Mr. Shearhouse S.C. SUPREME COURT

DEC 14 2017

SC Court of Appeals

I'm writing you today because I had to relieve Ms. Hackett as my counsel because it was very clear to me that she wasn't intending to defend me instead she was more interested in making excuses for the state instead of righting this wrong she didn't or doesn't even know which yard I'm presently on and the fact that on Nov. 19 I was stabbed 5 times and could have died if I wasn't taken to the hospital and stitched up I would have bled to death all for nothing because an inmate overheard the C/O tell me to pack my things because they was about to move me right then and he came in behind me and started stabbing me... Also just how can the state skip around their process when my case had already been in remittitur back in September 28, 2015 and now

After 16 months of my same case pending in the supreme court its now being transferred back to the south Carolina court of Appeals why is that sir? something just not quite legal going on here and you guys are the highest court in south Carolina and you didn't rule on this basic case of fraud that was committed by the 2nd circuit to obtain this wrongful conviction of an innocent man..... what was the Ruling or judgement back in sep 2015? Sir is there a legal purpose that I should be still in prison instead of being back in my families life providing for them and spending the holidays with my kids and grandkids I'm very Innocent and I can prove everything its all in my transcripts please check into my entire case and if you can find 2nd wrong that I've done I'll do the time no problem I even asked for a new trial if need be in my PCR Application I just want this over and done with !!

THANK YOU SIR

How do I make sure ms. Hackett
is completely off my case and
how do I get another lawyer
or can I defend myself?

I know my case much better
than anybody and I'm willing
to fight for my freedom because
my family needs me with them
please help me get back ^{to} them
I might not make it out alive
the next time.... I'm doing
time for somebody else's crime
I've never done anything close
to this crap... check my record
on the street and my record
in S.C.D.C
