

Pursuant to Court's Instructions the Record on Appeal in this matter was condensed. Pages were not renumbered, therefore it appears there are missing pages, however, counsel has confirmed all pertinent information is included in the condensed record.

THE STATE OF SOUTH CAROLINA
In The Supreme Court

APPEAL FROM LEE COUNTY
Court of Common Pleas

Thomas W Cooper, Jr , Circuit Court Judge

Case No 93-CP-31-169

Abbeville County School District, Allendale County School District, Bamberg County School District 1, Bamberg County School District 2, Barnwell County School District 19, Barnwell County School District 29, Barnwell County School District 45, Berkeley County School District, Chesterfield County School District, Clarendon County School District 1, Clarendon County School District 2, Clarendon County School District 3, Dillon County School District 1, Dillon County School District 2, Dillon County School District 3, Florence County School District 1, Florence County School District 2, Florence County School District 3, Florence County School District 4, Florence County School District 5, Hampton County School District 1, Hampton County School District 2, Jasper County School District, Laurens County School District 55, Laurens County School District 56, Lee County School District, Lexington County School District 4, Marion County School District 1, Marion County School District 2, Marion County School District 7, Marlboro County School District, McCormick County School District, Orangeburg Consolidated School District 3, Orangeburg Consolidated School District 5, Saluda County School District and Williamsburg County School District, *(caption continued on second page)*

**RECORD ON APPEAL (CONDENSED),
VOL XX OF XXVIII**

Lena Manning, individually, and as a taxpayer residing in Allendale County and as Guardian ad Litem of Courtney V , Courtney V , a minor, by and through Lena Manning, as Guardian ad Litem, William L Mills, individually, and as a Taxpayer residing in Allendale County and as Guardian ad Litem of Waylon P , Waylon P , a minor, by and through William Mills, as Guardian ad Litem, Betty Bagley, individually, and as a taxpayer residing in Bamberg County and as a parent and Guardian ad Litem of Tyler B , Tyler B , a minor, by and through Betty Bagley, as Guardian ad Litem, Evert Comer, Jr , individually, and as a taxpayer residing in Bamberg County and as parent and Guardian ad Litem of Kimberly C , Kimberly C , a minor, by and through Evert Comer, Jr , as Guardian ad Litem, Marla Q Jameson, individually, and as a taxpayer residing in Barnwell County, and as a parent and Guardian ad Litem of Eleanor J , Eleanor J , a minor, by and through Marla Q Jameson, as Guardian ad Litem, Victor M Lancaster, Sr , individually, and as a taxpayer residing in Barnwell County, and as parent and Guardian ad Litem of Christie L , Christie L , a minor, by and through Victor M Lancaster, Sr , as Guardian ad Litem, Dr Charles Clark, individually, and as a taxpayer residing in Chesterfield County, and as parent and Guardian ad Litem of Candace C , a minor, by and through Dr Charles Clark, as Guardian ad Litem, Colonel Larry Coker, individually, and as a taxpayer residing in Clarendon County, and as a parent and Guardian ad Litem of Corrie C , Corrie C , a minor, by and through Colonel Larry Coker, as Guardian ad Litem, Pamela Williams, individually, and as a taxpayer residing in Dillon County, and as parent and Guardian ad Litem of Katisha W , Kathisha W , a minor, by and through Pamela Williams as Guardian ad Litem, Eddie Wright, individually, and as a taxpayer residing in Florence County, and as parent and Guardian ad Litem of Brandon F , Brandon F , a minor, by and through Eddie Wright as Guardian ad Litem, John Whiteside, individually, and as a

taxpayer residing in Florence County and as Parent and Guardian ad Litem of Joel W , Joel W , a minor, by and through John Whiteside as Guardian ad Litem, Dr Francis Mills, individually, and as a taxpayer residing in Hampton County and as a parent and Guardian ad Litem of Amy M , Amy M , a minor, by and through Dr Francis Mills, as Guardian ad Litem, Brenda Brooks, individually, and as a taxpayer residing in Hampton County, and as parent and Guardian ad Litem of Tyrin B , Tyrin B , a minor, by and through Brenda Brooks as Guardian ad Litem, Marva Tigner, individually, and as a taxpayer residing in Jasper County, and as parent and Guardian ad Litem of Bryan T and Bradley T , Bryan T , a minor, by and through Marva Tigner as Guardian ad Litem, Bradley T , a minor, by and through Marva Tigner as Guardian ad Litem, Robert Elisha Short, individually, and as a taxpayer residing in Laurens County and as parent and Guardian ad Litem of Robert B S , Robert B S , a minor, by and through Robert Elisha Short, as Guardian ad Litem, Dr Keith A Bridges, individually, and as a taxpayer residing in Laurens County and as parent and Guardian ad Litem of Jorgana Ranson B , Jorgana Ranson B , a minor, by and through Dr Keith A Bridges, as Guardian ad Litem, Gail Y Harriott, individually, and as a taxpayer residing in Lee County and as parent and Guardian ad Litem of Rashade H , Rashade H , a minor, by and through Gail Y Harriott, as Guardian ad Litem, Linda Carraway, individually, and as a taxpayer residing in Marion County, and as parent and Guardian ad Litem of Kimberly W , Kimberly W , a minor, by and through Linda Carraway as Guardian ad Litem, Dr John Nobles, individually, and as a taxpayer residing in Marlboro County and as parent and Guardian ad Litem of Erin N , Erin N , a minor, by and through Dr John Nobles, as Guardian ad Litem, Patricia Hampton, individually, and as a taxpayer residing in McCormick County and as parent and Guardian ad Litem of Krystle H ,

Krystle H , a minor, by and through Patricia Hampton, as Guardian ad Litem, Bernice Profit, individually, as a taxpayer residing in Orangeburg County and as parent and Guardian ad Litem of Russell H , Russell H , a minor, by and through Bernice Profit, as Guardian ad Litem, Matlin P Brown, individually, and as a taxpayer residing in Orangeburg County and as parent and Guardian ad Litem of Tanisha P B , Tanisha P B , a minor, by and through Matlin P Brown, as Guardian ad Litem, James Berry, individually, and as a taxpayer residing in Orangeburg County and as parent and Guardian ad Litem of Dondrea B , Dondrea B , a minor, by and through James Berry, as Guardian ad Litem, Gerald Smith, individually, and as a taxpayer residing in Orangeburg County and as parent and Guardian ad Litem of Brenda S , Brenda S , a minor, by and through Gerald Smith, as Guardian ad Litem, Thomas Shealy, individually, and as a taxpayer residing in Saluda County and as parent and Guardian ad Litem of Thomas S , Jr , Thomas S , Jr , a minor, by and through Thomas Shealy, as Guardian ad Litem,

Of whom

Allendale County School District,
Dillon County School District 2,
Florence County School District 4,
Hampton County School District 2,
Jasper County School District,
Lee County School District,
Marion County School District 7,
Orangeburg School District 3,
Lena Manning, individually, and as a taxpayer residing in Allendale County and as Guardian ad Litem of Courtney V , Courtney V , a minor, by and through Lena Manning, as Guardian ad Litem, Pamela Williams, individually, and as a taxpayer residing in Dillon County, and as parent and Guardian ad Litem of Katisha W , Katisha W , a minor, by and through Pamela Williams as

Plaintiffs,

Guardian ad Litem, Eddie Wright, individually, and as a taxpayer residing in Florence County, and as parent and Guardian ad Litem of Brandon F , Brandon F , a minor, by and through Eddie Wright as Guardian ad Litem, Brenda Brooks, individually, and as a taxpayer residing in Hampton County, and as parent and Guardian ad Litem of Tyrin B , Tyrin B , a minor, by and through Brenda Brooks as Guardian ad Litem, Marva Tigner, individually, and as a taxpayer residing in Jasper County, and as parent and Guardian ad Litem of Bryan T and Bradley T , Bryan T , a minor, by and through Marva Tigner as Guardian ad Litem, Bradley T , a minor, by and through Marva Tigner as Guardian ad Litem, Gail Y Harriott, individually, and as a taxpayer residing in Lee County and as parent and Guardian ad Litem of Rashade H , Rashade H , a minor, by and through Gail Y Harriott, as Guardian ad Litem, Linda Carraway, individually, and as a taxpayer residing in Marion County, and as parent and Guardian ad Litem of Kimberly W , Kimberly W , a minor, by and through Linda Carraway as Guardian ad Litem, Bernice Profit, individually, and as a taxpayer residing in Orangeburg County and as parent and Guardian ad Litem of Russell H , Russell H , a minor, by and through Bernice Profit, as Guardian ad Litem, are

Appellants-
Respondents,

- Table 21 Summary Tape File 3A, tables P80A and P123 Total of 2000 families with related children ages birth to seventeen is an estimate based on Summary Tape File 3A sample census file and will not match the figure in table 9 from Summary Tape File 1A the complete census file
- Table 22 Summary Tape File 3A, tables P80A and P123
- Table 23 Calculations prepared by the SDE Office of Research from the "Statistical Report Taxable Year 1998 (R D TXP11840) supplied by the South Carolina Department of Revenue and Taxation
- Table 24 See table 23 above
- Table 25 See table 23 above
- Table 26 See table 23 above
- Table 27 *Covered Employment and Wages in South Carolina 2000* (S C Employment Security Commission, Labor Market Information Division 2002)
- Table 28 *Per Capita Personal Income in South Carolina Counties* (U S Dept of Commerce Bureau of Economic Analysis, June 2000)
- Table 29 See table 28 above
- Table 30 *South Carolina's Labor Force and Industry* (South Carolina Employment Security Commission Labor Market Information Division 2002) The labor force data were projected from an annual benchmark derived from the Current Population Survey and represent employment and unemployment by place of residence These data are not strictly comparable to place-of-work data Total employment includes agricultural employment and all other nonagricultural employment (self employed unpaid family and workers in private households) Detail may not add to totals due to rounding
- Table 31 *South Carolina's Labor Force and Industry 2000* All nonagricultural wage and salary employment data are reported by establishment or place-of-work basis State totals may not equal the sum of county figures due to rounding procedures and the inability to allocate workers in certain industries to specific counties
- Table 32 See table 31 above
- Table 33 See table 31 above

SDE-33221

- Table 34 See table 31 above
- Table 35 See table 31 above
- Table 36 See table 31 above Includes services related to agriculture as well as the wide range of services to individuals and business establishments
- Table 37 *South Carolina's Labor Force and Industry 2000* All nonagricultural wage and salary employment data are reported by establishment or place-of work basis. State totals may not equal the sum of county figures due to rounding procedures and the inability to allocate workers in certain industries to specific counties
- Table 38 *South Carolina Agricultural Statistics Crops Livestock and Poultry, 1989-2000 AE491* (preliminary 2000 data from South Carolina Agricultural Statistics Service October 2001) and the South Carolina Budget and Control Board provisional population estimates as of July 1 2000. Detail may not add to totals due to rounding.
- Table 39 Gross and Net Taxable Sales in South Carolina—Amended April 2001 S C Dept. of Revenue and Taxation Administrative Division and South Carolina Budget and Control Board provisional population estimates as of July 1 2000. State total for net taxable sales includes \$2 715 414 060 80 that was not allocated to specific counties. Detail may not add to totals due to rounding.
- Table 40 "135-Day Membership and Attendance Report," 2000-01
- Table 41 See table 40 above
- Table 42 "135-Day Membership and Attendance Report 2000-01 Enrollment in Private and Parochial Schools, 2000-01 and Title VI Private School Participation for FY 2001. Some private schools failed for various reasons, to submit a survey form in 2000-01. Therefore the totals in the report are known to be incomplete. This table does however represent the majority of private school students in the State
- Table 43 "35 Day Enrollment Report " 2000-01 (SDE Office of Finance)
- Table 44 See table 43 above
- Table 45 "35-Day Enrollment Report " 1990-91 and "Precode Enrollment File 2000-01
- Table 46 See table 45 above

- Table 47 See table 45 above
- Table 48 "135-Day Membership and Attendance Report, 1989-90 and 2000-01
- Table 49 135 Day Membership and Attendance Report 1996-97 and 2000-01
- Table 50 135 Day Membership and Attendance Report, 2000-01
- Table 51 "College Freshman Report (SDE Office of Research). Those 2000 completers enrolled in degree programs of technical education colleges are included in the figures for those "entering college" Completers include diploma state certificate and local certificate recipients
- Table 52 College Freshman Report" Completers Include diploma state certificate and local certificate recipients
- Table 53 See table 52 above
- Table 54 *Fourth Quarter Report 2000-01* (SDE, Office of Lifelong Learning Adult Education) Excludes Technical Education Centers Department of Corrections Vocational Rehabilitation Spartanburg AWARE and Laurens Literacy
- Table 55 Free and reduced-lunch data Precode Enrollment File " 2000-01 SDE Office of Research Some districts do not make meals available to kindergarten students Also students in all grades may be eligible for free or reduced-price meals but they may choose not to apply or to participate in the meal program Therefore the number of eligible students shown in this table may be smaller than the total number of eligible students
- Table 56 135-Day Membership and Attendance Report " 2000-01 and the South Carolina Education Finance Act of 1977 Kindergarten pupils have a weighting of 1.30
- Table 57 135-Day Membership and Attendance Report " 2000-01 and the South Carolina Education Finance Act Primary pupils have a weighting of 1.24
- Table 58 135-Day Membership and Attendance Report, 2000-01 and the South Carolina Education Finance Act Elementary pupils have a weighting of 1.00
- Table 59 135-Day Membership and Attendance Report, 2000-01 and the South Carolina Education Finance Act High School pupils have a weighting of 1.25

- Table 60 "135-Day Membership and Attendance Report," 2000-01 and the South Carolina Education Finance Act
- Table 61 "135-Day Membership and Attendance Report 2000-01 and the South Carolina Education Finance Act. Vocational pupils have a weighting of 1.29
- Table 62 "135-Day Membership and Attendance Report, 2000-01 and the South Carolina Education Finance Act
- Table 63 "Student Accountability System District Report Fiscal Year 2000-01" and District Report Summer 2000 (SDE Office of Finance). Academically gifted counts include the number of students served as reported on the 135-day school report and the number of new students served as reported on the summer school report. Counts are low in grades one and two because programs are not state funded. Counts are low in grades eleven and twelve because academically gifted pupils in these grades generally enroll in advanced placement courses
- Table 64 Analysis prepared by SDE Office of Research from data tape provided by the College Board Advanced Placement Program. Number of advanced placement examinations taken exceeds the number of candidates because some candidates pursue more than one college level course. State total includes students in the Governor's School for Science and Mathematics
- Table 65 Precode Enrollment File 1999-2000 and School Dropout Listings 1999-2000 (SDE Office of Safe Schools and Youth Services)
- Table 66 "135-Day Membership and Attendance Report " 2000-01
- Table 67 *Professional Certified Staff File End-of-Year 2000-01* (SDE Office of Finance). Professional staff includes personnel for PCS (Professional Certified Staff) position codes 01-18 44-46 48-85 96 and 99. See appendix B for position code identification. Includes staff with an education/certification level of a bachelor's degree and bachelor's degree plus eighteen hours
- Table 68 *Professional Certified Staff File, End-of Year 2000-01*. Professional staff includes personnel for PCS position codes 01-18 44-46 48-85 96, and 99. Includes staff with an education/certification level of a master's degree

- Table 69 *Professional Certified Staff File End-of-Year 2000-01* Professional staff includes personnel for PCS position codes 01-18 44-46 48-85 98 and 99 Includes staff with an education/certification level of a six year certificate or a doctorate
- Table 70 *Professional Certified Staff File End-of-Year 2000-01* Administrative staff Includes personnel for PCS position codes 01-02 13-16 45, and 48-52 See appendix B for position code identification
- Table 71 *Professional Certified Staff File, End-of-Year 2000-01* Supervisory staff Includes personnel for PCS position codes 44 53-84 See appendix B for position code identification
- Table 72 *Professional Certified Staff File End-of-Year 2000-01* Teaching staff Includes personnel for PCS position codes 04 05 08 09 and 46 See appendix B for position code identification
- Table 73 *Professional Certified Staff File End-of-Year 2000-01* Special education teaching staff includes personnel for PCS position codes 03 06 07 and 17 See appendix B for position code identification.
- Table 74 *Professional Certified Staff File End-of-Year 2000-01* Guidance and Media staff includes personnel for PCS position codes 11 and 10 respectively See appendix B for position code identification
- Table 75 *Professional Certified Staff File End-of-Year 2000-01* Professional staff includes personnel for PCS position codes 01-18 44-46 48-85 98 and 99 See appendix B for position code identification
- Table 76 *Professional Certified Staff File End-of-Year 2000-01 and "135-Day Membership and Attendance Report," 2000-01* Staff counts are in full time equivalency Administrative staff Includes personnel for PCS position codes 01-02 13-16 45 and 48-52 See appendix B for position code identification
- Table 77 *Professional Certified Staff File End-of-Year 2000-01 and "135-Day Membership and Attendance Report, 2000-01* Supervisory staff includes personnel for PCS position codes 44, 53-84 See appendix B for position code identification
- Table 78 *Professional Certified Staff File End-of-Year 2000-01 and "135-Day Membership and Attendance Report " 2000-01* Teaching staff includes personnel for PCS position codes 03 05-09 17 and 46 See appendix B for position code identification

SDE-33225

- Table 79 *Professional Certified Staff File End-of-Year 2000-01 and "135-Day Membership and Attendance Report," 2000-01* Guidance staff includes personnel for PCS position code 11. See appendix B for position code identification.
- Table 80 *Professional Certified Staff File End of Year 2000-01 and 135-Day Membership and Attendance Report 2000-01* Media staff includes personnel for PCS position code 10. See appendix B for position code identification.
- Table 81 *Professional Certified Staff File End-of-Year 2000-01* Includes personnel for PCS position codes 03, 05-09, 17, and 46 and excludes county personnel in multidistrict organizations. See appendix B for position code identification.
- Table 82 *Professional Certified Staff File End-of-Year 1999-2000 and 2000-01* Includes only full-time staff employed at least 140 days in PCS position codes 03 and 05-09. Teachers in child development centers and area vocational centers are excluded. The "State Total" denotes turnover rate of teachers for the State as a whole and is not derived from district figures.
- Table 83 "2000-01 State Minimum Salary Schedule" and "District Salary Schedules 2000-01" (SDE, Office of Finance).

THE STATE OF SOUTH CAROLINA

Annual District
Report Card

2002

DISTRICT SUPERINTENDENT'S REPORT

Allendale County School District is delighted to provide the following information to the community about our schools in accordance with the Education Accountability Act (EAA) of 1998. We are proud of our areas of improvement and realize that progress toward a goal is not always a smooth process. Continuous improvement is an ongoing process. While we celebrate our improvements on the PACT, SAT, CSAB and the number of students earning Life Scholarships, we continue to study, monitor, and make improvements in areas of concern. This year we are pleased to have Principal Specialists at Allendale Fairfax High School, Allendale Fairfax Middle School, and Allendale Elementary. Allendale County schools have continued to host Teacher Specialist On Site in all of our schools. The Teacher Specialists work directly with our teachers on lesson planning, modeling demonstration lessons, and utilizing best teaching practices because we are committed to providing a high quality academic program for our students. The district will continue our after school programs to provide academic assistance for our students that are in need of additional help. It is our belief that a strong educational program depends on the collaborative support of the home and community. We are striving to enhance community participation and invite you to take an active role in making our schools a success.

If you have any comments or questions about this report card, please send them to Paula Harris, P.O. Box 458, Allendale, SC 29810. Thank you for your continued support and cooperation.

Sincerely, Paula L. Harris, Superintendent

South Carolina Performance Goal

By 2010, South Carolina's student achievement will be ranked in the top 10 states in the nation, and this goal will be achieved by the fastest improvement systems in the country.

ABSOLUTE RATING IMPROVEMENT RATING

Allendale

Below Average
Unsatisfactory

Absolute Ratings of Similar Districts
Unsatisfactory Below Average Average Good Excellent
1 7 0 0 0

Definitions of District Rating Terms

Excellent District performance substantially exceeds standards for progress toward the 2010 SC Performance Goal
Good District performance exceeds standards for progress toward the 2010 SC Performance Goal
Average District performance meets the standards for progress toward the 2010 SC Performance Goal
Below Average District is in jeopardy of not meeting the standards for progress toward the 2010 SC Performance Goal
Unsatisfactory District performance fails to meet the standards for progress toward the 2010 SC Performance Goal

PALMETTO ACHIEVEMENT CHALLENGE TESTS (PACT) RESULTS

DEFINITIONS OF CRITICAL TERMS

- Advanced** - Student performance exceeded expectations
- Proficient** - Student performance met expectations
- Basic** - Student performance met minimum performance expectations
- Below Basic** - Student performance did not meet minimum performance expectations

PERFORMANCE BY STUDENT GROUPS

Student Group	Exit Exam Passage Rate by Spring 2002	Eligibility for LIFEP Scholarships	Students Scoring Basic or Above on The PACT

THE STATE OF SOUTH CAROLINA

Annual District
Report Card

2002

DISTRICT SUPERINTENDENT'S REPORT

In Dillon District Two, our highest priority is to ensure an excellent education for all students by providing relevant curricula, skilled staff, ample resources and community partnerships in an environment conducive to learning. There will be opportunities for improvement as we continue the implementation of the four year District Strategic Plan and the preparation for the Palmetto Achievement Challenge Tests (PACT). Some of our accomplishments are:

An extended school year was offered to students in grades 3-8 not achieving state academic grade level standards through after school programs and summer school. Communities in Schools and 21st Century Learning Grants funded two after school programs and summer school for students in grades 6-8. The Technology Center provided technology training for staff and the District Media Center provided instructional materials and equipment for teacher use. Goals 2000 and Technology Literacy Challenge Grants funded a total of \$300,000 for computers for classrooms and staff development. New construction and renovations have been completed at Gordon Elementary. Six teachers have achieved National Board Certification (NBPTS). Four teachers are pursuing National Board Certification (NBPTS). A standards based curriculum was emphasized in all grades.

Although our schools have had an excellent year, we still have challenges to meet. A few of these challenges are:
Statewide budget cuts remain a concern.
79.7 percent of our students are eligible for free or reduced price lunch.
Since most of District Two is rural, more industry, a higher tax base, and higher teacher pay are needed.

New construction and renovations are needed at all of our schools.
With the nationwide teacher shortage, teacher recruitment and retention for qualified teachers is a concern.

Special thanks to students, parents, staff, Board of Trustees, and the entire community for their hard work and support.

D. Ray Rogers, Superintendent

South Carolina Performance Goal

By 2010, South Carolina's student achievement will be ranked in the top half of the states, and the achievement will be maintained with the most improved systems recognized.

THE STATE OF SOUTH CAROLINA

Annual District Report Card | 2002

DISTRICT SUPERINTENDENT'S REPORT

Report card ratings do not provide a clear picture of the progress that students teachers and administrators make during a school year. The vision for Florence County School District Four is to provide clear evidence that every student is achieving. Toward this end, improvements are evident in student performance on district benchmark tests, the Palmetto Achievement Challenge Test (PACT), by many students on the state Exit Examination and other state assessments. Timmonsville High School received the 2002 Palmetto Gold Award for improvement in student academic achievement. The Whirlwinds captured the 2002 1A State Championship in Girls Basketball and competed for the 1A State Football Championship. Timmonsville High School seniors earned over \$577,000 in college scholarships. Our business partners continue their firm support and contributions to our district. Positive parental involvement is stronger at elementary and middle school levels. Despite budget cuts and limited resources, we strive to overcome challenges and seize opportunities to do better.

I encourage each of you to work with us to continuously improve educational opportunities for our children. We must insist that educational efforts focus on improving teaching and learning. Together, steady progress toward excellence in athletics and academics will be common in Timmonsville public schools. With your help and support, we will strategically make it so.

South Carolina Performance Goal

"By 2010, South Carolina's student achievement will be ranked in the top half of the states nationally. In order to achieve this goal, we must become one of the fastest improving systems in the country."

2002

DISTRICT SUPERINTENDENT'S REPORT

The mission of Hampton County School District 2 is to prepare students to be successful, responsible citizens by providing challenging educational experiences.

Today, students are faced with many obstacles. These obstacles are constantly competing with their learning processes. In order for an educational institution to be successful, all aspects of the organization, the community, and the students must work collaboratively together. Having said that, we must all take responsibility for our part.

As Administrators

We must provide a safe and healthy learning environment conducive to learning.

We must hold all teachers accountable for teaching and hold all students accountable for learning.

We must develop and implement a curriculum that is aligned to the South Carolina Educational Standards.

As Teachers

Set high expectations and communicate them to your students.

Involve parents in the educational process.

Teach and re-teach if necessary.

Hold all students accountable for the learning process.

As Parents

Be sure you meet with your child's teacher(s) throughout the school year.

Communicate high expectations and hold your children accountable for learning.

Be visible in the child's school.

Encourage your child to take advantage of every learning opportunity during the regular school day and in after-school programs.

As Students

Always have a regular study time each day and complete your daily assignments as required.

Always pay attention in class and take excellent notes.

Always have self-control and a positive attitude.

These are just some of the responsibilities that will remove many of the obstacles and help us reach our goals. Together with time, we can make a difference in our children's future that will make us all proud.

Dennis Thompson Jr.

South Carolina Performance Goal

By 2010, South Carolina's student achievement will be at the national level. The state's goal is to ensure that all students are achieving at the national level.

DISTRICT SUPERINTENDENT'S REPORT

As Superintendent, I have spent the past year focusing on improving the school district's instructional program. The Superintendent recommended and the Board approved the employment of a District Director of Curriculum and Instruction. In putting this position in the district, we were able to focus on improving instruction through a coordinated staff development program. We began the long, tedious process of tying curriculum and technology together.

One of the major focuses for the past school year was to work toward identifying a Comprehensive School Reform Model on both the elementary and middle and high school levels. I am proud to say that we have accomplished this task. Both middle schools and the high school have selected Making Schools Work as their reform model. Ridgeland Elementary School has selected Little Red Schoolhouse as its reform model. West Hardeeville Elementary School has selected Center for Effective Schools as its reform model. These models will continue to help us with productive staff development activities. In addition, we have aligned our curriculum to state standards and developed benchmark tests to determine how students are progressing at certain points during the school year.

We believe that taking a very proactive approach will increase our efforts to ensure that every child is successful in mastering the state standards. To enhance student achievement, we have implemented a number of programs: 100 Book Challenge, Accelerated Reader, Extended School Day, and Before and After School Programs to name a few.

My staff and I are truly committed to raising student achievement. However, we need more support from parents and guardians who have not been as involved in their children's education.

The doors of Jasper County Schools are always open, and we encourage our community to visit their child's school on a regular basis. I invite all to come to our school meetings, board meetings, and to call when you have concerns or need additional information.

United, Believing & Achieving

South Carolina Performance Goal

By 2010, South Carolina's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must be one of the fastest improving systems in the country.

Annual District
Report Card

2002

DISTRICT SUPERINTENDENT'S REPORT

The number one priority in our district is to improve student achievement. Everything we do in our schools must have a positive effect upon teaching and learning in our classrooms. We must continue to ask ourselves how a particular strategy or action will affect student achievement. Implementing the district strategic plan and the school renewal plans will ensure that improving the instruction is the focal point of our district's educational programs. One of the eight strategies contained in the District Strategic Plan states that we will ensure implementation of effective teaching practices and a challenging, relevant curriculum. The remaining seven strategies also impact upon curriculum and instruction. These areas are: policy and procedures, organization and administration, student services, facilities and maintenance, discipline, staff development and stakeholder relations.

During this past school year, we have had many successes with respect to student performance in the areas of academics, athletics and the arts. Among our many accomplishments are the following:

Bishopville Primary and Lower Lee Primary Schools received Palmetto Silver Awards presented to schools based upon improved performance on longitudinally maintained student data.

Student academic performance continues to show improvement in specific grade levels, subject areas and schools.

The Lee Central High School Lady Stallions basketball team won a second straight Class 2A state title.

The Lee County Board of Education and the Lee County First Steps Partnership joined forces to make full-day classes for four-year-olds a reality in the Lee County Schools in August 2001.

Carol Bowens, a teacher at the Lee County Career Center, earned certification from the National Board of Professional Teaching Standards.

The Lee County School Board of Education approved plans to renovate and enlarge Lower Lee Primary and West Lee Elementary Schools.

The Children's Storybook Parade and Children's Health on Parade were successful and heavily attended by students and parents.

The Lee County School Board of Education responded to a community recommendation by changing the name of Bishopville Intermediate to Dennis Intermediate.

Our accomplishments indicate that learning and teaching are improving in the Lee County School District. The school board will continue to explore all options to serve the resources our children deserve.

South Carolina Performance Goal

By 2010, South Carolina's student achievement will be ranked in the top half of the nation in all tested subjects. We must become a state of learning systems in the 21st century.

THE STATE OF SOUTH CAROLINA

2002

At Marion School District Senior personnel worked hard this year to accomplish the mission of ensuring that all graduates are knowledgeable, productive, contributing citizens. To achieve this goal, teachers continued development and implementation of curricula and assessments aligned to South Carolina State Standards for each grade level and subject area. The district provided support through staff development, instructional materials and equipment, in addition to curricula and assessment development. The following instructional initiatives were implemented to improve student achievement: Four Blocks Language Arts model, computer assisted remediation, Reading Renaissance and Reading Counts. Focus on Learning, National Science AIMS (Integrating Math and Science) and LASER. Teachers participated in staff development activities offered through the Pee Dee Education Center, Pee Dee Math and Science Hub and Coastal Rural Systemic Initiative. Coastal Carolina University, University of South Carolina and other professional associations. Teacher specialists provided continuous on-site support for teachers. Consultants in language arts, math and science provided workshops and additional feedback to teachers on effective teaching methods. Fifteen teachers completed a master's degree program at Francis Marion University.

Students participated in free after school and summer school programs. Distance and on line classes enabled the district to offer challenging courses taught by outstanding teachers from around the state and nation.

Most important, we united our school district for our children and began construction of Creek Bridge High School. When completed in the summer of 2000, this facility will offer a state-of-the-art learning environment in which teachers can teach and students can learn.

We are proud of the excellent work accomplished by the principals, teachers, staff, and students of Marion County. In 1977, we appreciate the support given by parents, community members, and Board Members. We pledge our continued best efforts to our goal, and this is that all students will show mastery of state standards by scoring at or above the state average on state and national tests. Finally, we invite you to join in ensuring our students achieve this challenging goal.

South Carolina Performance Goal

7. The top half of the list will be ranked in the top half of the list nationally. To
be eligible for the top half of the list, a student must be in the top half of the list.

THE STATE OF SOUTH CAROLINA

Annual District
Report Card

2002

DISTRICT SUPERINTENDENT'S REPORT

Orangeburg County Consolidated School District Three is comprised of eight schools with a total student population of 3,661.

The District has adopted the following approach to assist in providing for the academic success of all students:

Use Standards in Practice: a quality control process to align student assignments with national, state, and local standards.

Provide Homework Centers in schools.

Minimize non-instructional activities to avoid loss of quality time for teaching and learning.

Involve parents in encouraging their children to improve their academic performance.

Focus professional development on using data to drive instruction and on utilizing best practices and technology in the classroom.

Assist schools in addressing student needs that are based on test data.

Monitor classroom instruction on a regular basis.

Eighty-eight percent of the students in the District are eligible for free/reduced lunch, which research shows is a significant factor in student achievement. Other factors that impact student achievement are a limited tax base for generating funding and the limited number of cultural and recreational opportunities that make it difficult to recruit and retain high quality teachers.

In spite of the challenges noted above, positive community efforts have produced the following:

Local financial efforts above the state average to provide more resources to strengthen student academic performance.

Leadership of the Board of Trustees that is unified in its determination to do what is best for the children of the District.

Civic and religious organizations that are advocates for the public schools in the District.

Because of the support of parents and the community and the high level of commitment and teamwork by teachers, administrators, and other staff members, the District is able to provide quality programs for its students.

David Longshore Jr.

South Carolina Performance Goal

By 2010, South Carolina's student achievement will be ranked in the top 10 of the states nationally. To create this goal, we must become one of the five fastest improving systems in the country.

DISTRICT SUPERINTENDENT'S REPORT

Allendale County School District is continuing to make strides toward providing a quality education for the children of Allendale County. This report card will clearly show the areas of our improvement as well as the areas that require additional attention. The District is relying heavily on data to make informed decisions about instructional programs, personnel, and resources. We take pride in the accomplishments of our children and staff. Here is a list of a few such accomplishments:

Fairfax Elementary School received the Palmetto Silver Award
An award winning High School Debate Team
Distinguished JROTC Program
Outstanding Fine Arts Program
Montessori Program serving three to five year old children
Little New Steps Program serving infants through three year old children
Nationally recognized Adult Education Program

Last year we improved the facility for Little New Steps. This year we will be doing extensive renovations at Allendale-Fairfax Middle School. All seventh and eighth grade students will be housed at the Allendale-Fairfax High School in the wing that served as the ninth grade academy last year. We are excited by all of the possibilities for next year and appreciate all of the support we have received from the community.

If you have any comments or questions about this report card, please send them to Paula Harris, P.O. Box 458, Allendale, SC 29810.

DEFINITIONS OF DISTRICT RATING TERMS

- **Excellent** District performance substantially exceeds the standards for progress toward the 2010 SC Performance Goal.
- **Good** District performance exceeds the standards for progress toward the 2010 SC Performance Goal.
- **Average** District performance meets the standards for progress toward the 2010 SC Performance Goal.
- **Below Average** District is in jeopardy of not meeting the standards for progress toward the 2010 SC Performance Goal.
- **Unsatisfactory** District performance fails to meet the standards or progress toward the 2010 SC Performance Goal.

DISTRICT SUPERINTENDENT'S REPORT

In Dillon District Two, our highest priority is to ensure an excellent education for all students by providing relevant curricula, skilled staff, ample resources and community partnerships in an environment conducive to learning. There will be opportunities for improvement as we continue the implementation of the four year District Strategic Plan and the preparation for the Palmetto Achievement Challenge Tests (PACT) and High School Assessment Program (HSAP). Some of our accomplishments are:

Communities in Schools and 21st Century Learning Grants funded two after school programs and 21st Century Learning Grant funded an extended school year for students in grades 6-8.

Technology improvements included updating the infrastructure, new computers for classrooms, technology training for teachers, and providing email for students to allow them to communicate with others around the world.

New construction and renovations have been completed at Gordon Elementary.

Seven teachers have achieved National Board Certification (NBPTS).

Five teachers are pursuing National Board Certification (NBPTS).

A standards-based curriculum was emphasized in all grades.

Although our schools have had an excellent year, we still have challenges to meet. A few of these challenges are:

Statewide budget cuts remain a concern.

81.1 percent of our students are eligible for free or reduced price lunch.

Since most of District Two is rural, more industry, a higher tax base, and higher teacher pay are needed.

New construction and renovations are needed at all of our schools and at the district office.

With the nationwide teacher shortage, teacher recruitment and retention of qualified teachers is a concern.

Implementing the No Child Left Behind (NCLB) federal requirements.

Special thanks to students, parents, staff, Board of Trustees, and the entire community for their hard work and support.

D. Ray Rogers, Superintendent

DEFINITIONS OF DISTRICT RATING TERMS

- **Excellent** District performance substantially exceeds the standard for progress toward the 2010 SC Performance Goal.
- **Good** District performance exceeds the standards of progress toward the 2010 SC Performance Goal.
- **Average** District performance meets the standards and progress toward the 2010 SC Performance Goal.
- **Below Average** District performance is in jeopardy of not meeting the standards for progress toward the 2010 SC Performance Goal.
- **Unsatisfactory** District performance fails to meet the standards for progress toward the 2010 SC Performance Goal.

DISTRICT SUPERINTENDENT'S REPORT

Despite budget cuts and limited resources, Florence County School District Four continues to strive for excellence by overcoming challenges and seizing opportunities to do better. Our focus remains on the improvement of teaching and learning. Continuous progress is our goal and it is evident that our students and teachers are making strides in many areas.

Brockington Elementary School staff and students work daily as a community of learners through involvement in proven reading activities/strategies and using technology as a tool for improving student learning. Johnson Middle School students and teachers are using strategies designed to improve teaching and learning of the South Carolina Curriculum standards. Timmonsville High School has the distinction of being a pilot site for Temple University's Community for Learners program that is focused on improving student learning, teaching skills and community involvement. Additionally, in 2003 Timmonsville High School seniors received over \$1,300,000 in college scholarship offers. All Florence Four Schools are currently accredited by the South Carolina Department of Education and will be seeking regional SACS accreditation during the 2003-04 school year. We are definitely on our way.

The learning environment at Brockington Elementary School will be enhanced by completion of the two-classroom construction project that is underway. In early fall, this space will be used as a computer lab and a 4k classroom. A \$252,000 school renovation grant will allow the relocation of the district alternative school to the old Timmonsville High School property in a more positive setting during the 2003-2004 school year. Strategies for enhancing maintaining and restoring other district facilities are under review by district staff.

I encourage each of you to work with the Florence County School District Four Board of Trustees and the district administration to continuously improve educational opportunities for our children. Together, steady progress toward excellence in athletics and academics will continue in Timmonsville public schools. With your help and support, we will strategically make it so.

Valerie E. Harrison, Ed.D. District Superintendent

DEFINITIONS OF DISTRICT RATING TERMS

- Excellent: District performance substantially exceeds the standards or progress toward the 2010 SC Performance Goal.
- Good: District performance exceeds the standards for progress toward the 2010 SC Performance Goal.
- Average: District performance meets the standards for progress toward the 2010 SC Performance Goal.
- Below Average: District is in jeopardy of not meeting the standards for progress toward the 2010 SC Performance Goal.
- Unsatisfactory: District performance fails to meet the standards for progress toward the 2010 SC Performance Goal.

DISTRICT SUPERINTENDENT'S REPORT

The mission of Hampton County School District 2 is to prepare students to be successful responsible citizens by providing challenging educational experiences. Today educational institutions and students are faced with many obstacles. In order for an educational institution to be successful all aspects of the organization, the community, and the students must work collaboratively together.

Today our schools are faced with major drastic budget cuts. This shortage of dollars has caused our district to employ fewer teachers, thereby creating larger class sizes, while accountability measures have not changed. I can assure you that even though things shall be lean during this school year, we plan to provide your children with a quality education. With the NO CHILD LEFT BEHIND legislation in place and the rigorous SOUTH CAROLINA STANDARDS in place, Hampton 2 cannot afford to fail. We will be providing instructional staff with more staff development, and we will intensely monitor classroom instruction.

Finally, our teachers will continue to have higher learning expectations of the students they teach daily. Our students must continue to change their attitudes about learning and allow achievement to be their number one goal. The continued requirement of students to score proficient on PACT in grades 3-8 and for all twelfth graders to pass the new HSAP exit exam before receiving a high school diploma is reason enough for all (schools, parents, and community) to work cooperatively for each student to be a success. Together we can ensure the success of each student.

Dennis Thompson Jr.
Superintendent

DEFINITIONS OF DISTRICT RATING TERMS

- Excellent: District performance substantially exceeds the standards for progress toward the 2010 SC Performance Goal.
- Good: District performance exceeds the standards for progress toward the 2010 SC Performance Goal.
- Average: District performance meets the standards for progress toward the 2010 SC Performance Goal.
- Below Average: District is in jeopardy of not meeting the standards for progress toward the 2010 SC Performance Goal.
- Unsatisfactory: District performance fails to meet the standard or progress toward the 2010 SC Performance Goal.

DISTRICT SUPERINTENDENT'S REPORT

Our administrative staff has extended the services of the District Office to assure that the schools' instructional staff was provided all opportunities for professional development. One of the focused areas for the school year was the full implementation of the Comprehensive School Reform Models. Through our partnership effort with the University of South Carolina at Beaufort we were very successful with implementing the reform models.

The school district is continuing to bridge the gap between the instructional program and technology. We have employed numerous strategies to upgrade the present technology in our schools. A major focus with the technology initiative is professional development for all of our staff including administrators. We have also offered professional development opportunities for our paraprofessional staff.

In addition we have aligned our curriculum to state standards and developed benchmark tests to determine how students are progressing at certain points during the school year. The school district has done a better job of analyzing test data to share with our staff.

A major focus of the Board and Superintendent was to come on line with new school facilities. This project is well on its way to meeting the 2006 deadline for new and updated facilities.

My staff and I are truly committed to raising student achievement. However we need a total commitment from the community, parents, businesses and the faith community if we are to reach our goals and leave no child behind.

We encourage our parents to visit their child's school and to become active members of the School Improvement Council or PTA.

United Believing & Achieving
William Singleton, Superintendent

DEFINITIONS OF DISTRICT RATING TERMS

- Excellent: District performance substantially exceeds the standards for progress toward the 2010 SC Performance Goal.
- Good: District performance exceeds the standards for progress toward the 2010 SC Performance Goal.
- Average: District performance meets the standards for progress toward the 2010 SC Performance Goal.
- Below Average: District is in jeopardy of not meeting the standards for progress toward the 2010 SC Performance Goal.
- Unsatisfactory: District performance fails to meet the standards for progress toward the 2010 SC Performance Goal.

DISTRICT SUPERINTENDENT'S REPORT

On behalf of the Lee County School District I am elated to present the district's report card to our public. I am pleased with the incremental gains that have become an earmark for our district. Despite budgetary constraints and restrictions we have persevered.

The report card reflects the hard work and dedication of our students, parents, teachers, principals and administrators, support staff and Board of Trustees. The results indicate that we are on the high road to improvement with increased academic achievement, improved student attendance, greater teacher retention and better parent involvement.

Lee Central High School achieved the highest state point gain 89 points on the Scholastic Aptitude Test (SAT). Intra investigation of our Palmetto Achievement Challenge Test (PACT) scores show that our students continue to make advancements at each grade level. Our threepeat Lee Central High School Girls Basketball Team captured the State AA Championship for three consecutive years. These achievements indicate that our students are receiving a well rounded education.

Our schools focus on instruction and teaching of the state standards. Benchmark assessments are designed to give interim feedback for re-teaching and student advancement. Principals regularly monitor classroom instruction and school data to make informed decisions and changes.

Many efforts undergird curriculum implementation. Innovative scientifically research based programs enhance the curriculum at each site (i.e. Success for All, Read 180, High Schools That Work). Community involvement includes active business partnerships, Lunch Buddies and the South Carolina Chamber of Commerce High Performance Partnerships programs. The district has taken advantage of federal, state and local grants to enrich its present curriculum offerings.

In order to continue on our journey to excellence we invite the community to become further involved in our schools. Good schools contribute to a good community. Together we will see our mission transform from mere words to a firm reality.

Dr. Willie Townes

DEFINITIONS OF DISTRICT RATING TERMS

- Excellent: District performance substantially exceeds the standards for progress toward the 2010 SC Performance Goal.
- Good: District performance exceeds the standards for progress toward the 2010 SC Performance Goal.
- Average: District performance meets the standards for progress toward the 2010 SC Performance Goal.
- Below Average: District is at jeopardy of not meeting the standards or progress toward the 2010 SC Performance Goal.
- Unsatisfactory: District performance fails to meet the standards or progress toward the 2010 SC Performance Goal.

DISTRICT SUPERINTENDENT'S REPORT

Marion School District Seven has successfully completed consolidation of our two high schools culminating in commencement for the first graduating class of Creek Bridge High School. Students, teachers, staff, and administrators worked hard this year to achieve our mission of ensuring that our graduates are knowledgeable, productive, contributing citizens. Forty percent of our graduates have been accepted by the college of their choice. Our students were awarded more than \$16,000.00 in scholarships. 24 of 48 seniors graduated with a G.P.A. of 3.0 or higher. Further, all graduates entered college, the military, or the workforce.

Extensive professional development for teachers and staff helped to improve student achievement. Teachers wrote curriculum and assessments aligned to state standards. They participated in training on instructional initiatives including Four Blocks, Language Arts Model, SC Reads, South Carolina Reading Initiative, Standards in Practice, Curriculum Calibration, and computer courses. Partnerships with local colleges, the Pee Dee Education Center, and the Math Science HUB enabled the district to offer graduate classes and hands-on math/science training.

Our students continue to benefit from free after-school and summer school programs. All students also have access to computer-assisted instruction and the Internet as a learning source. High school students had the opportunity to take advanced courses including anatomy and physiology, AP English, and Teacher Cadet. Middle school students participated in GEAR UP and Ameri-corps tutors helped 1st and 2nd grade students.

This fall we moved into our new state-of-the-art high school. We also began renovating the old high school to become the new Britton's Neck Elementary. Rains Centenary was also renovated. The District remains financially solid despite extensive budget cuts. We are proud of the work done by principals, teachers, staff, and students. We appreciate the support of parents, community, and school board. Working together, we will make a positive difference for our children.

Dr. Everette M. Dean, Jr., Superintendent

DEFINITIONS OF DISTRICT RATING TERMS

- **Excellent** District performance substantially exceeds the standards for progress toward the 2010 SC Performance Goal.
- **Good** District performance exceeds the standards for progress toward the 2010 SC Performance Goal.
- **Average** District performance meets the standards for progress toward the 2010 SC Performance Goal.
- **Below Average** District is in jeopardy of not meeting the standards for progress toward the 2010 SC Performance Goal.
- **Unsatisfactory** District performance fails to meet the standards for progress toward the 2010 SC Performance Goal.

DISTRICT SUPERINTENDENT'S REPORT

Orangeburg County Consolidated School District Three is comprised of eight schools with a total student population of 3547. The District assists in providing for the academic success of all students by providing quality staff development opportunities for administrators to strengthen leadership, focusing professional development on using data to drive instruction, utilizing best practices and technology in the classroom, assisting schools in addressing student needs determined by test data, minimizing non-instructional activities to avoid loss of quality time for teaching and learning, monitoring classroom instruction on a regular basis using Standards in Practice to align student assignments with national, state, and local standards, providing Homework Centers in schools, and involving parents in encouraging their children to improve their academic performance.

Like many other districts, our district faces many unique challenges in trying to provide for our students. Eighty-six percent of the students in the District are eligible for free/reduced-price lunch, which research shows is a significant factor in student achievement. Other factors that impact student achievement are a limited tax base for generating funding and the limited number of cultural and recreational opportunities that makes it difficult to recruit and retain high-quality teachers.

In spite of the challenges noted above, positive community efforts have produced local financial efforts above the state average to provide more resources to strengthen student academic performance. Leadership of the Board of Trustees that is unified in its determination to do what's best for the children of the District, and civic and religious organizations that are advocates for the public schools in the District.

With the support of parents and the community and the high level of commitment and teamwork by teachers, administrators, and other staff members, the District is making every effort to provide quality programs for its students.

David Longshore, Jr.

DEFINITIONS OF DISTRICT RATING TERMS

- **Excellent:** District performance substantially exceeds the standards for progress toward the 2010 SC Performance Goal.
- **Good:** District performance exceeds the standards for progress toward the 2010 SC Performance Goal.
- **Average:** District performance meets the standards for progress toward the 2010 SC Performance Goal.
- **Below Average:** District is in jeopardy of not meeting the standards for progress toward the 2010 SC Performance Goal.
- **Unsatisfactory:** District performance fails to meet the standards for progress toward the 2010 SC Performance Goal.

Using This Document

Rankings of the Counties and School Districts of South Carolina is produced to provide useful information about school districts for decision-making. Characteristics resulting from or connected with the educational process in South Carolina are presented. The 2003 edition contains one hundred and sixteen tables. The information in each table is presented in two ways: alphabetically by district or county name and numerically by district or county ranking.

Sources are supplied in the section titled "References for Tables" that follows the tables. Appendix A provides additional information about revenues and expenditures.

The rank of 1 is the highest value. Depending upon the characteristic, a district or county may wish to rank high or low. High, low, or median values for the characteristics presented in the tables are not intended to measure the quality of education in any school district. Many factors must be taken into consideration when assessing the quality of education.

Statistics for Felton Laboratory School, South Carolina Department of Juvenile Justice, Palmetto Unified District, and South Carolina School for the Deaf and the Blind are excluded from all tables.

Orangeburg County school districts were consolidated after the 1996-97 school year. Figures presented for Orangeburg District Three for school years prior to 1997-98 are combined from the preconsolidated Orangeburg Districts Three and Seven. Orangeburg Four from preconsolidated Districts One, Four, and Eight, and Orangeburg Five from preconsolidated Districts Two, Five, and Six. Marion County school districts were consolidated after the 1999-2000 school year. Figures presented for Marion District Seven prior to 2001-02 are combined from the preconsolidated Marion Districts Three and Four.

Due to rounding procedures, state totals presented for tables in this publication may not equal the sum of district/county figures or may not be exactly the same as listed in the source document.

Care should be taken when using the financial data in this report in conjunction with those of previous years. Several accounting changes were incorporated in the statewide accounting system during fiscal years 1987-88 and 1988-89. Also, expenditure categories were reorganized to conform to InSite™.

Questions concerning differences in the accounting system should be directed to Henry Sweatman, District Auditing and Field Services, 803-734-7420. Questions concerning InSite™ should be directed to Mellanie Jinnette, Office of Finance, 803-734-3605. Other questions, comments, or requests for electronic versions of this document should be directed to Dr. Veverlyn Watson or Mr. Wayne Gunter, Office of Research, Room 1205 Rutledge Building, Columbia, South Carolina 29201, 803-734-8296.

Meanings of Terms

ability index A measure of local revenue-producing ability that is based on property values within a school district. It is calculated by dividing the fiscal capacity of the school district by the fiscal capacity of the state. See *fiscal capacity*.

academically gifted students Those who are identified in grades one through twelve as possessing demonstrated or potential abilities for high performance in academic areas and therefore require services or programs not ordinarily provided by the regular school program.

administrative staff Public school staff located within school districts or schools and involved in duties of managing and organizing local education programs. Administrative positions from the professional certified staff (PCS) listing are used to identify this category of staff. For the purpose of this publication, administrative positions are school principals and assistant principals, vocational center directors, assistant directors, job placement coordinators, adult program coordinators, and other administrative specialists. This staff count differs from the staff used in the computation of leadership expenditures. See *expenditures*, *district leadership* and *expenditures*, *school leadership*.

adult basic programs. A combination of class instruction equivalent to that found in grades one through eight and consisting of basic skill areas such as reading, writing, and mathematics. The program serves adults aged eighteen and over unless special permission is granted by a local school board. Class instruction is provided in school districts, churches, housing projects, community centers, health care centers, workplaces, and other sites.

adult high school programs. A combination of class instruction equivalent to that found in grades nine through twelve. The program serves adults aged eighteen and over unless special permission is granted by a local school board. Adults who are literate and can function in everyday life but are not proficient in skill areas may enroll. This includes adults seeking a high school diploma or equivalent completion through the General Educational Development (GED) examination. Classes are offered in school districts, vocational centers, churches, housing projects, community centers, health care centers, workplaces, and other sites.

Advanced Placement (AP) Program. A cooperative educational endeavor sponsored by the College Board. It serves primarily eleventh- and twelfth-grade students who wish to pursue college-level studies while still in secondary school.

assessed valuation The value placed upon property for the purpose of taxation. The process of making the official valuation of property is under the auspices of each county assessor and in cooperation with the State Department of Revenue and Taxation. See the section 5 "Finances" for further information.

average daily attendance The aggregate number of days for which students are in attendance divided by the number of days in the reporting period. Average daily attendance (ADA) is computed for all public schools and districts at the end of 45 and 135 days of school.

average daily membership The aggregate number of days for which students are in membership divided by the number of days in the reporting period. Average daily membership (ADM) is computed for all public schools and districts at the end of 45 and 135 days of school. The latter count is considered official for funding purposes. See *membership*.

average salary The sum of individual salaries divided by the number of individuals. For classroom teachers, only individuals teaching full time within a combination of position codes 03-09 for a contracted period of at least one hundred ninety days within the school year are included. The salary is the total contracted salary for the school year and does not include bonus or incentive pay.

bachelor's degree An earned basic degree from an approved college that allows an individual to become certified to instruct in one or more subject areas. Regular teachers must possess a bachelor's degree and meet requirements of certification as adopted by the State Board of Education. A teacher with this basic degree is issued a Class III certificate. An earned bachelor's degree plus eighteen semester hours of graduate credit in a planned program approved by the State Board of Education entitles an individual to receive a Class II certificate. Certain categories of vocational teachers attain a Class II or Class III trade and industrial certificate through a combination of education and work experience.

building upkeep and maintenance See *expenditures, building upkeep and maintenance*.

business services See *expenditures, business services*.

capital investment See *capital projects*.

capital projects. A payment or payments associated with the acquisition of land and buildings the remodeling and construction of buildings and additions to buildings initial installation or extension of service systems and other built-in equipment, and improvement to sites. It is usually an expenditure that results in the acquisition of or improvement to assets intended to be permanent or fixed. Such a payment is a capital investment or is said to be capital in nature as contrasted with a current expenditure.

completer. A person who has received formal recognition from school authorities, by the granting of a diploma for completing a prescribed course of studies in a secondary level school or who has received a certificate of attendance or other certificate of completion in lieu of a diploma.

county. One of the basic forty-six territorial units of local governments into which the state of South Carolina is divided.

crime rate. The number of crimes per 10 000 population. The information is collected and classified by the South Carolina State Law Enforcement Division according to the guidelines of the International Association of Chiefs of Police (IACP) and the Federal Bureau of Investigation (FBI). Crime includes murder, rape, robbery, aggravated assault, breaking and entering, larceny and motor vehicle theft.

current operations. Activities of a school district for a certain school year. The term is normally used to denote monies that are not of a capital nature and are applied during and for the school year under consideration. See *expenditures current operating*.

debt service. A payment or payments made for the purpose of reducing a debt, excluding current loans, and usually resulting from a capital investment. Such payments are not considered to be associated with the current operations of a school district.

doctorate. An earned advanced degree that meets requirements for teacher certification as adopted by the State Board of Education. An individual having earned this degree is awarded a Class I-Advanced certificate.

dropout. A student who leaves school for any reason other than death, prior to graduation or completion of a course of studies and without transferring to another school or institution.

education experience The total years employed in education with appropriate certification for the position or positions held. For one year of teaching experience credit, the teacher shall have been employed under contract in a full-time teaching position for eight-tenths (8) of a full-time equivalent (FTE) which is 152 days of a 190-day school year. Partial FTEs accrued over multiple years shall be credited as one year of teaching experience upon the teacher's reaching a total of at least eight-tenths (8) of an FTE. (The number of years of experience for retirement purposes is computed differently than that for certification credit. One hundred eighty days of employment are necessary to qualify for one year of retirement credit.)

enrollment. A student count encompassing the number of students present for thirty-five days of school. A student is counted in enrollment on the thirty-fifth day that he or she has been present in school, provided that the student has not been counted in the enrollment of any other school in the State. The enrollment count is cumulative for the school year—that is, a student remains on the enrollment for the original school of entry for any given school year.

equalized revenue. The theoretical amount of funds that a school district would receive if local property taxes other than those designated for debt service were distributed to the school districts in direct proportion to the ability indices of the school districts. The amount is obtained by multiplying the ability index of the school district by the state total of local property taxes for current operations. See *ability index* and *tax revenue*.

expenditures, building upkeep and maintenance. Includes funds for keeping the grounds, buildings, and equipment safe and in effective working condition. Fringe benefits are included.

expenditures, business services. Funds spent for fiscal services, internal services, central support, staff, statistical, and data processing services.

expenditures, capital projects. See *capital projects*.

expenditures, current operating. Funds spent by the school district for all school district activities excluding capital projects and debt service. See *current operations*.

expenditures, debt service. See *debt service*.

expenditures district leadership Includes funds spent for activities performed by the board of education, superintendent, deputy, associate, or assistant superintendents in the direction and management of all affairs of the school district. All personnel and materials in the office of the superintendent are included. Also information services and fringe benefits are included.

expenditures, instruction and instructional support. Includes funds spent for activities dealing with the teaching of pupils or the interaction between teachers and pupils regardless of where activities occur. Funds spent for approved instructional media such as television, radio, telephone, technology, software, and correspondence. Funds spent for aides, clerks, teaching machines and the like. Funds spent for adult education, community services and pupil activity and funds spent for pupil services, instructional staff services and program development. Fringe benefits are included.

expenditures, pupil food service Includes funds spent for providing food service to pupils. Fringe benefits are included.

expenditures, safety Includes funds spent for activities concerned with maintaining order and security in school buildings on the grounds and in the vicinity of schools at all times. Traffic control on grounds and in the vicinity of schools, police for school functions, building alarm systems and hall monitoring services.

expenditures, school leadership. Includes funds spent for activities of principals, assistant principals, and other assistants in general supervision of all operations of the school, evaluation of staff members of the school, assignment of duties to staff members, supervision and maintenance of the school records and coordination of school instructional activities with instructional activities of the school district. Clerical staff for the activities are included as are fringe benefits.

expenditures, transportation. Includes funds spent for providing transportation for pupils. Fringe benefits are included. Funds expended directly by the State Department of Education are excluded.

family A householder and one or more other persons living in the same household who are related to the householder by birth, marriage or adoption. See *household*.

federal revenue Funds collected by the federal government and distributed to school districts either directly or through intervening agencies. Funds designated for capital projects or debt service are excluded from the table displaying revenue per pupil from federal sources in this publication. See appendix C.

fiscal capacity The assessed value of property located within a school district adjusted to account for current market value. This measure of school district financial strength is calculated annually by the South Carolina Department of Revenue and Taxation and is the sum of five property tax components. See the section 5 "Finances" for further information.

full-time equivalency (FTE). The amount of employed time in a less than full-time position expressed in proportion to that required in a full-time position with 1.0 representing one full-time position. FTE is expressed in tenths.

funding index. The State Department of Education (SDE) funding district tax index, which is based upon whether local required support exceeds the total cost of the district foundation program. When such exceeding does occur, the SDE adjusts the district index of tax paying ability to reflect a local support equal to the cost of the district's Education Finance Act (EFA) Foundation Program. This determination by the SDE is in accordance with the FY 1998-99 Appropriation Act proviso.

gifted students. See *academically gifted students*.

household. A household includes all the persons who occupy a housing unit. The occupants may be a single family, one person living alone, two or more families living together, or any other group of related or unrelated persons who share living arrangements. See *family*.

housing unit. A housing unit is a house, an apartment, group of rooms, or a single room occupied as separate living quarters or, if vacant, intended for occupancy. Separate living quarters are those in which the occupants live and eat separately from other persons in the building and have direct access from the outside of the building or through a common hall. The occupants may be a single family, one person living alone, two or more families living together, or any other group of related or unrelated persons who share living arrangements. Both occupied and vacant housing units are included in the housing inventory, except that tents, caves, boats, vans, and the like are included only if they are occupied. Vacant mobile homes are included provided they are intended for occupancy on the site where they stand. Vacant mobile homes on dealers' sales lots, at the factory, or in storage yards are excluded from the housing inventory.

instruction. See *expenditures instruction*.

leadership. See *expenditures district leadership* and *expenditures school leadership*.

levy. See *tax levy*.

local revenue Funds received by the school district from local sources including local taxes tuition, transportation fees earnings on investments, food sales, rentals donations and miscellaneous local sources. Monies received for capital projects or debt service are not classified in this category. See *local taxes*. See also Appendix A.

local taxes The part of revenue that a school district receives as a result of local taxation. Included in this category are taxes levied within the school district boundaries, such as levies for current operations, levies for debt service, delinquent taxes levies for permits licenses and other taxes. Also included are taxes received by the school district from intermediate or other local governmental units. Such taxes include county equalization tax, revenue in lieu of taxes and money that may not have been earmarked for school purposes. See *tax revenue*. Also see *local revenue* and Appendix A.

lunch, free School lunches provided to public school students without payment of a lunch fee. Student eligibility for free lunch is based on the completion of an application by the parent or guardian and the determination that family size and income as declared on the application meet the criteria for free lunch.

lunch, reduced-price. School lunches provided to public school students at a less than full-price fee. Student eligibility for reduced-price lunch is based on the completion of an application by the parent or guardian and the determination that family size and income as declared on the application meet the criteria for reduced-price lunch.

master's degree An earned advanced degree that meets requirements for teacher certification as adopted by the State Board of Education. A teacher who has earned this degree is awarded a Class I certificate. An earned master's degree plus thirty semester hours of graduate credit in a planned program approved by the State Board of Education entitles a teacher to receive a Class I-Specialist certificate. Certain categories of vocational teachers attain a Class I trade and industrial certificate through a combination of education and work experience.

median age The age value in an ordered set of values below and above which are equal numbers of values. The median age listed in the 2000 census was computed using the age of persons in completed years as of April 1, 2000.

median household income The amount that divides the household income distribution into two equal sections, one group having incomes above the median and the other having incomes below the median. The median income for households is based on the distribution of the total number of household units, including those with no income.

xxx

TEX_12883

REC038337

DEF_3225-0019

membership. The number of pupils present plus the number of pupils absent. The State Department of Education collects aggregate days present and absent for all students at the end of 45 and 135 days of school. The aggregate days present and absent divided by the number of days for the appropriate school period equals average daily membership for a given period.

membership, weighted. The total obtained by adding the weighted membership for each classification of pupils as specified by the Education Finance Act. The weighted membership for each classification is found by multiplying the average daily membership for the 135-day period by the weighting factor for that classification. The weighting factors are as follows:

CLASSIFICATION WEIGHTING FACTOR

1	Kindergarten Pupils	1.30
2	Primary Pupils (Grades 1-3)	1.24
3	Elementary Pupils (Grades 4-8)	1.00
4	High School Pupils (Grades 9-12)	1.25
5A	Educable Mentally Handicapped Pupils	1.74
5B	Learning Disabled Pupils	1.74
6A	Trainable Mentally Handicapped Pupils	2.04
6B	Emotionally Handicapped Pupils	2.04
6C	Orthopedically Handicapped Pupils	2.04
7A	Visually Handicapped Pupils	2.57
7B	Hearing Handicapped Pupils	2.57
7C	Autistic Pupils	2.57
8	Speech Handicapped Pupils	1.90
9	Homebound Pupils	2.10
10	Prevocational Pupils	1.20
11	Vocational Pupils	1.29

These weighting factors are used to provide for relative cost differences among programs for different students.

mills. Units of property taxation. A mill is one tenth of one percent. See *tax levy*.

minority count. A sum of persons who report that they belong to or identify with the black racial groups of Africa, Hispanic groups, groups with Asian American (Pacific Islander) origins, or groups with American Indian (Alaskan native) origins.

net taxable sales. Gross sales less allowances for nontaxable items. Businesses currently report sales by the county in which the product was retailed.

nonpublic (private) school A sectarian, ecumenical or secular school operating within South Carolina and offering generally for a tuition charge, elementary- and secondary-level instruction to resident or day students of legal school age. For the purposes of this publication, the term *elementary- or secondary-level instruction* applies to kindergarten through grade twelve.

per capita Per person

per capita personal income The mean (average) income per person. The figure is calculated by adding the total personal income of every man, woman, and child in a particular group and dividing by the number of persons in that group, including those with no income. Persons without income (children, for example) tend to lower the per capita income. See *personal income*.

per pupil Refers to division by the pupil count. The financial tables in this document that refer to revenue, expenditures, assessed valuation, or wealth per pupil use the average daily membership count at the end of 135 days of school for kindergarten through grade twelve.

personal income The United States Bureau of Economic Analysis defines *personal income* as the income received by or on behalf of all residents of an area from all sources. It is the sum of wage and salary disbursements, other labor income, proprietor's income, rental income of persons, personal dividend income, personal interest income, and transfer of payments, less personal contributions for social insurance. Although most of the income is in monetary form, there are important non-monetary inclusions—chiefly estimated net rental value to owner-occupants of their homes, the value of services furnished without payment by financial intermediaries, and the value of food consumed on farms. Not only individuals but nonprofit institutions, private trust funds, and private health and welfare funds are classed as "persons."

poverty level. A classification based on the income of families and unrelated individuals using a poverty index that provides a range of income thresholds varying by size of family, number of children, and age of the family householder or unrelated individual.

professional staff Includes administrative, supervisory, and teaching staff reported through the professional certified staff (PCS) listing. For the position code identifications, see appendix B.

public school An elementary- or secondary-level school operated by publicly elected or appointed school officials in which the program and activities are under the control of these officials and supported by public funds.

revenue See *state revenue, local revenue* and *federal revenue*

rural population The population not classified as urban See *urban population*

safety See *expenditures safety*

salary The total amount regularly paid or stipulated to be paid to an individual before deductions, for personal services rendered while on the payroll of a school district. See *average salary*

school district. The basic administrative unit in the organization of public schools within South Carolina. Public school districts operate under the jurisdiction of local school boards and through the school district superintendent or chief administrator

six-year certificate An earned master's degree plus thirty semester hours of graduate credit in a planned program approved by the State Board of Education. A teacher earning this certificate is awarded a Class I-Specialist certificate. An applicant must possess a minimum of sixty graduate semester hours and must meet requirements for an initial area of certification as adopted by the State Board of Education

state revenue Funds collected by the State and distributed to school districts. Funds that are dispersed directly by the State such as those for operating the school bus system, are not included as revenue at the school district level. The portion of fringe benefits paid by the State are included in the revenue of the school districts for school years 1981-82 and 1987-88 through 2000-01. Such fringe benefits are included in the budget of the State Department of Education for all other years that fringe benefits were partially or wholly funded by the State. Funds designated for capital projects or debt service are excluded from the table displaying revenue per pupil from state sources in this publication. See Appendix A.

supervisory staff Persons occupying the professional positions of director, supervisor, consultant, and coordinator of special instructional areas and located within the county or school district office constitute supervisory staff. The specific position types are listed in Appendix A under the heading "County/District Office Personnel Only."

tax base The value to which the tax rate is applied to determine the tax due. For property tax, the base is the assessed valuation; for income tax, the base is the taxable income.

tax effort. The ratio calculated by dividing tax revenue for current operations by equalized revenue for a school district. See *tax revenue* and *equalized revenue*.

tax levy. The tax rate, the ratio of tax to the tax base. For property tax, the rate is in mills and is applied to the assessed valuation to determine the tax. See *mills*.

tax revenue. Funds received by a school district through taxation of local property. Tables in this document distinguish between taxes received for current operations and taxes received for debt service. See *local taxes*. See also Appendix A.

taxable income. The aggregate amount of income on which South Carolina personal income tax liability is based. For an individual, it is the figure on which income tax is determined by applying the tax rates or by using the tax tables.

teaching staff. A person employed either full-time or part-time by any school district either to teach or to supervise teaching. See Appendix B.

teacher turnover. The ratio of teacher attrition to the base-year teacher count expressed as a percent. Only full-time teachers who possess valid credentials and are employed more than one hundred forty days during a school year are counted for the year. The teacher turnover rate is the smaller of the percent of prior-year teachers who terminate and the percent of current-year teachers who are newly employed. Use of the smaller percentage largely compensates for effects due to expansion or contraction of programs and/or the student population base within a school district.

urban population. All persons residing in areas determined to be urbanized areas or in places of twenty-five hundred or more residents outside urbanized areas. See *urbanized areas*.

urbanized areas. These areas are defined by population density and are composed of an incorporated place and surrounding densely settled areas that have a combined population of at least fifty thousand. There is no minimum size for the incorporated place that forms the central city of the area. The boundaries of urbanized areas do not generally conform to county boundaries. See *urban population*.

wealth per pupil. The fiscal capacity of a school district divided by the membership. See *fiscal capacity* and *per pupil*.

white count. A sum of persons who report that they belong to or identify with people having their origins in any of the original peoples of Europe, North Africa, or the Middle East.

S E C T I O N

1

POPULATION

Tables 1, 2 3 4 5 6 7 8 9 and 10 include county counts from Summary Tape File 1A of the United States Department of Commerce Bureau of the Census. Data contained in this source are based on a 2000 census sample. In these tables the state figures include counts for the Fort Jackson military installation as well as the eighty-five school districts.

See *References for Tables

SECTION 2

ECONOMICS

Tables relating to employment in various categories (tables 31 through 37) display estimates of nonagricultural wage and salary employment by the county in which the work was performed rather than by the county in which the workers resided. This reporting is consistent with the reporting in previous editions. The figures for the state may not equal the sum of county figures in the employment tables due to rounding procedures and the inability to allocate some workers in the South Carolina totals to specific counties.

In order that the confidential nature of data reported by employers be preserved, information is not shown in the source document for industries who had fewer than three reporting units or when any one firm accounted for 80 percent or more of employment in the industry.

As in the past twenty-five editions of *Rankings of the Counties and School Districts of South Carolina*, the labor force statistics used to calculate unemployment percentages (see table 30) were reported on the basis of residence rather than the place of work and were based on an annual benchmark derived from the Current Population Survey.

Table 27 gives the 2000 average weekly salary of workers covered in employment. The data reported in the source document are based on employment and payroll information reported by employers to the Unemployment Compensation Division of the South Carolina Employment Security Commission on their regular quarterly tax reports.

Taxable sales figures presented in table 39 were compiled by the South Carolina Department of Revenue and Taxation. Figures presented include sales tax returns filed between December 2001 and November 2002, regardless of the period covered. This reporting is consistent with that of the previous edition of *Rankings*.

S E C T I O N

3

PUPILS

The official count for pupils in kindergarten through grade twelve is the average daily membership (ADM) at the end of the 135-day accounting period. To allow certain comparisons, tables 40 through 47 present enrollment figures for kindergarten through grade twelve rather than ADM figures. Enrollments in basic and high school adult education programs are now provided only for the counties in table 54.

SECTION

4

PROFESSIONAL STAFF

Professional staff counts by degree category as provided in tables 67 through 69 are based on certification levels as in the five previous editions of *Rankings*. Prior to the 1995 edition, professional staff counts by degree category were based on educational level. Certain categories of vocational teachers obtain a certification level through a combination of education and work experience. Therefore, fewer teachers actually have academic degrees awarded by colleges and universities than is indicated by the certification level.

The teacher count used in calculating pupil-teacher ratios presented in table 78 includes teachers of special education. Child development teachers are not included. The pupil count used in computing pupil-staff ratios in tables 76 through 80 is the average daily membership in kindergarten through grade twelve for the first 135 days. Three- and four-year-old pupils are excluded.

Unless otherwise stated, statistics for personnel in special education schools are included in tables relating to professional staff. County personnel have not been included in the various staff tables due to the impracticality of allocating such staff to individual districts. See Appendix B for a definition of the term *staff* as it is used in the various tables.
