Re: Travis C. Abercrombie vs. The State
Appellate Case No: 2017-000710
Lower Court Case No: 2016CP2302641

Mr. Shearouse:

I am writing to inquire about receiving a copy of the appeal that I filed earlier this year around April. I understand that the process itself takes time, but I really must have a copy of that appeal, clocked-stamped for my personal files. If postage is required, how much? If something else is needed, that I may have no knowledge of, then I would like to know that as well at this time.

Please inform me on what I must do in order to receive the documents that I am requesting and approximately how long it will take for me to receive them, taking into account the holiday season and mailing time. I appreciate your consideration and effort in helping me in this matter and I look forward to hearing from you or your office on this matter.
