

The South Carolina Court of Appeals

Shred with Us, LLC, Appellant,

v.

Steffanie Dorn, City of Greenwood Business License
Official, Respondent.

Appellate Case No. 2017-000847

ORDER

Respondent has filed a "motion to require record on appeal to conform to Respondent's designation of matter," arguing that Appellant failed to include all of Respondent's designations in the record on appeal. Specifically, Respondent asserts that Appellant excluded the cover sheet and index to the "Certified Record," and the certified and signed version of the transcript of the City Council evidentiary hearing. Appellant did not file a return.

After careful consideration, Respondent's motion is granted. Appellant shall serve and file an amended record on appeal, which includes the omitted matters referenced in Respondent's motion, within thirty days of this order.
