONS

League regulations require that officials report all disqualifications (player and coach). The player's number, school and the reason for the disqualification must be reported. It is not necessary to list the jersey color.

DISCIPLINE OF OFFICIALS

Officials associations may set up rules and regulations for the discipline of its members. The legislative assembly of the South Carolina High School League is of the opinion that the final authority of discipline for both schoolmen and athletic game officials must be centralized and that this centralized authority will be the Executive Director of the league. The Executive Director has the authority to discipline the official in one or more of the following manners:

Warning - this is an official notice that an inexcusable, unethical or unsportsmanlike action is a matter of record and must not happen again.

Probation - this is a more severe type of warning. An official on probation may be assigned to regularly scheduled games but he will not be assigned to a play-off game for a conference championship, a play-off game toward the state championship or a tournament of any type.

Suspension - a suspended official may not work an interscholastic athletic contest of any kind for a member of the South Carolina High School League or a school that is a member of another

state associated with the National Federation of State High School Athletic Associations.

Fine - a fine may be levied separately or in addition to a warning, probation or suspension. It will be levied against the official and may range from the fee received for working the game up to a maximum of \$100.00. Any disciplinary action by SCBOA or the Executive Director may be appealed to the Executive Committee of the High School League.

OFFICIALS LIABILITY INSURANCE

Liability insurance is covered under NFOA membership. (Up to one million dollars individual liability protection from suits arising from officiating duties and paying for legal fees as well as any assessments or damage awards.) Medical coverage is available through the national federation office.
