The moss justice center in York County really and truly did Apose warrents on ne I had nothing to do with at all And plus convicted me of warrent I Never was even served at all.

To the Honorable Mr. James Lockemy, sir Im not here to pull your leg to try to get out of A conviction BUT Mr. Lockemy sir I did not commit this crime of distribution of crack cocaine. I have been wrongly indified IN this case thru a Black N white photo line up. The confidential Informat in this case is surely a criminal, while doing C.I. work For DEU in Rockhill South carolina he WAS going out of state committing crimes, Even in Pre-trial this C.I. admit to lying, doing drugs still while having A contract with DEU, As the state issue public defender mention in pre-trial and trial "How CAN this guy even be lieble IN this CASE" As in this case the C.I. mention the description of the guy he purchase drugs from WAS DARK skins with A low chopped Haircut that's All. The photo line I was indified WAS made in Blac N white no color at all And All 6 individuals in the photo line up All had low chopped Haircuts And the C.I. did mention the height of the person he purchase drugs from And that w
asnt in the Photo line either "The Height".
